COMPLETE GUIDE · THE TRADE, SETUP AND EVERY SCREEN

Coworking Space Management for Odoo 19

Hot desks, dedicated desks, private offices and meeting rooms booked without a clash, membership plans with credits, company accounts, check-in, day passes, registered addresses and the post, events, and one invoice a month per payer. Every screen and every step, shown on a live demo.

START

About this guide

A coworking space sells three things: a seat, an hour in a room and an address. Everything else, the plans, the credits, the badge at the door and the invoice at the end of the month, exists to sell those three properly and to know which of them actually makes money. This guide walks through each one, screen by screen. You do not need to have used Odoo before.

Who it is for

The operator or general manager setting a space up, the community host at the front desk, the membership coordinator who signs people up, and anyone being shown the system for the first time.

How to read it

Front to back the first time. Each part opens with what you will learn and a short thing to try on the live demo, then walks through every field and every button.

The live demo

Northlight Workspace Ltd, an invented operator with a converted mill in Manchester and an office floor in Leeds, fifty members, five company accounts and three months of bookings and invoices. Open it and follow along.

HOW IT WORKS

The demo space

Address	**coworking-demo.way4tech.com**
Sign in	**w4demo** / **Demo2026**
Operator	Northlight Workspace Ltd · Northlight Ancoats (MAN) and Northlight Wellington Place (LDS), prices in GBP with 20% VAT
Runs on	Odoo 19, Community edition, with Invoicing

Every company, person, phone number and document reference on the demo is invented. The demo is shared and is reset from time to time, so anything you change may be changed back or seen by the next person.

What is in the guide

PART 1	How a coworking space makes money	PART 2	The space at a glance
PART 3	Open the demo, then set up from zero	PART 4	Buildings, floors and spaces
PART 5	Membership plans and company accounts	PART 6	Members
PART 7	Bookings: the diary and its checks	PART 8	Waiting approval
PART 9	Pricing, credits, cancellations and no shows	PART 10	Who is in the building
PART 11	Day passes and guests	PART 12	Add-on services
PART 13	Registered addresses and the post	PART 14	Community events
PART 15	One invoice a month: the billing run	PART 16	The figures an operator is judged on
PART 17	Printed documents	PART 18	A fifteen minute walk-through
PART 19	The menu map		

PART 1 How a coworking space makes money

Five minutes on the trade, so the screens make sense.

IN THIS PART YOU WILL LEARN

- Desks, offices and rooms, and why a hot desk bank is one record
- Plans, credits and overage
- Company accounts: one invoice for several people
- Day passes, guests and the post
- The figures an operator is judged on

What there is to sell

A **hot desk** is any free seat on an open floor, so a bank of 24 chairs is one bookable space with 24 seats: 24 people can hold it at once and the 25th is refused. A **dedicated desk** or a **private office** is let to one member and taken out of the open diary. A **meeting room**, a **phone booth** and an **event space** are booked by the hour, and nobody else gets them while they are booked.

Plans and credits

A member pays a **monthly fee** for a plan, and the plan comes with **meeting room credits** (hours a month), a **printing allowance**, **guest passes** and the hours they can get in: business hours, or 24/7. Credits are spent before any money is charged; once they run out a room is charged at the plan's **overage rate**. Cancel in good time and the credits come back. Cancel late or fail to turn up and the slot is charged, because the room sat empty either way.

PLAN ON THE DEMO	FEE	CREDITS	PRINTING	GUESTS	ACCESS
Hot Desk	£195	4 h	100 pages	1	business hours
Ten Days a Month	£125	2 h	50 pages	0	business hours
Dedicated Desk	£325	8 h	300 pages	2	24/7
Private Office (per seat)	£520	10 h	500 pages	4	24/7
Virtual Office	£45	2 h	-	0	business hours, Ancoats only

Who pays

Members either pay for themselves or sit under a **company account**: one company pays for several people and gets one invoice a month with everything on it.

Day passes, guests and the post

A walk-in pays for a **day pass** at the desk. A member's guest comes off the plan's guest passes. A company's visitor can go on the monthly bill. A **registered office address** is a service of its own, and in most countries the operator has to know, and be able to show, who is using its address, so it does not go live until an identity document has been seen.

The figures

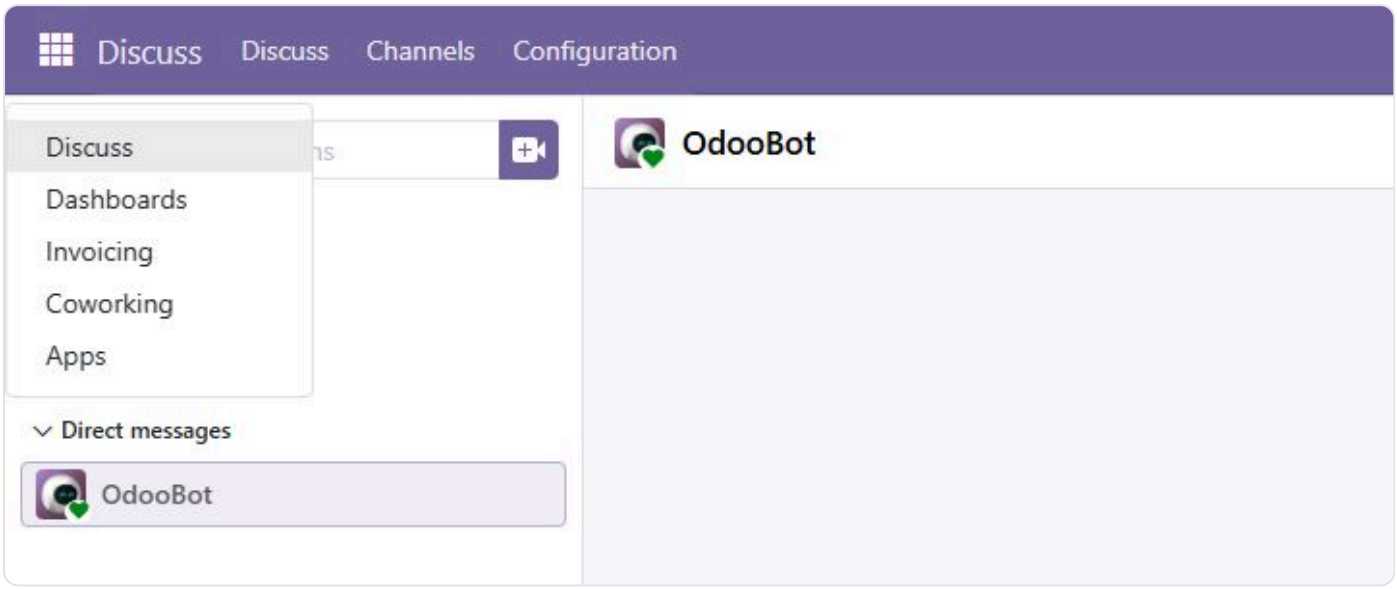

Desk occupancy against capacity and a target; revenue per square metre against the property cost per square metre, which tells a busy building from a profitable one; revenue per member; and room utilisation over the last thirty days.

A month in the space

1. **Sign up** — Plan, account, card
2. **Book** — Rooms checked for clashes
3. **Badge in** — Live head count
4. **Desk** — Day passes, guests, post
5. **Gather** — The month on one run
6. **Invoice** — One per payer

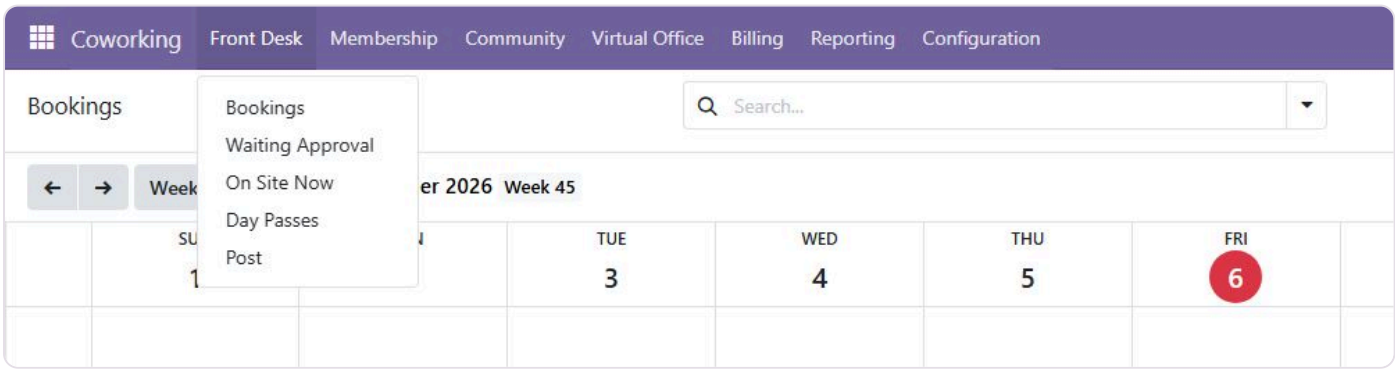

PART 2 The space at a glance

The module adds one app, Coworking, with seven menus, and three roles that decide who sees what.

The Coworking app in the Odoo apps menu.

MENU	WHAT IS UNDER IT
Front Desk	Bookings, Waiting Approval, On Site Now, Day Passes, Post
Membership	Members, In the Building, Company Accounts, Subscribed Add-ons, Visits
Community	Events, Sign-ups
Virtual Office	Registered Addresses, Mail Log
Billing	Billing Runs
Reporting	Revenue Analysis, Room Revenue and Use, Occupancy by Building
Configuration	Settings, Locations, Floors, Spaces, Amenities, Membership Plans, Add-on Services

The Front Desk menu dropped down.

Community Host

Runs the front desk of the buildings they are listed on: bookings, day passes, check in and check out, the post. Sees nothing from a building they do not host.

Membership Coordinator

Signs members up, moves them between plans, sells add-ons, runs address services and works every building. Reads the billing runs but cannot raise them.

Space Manager

Everything: buildings, rates, plans, approvals, the billing run, identity checks and the revenue reporting. The administrator gets this role on install.

SCREEN	HOST	COORDINATOR	MANAGER
Bookings, Day Passes, Post, On Site Now, Visits	own buildings	all	all
Members	own buildings	all	all
Company Accounts, Add-ons, Virtual Office	-	yes	yes
Billing Runs	-	read	yes
Approve a booking, record an identity check	-	-	yes
Space rates, approval flag, booking limits	-	-	yes
Property cost, MRR, margin, credit limits	-	-	yes
Access card number, emergency contact	-	yes	yes
Reporting, Configuration	-	-	yes

> The demo login w4demo has the Space Manager role, so you can see every screen in this guide. It is not an administrator and cannot open Settings.

PART 3 Open the demo, then set up from zero

Sign in, then read what a new operator does on day one. On the demo this is done, so it shows what each setting means and where it lives.

IN THIS PART YOU WILL LEARN

- What installing the app brings with it
- The eight settings and their defaults
- The four scheduled jobs, three of which ship off
- The order to set the rest up in

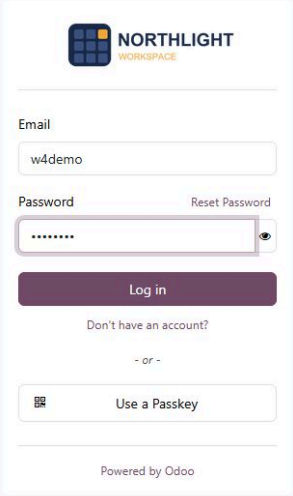

TRY IT YOURSELF ON THE DEMO

1. Open coworking-demo.way4tech.com and sign in with w4demo / Demo2026
2. Click Coworking in the apps menu
3. Open Configuration, Locations, then Northlight Ancoats

1 Sign in

Open **coworking-demo.way4tech.com**. User `w4demo`, password `Demo2026`.

The demo is shared: look at everything, and expect anything you change to be put back.

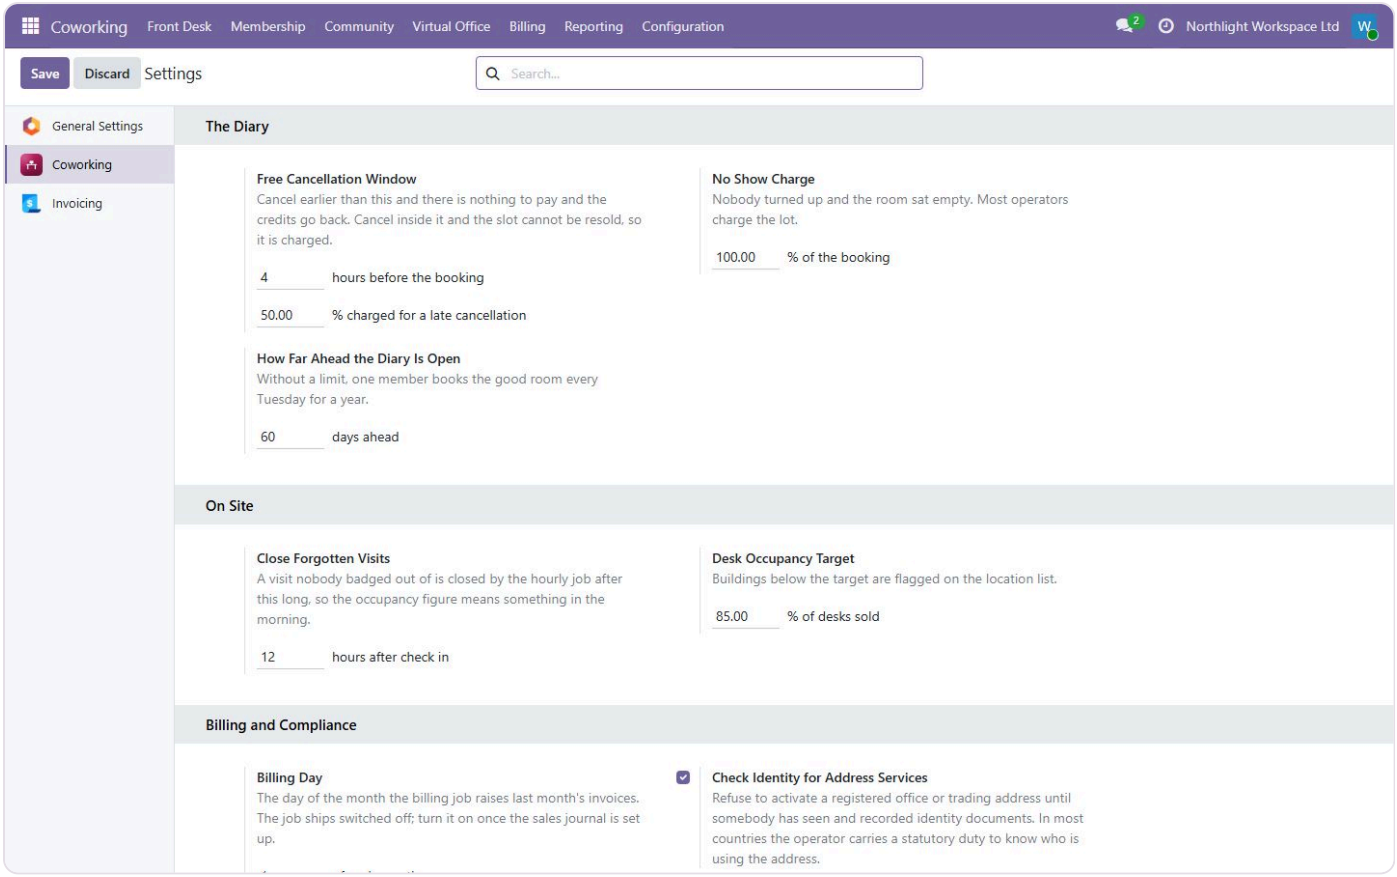

Install the app

The module is **Coworking Space Management** (technical name wt_coworking_space, USD 249 on the Odoo App Store, version 19.0.1.0.0). It brings in Invoicing, part of Odoo Community, because the month ends in customer invoices. Nothing from Odoo Enterprise is needed.

The settings

Coworking, Configuration, Settings (administrator only), per company.

The Coworking section of Settings, opened with the administrator because the demo login cannot reach Settings.

SETTING	WHAT IT DOES	DEFAULT
Free Cancellation Window (h)	Cancel at least this long before the start and nothing is charged and the credits come back	4
Late Cancellation Charge (%)	Share of the booking charged for a cancellation inside the window	50
No Show Charge (%)	Share of the booking charged when nobody turned up	100
Book Ahead Limit (days)	How far ahead the diary is open	60
Close Visits After (h)	The hourly job closes a visit nobody badged out of after this long	12
Check Identity for Address Services	A registered or trading address cannot go live until an identity document has been checked	On
Billing Day	The day of the month the monthly billing job bills the month that has just ended	1
Desk Occupancy Target (%)	The line between Below Target and On Target on each building	85

The scheduled jobs

JOB	RUNS	DOES	SHIPS
Coworking: close visits nobody badged out of	hourly	Closes open visits older than the setting and marks them closed by the job	on
Coworking: remind tomorrow's bookings	daily	Emails the Booking Reminder for the next 24 hours, and closes checked-in bookings that ended over two hours ago	off
Coworking: monthly billing run	daily	On the billing day, creates the run for last month across every building, gathers it and raises the invoices	off

Coworking: identity documents on address services	daily	Suspends address services whose document has expired and warns 30 days before	off

Day one

PART 4 Buildings, floors and spaces

Every seat and every room is a record with a rate on it, inside a floor, inside a building.

IN THIS PART YOU WILL LEARN

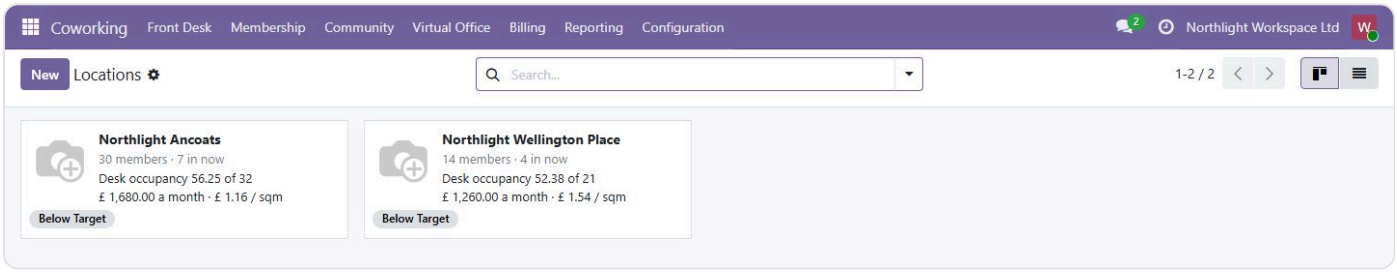

- A location: hours, area, property cost and the live figures
- Floors, step free access and capacity
- The six kinds of space and their limits
- Amenities, taking a room out of service, letting a desk

TRY IT YOURSELF ON THE DEMO

1. Open Configuration, Locations: the cards show occupancy
2. Open Configuration, Spaces and the Spinner Room
3. Open the Engine House: it needs approval
4. Open the Quiet Room in Leeds: out of service

1 Locations

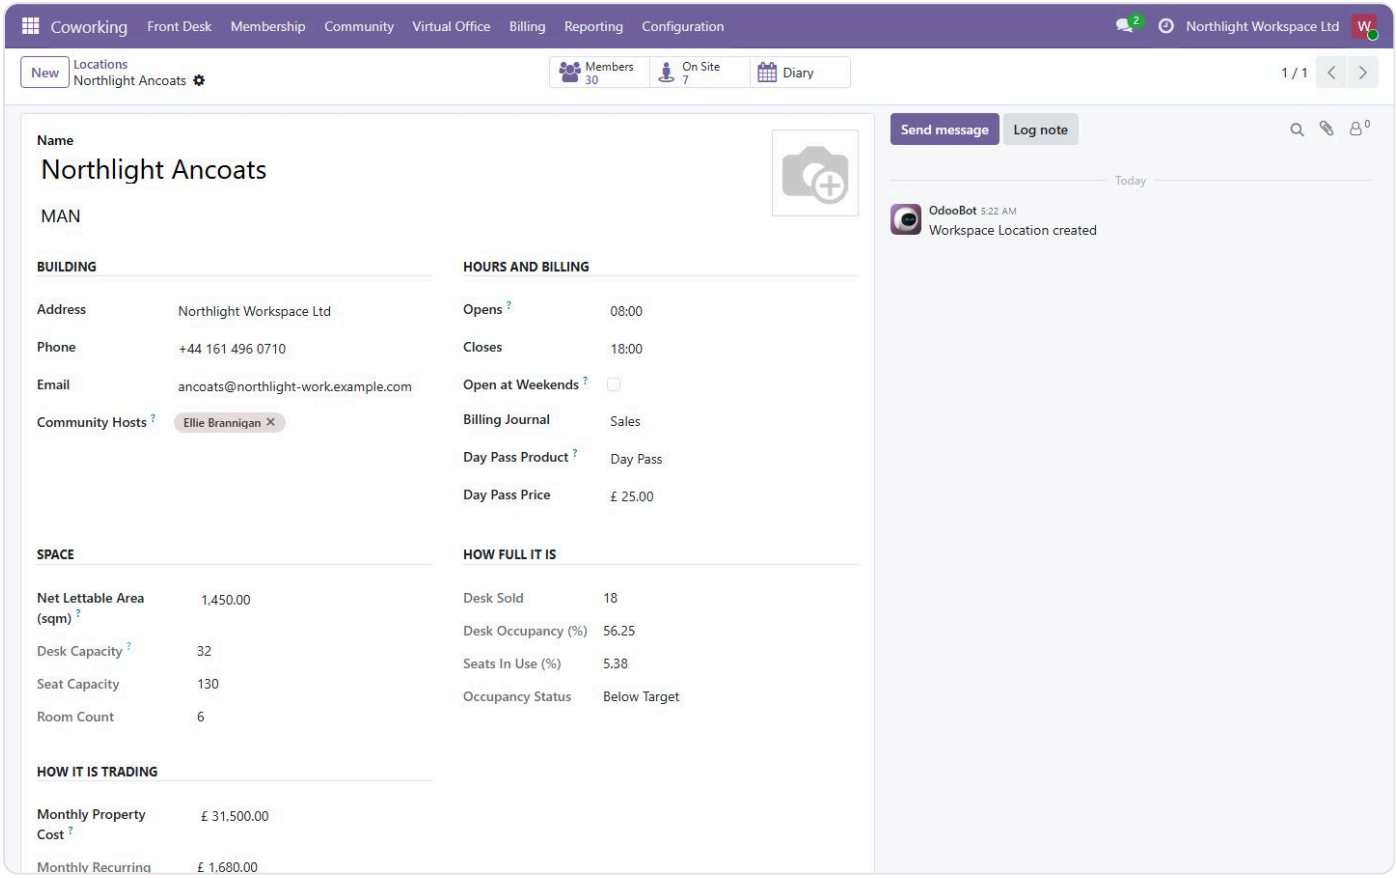

Configuration, Locations shows each building as a card. Reporting, Occupancy by Building opens the same records.

2 A location

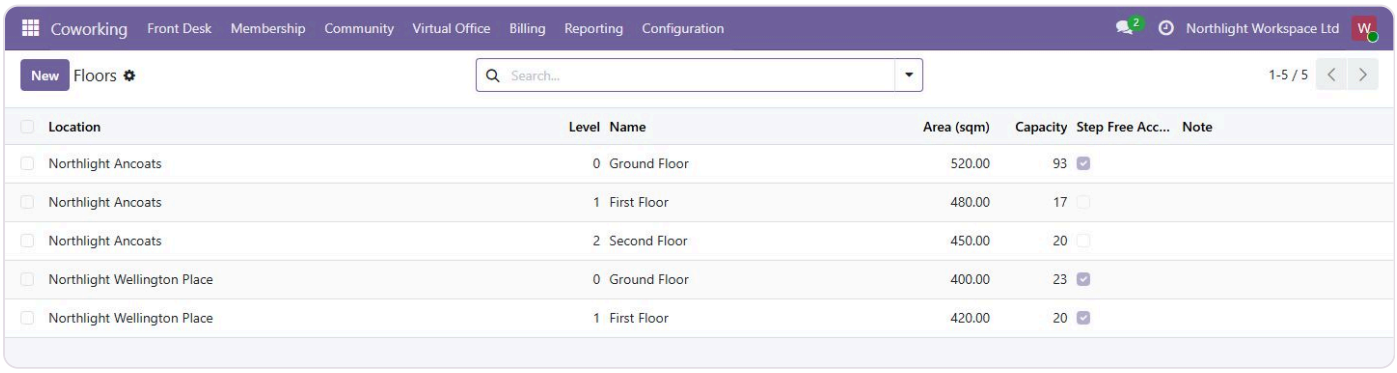

A location has a **code** that prefixes membership numbers (MAN/MB/…), the address, phone and email, the **community hosts** who work its desk, the **net lettable area**, the **monthly property cost** (rent, service charge, rates and utilities), **opens** and **closes**, **open at weekends**, the billing journal and the **day pass product and price**. It works out desk and seat capacity, rooms, desks sold, desk occupancy against the target, who is on site now and seats in use, and for managers the monthly recurring revenue, revenue and cost per square metre, revenue per member and the margin. Buttons open its members, bookings and who is on site.

The opening hours are what a business hours member is held to, at the door and in the diary.

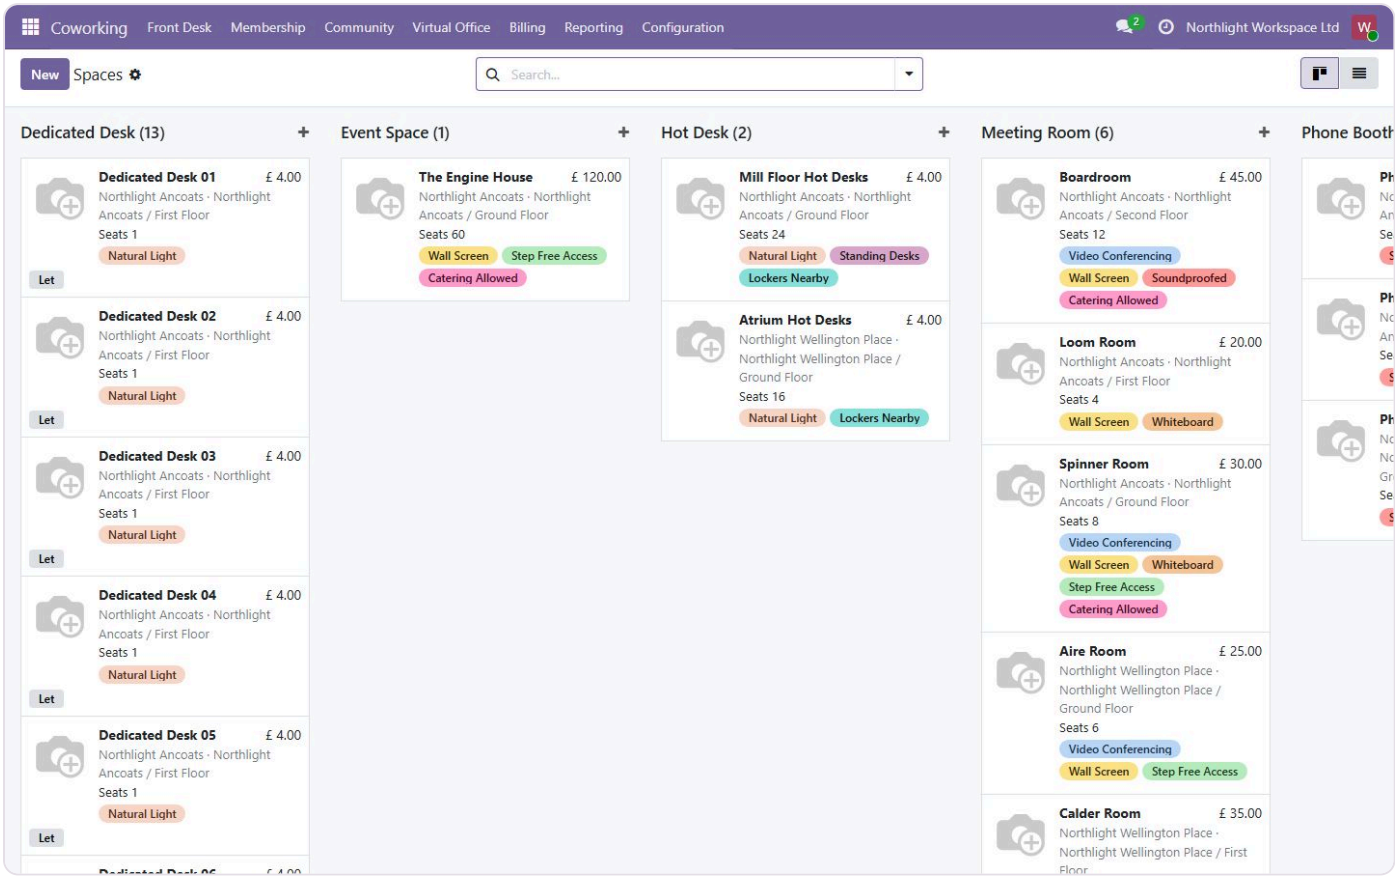

3 Floors and amenities

Configuration, Floors: a floor has a level (ground is 0, basements negative, one per level per building), an area, **step free access** and the capacity of its spaces. Configuration, Amenities lists the ten that ship with the module (video conferencing, wall screen, whiteboard, natural light, soundproofed and so on), each with an icon and a note.

4 Spaces

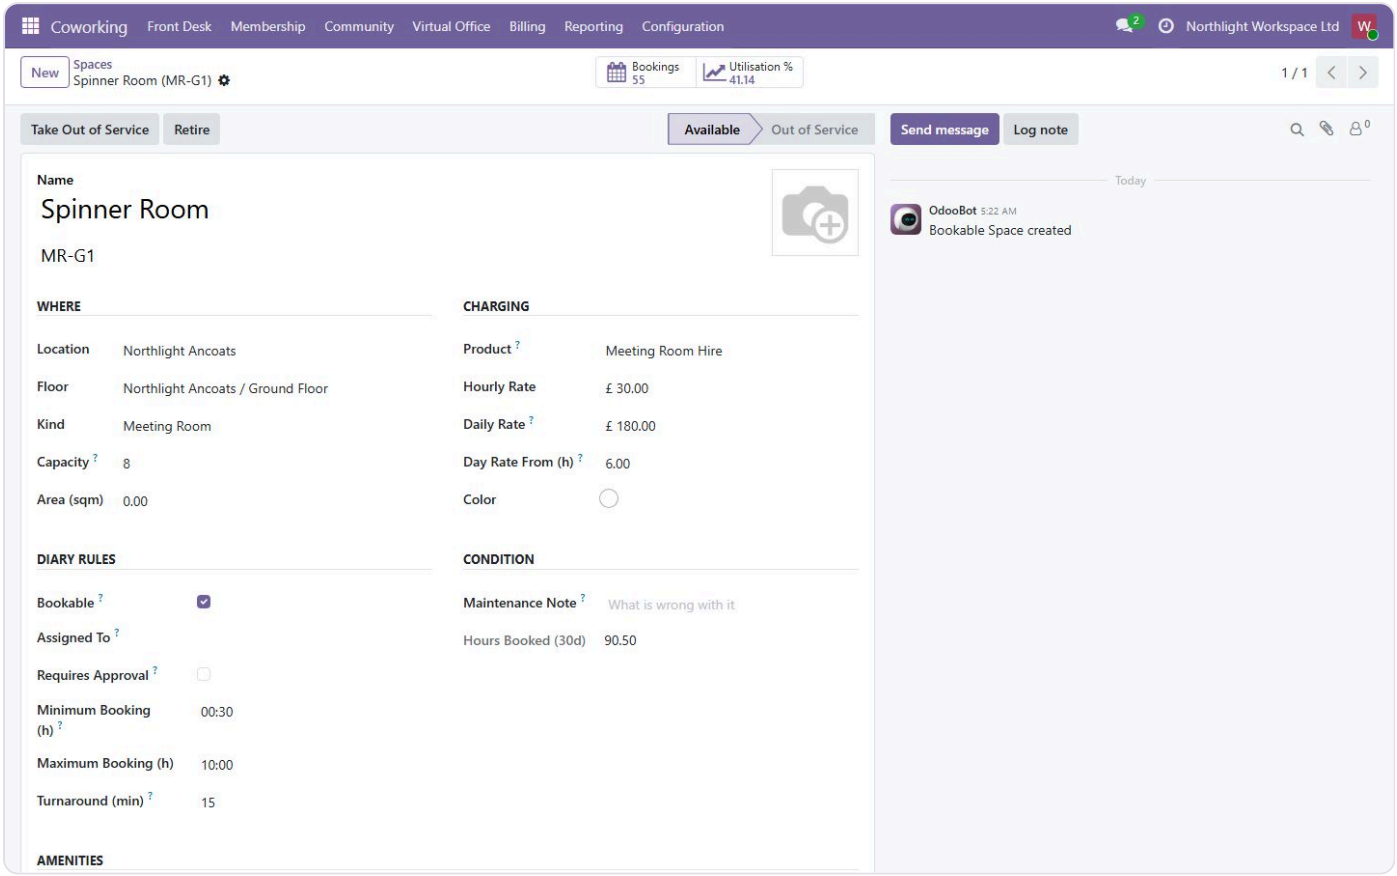

Configuration, Spaces. Filters: **In the Open Diary**, **Meeting Rooms**, **Desks**, **Let to a Member**, **Out of Service**.

5 A meeting room

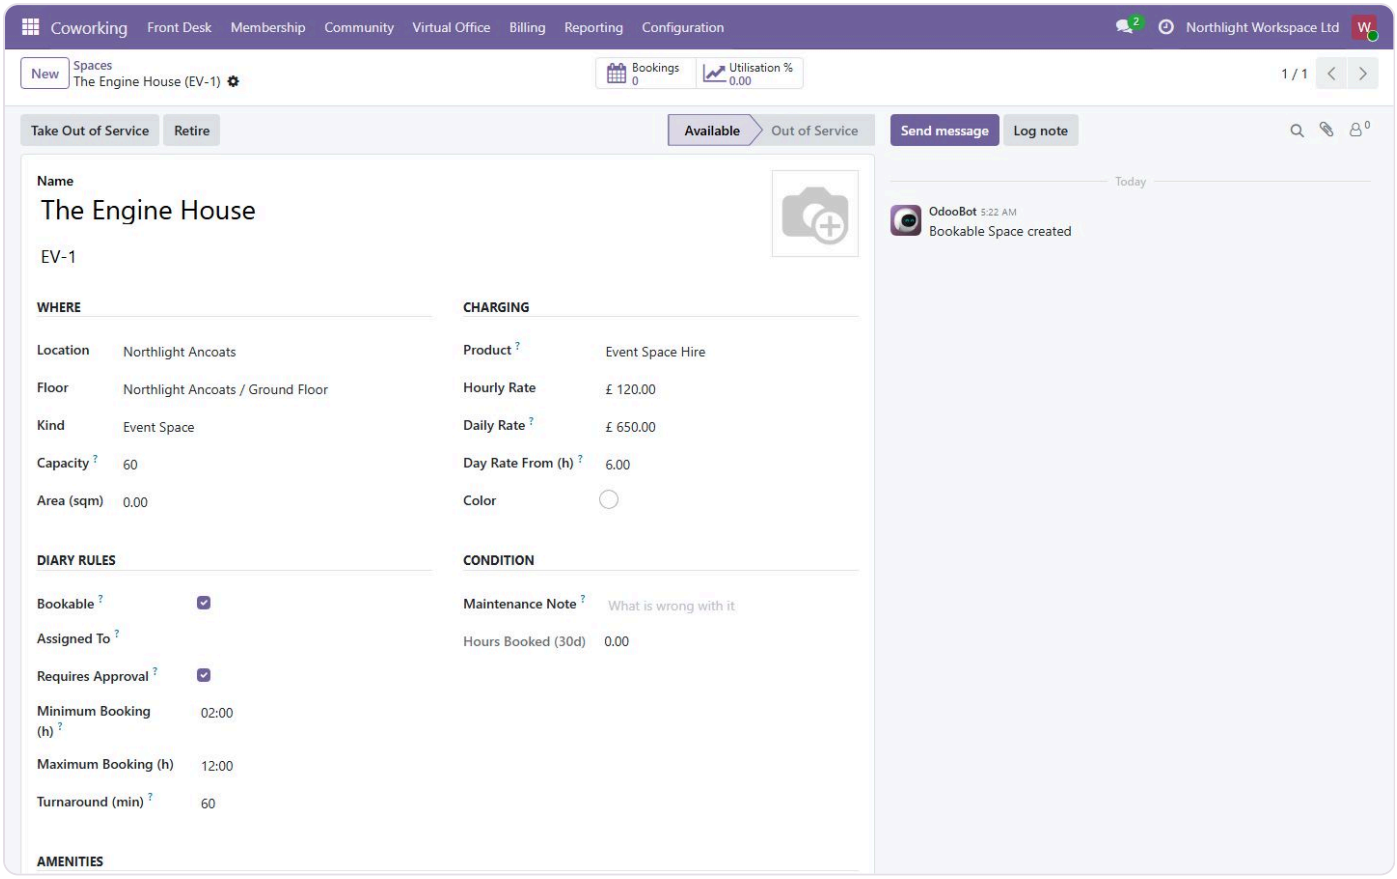

A space has a **kind** (hot desk, dedicated desk, private office, meeting room, phone booth, event space), **capacity** in seats, area, the **hourly** and **daily rate**, **Day Rate From (h)** (6 by default), the product it is invoiced under, its amenities, **minimum** and **maximum booking** and the **turnaround** in minutes left between bookings. It shows bookings, hours booked and utilisation over the last thirty days.

Rates, the product, the limits, the turnaround and the approval flag can only be changed by a space manager.

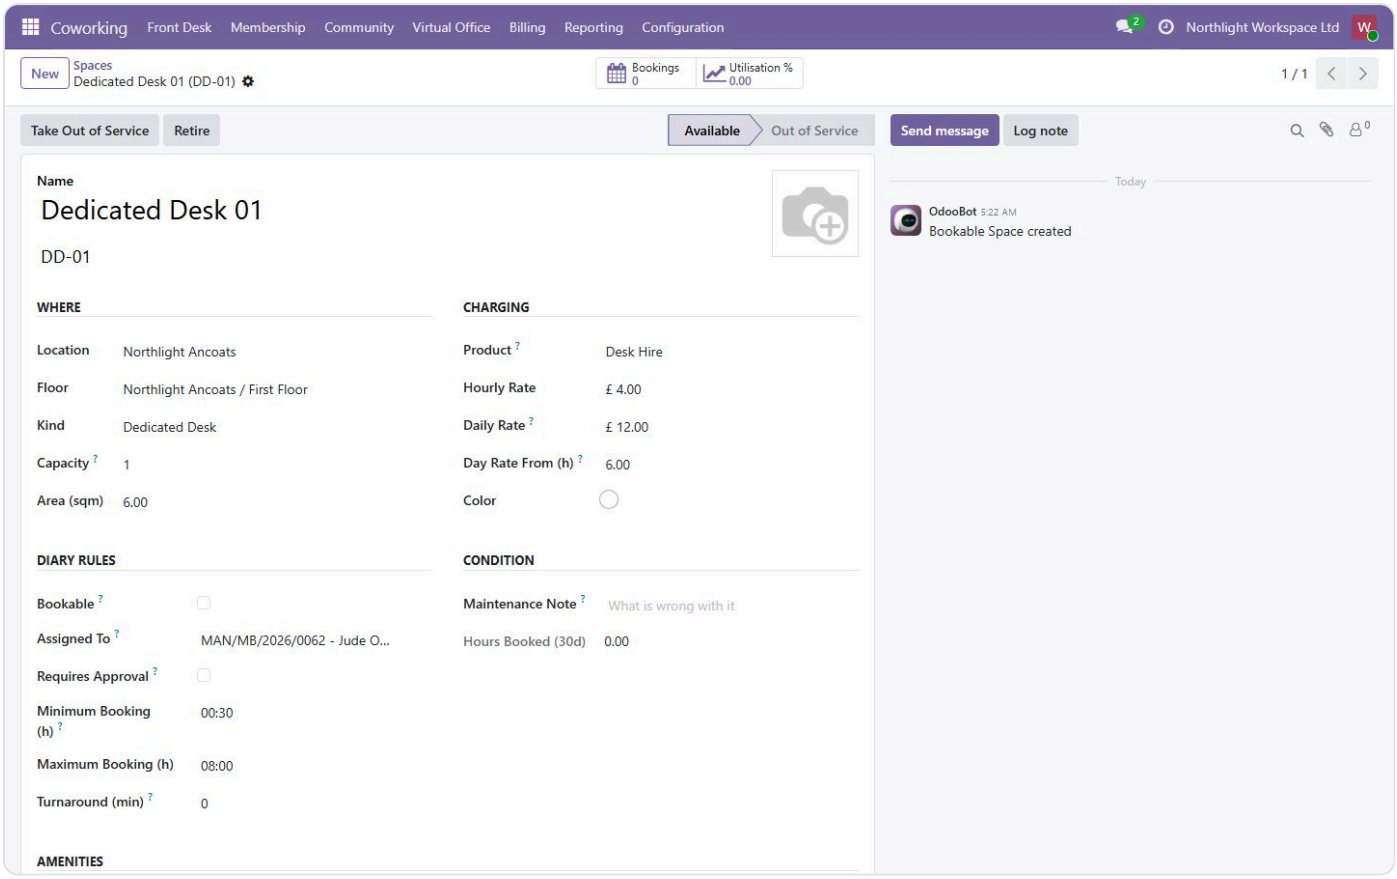

6 A space that needs approval

Tick **Requires Approval** and bookings wait for a space manager. Worth it on an event space, where a Saturday booking means somebody has to open the building.

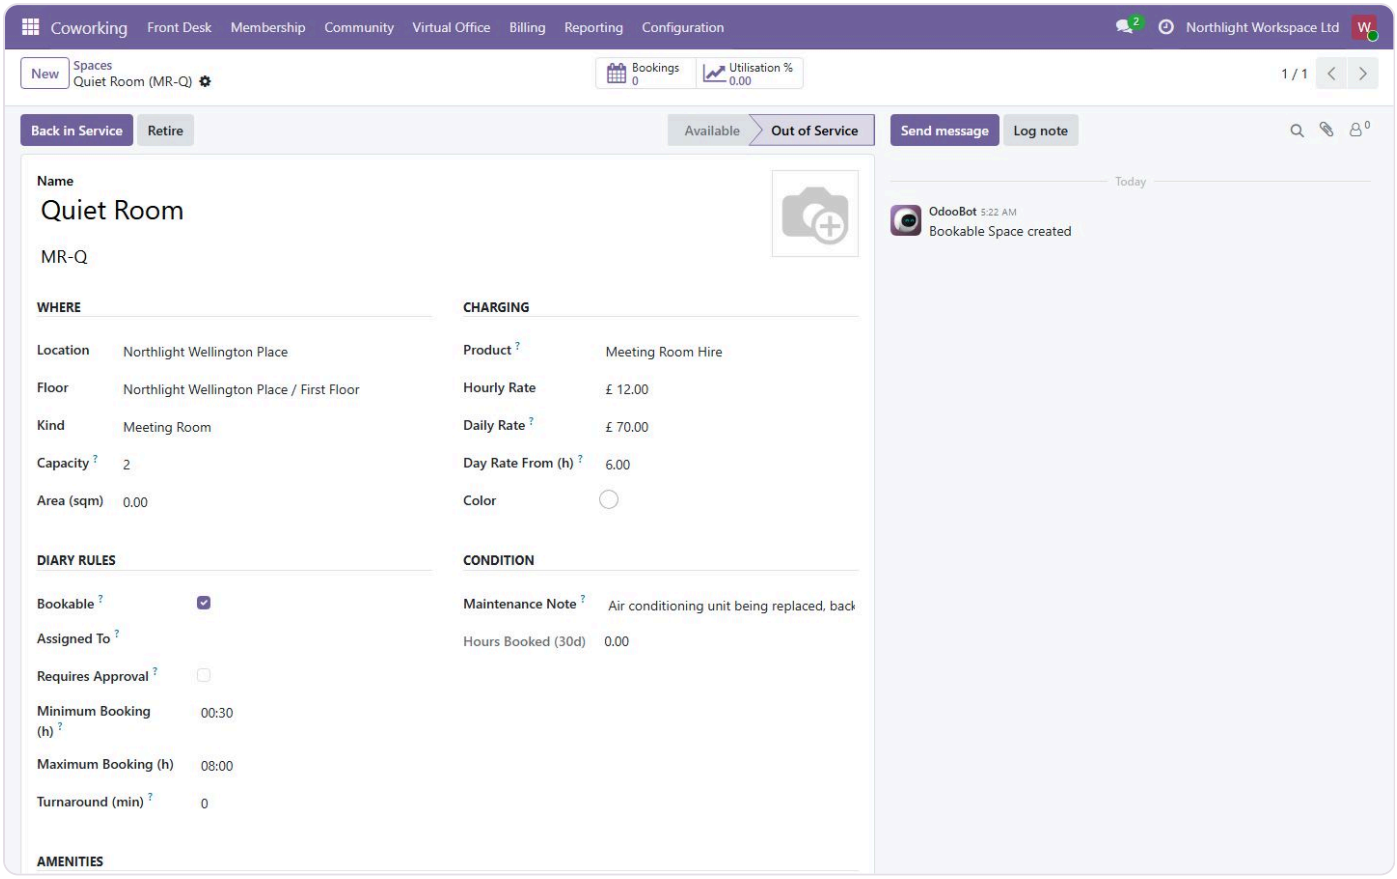

7 A desk let to one member

Set **Assigned To** on a dedicated desk or private office and it leaves the open diary (Bookable is cleared). It still counts in the capacity. A meeting room, booth or event space cannot be assigned, and the member must belong to the same building.

8 Out of service

Take Out of Service with a note on what is wrong, so the desk can tell a member something better than no; **Back in Service** clears it; **Retire** archives the space and takes it out of the capacity.

PART 5 Membership plans and company accounts

A plan is what a member buys. A company account is who pays when a company has several people in the building.

IN THIS PART YOU WILL LEARN

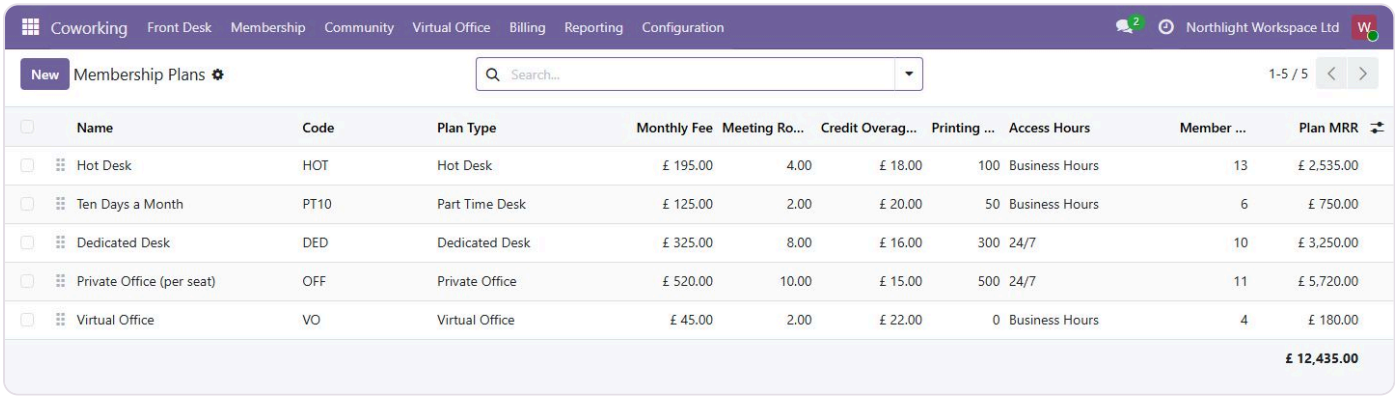

- Every field on a plan, and what each allowance does
- Access hours: business, extended and 24/7
- Company accounts, credit limits and suspending an account

TRY IT YOURSELF ON THE DEMO

1. Open Configuration, Membership Plans, then Dedicated Desk
2. Open Membership, Company Accounts, then Pixelbarn Studio
3. Look at the Members and Add-ons tabs on the account

1 The plans

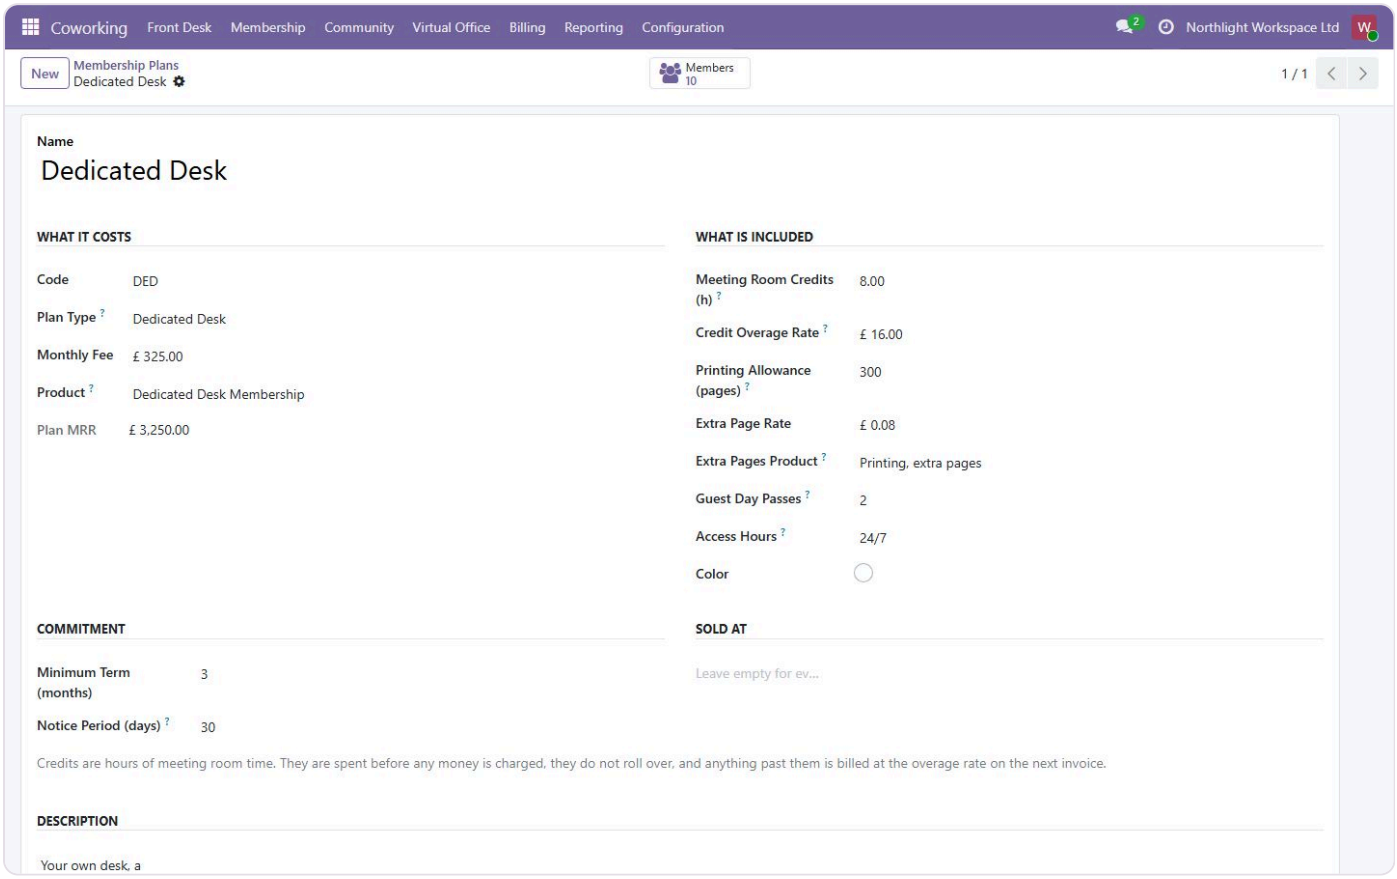

Configuration, Membership Plans lists each plan with its type, fee, credits and the number of active members on it.

Name	Code	Plan Type	Monthly Fee	Meeting Ro...	Credit Overag...	Printing ...	Access Hours	Member ...	Plan MRR
Hot Desk	HOT	Hot Desk	£ 195.00	4.00	£ 18.00	100	Business Hours	13	£ 2,535.00
Ten Days a Month	PT10	Part Time Desk	£ 125.00	2.00	£ 20.00	50	Business Hours	6	£ 750.00
Dedicated Desk	DED	Dedicated Desk	£ 325.00	8.00	£ 16.00	300	24/7	10	£ 3,250.00
Private Office (per seat)	OFF	Private Office	£ 520.00	10.00	£ 15.00	500	24/7	11	£ 5,720.00
Virtual Office	VO	Virtual Office	£ 45.00	2.00	£ 22.00	0	Business Hours	4	£ 180.00
									£ 12,435.00

2 A plan

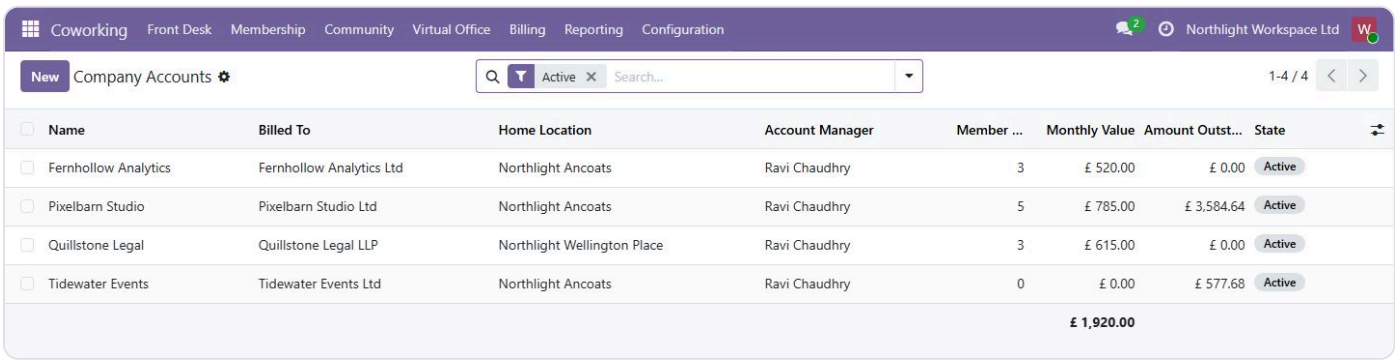

A plan has a **type** (hot desk, part time, dedicated desk, private office, virtual office), the **monthly fee** and the product it is invoiced under, **meeting room credits** in hours a month and the **credit overage rate** once they are spent, the **printing allowance** with an extra page rate and product, **guest day passes** a month, **access hours**, the buildings it is **valid at** (empty means all), a **minimum term** in months and a **notice period** in days. It shows the active members and the plan's monthly recurring revenue.

> Access hours: a **business hours** member cannot badge in or book outside the building's opening hours; a **24/7** member can. The third choice, **extended**, is treated the same as business hours in this version, because no extended hours are defined anywhere.

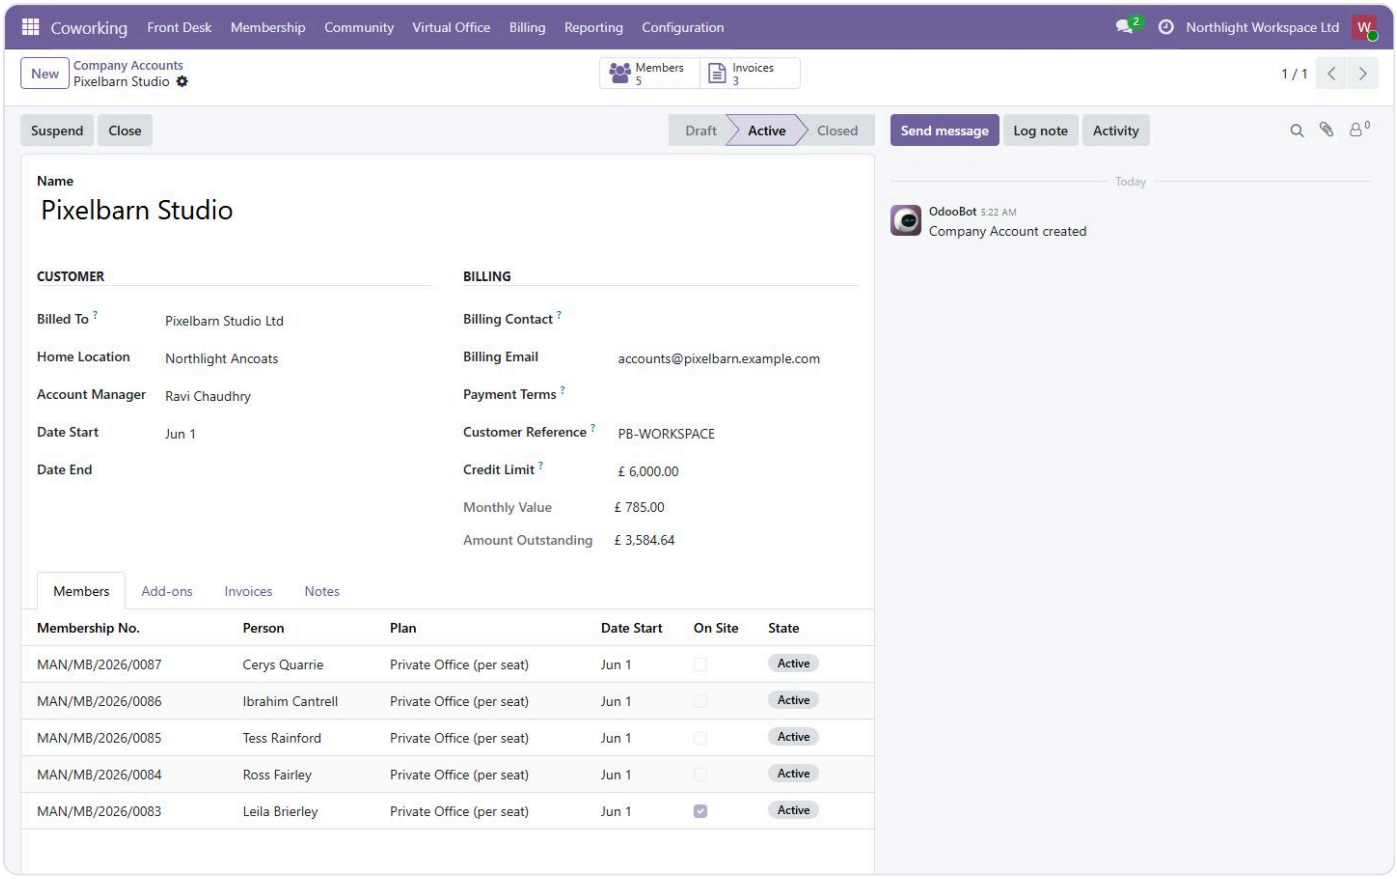

3 Company accounts

Membership, Company Accounts (coordinators and managers) opens on the active accounts. Filters: Active, Suspended, My Accounts.

4 An account

An account names the company it is **billed to**, its home location, the account manager, the billing contact and email, payment terms, the customer reference that goes on the invoice, a **credit limit** (managers only) and the start and end dates. It shows members, add-ons, invoices, the monthly value and what is outstanding.

BUTTON	DOES
Activate	Puts a draft or suspended account live. A closed account cannot be revived.
Suspend	Suspends the account and every active membership on it.
Close	Refused while any membership on it is still open. Stamps the end date.

When an account has a credit limit and its outstanding invoices are over it, confirming a booking for any of its members is refused until the balance is cleared or the limit raised.

> In this version the Monthly Value on an account, and the monthly recurring revenue on a location, add up each plan's fee only once however many members are on it, so they read low when several members share a plan. The plan's own MRR and the billing run are right.

PART 6 Members

One record per person per building: their plan, who pays, their card, their desk and what they have left this month.

IN THIS PART YOU WILL LEARN

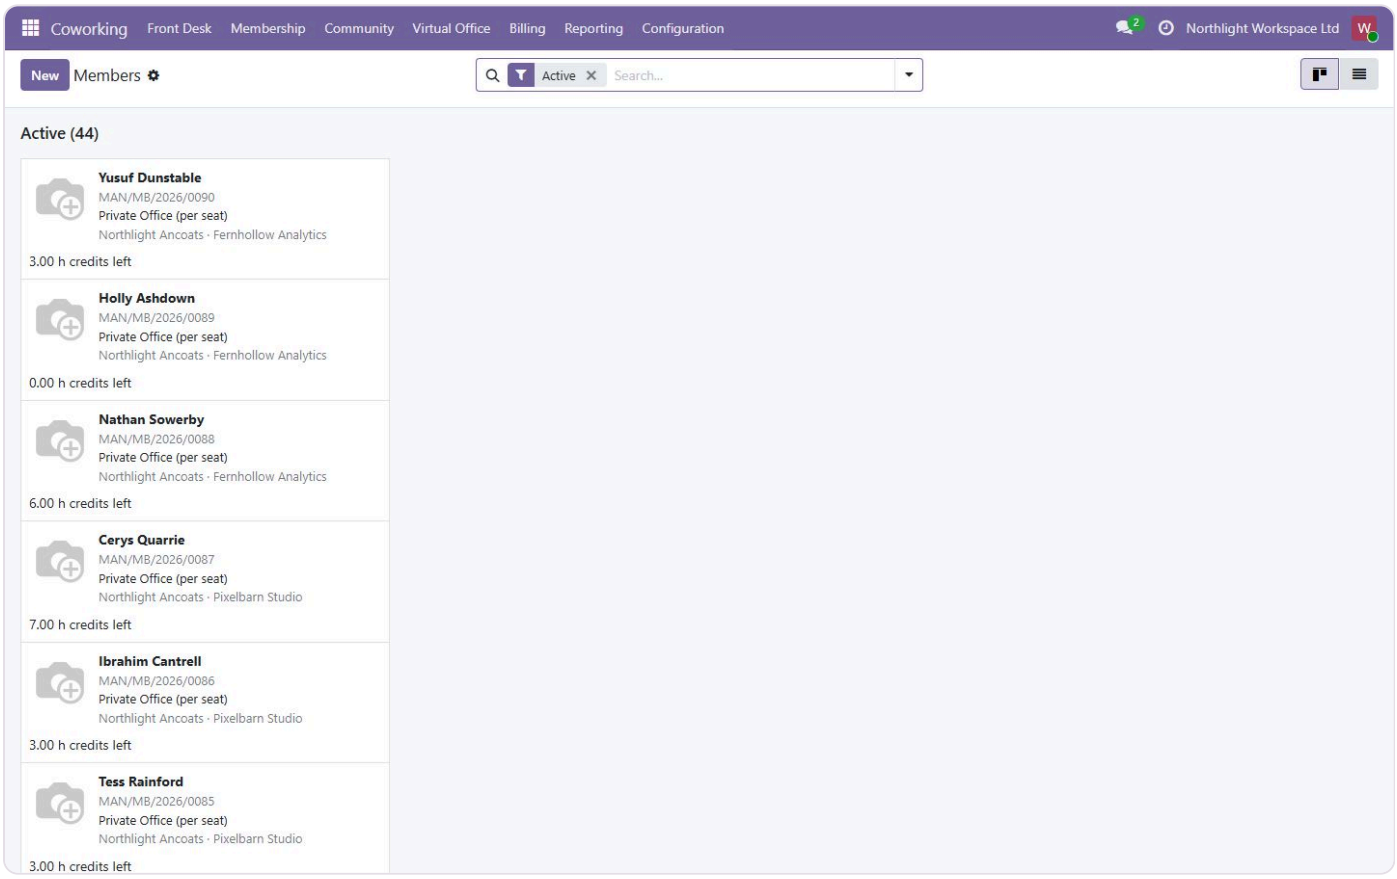

- The member board and the filters
- Every field on a member, and who can see the card number
- Activate, Suspend, End Membership and the term and notice rules
- Credits, printing and guest passes this month

TRY IT YOURSELF ON THE DEMO

1. Open Membership, Members
2. Open a member who is on site and read the credits
3. Open the suspended member and read why in the chatter
4. Use the filters Leaving and Pays Their Own Way

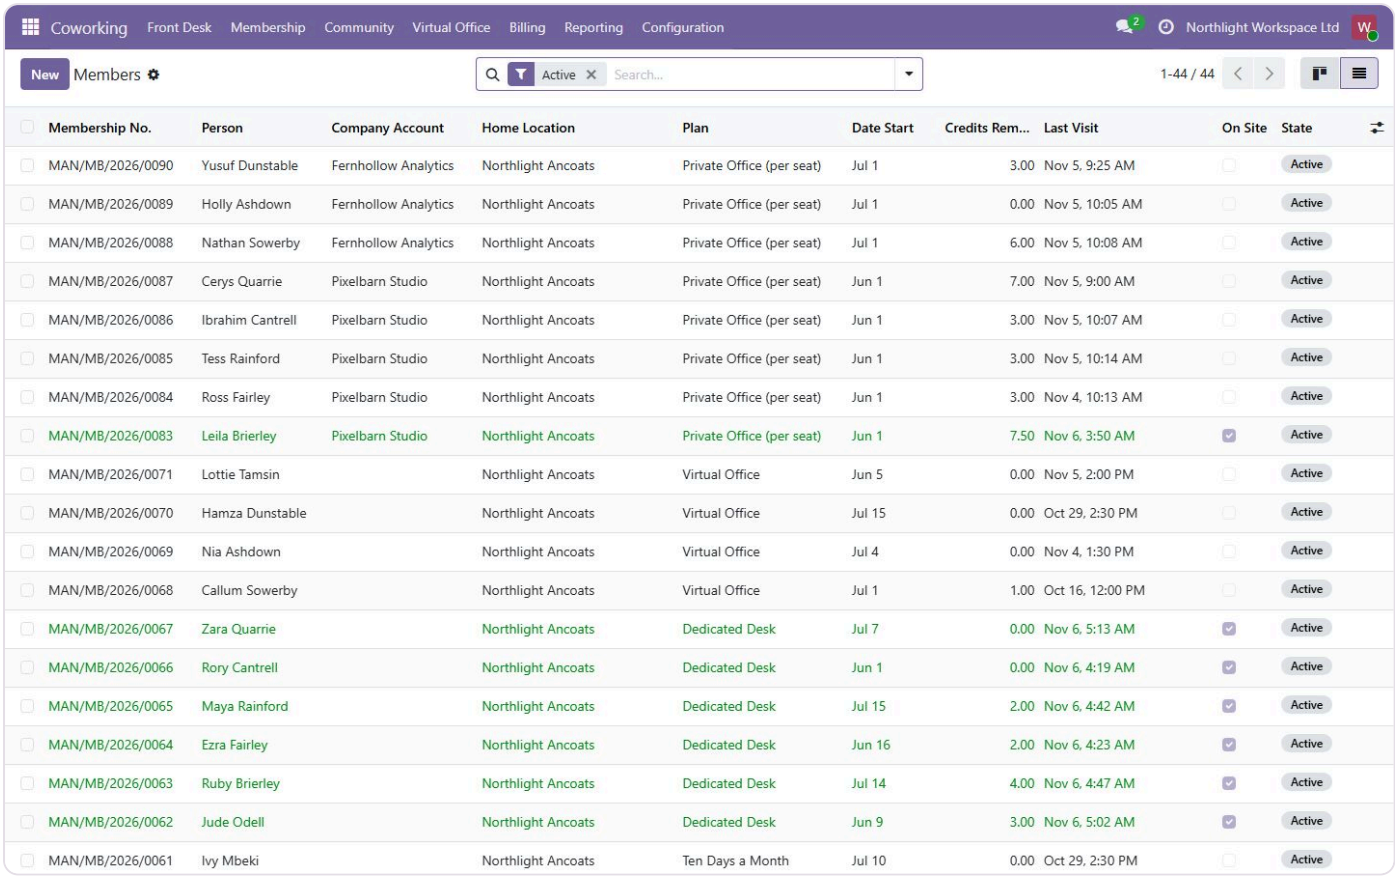

1 The members

Membership, Members opens on active members as cards. Filters: Active, In the Building, Suspended, **Leaving** (an end date is set), 24/7 Access, **Pays Their Own Way** (no company account).

2 As a list

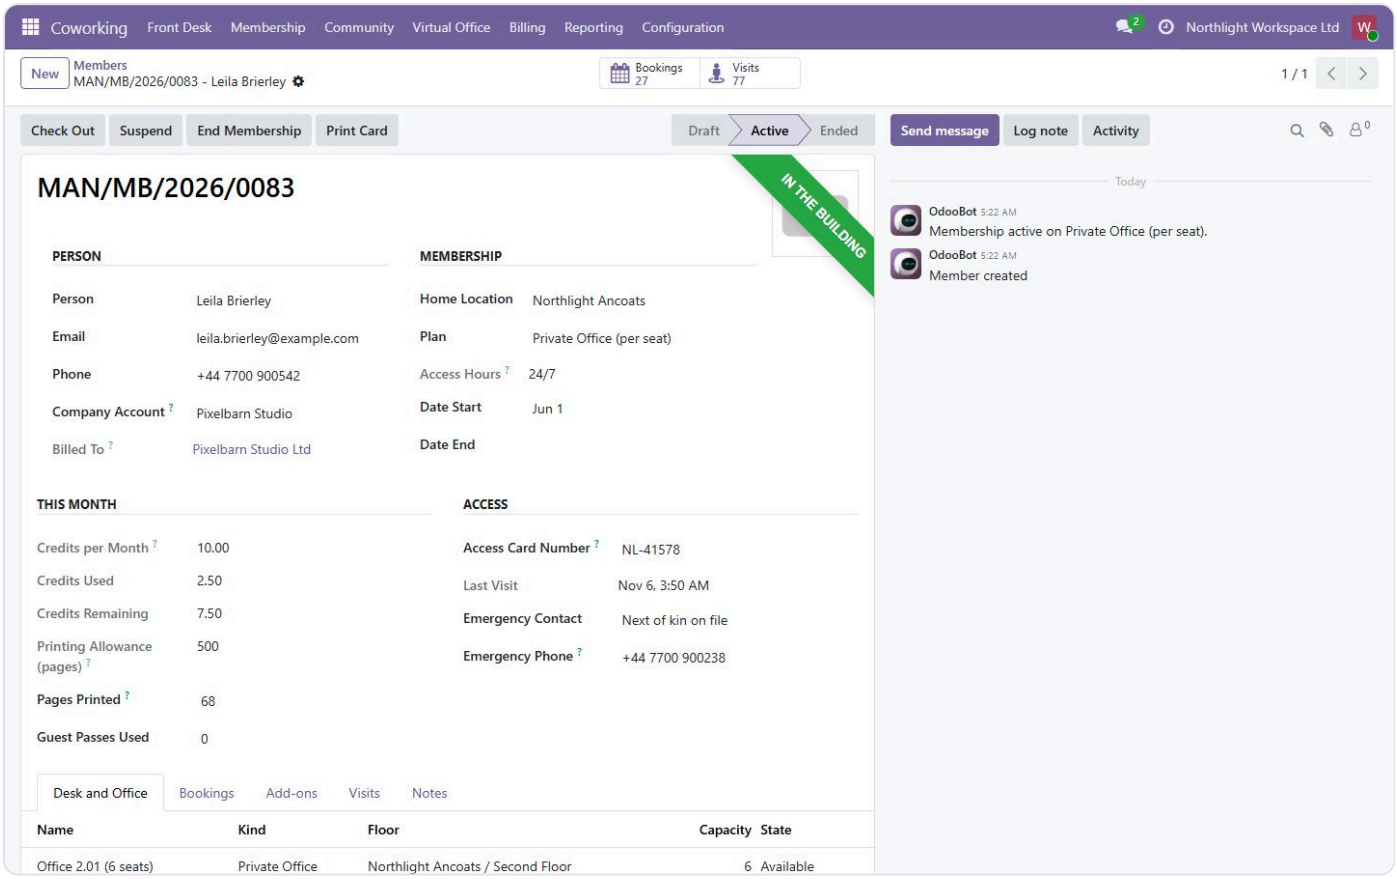

The list shows number, person, building, plan, account, state and the dates.

Membership No.	Person	Company Account	Home Location	Plan	Date Start	Credits Rem...	Last Visit	On Site	State
MAN/MB/2026/0090	Yusuf Dunstable	Fernhollow Analytics	Northlight Ancoats	Private Office (per seat)	Jul 1	3.00	Nov 5, 9:25 AM		Active
MAN/MB/2026/0089	Holly Ashdown	Fernhollow Analytics	Northlight Ancoats	Private Office (per seat)	Jul 1	0.00	Nov 5, 10:05 AM		Active

MAN/MB/2026/0062	Jude Odell		Northlight Ancoats	Dedicated Desk	Jun 9	3.00	Nov 6, 5:02 AM	☑	Active
MAN/MB/2026/0061	Ivy Mbeki		Northlight Ancoats	Ten Days a Month	Jul 10	0.00	Oct 29, 2:30 PM		Active

3 A member

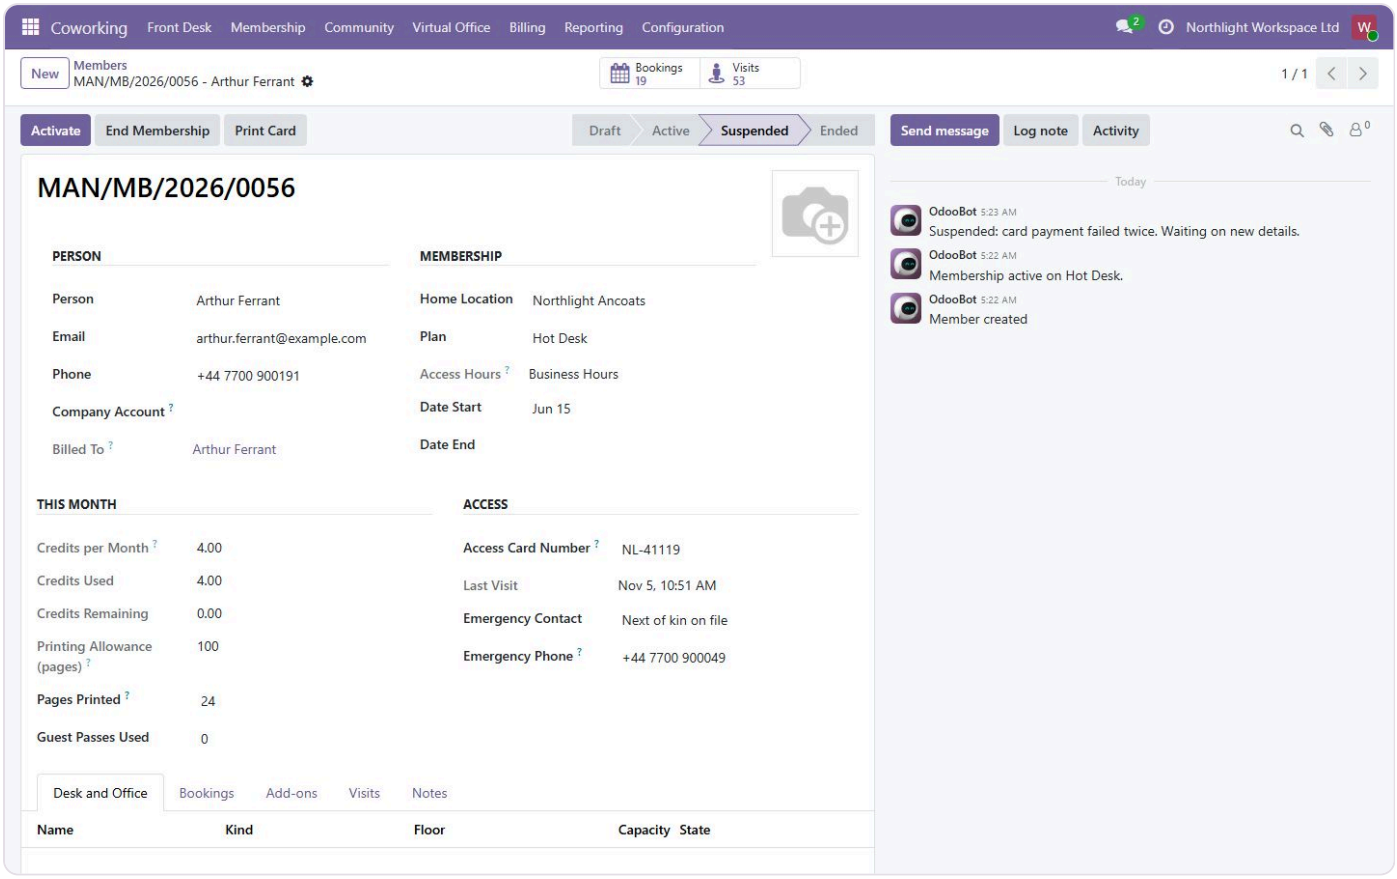

The **membership number** is given on save with the building's code. The record holds the person, the **company account** (and so who it is **billed to**), the home location and plan, start, end and notice dates, the **access card number** and **emergency contact** (coordinators and managers only, because a name and a card number are all anybody needs to walk in), the desk or office let to them, and this month's **credits used and remaining**, **pages printed** against the allowance and **guest passes used**. It shows whether they are on site and when they last visited.

RULE	WHAT HAPPENS
One live membership per person per building	A second draft, active or suspended membership at the same building is refused
Plan sold at the building	A plan limited to other buildings is refused
Activate	Refused for an ended membership and while the company account is suspended
End Membership	Refused while they are in the building, before the minimum term is up, or sooner than the notice period allows; frees their desk
Suspend	Only an active membership; suspended members cannot book or badge in

4 A suspended member

Suspend from the member or from the account. The chatter keeps the reason.

Pages printed is typed on the member form, or added by a print integration through the module's register_print method; there is no connection to a print server in the module. Printing over the allowance is billed at the plan's extra page rate, and the counters go back to zero when the month is invoiced.

Print Card prints the 90 × 60 mm member card (Part 17).

PART 7 Bookings: the diary and its checks

A booking holds a space for a window. Every check a front desk would make by eye is made on save, so nothing is double booked.

IN THIS PART YOU WILL LEARN

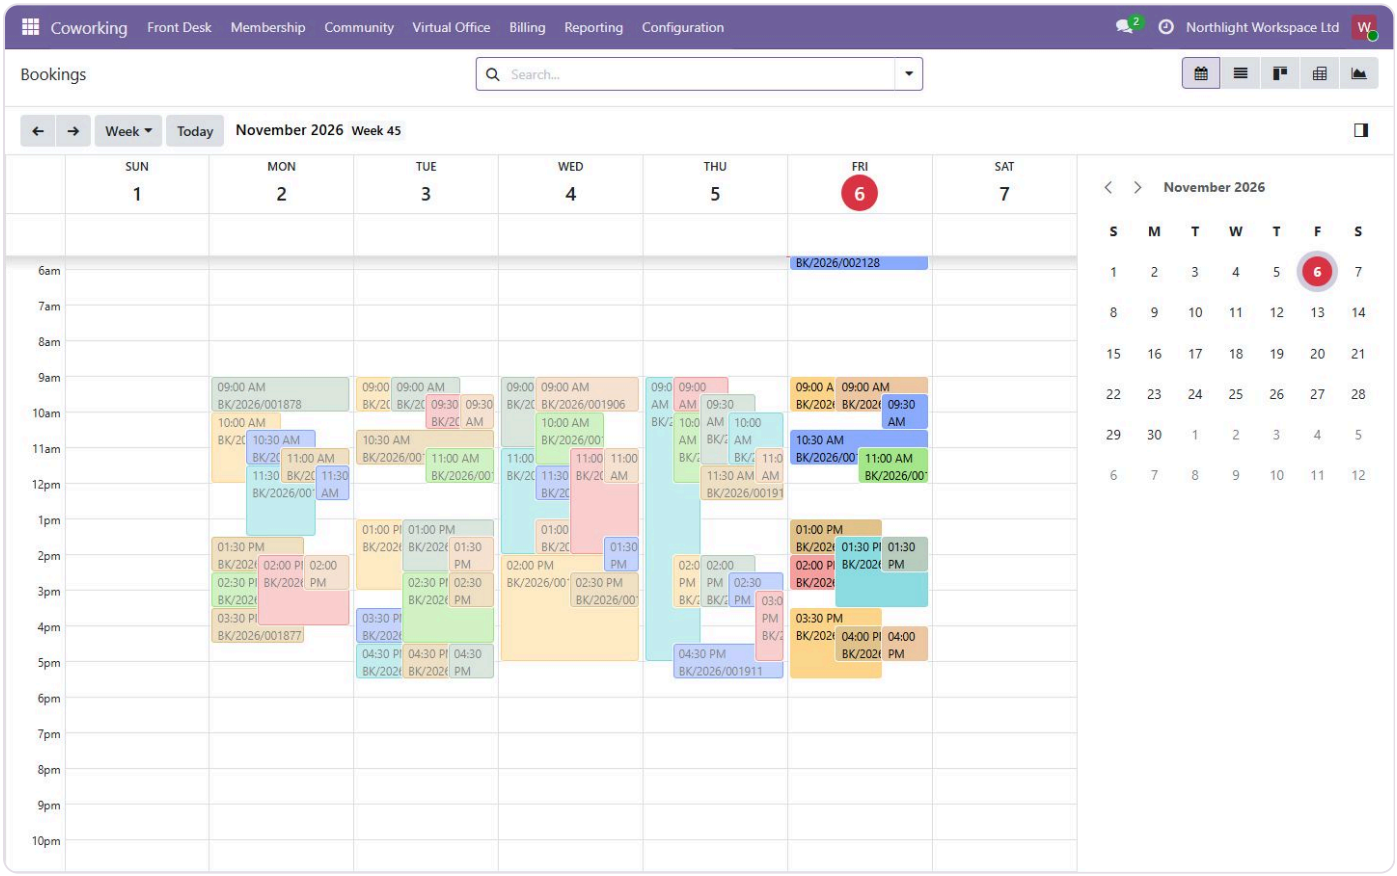

- The calendar, list and filters
- Every field on a booking
- The nine checks a booking must pass
- Confirm, Check In, Finished and Find Another Room

TRY IT YOURSELF ON THE DEMO

1. Open Front Desk, Bookings: the calendar
2. Switch to the list and use the filters Today and Still to Come
3. Open a confirmed booking and press Find Another Room

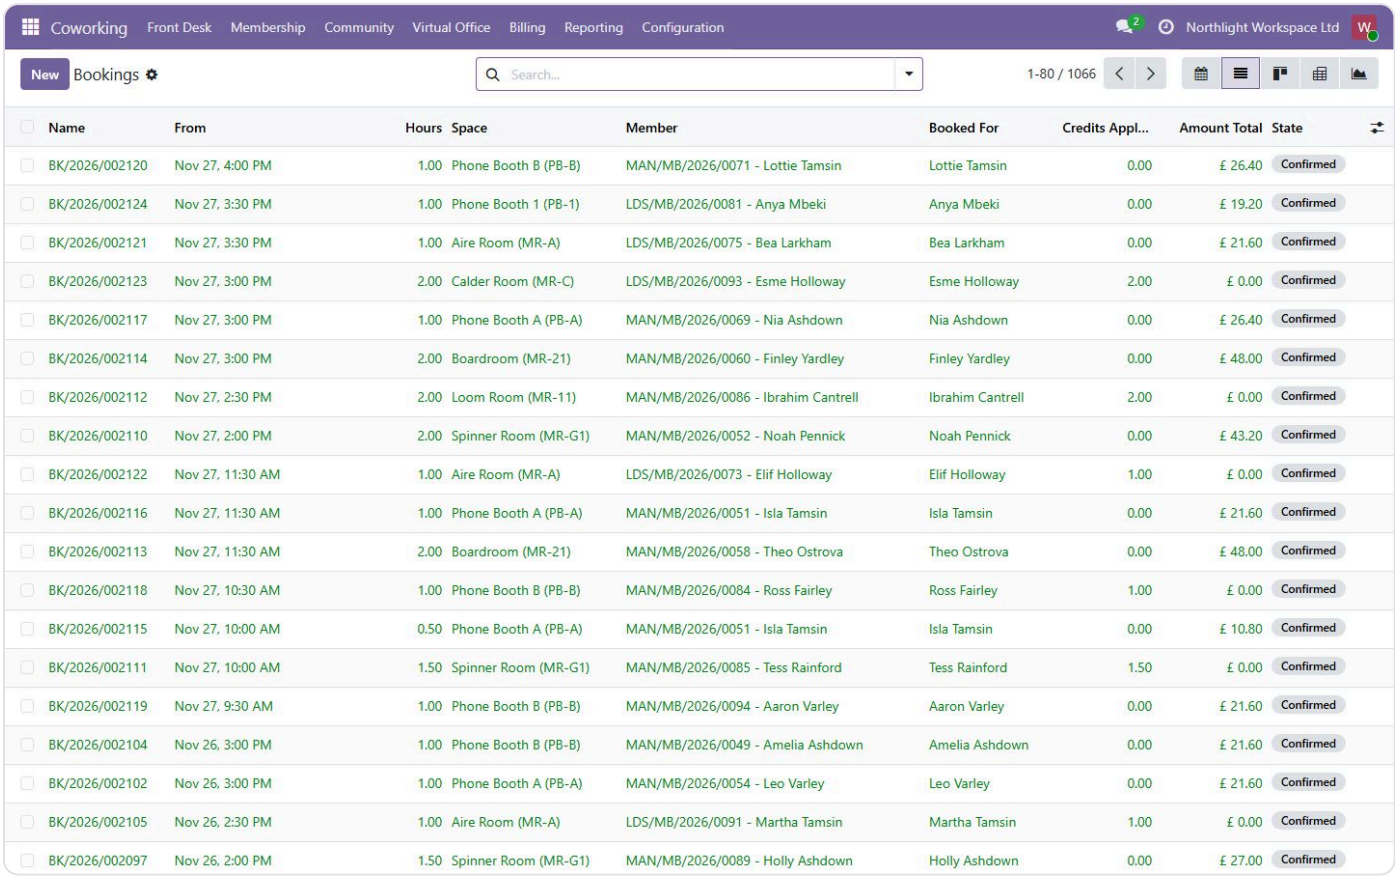

1 The calendar

Front Desk, Bookings opens as a calendar of the week. It also has list, board, pivot and graph views.

2 The list

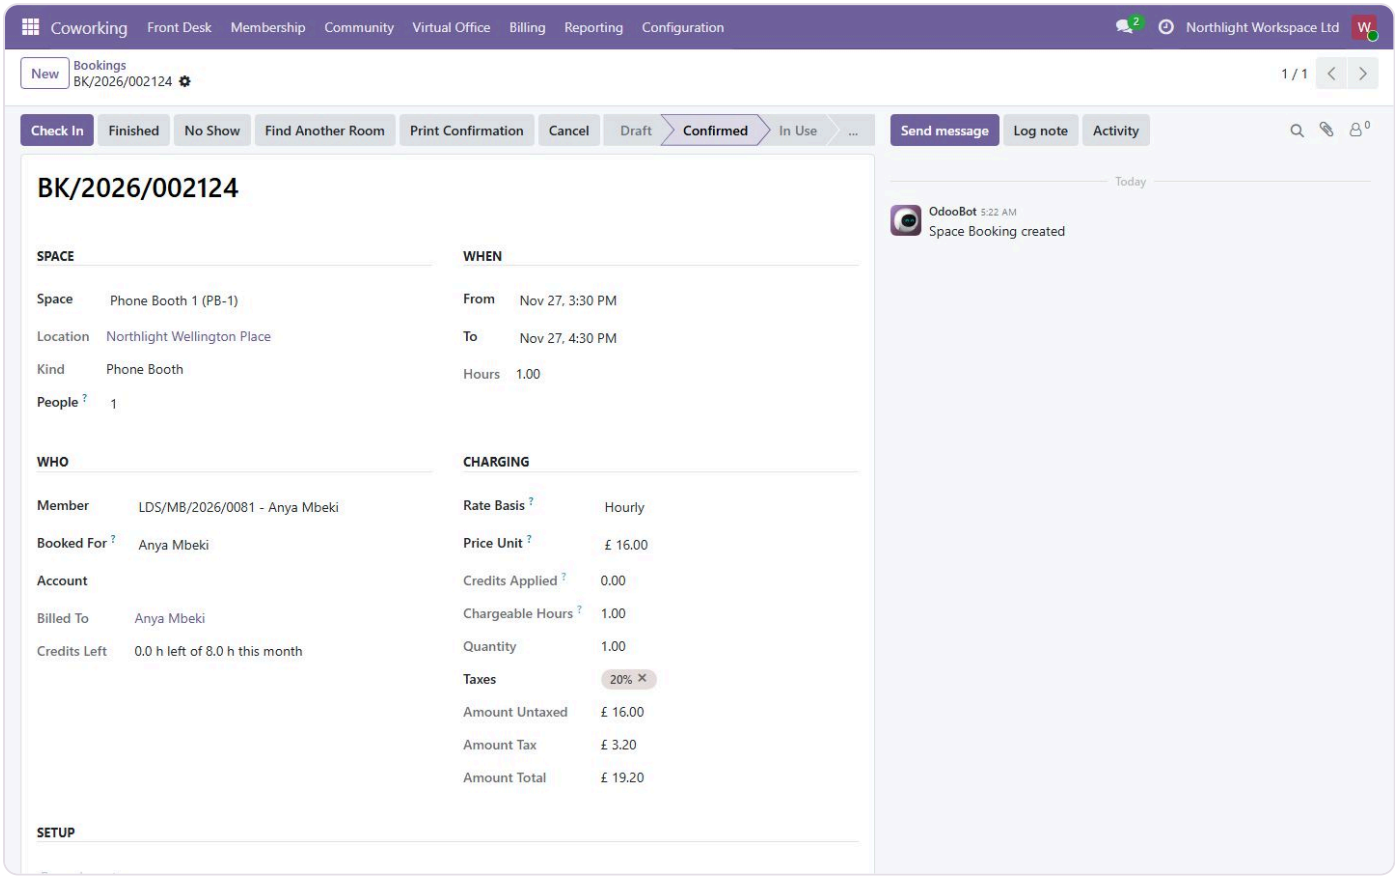

Filters: Open, Waiting Approval, In Use Now, **Charged for Not Turning Up**, **Not Yet Billed**, Today, Still to Come, Meeting Rooms, Desks.

3 A booking

A booking has the **space** (and so the building and kind), the **member**, who it is **booked for** and **billed to** (the member's company account if they have one), **from** and **to**, the number of **people**, the setup note, and the money: rate basis, price, **credits applied**, chargeable hours, quantity, taxes and totals. **Credits Left** is a one line reminder of where the member stands this month.

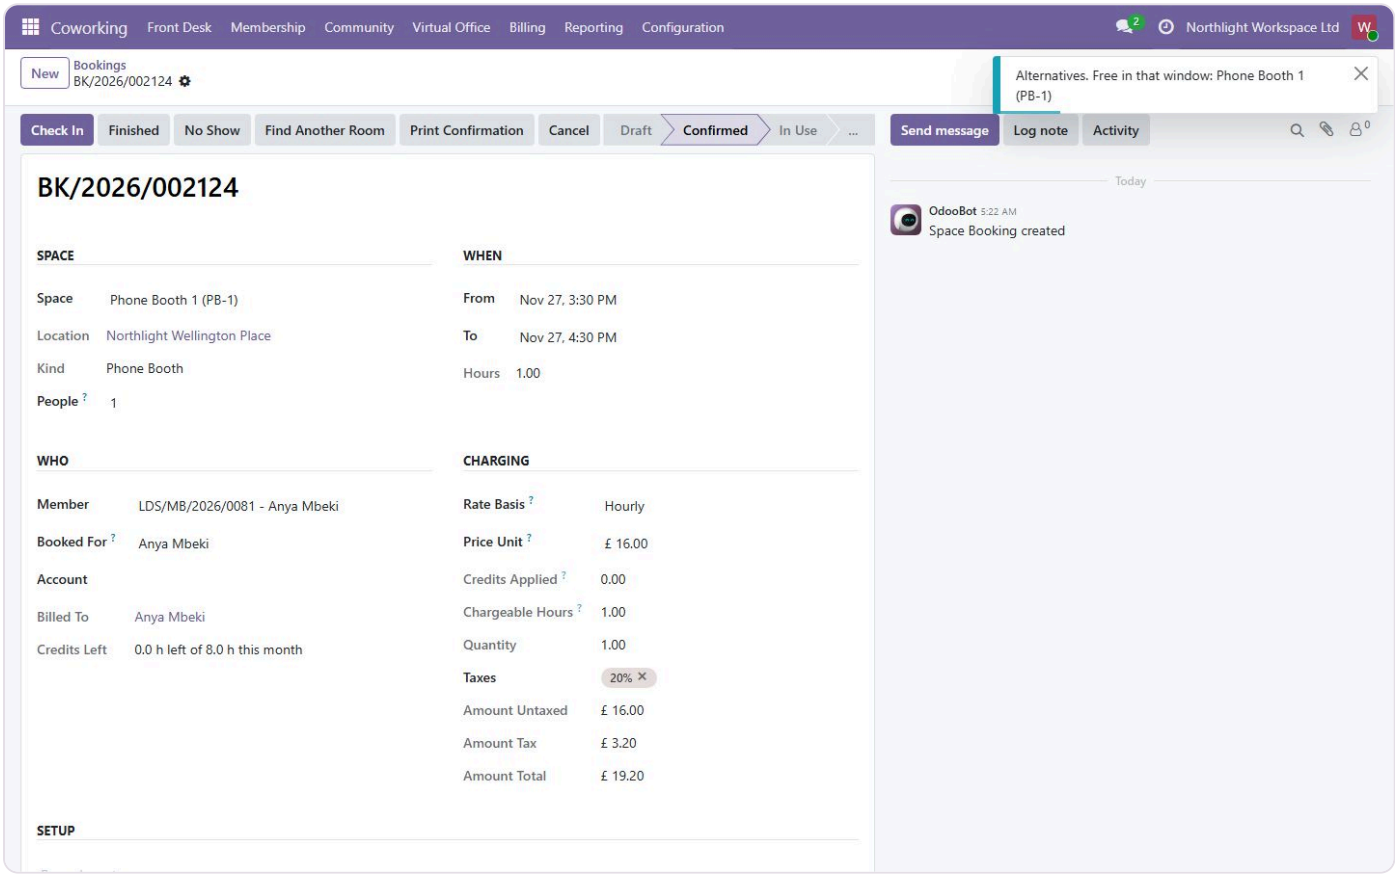

CHECK	REFUSED WHEN
Clash	a room, booth, office or event space already booked in the window, counting the turnaround either side
Hot desk seats	the people already booked plus this booking are more than the seats
People	more people than the space seats
Length	shorter than the minimum or longer than the maximum booking
Book ahead	further ahead than the diary is open (60 days by default)
Space state	out of service (with the note), retired, or let to another member
Opening hours	outside the building hours, or at a weekend when it is closed, unless the member is 24/7
Member	the member is not active
Credit limit	the company account is over its limit

BUTTON	FROM	DOES
Confirm	Draft	Runs the checks, draws the credits and confirms, or sends it to Waiting Approval
Check In	Confirmed	Marks it in use and opens a visit for the member
Finished	Confirmed, Checked In	Closes it and the visit it opened

No Show	Confirmed, once started	Charges the no show percentage (Part 9)
Cancel	not used, not invoiced	Free or charged depending on the window (Part 9)
Find Another Room	any	Lists spaces of the same kind in the building free for the window
Print Confirmation	any	The booking confirmation with the amenities
Reset to Draft	Cancelled	Reopens it

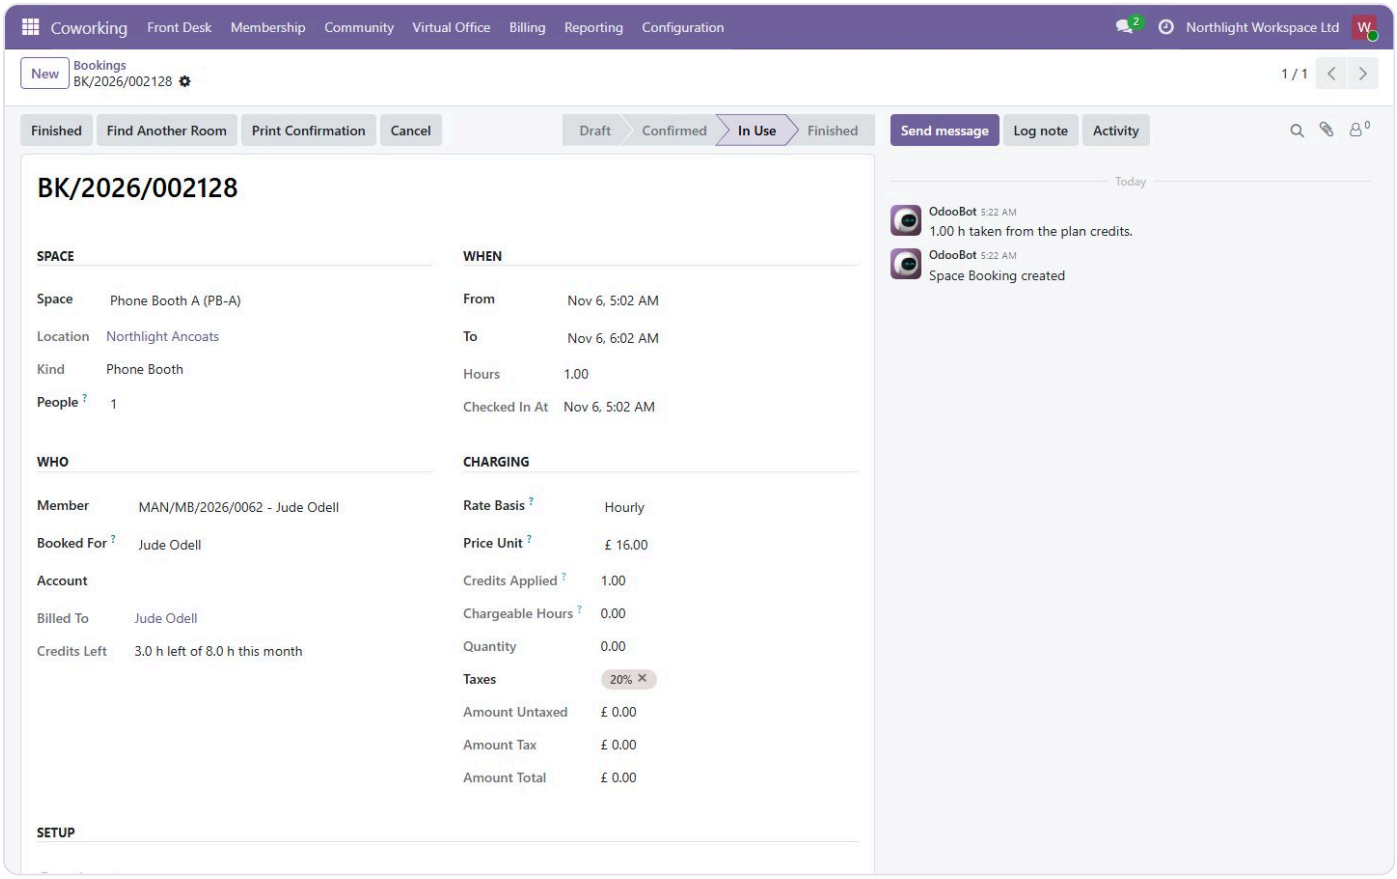

4 Find Another Room

When the room a member wants is taken, the button lists up to eight free spaces of the same kind with enough seats, as a message on the screen.

5 A booking in use

Check In stamps the arrival and, if the member is not already in the building, opens a visit at reception.

> The daily job **Coworking: remind tomorrow's bookings** (off when installed) emails the Booking Reminder for bookings in the next 24 hours, and closes bookings still checked in two hours after their end.

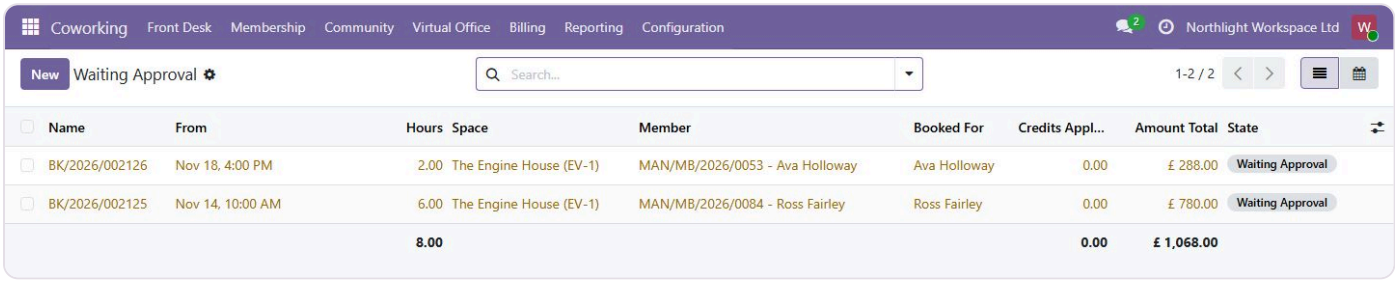

PART 8 Waiting approval

Some spaces should not be booked without a manager knowing.

When a space has **Requires Approval** and the person confirming is not a space manager, Confirm sends the booking to **Waiting Approval** and posts a note. Confirming it again does nothing. Only a space manager can press **Approve**, and the module also refuses anybody else setting the status to confirmed by other means. A space manager confirming their own booking skips the step.

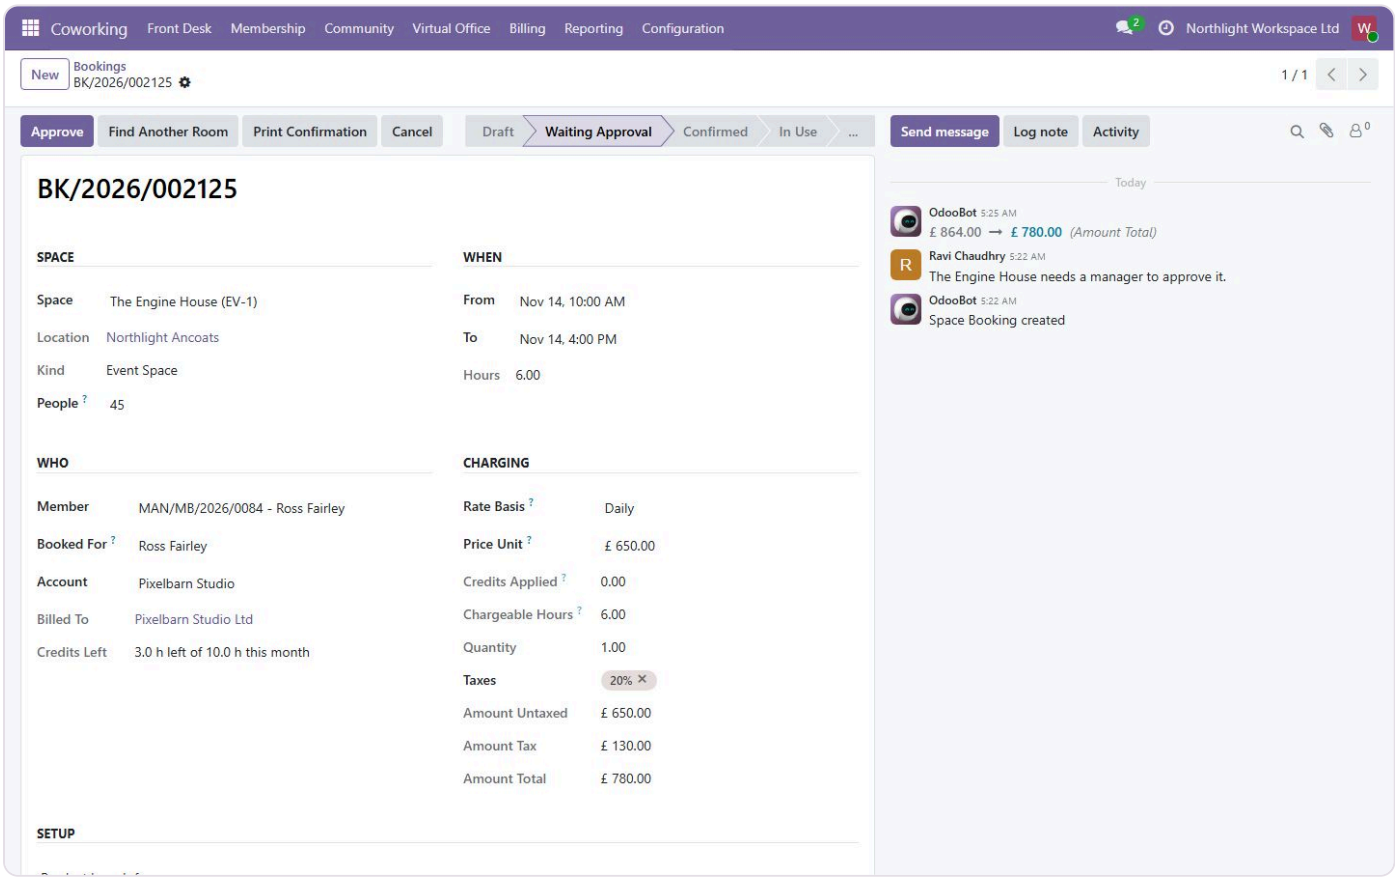

1 Waiting Approval

Front Desk, Waiting Approval lists the bookings waiting for a manager.

2 A booking waiting approval

Approve draws the credits, confirms the booking and records who approved it.

PART 9 Pricing, credits, cancellations and no shows

How a booking is priced, when credits are spent, and what a late cancellation or a no show costs.

IN THIS PART YOU WILL LEARN

- Hourly or daily
- Credits first, then the overage rate
- The free cancellation window
- Late cancellation and no show charges

TRY IT YOURSELF ON THE DEMO

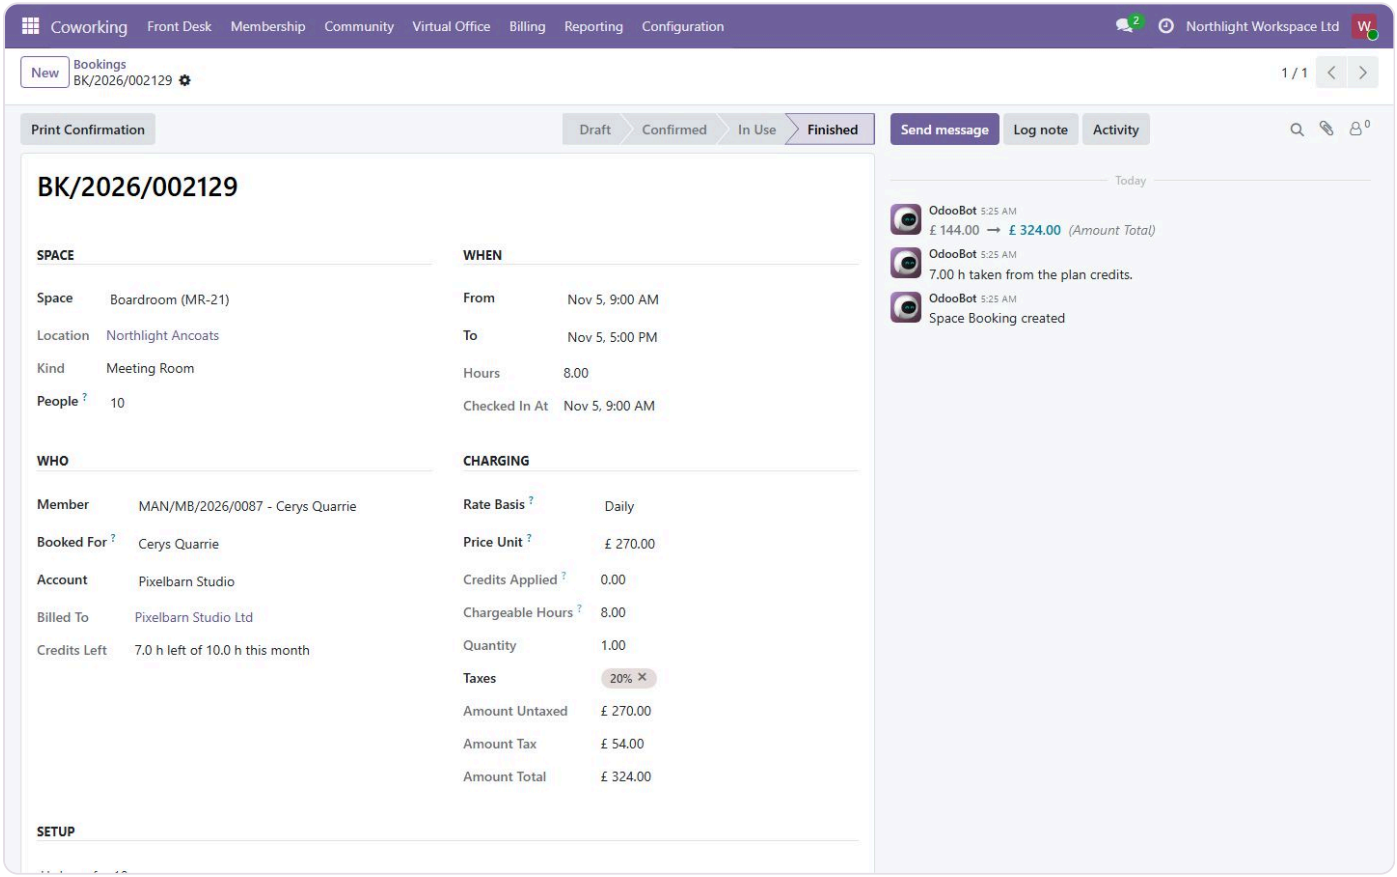

1. Open a booking with credits applied and read Chargeable Hours
2. Open the full day booking in the Boardroom
3. Filter Charged for Not Turning Up and open one

Hourly or daily

A booking as long as the space's **Day Rate From** (6 hours by default) or longer is charged at the daily rate for each day; anything shorter is hourly.

1 A full day booking

Eight hours in the Boardroom: rate basis Daily, one day at the day rate.

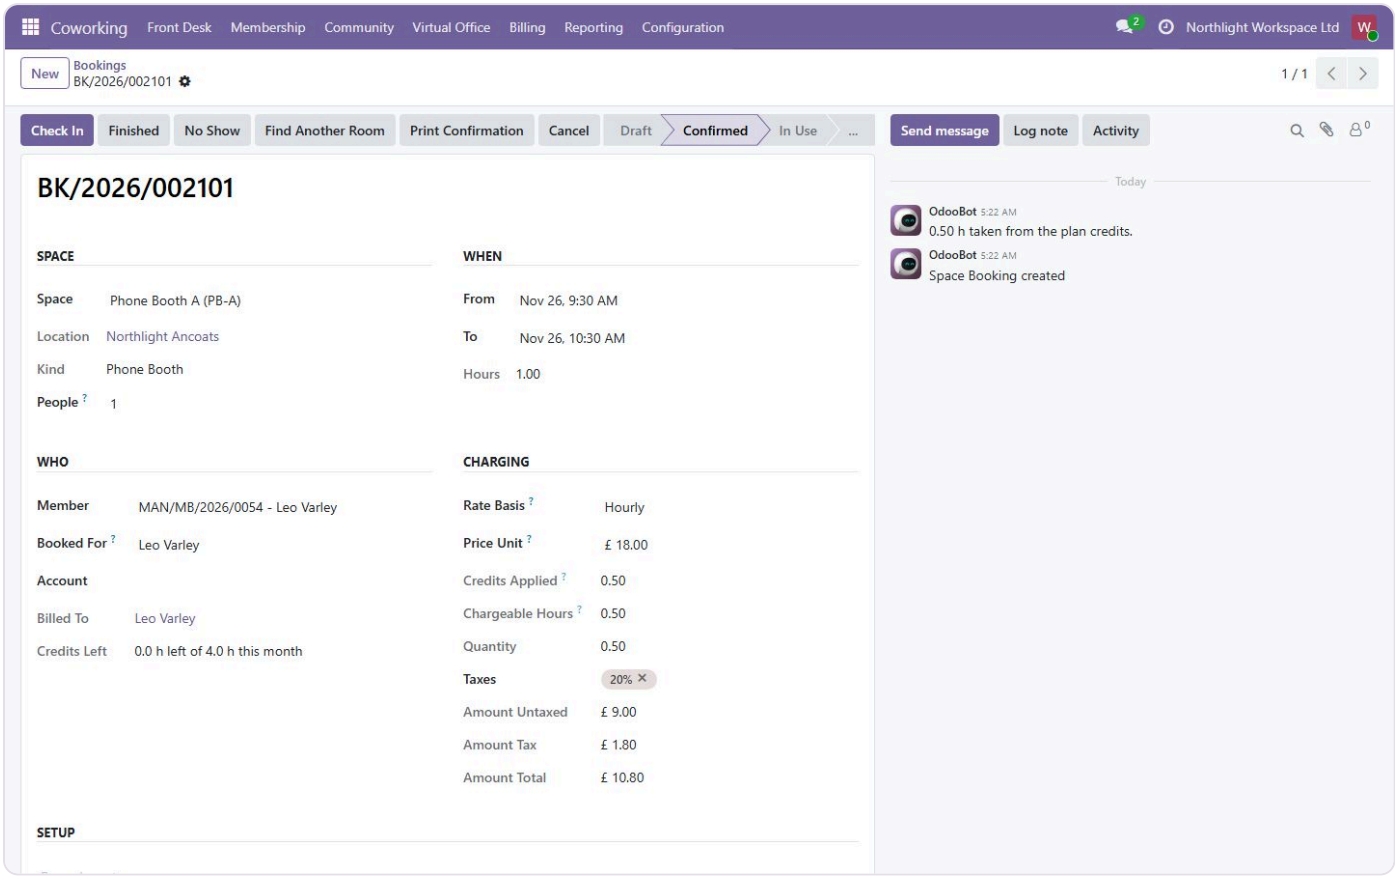

Credits and overage

On an hourly booking of a meeting room or phone booth by a member, the member's remaining credits are applied first, up to the length of the booking. The rest is charged at the plan's **credit overage rate** when the plan has one, or the space's hourly rate otherwise. Desks and offices do not use credits.

2 Credits applied

Part of the booking came off the plan credits; the chargeable hours are what goes on the month's invoice.

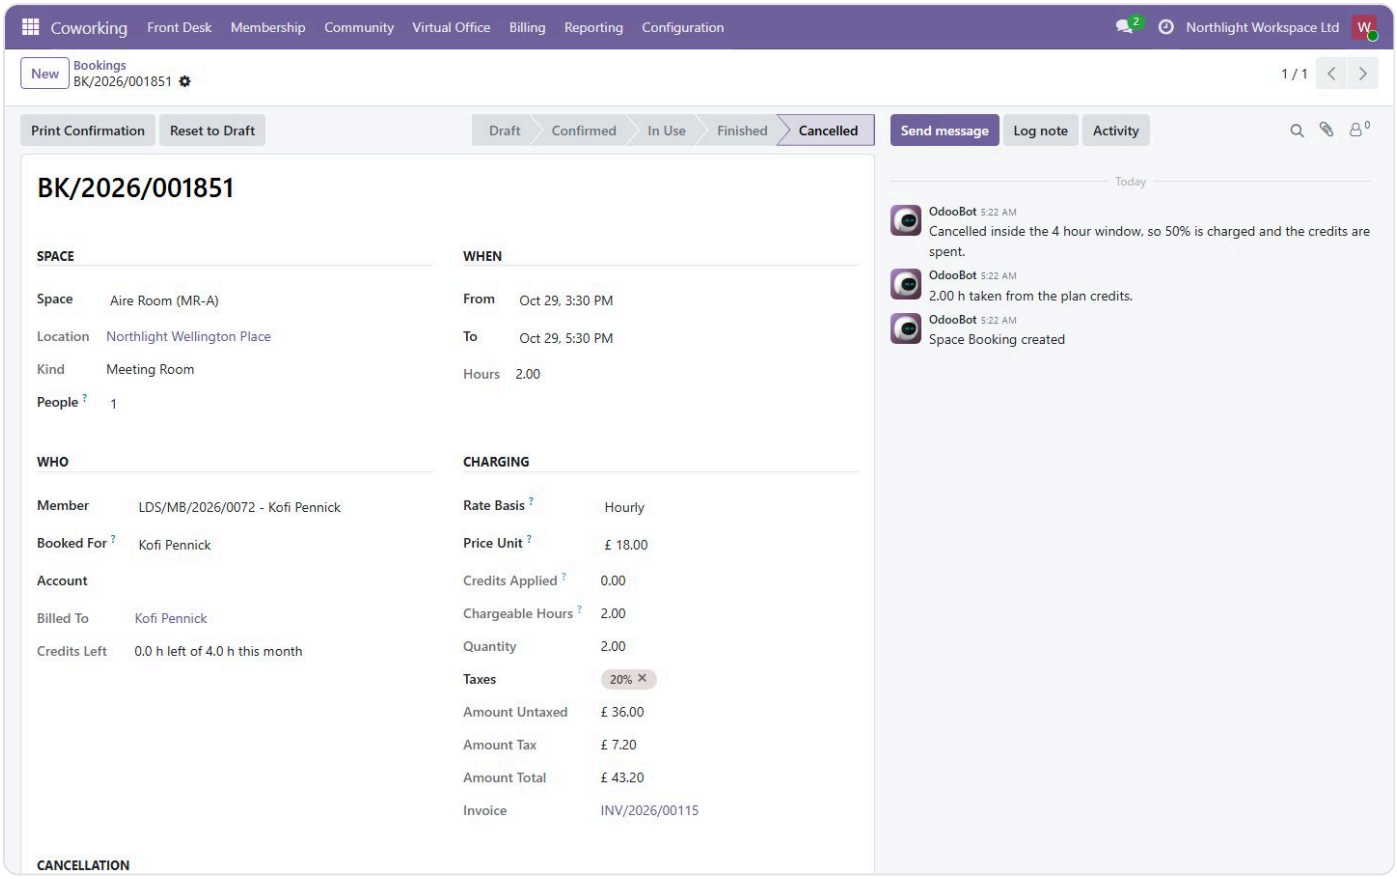

> Credits are counted per calendar month by the booking's start date, but when a booking is confirmed the module draws on what is left in the **current** month. A booking confirmed now for next month uses this month's remainder.

Cancelling

WHEN	RESULT
Before the free window (4 h by default)	Cancelled, nothing charged, credits back
Inside the window	Cancelled, the late cancellation percentage of the untaxed amount charged (50%), credits stay spent
Nobody came (No Show)	The no show percentage charged (100%)
Checked in or finished	Cannot be cancelled: close it as finished
On an invoice	Cannot be cancelled: credit the invoice

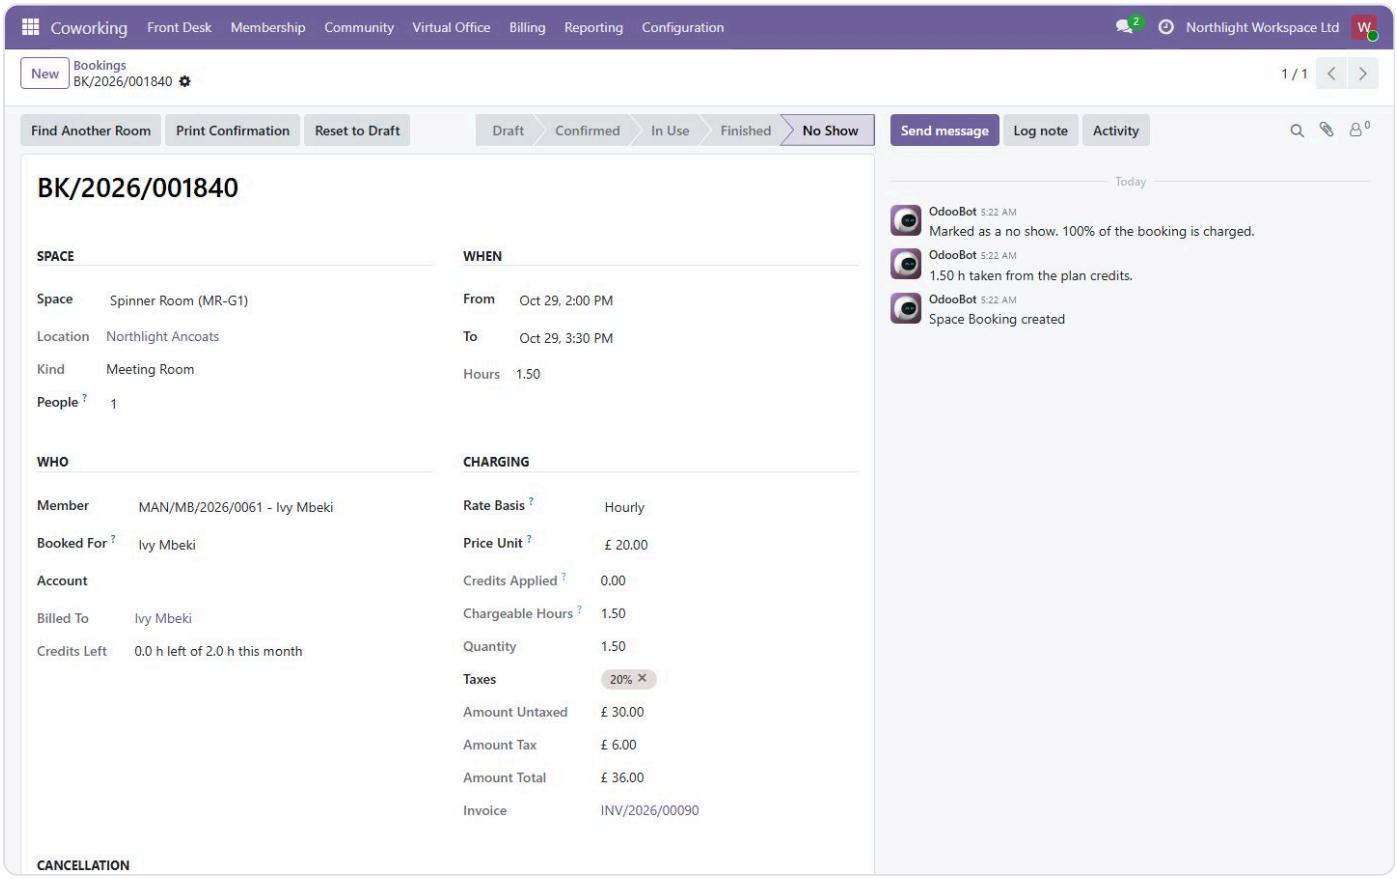

3 A late cancellation

The charge and its reason go on the booking and onto the next invoice as a penalty line.

4 A no show

Marked once the start has passed: the whole untaxed amount is charged at the default 100%.

PART 10 Who is in the building

Members badge in and out. The open visits are the live head count, which is the occupancy figure at the desk and the fire roll call at the same time.

IN THIS PART YOU WILL LEARN

- Check In and Check Out on a member
- On Site Now, In the Building and Visits
- The hourly job that closes forgotten visits

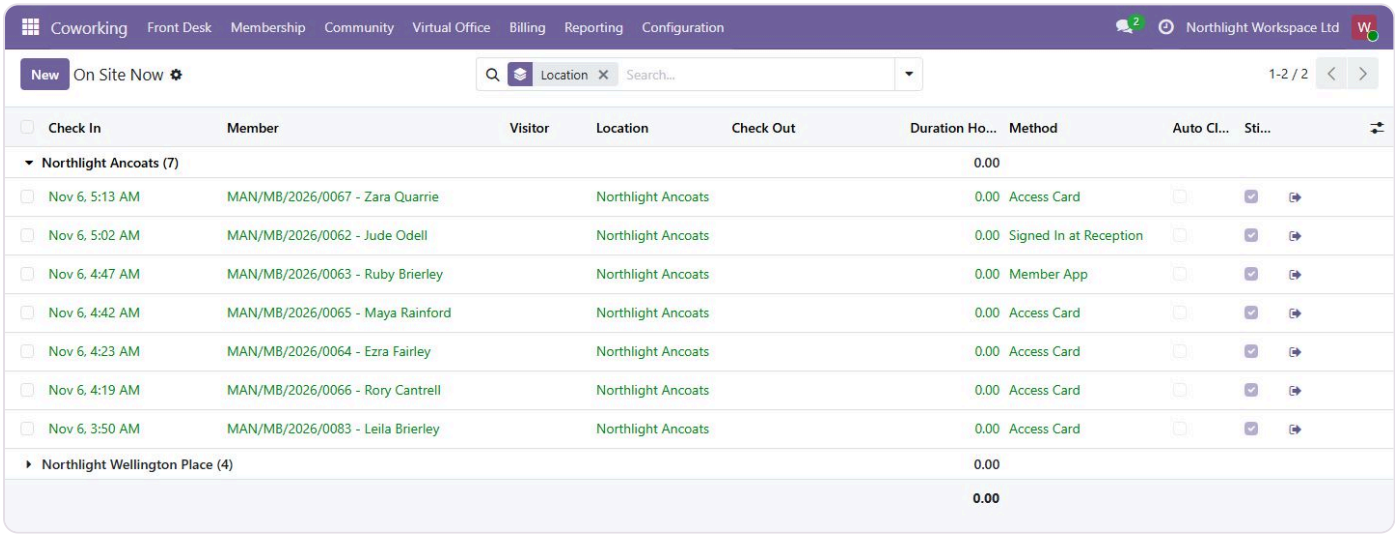

TRY IT YOURSELF ON THE DEMO

1. Open Front Desk, On Site Now
2. Open Membership, Visits and use Closed by the Hourly Job

Check In on a member opens a visit by card. It is refused for a member who is not active, one already in, and a business hours member when the building is closed. **Check Out** closes it. A person can only have one open visit at a time. A visit records the method: card, app, reception, day pass or guest.

1 On Site Now

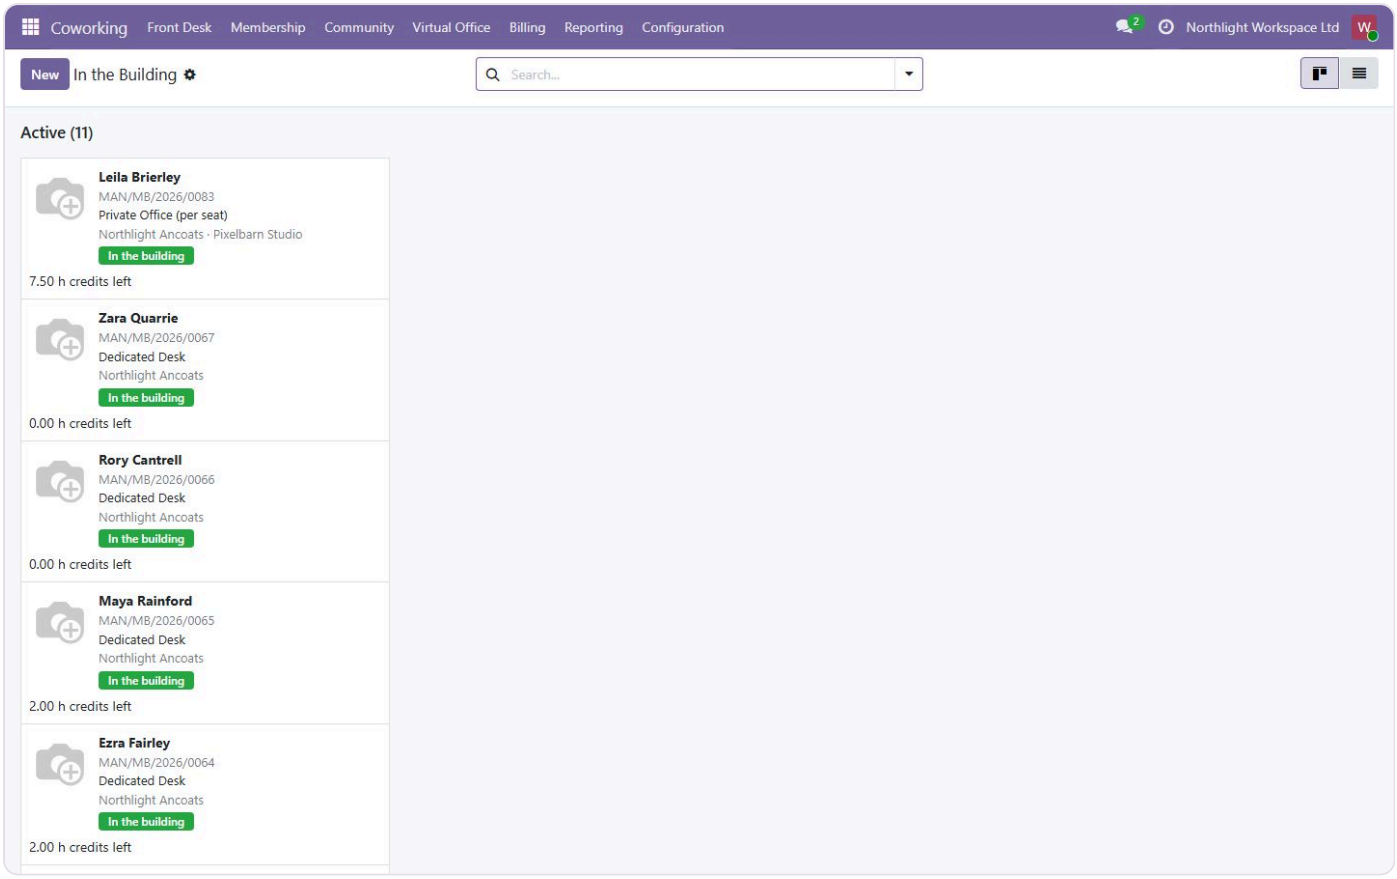

Front Desk, On Site Now lists the open visits grouped by building: the roll call.

Check In	Member	Visitor	Location	Check Out	Duration Ho...	Method	Auto Cl...	Sti...
Northlight Ancoats (7)					0.00			
Nov 6, 5:13 AM	MAN/MB/2026/0067 - Zara Quarrie		Northlight Ancoats		0.00	Access Card

Nov 5, 10:54 AM	MAN/MB/2026/0059 - Poppy Kettering		Northlight Ancoats	Nov 5, 4:37 PM	5.73	Access Card		
Nov 5, 10:51 AM	MAN/MB/2026/0056 - Arthur Ferrant		Northlight Ancoats	Nov 5, 2:14 PM	3.39	Access Card		

The job **Coworking: close visits nobody badged out of** runs every hour and closes any visit open longer than the setting (12 hours), setting the check out to check in plus 12 hours and ticking Closed by the Hourly Job, so the morning head count is right.

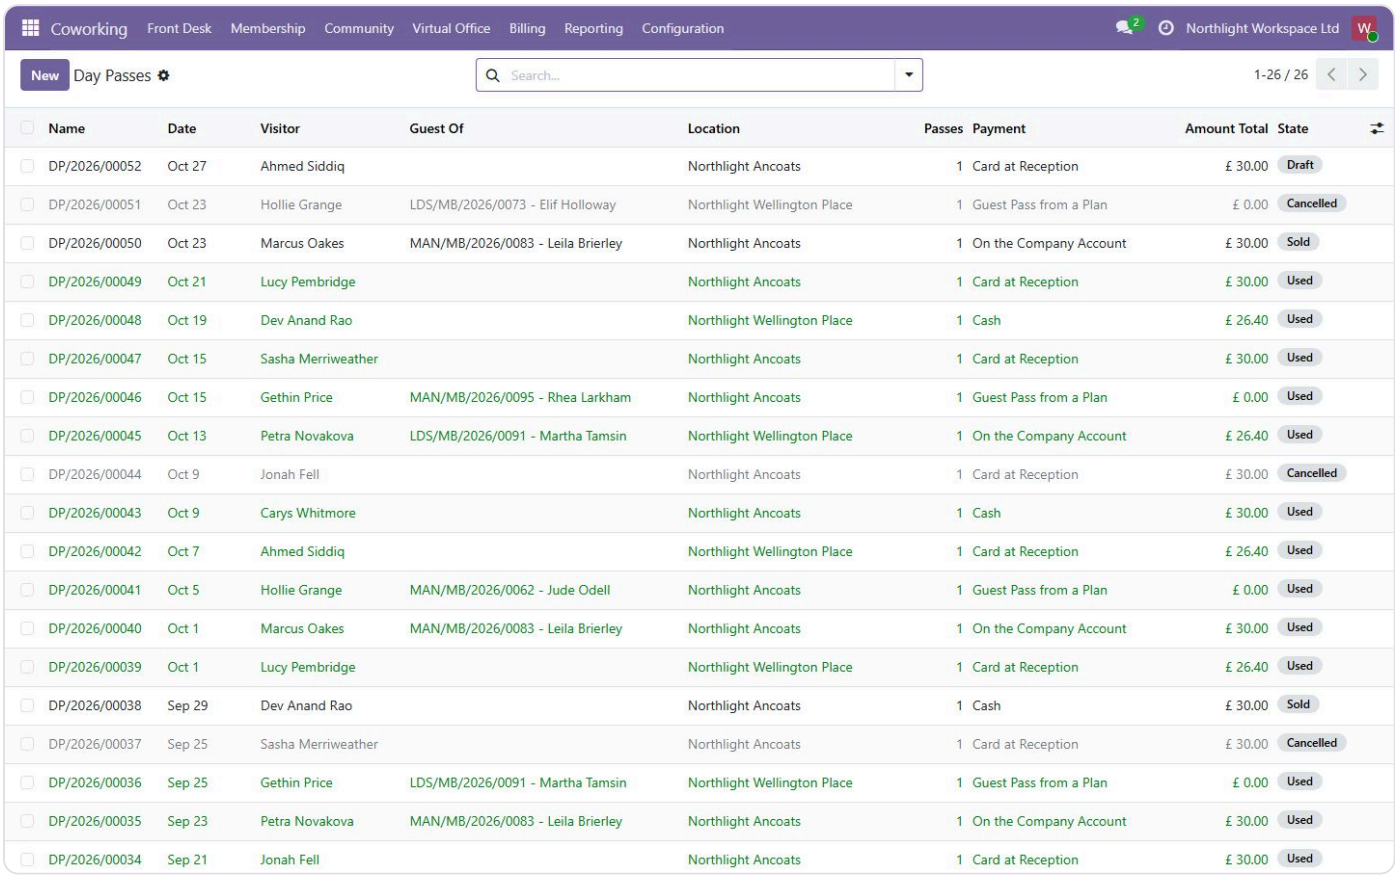

There is no door or badge reader integration in the module. The methods are labels; visits are recorded in Odoo by the desk, or by an integration you add.

PART 11 Day passes and guests

Everybody who is not a member comes in on a day pass.

1 Day Passes

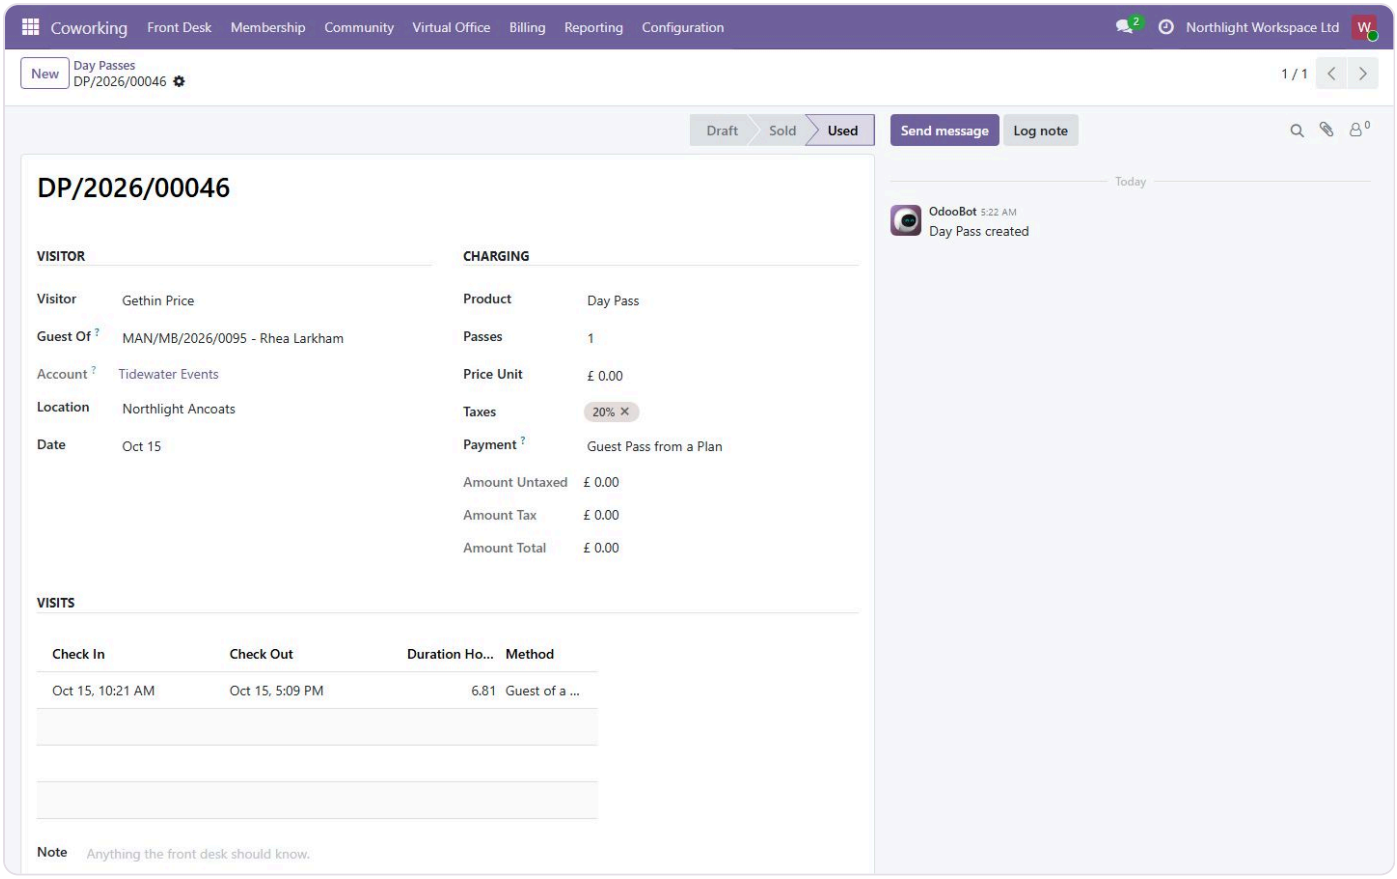

Front Desk, Day Passes. Filters: Sold, Not Used, On a Company Account, Guest of a Member, Today.

Name	Date	Visitor	Guest Of	Location	Passes	Payment	Amount Total	State
DP/2026/00052	Oct 27	Ahmed Siddiq		Northlight Ancoats	1	Card at Reception	£ 30.00	Draft

DP/2026/00040	Oct 1	Marcus Oakes	MAN/MB/2026/0083 - Leila Brierley	Northlight Ancoats	1	On the Company Account	£ 30.00	Used
DP/2026/00039	Oct 1	Lucy Pembridge		Northlight Wellington Place	1	Card at Reception	£ 26.40	Used
DP/2026/00038	Sep 29	Dev Anand Rao		Northlight Ancoats	1	Cash	£ 30.00	Sold
DP/2026/00037	Sep 25	Sasha Merriweather		Northlight Ancoats	1	Card at Reception	£ 30.00	Cancelled
DP/2026/00036	Sep 25	Gethin Price	LDS/MB/2026/0091 - Martha Tamsin	Northlight Wellington Place	1	Guest Pass from a Plan	£ 0.00	Used
DP/2026/00035	Sep 23	Petra Novakova	MAN/MB/2026/0083 - Leila Brierley	Northlight Ancoats	1	On the Company Account	£ 30.00	Used
DP/2026/00034	Sep 21	Jonah Fell		Northlight Ancoats	1	Card at Reception	£ 30.00	Used

2 A guest pass

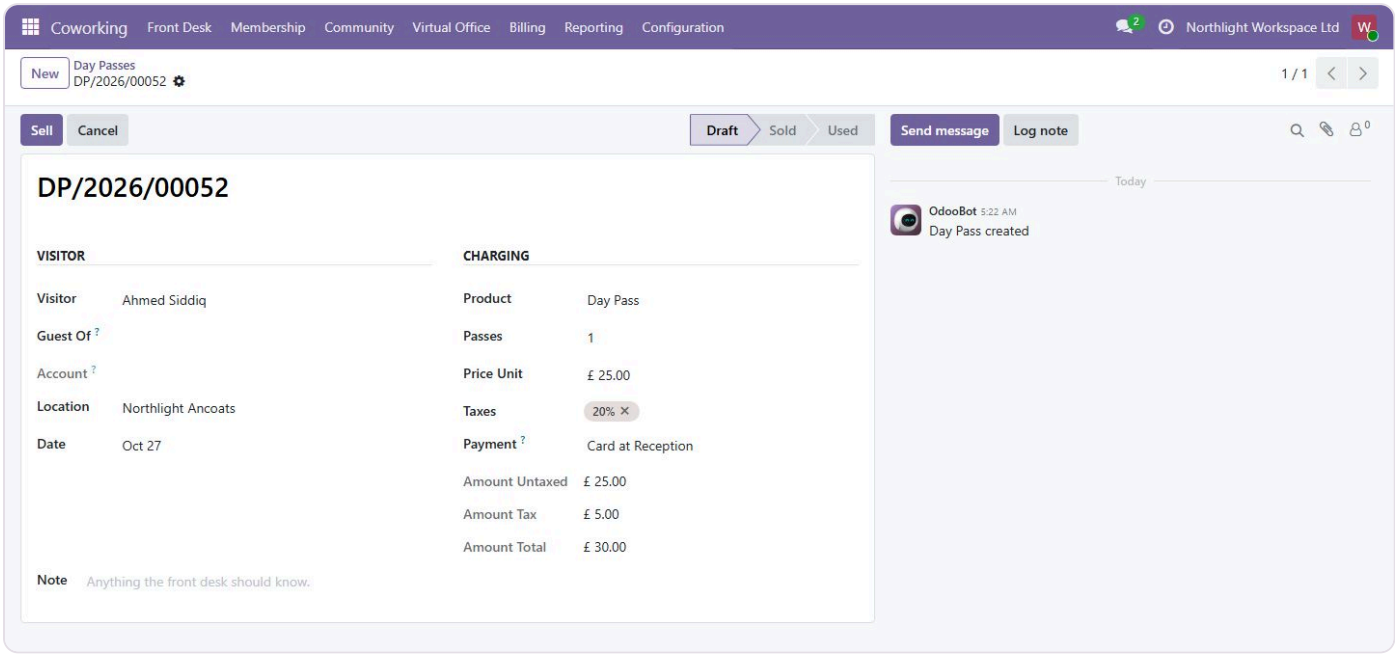

A pass has the building, the **visitor**, the member they are a **guest of** (and so the account), the date, the number of passes, the product, price and taxes, and the **payment**: card, cash, account or guest pass.

BUTTON	DOES
Sell	For a guest pass, draws the passes from the member's plan (refused if none are left) and sets the price to zero
Let Them In	Opens a visit for the visitor (method guest or day pass)
Cancel	Refused once used or invoiced; a cancelled guest pass gives the pass back to the member

3 A pass not yet sold

A guest pass needs a member; an account pass needs a member with a company account. Only passes paid on account reach the monthly invoice; card and cash passes are taken at the desk.

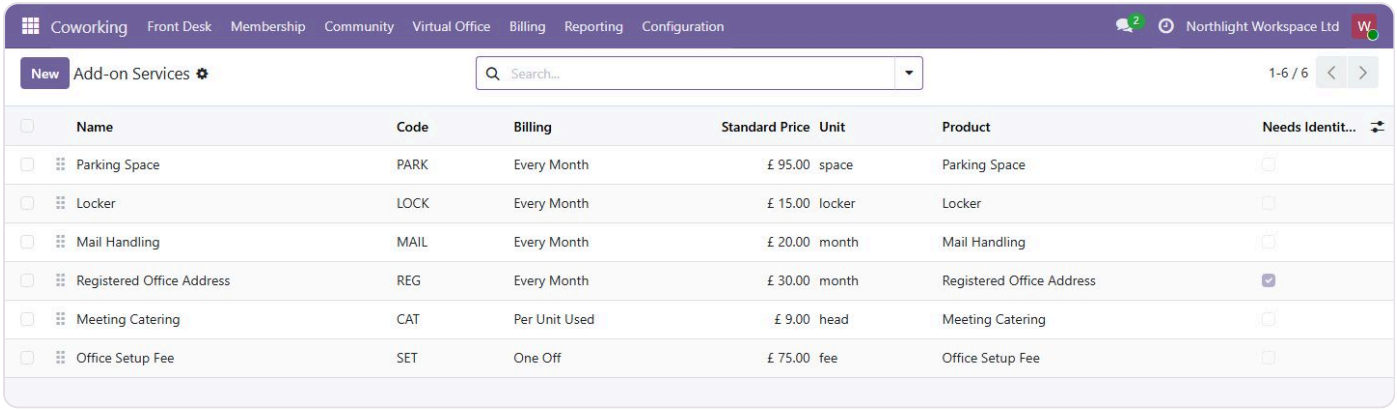

PART 12 Add-on services

Parking, lockers, mail handling, catering and setup fees, sold on top of a plan.

1 Add-on Services

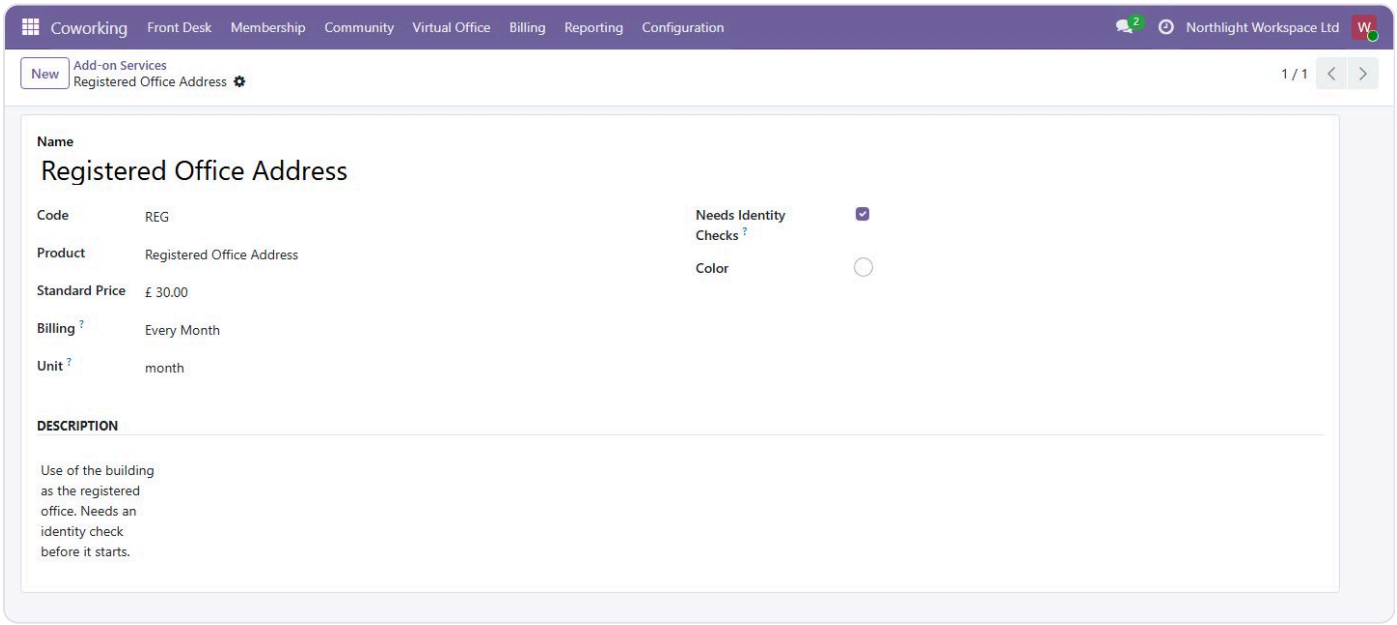

Configuration, Add-on Services: each add-on has a product, a price, the **billing** (monthly, one off or per unit) and a unit label.

Name	Code	Billing	Standard Price	Unit	Product	Needs Identit...
Parking Space	PARK	Every Month	£ 95.00	space	Parking Space	
Locker	LOCK	Every Month	£ 15.00	locker	Locker	
Mail Handling	MAIL	Every Month	£ 20.00	month	Mail Handling	
Registered Office Address	REG	Every Month	£ 30.00	month	Registered Office Address	☑
Meeting Catering	CAT	Per Unit Used	£ 9.00	head	Meeting Catering	
Office Setup Fee	SET	One Off	£ 75.00	fee	Office Setup Fee	

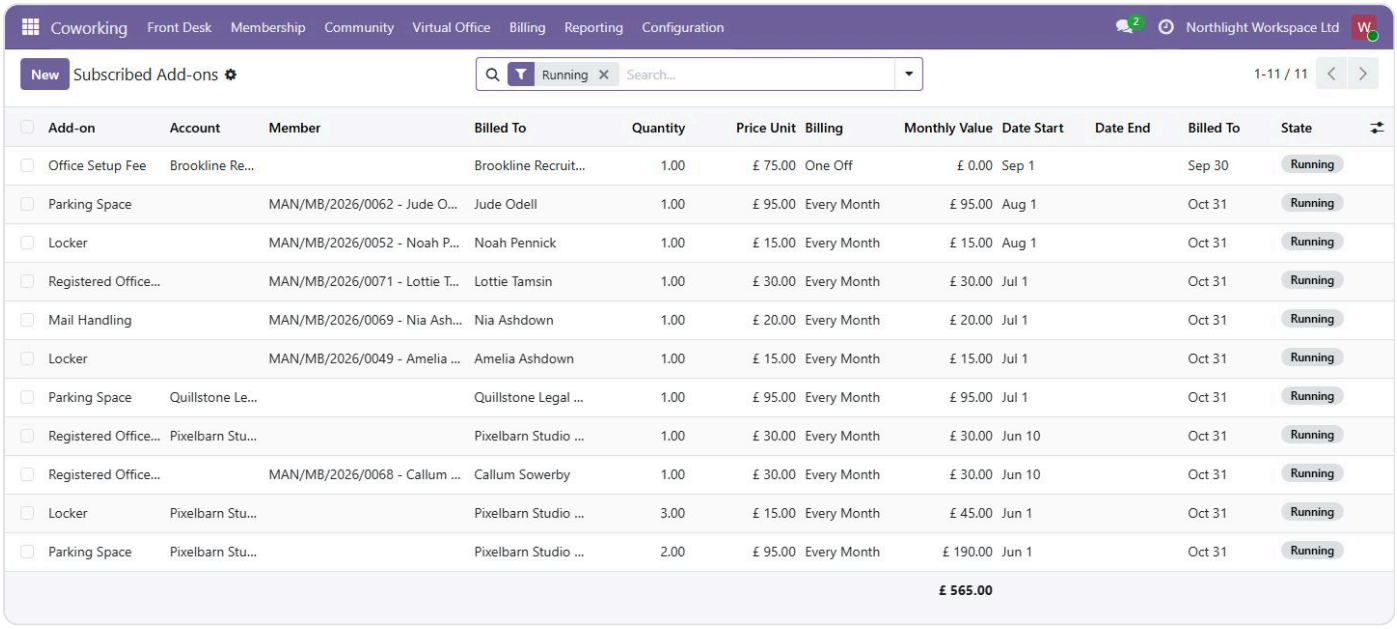

2 An add-on that needs an identity check

Tick **Needs Identity Checks** on an add-on such as a registered office address and it cannot start for anybody without a live address service whose identity has been checked.

3 Subscribed Add-ons

Membership, Subscribed Add-ons lists every add-on sold, to a company account or a member, with quantity, price, the monthly amount, dates, **billed to** and state. **Start** puts it live (with the identity gate), **Stop** ends it. A stopped line cannot be restarted: add a new one. Filters: Running, Billed Monthly, Never Billed.

Add-on	Account	Member	Billed To	Quantity	Price Unit	Billing	Monthly Value	Date Start	Date End	Billed To	State
Office Setup Fee	Brookline Re...		Brookline Recruit...	1.00	£ 75.00	One Off	£ 0.00	Sep 1		Sep 30	Running
Parking Space		MAN/MB/2026/0062 - Jude O...	Jude Odell	1.00	£ 95.00	Every Month	£ 95.00	Aug 1		Oct 31	Running
Locker		MAN/MB/2026/0052 - Noah P...	Noah Pennick	1.00	£ 15.00	Every Month	£ 15.00	Aug 1		Oct 31	Running
Registered Office...		MAN/MB/2026/0071 - Lottie T...	Lottie Tamsin	1.00	£ 30.00	Every Month	£ 30.00	Jul 1		Oct 31	Running
Mail Handling		MAN/MB/2026/0069 - Nia Ash...	Nia Ashdown	1.00	£ 20.00	Every Month	£ 20.00	Jul 1		Oct 31	Running
Locker		MAN/MB/2026/0049 - Amelia ...	Amelia Ashdown	1.00	£ 15.00	Every Month	£ 15.00	Jul 1		Oct 31	Running
Parking Space	Quillstone Le...		Quillstone Legal ...	1.00	£ 95.00	Every Month	£ 95.00	Jul 1		Oct 31	Running
Registered Office...	Pixelbarn Stu...		Pixelbarn Studio ...	1.00	£ 30.00	Every Month	£ 30.00	Jun 10		Oct 31	Running
Registered Office...		MAN/MB/2026/0068 - Callum ...	Callum Sowerby	1.00	£ 30.00	Every Month	£ 30.00	Jun 10		Oct 31	Running
Locker	Pixelbarn Stu...		Pixelbarn Studio ...	3.00	£ 15.00	Every Month	£ 45.00	Jun 1		Oct 31	Running
Parking Space	Pixelbarn Stu...		Pixelbarn Studio ...	2.00	£ 95.00	Every Month	£ 190.00	Jun 1		Oct 31	Running
							£ 565.00				

> Monthly add-ons are billed every month, one off add-ons once. Per unit add-ons such as catering are not picked up by the billing run in this version, so bill them by hand.

PART 13 Registered addresses and the post

An address used by a business is a service with a legal duty behind it: know who is using it, and log every letter.

IN THIS PART YOU WILL LEARN

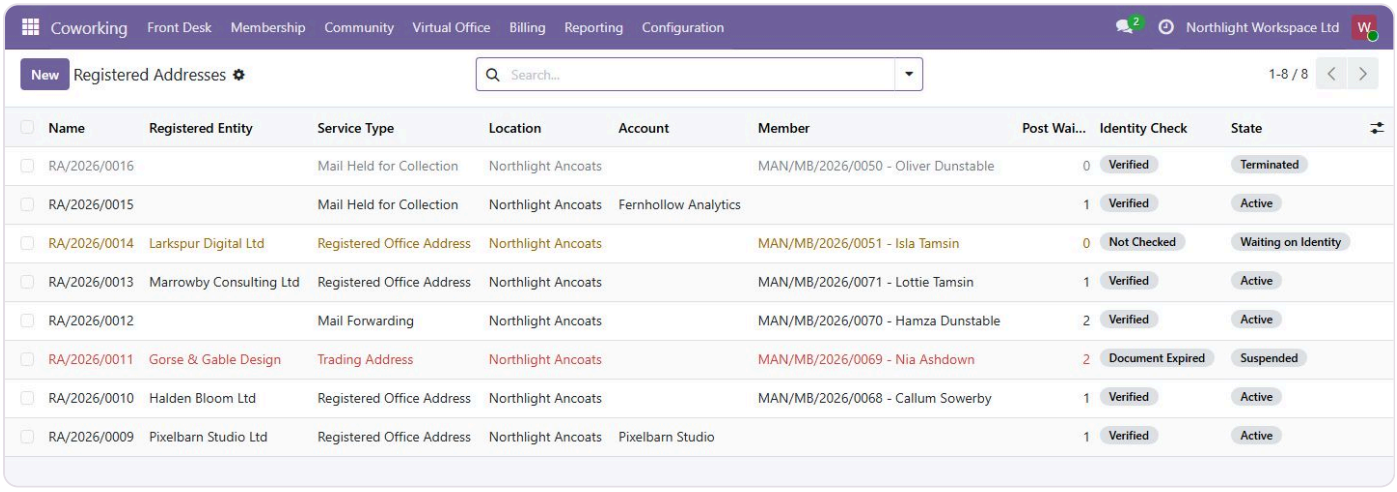

- The four kinds of address service
- The identity gate and who may sign it off
- Suspending when a document expires
- Logging, notifying, collecting and forwarding the post

TRY IT YOURSELF ON THE DEMO

1. Open Virtual Office, Registered Addresses
2. Open the service waiting for identity
3. Open Front Desk, Post: what is still here

1 Registered Addresses

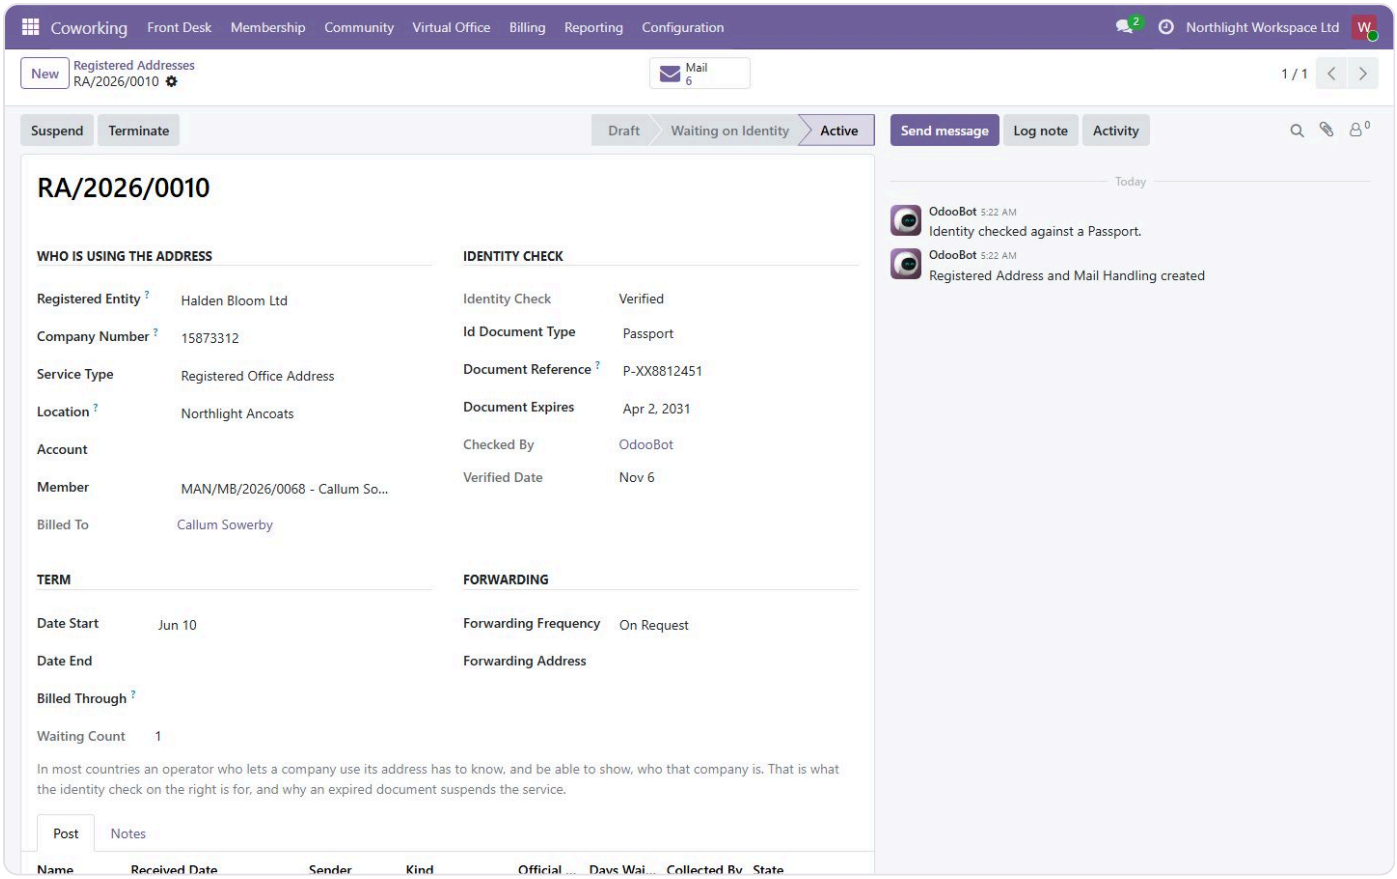

Virtual Office, Registered Addresses (coordinators and managers). Filters: Active, Registered Office, Identity Not Checked, Identity Expired.

Name	Registered Entity	Service Type	Location	Account	Member	Post Wai...	Identity Check	State
RA/2026/0016		Mail Held for Collection	Northlight Ancoats		MAN/MB/2026/0050 - Oliver Dunstable	0	Verified	Terminated
RA/2026/0015		Mail Held for Collection	Northlight Ancoats	Fernhollow Analytics		1	Verified	Active
RA/2026/0014	Larkspur Digital Ltd	Registered Office Address	Northlight Ancoats		MAN/MB/2026/0051 - Isla Tamsin	0	Not Checked	Waiting on Identity
RA/2026/0013	Marrowby Consulting Ltd	Registered Office Address	Northlight Ancoats		MAN/MB/2026/0071 - Lottie Tamsin	1	Verified	Active
RA/2026/0012		Mail Forwarding	Northlight Ancoats		MAN/MB/2026/0070 - Hamza Dunstable	2	Verified	Active
RA/2026/0011	Gorse & Gable Design	Trading Address	Northlight Ancoats		MAN/MB/2026/0069 - Nia Ashdown	2	Document Expired	Suspended
RA/2026/0010	Halden Bloom Ltd	Registered Office Address	Northlight Ancoats		MAN/MB/2026/0068 - Callum Sowerby	1	Verified	Active
RA/2026/0009	Pixelbarn Studio Ltd	Registered Office Address	Northlight Ancoats	Pixelbarn Studio		1	Verified	Active

2 A live registered office

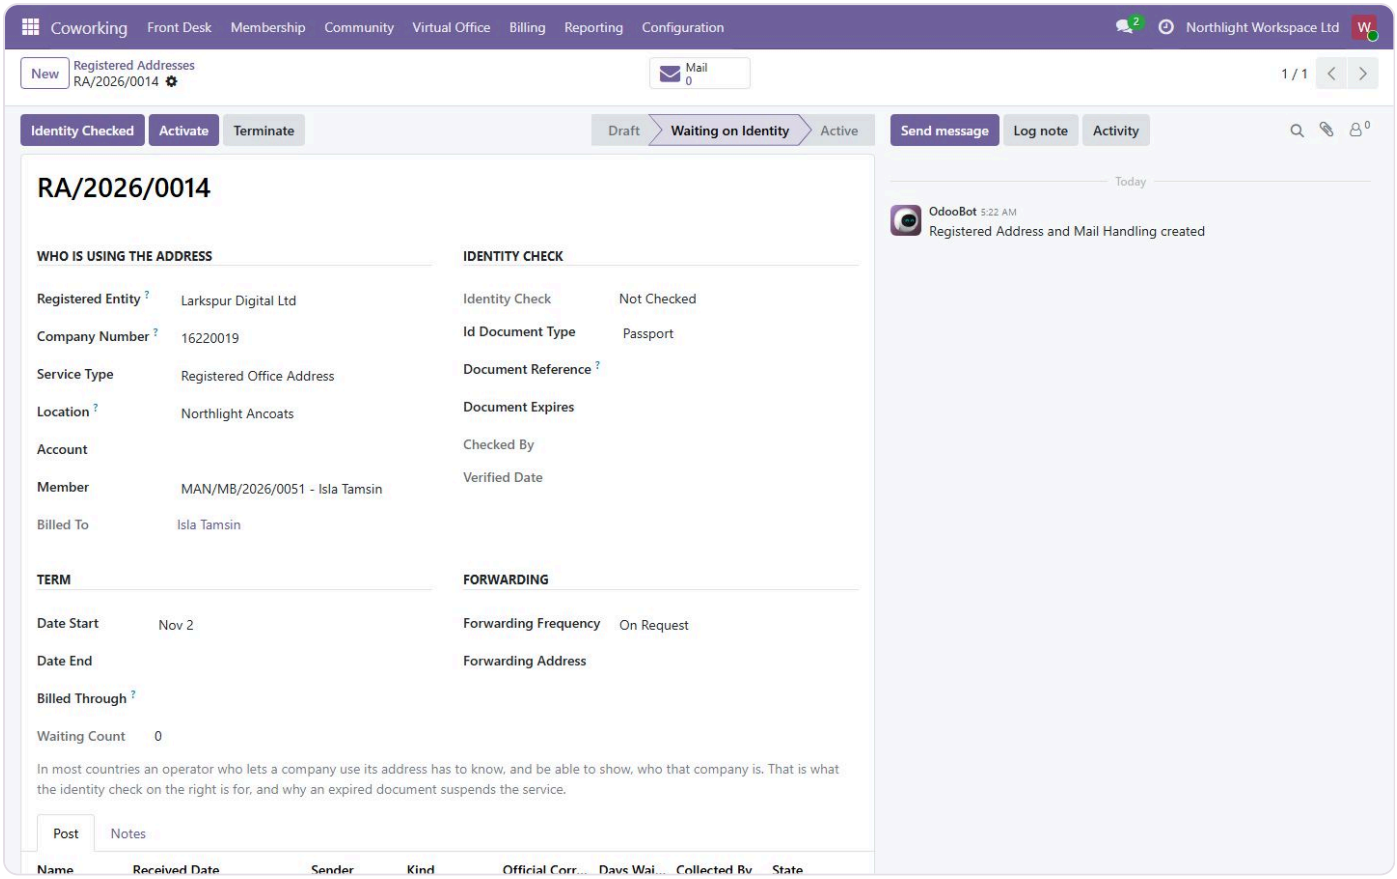

A service belongs to a company account or a member and has a **type**: registered address, trading address, mail forwarding or mail holding. For the two address types the **exact legal name** of the entity is required, with its company number. The identity block records the **document type** (passport, national ID, driving licence, company certificate), its reference and expiry, and who checked it and when. Forwarding services carry the forwarding address and frequency.

BUTTON	DOES	REFUSED WHEN
Ask for Identity	Moves the service to Waiting for ID	-
Identity Checked	Records the manager and today as the check	not a space manager, no document or reference, document expired
Activate	Puts the service live	the identity is not checked or the document has expired (with the setting on); terminated
Suspend	Suspends a live service	not live
Terminate	Ends it with today's date	post is still waiting

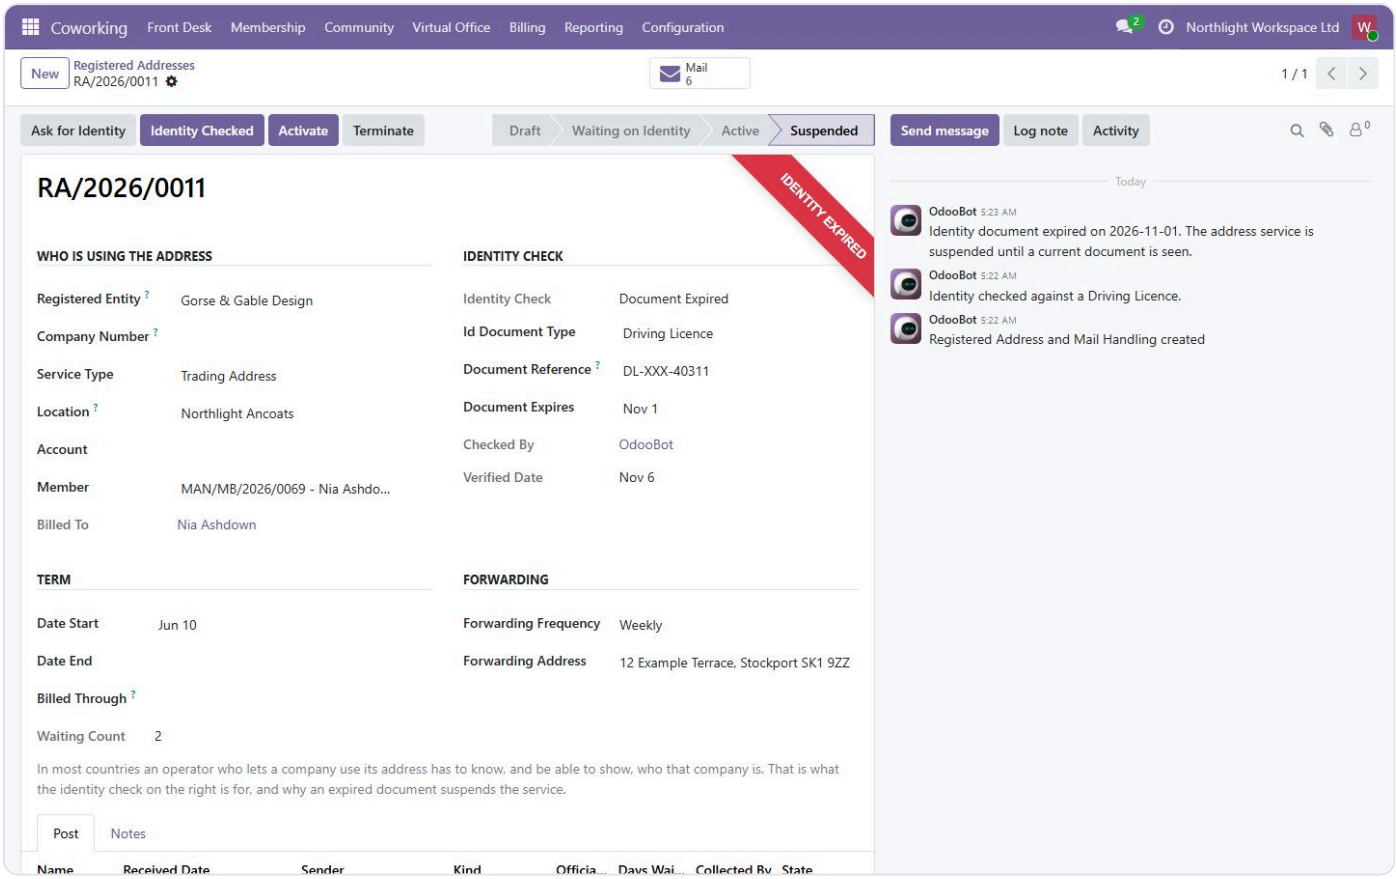

3 Waiting for identity

A new registered office is set up and asked for identity. It cannot be activated until a manager records the check.

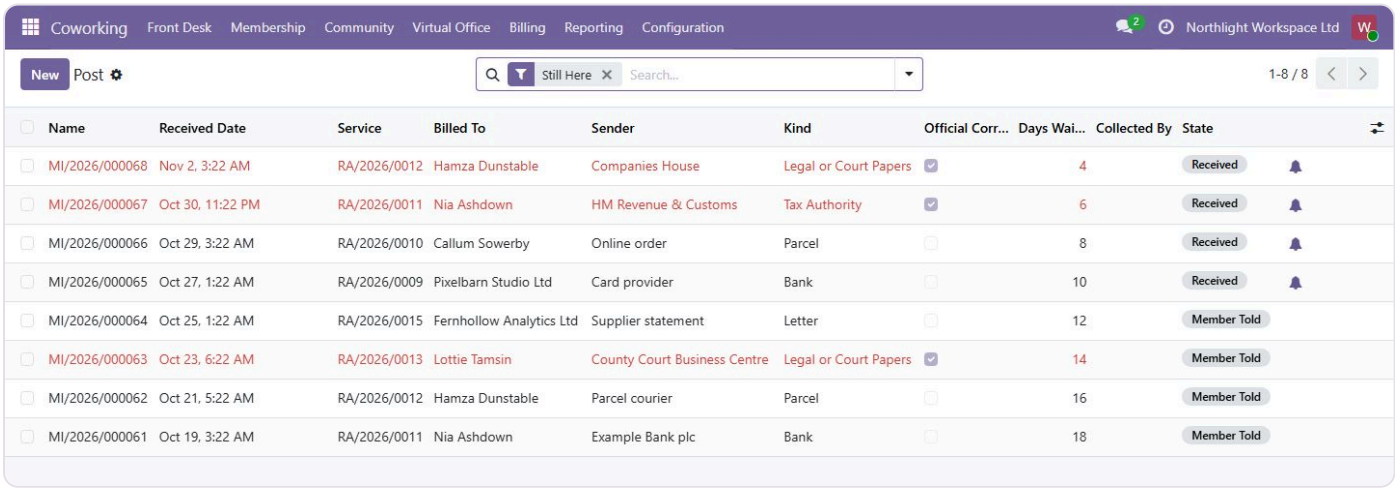

4 Suspended on an expired document

The job **Coworking: identity documents on address services** (off when installed) suspends any live registered or trading address whose document has expired, and posts a warning and sends the Identity Document Expiring email 30 days before. Nobody but a space manager can write the identity fields by hand.

5 The post

Front Desk, Post opens on what is still here. Each item has the service, received date, sender, **kind** (letter, parcel, legal, tax, bank), **statutory** for official correspondence, tracking and days waiting. Filters: Still Here, Official Correspondence, Member Not Told Yet.

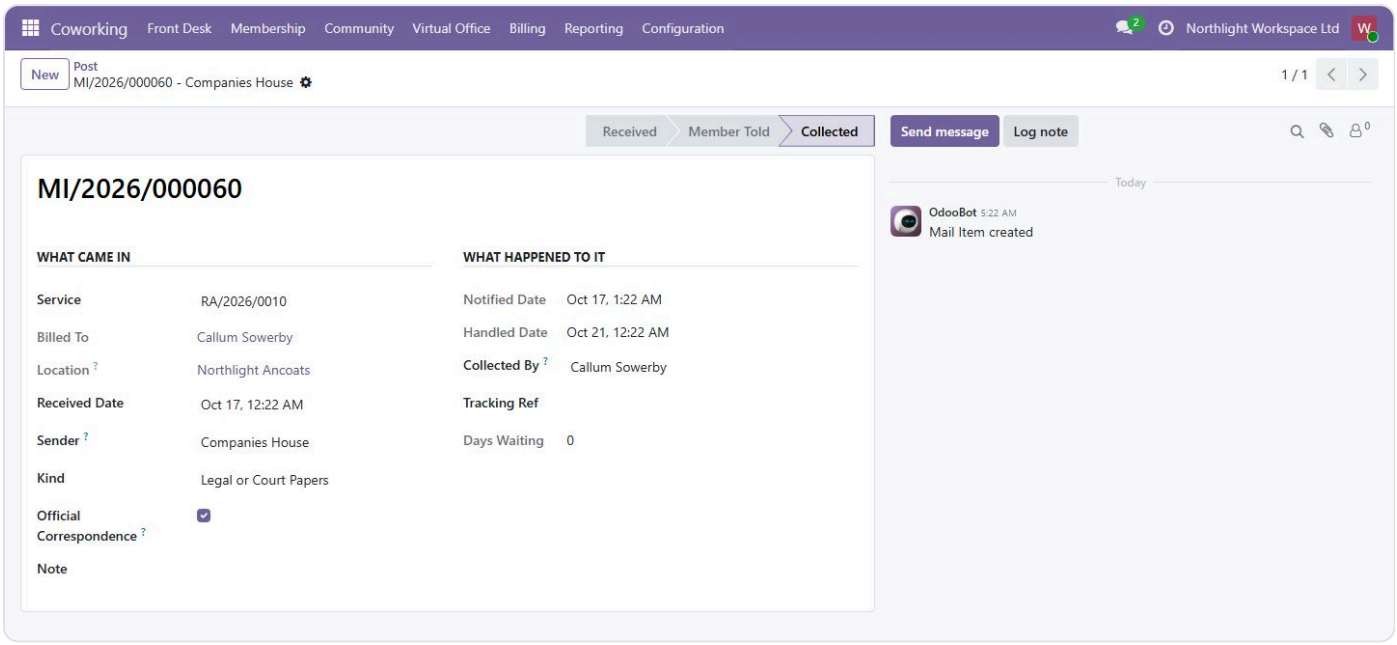

BUTTON	DOES	NEEDS
Tell the Member	Sends the Post Waiting email and stamps the time	a live service
Collected	Records the hand-over	the name of who collected it
Forwarded	Records it as sent on	a forwarding address on the service

Return to Sender	Records it as returned	-

6 A collected letter

A letter can only leave the building once.

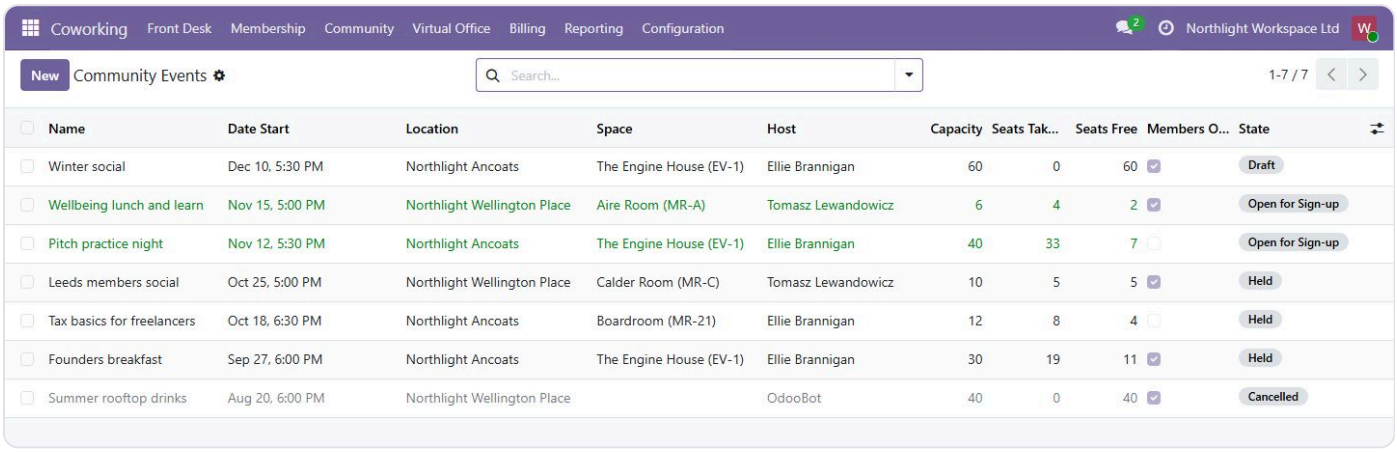

PART 14 Community events

Breakfasts, talks and socials, with sign-ups and attendance.

1 Events

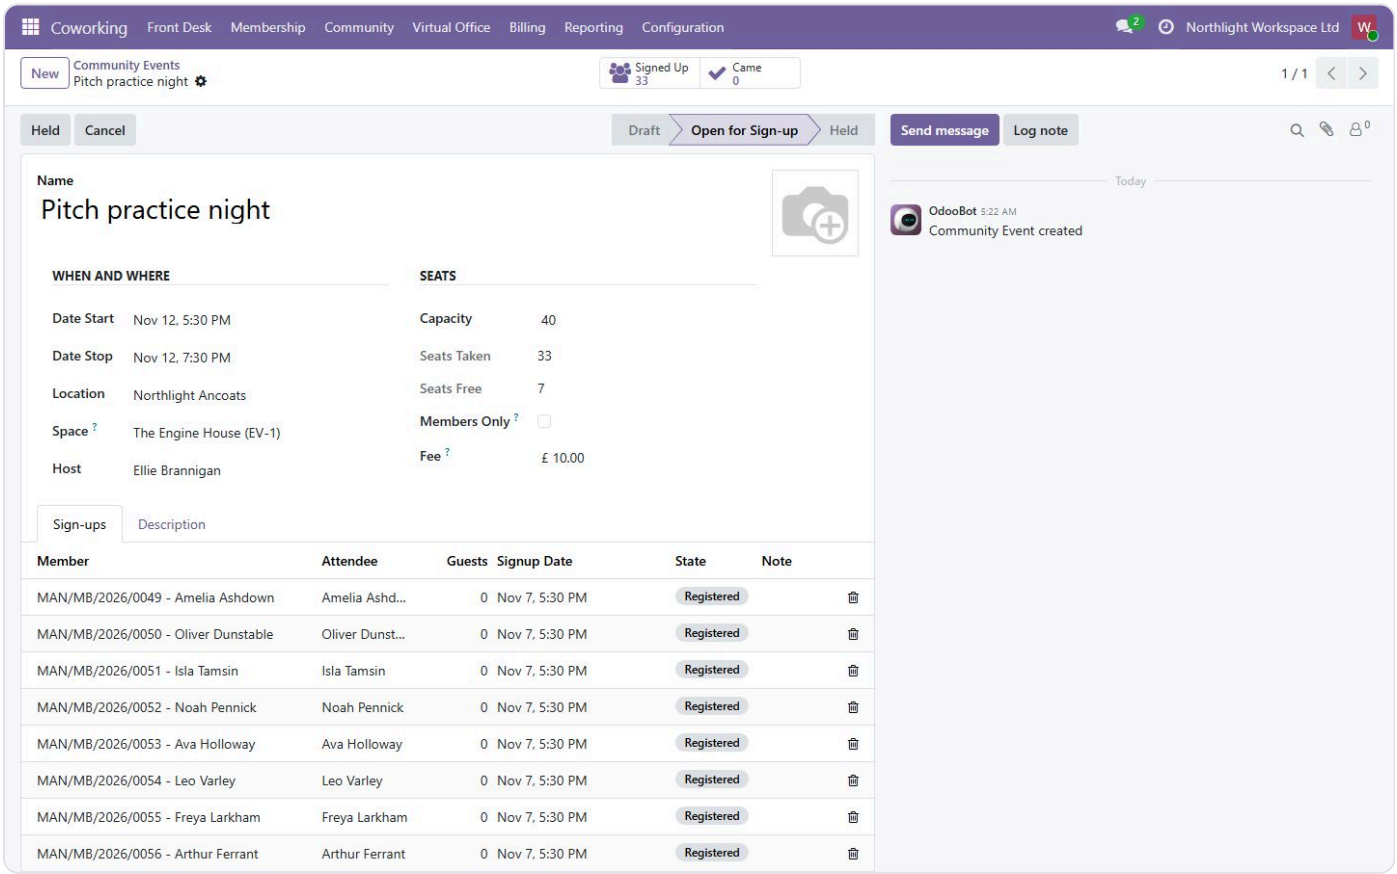

Community, Events. Filters: Open for Sign-up, Open to Non-members, Still to Come.

Name	Date Start	Location	Space	Host	Capacity	Seats Tak...	Seats Free	Members O...	State
Winter social	Dec 10, 5:30 PM	Northlight Ancoats	The Engine House (EV-1)	Ellie Brannigan	60	0	60	☑	Draft
Wellbeing lunch and learn	Nov 15, 5:00 PM	Northlight Wellington Place	Aire Room (MR-A)	Tomasz Lewandowicz	6	4	2	☑	Open for Sign-up
Pitch practice night	Nov 12, 5:30 PM	Northlight Ancoats	The Engine House (EV-1)	Ellie Brannigan	40	33	7	☐	Open for Sign-up
Leeds members social	Oct 25, 5:00 PM	Northlight Wellington Place	Calder Room (MR-C)	Tomasz Lewandowicz	10	5	5	☑	Held
Tax basics for freelancers	Oct 18, 6:30 PM	Northlight Ancoats	Boardroom (MR-21)	Ellie Brannigan	12	8	4	☐	Held
Founders breakfast	Sep 27, 6:00 PM	Northlight Ancoats	The Engine House (EV-1)	Ellie Brannigan	30	19	11	☑	Held
Summer rooftop drinks	Aug 20, 6:00 PM	Northlight Wellington Place		OdooBot	40	0	40	☑	Cancelled

2 An event

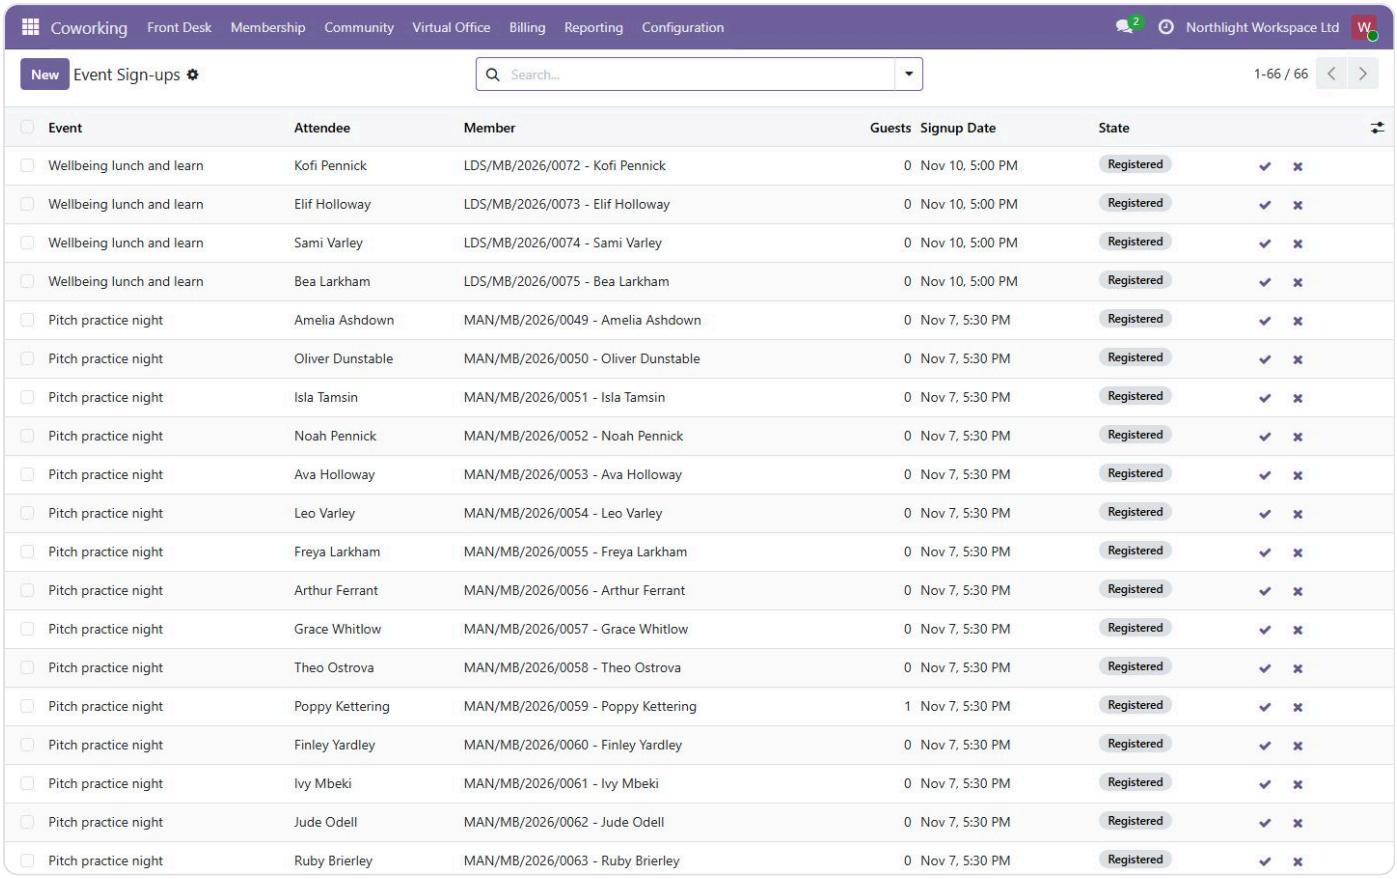

An event has the building and optionally the space it is in (which must be in that building), a host, dates, **capacity**, a fee, **members only**, seats taken and free and how many attended. **Publish** opens it, **Held** closes it and turns everyone still Registered into a no show, **Cancel** cancels it.

Member	Attendee	Guests	Signup Date	State	Note
MAN/MB/2026/0049 - Amelia Ashdown	Amelia Ashd...	0	Nov 7, 5:30 PM	Registered	
MAN/MB/2026/0050 - Oliver Dunstable	Oliver Dunst...	0	Nov 7, 5:30 PM	Registered

Pitch practice night	Ruby Brierley	MAN/MB/2026/0063 - Ruby Brierley	0	Nov 7, 5:30 PM	Registered

> An event does not book its space in the diary. Book the room separately so nobody else is given it.

PART 15 One invoice a month: the billing run

The billing run gathers everything billable in a month, raises one invoice per payer and stamps every source so nothing is billed twice.

IN THIS PART YOU WILL LEARN

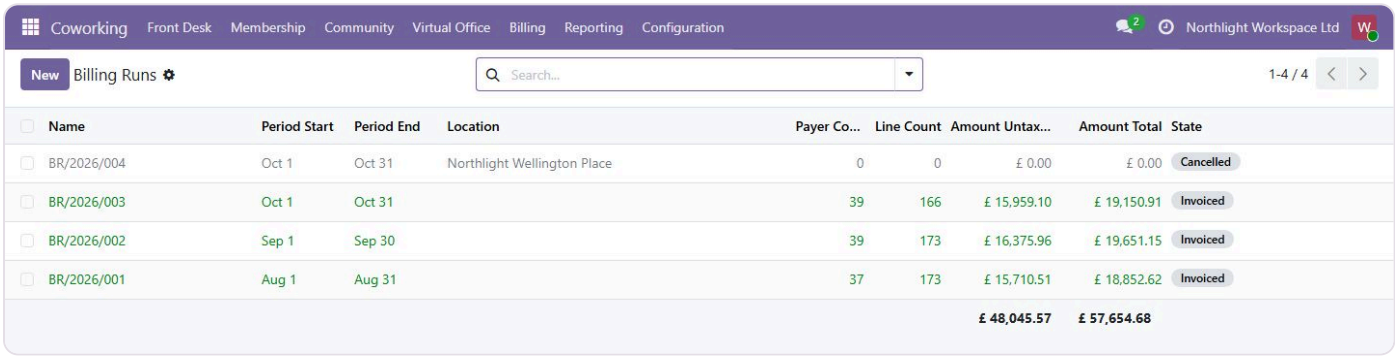

- What the run gathers, line by line
- Gather the Month, Raise Invoices, Cancel
- The monthly job and the billing day

TRY IT YOURSELF ON THE DEMO

1. Open Billing, Billing Runs, then the October run
2. Look at the lines and the payers
3. Open one of its invoices

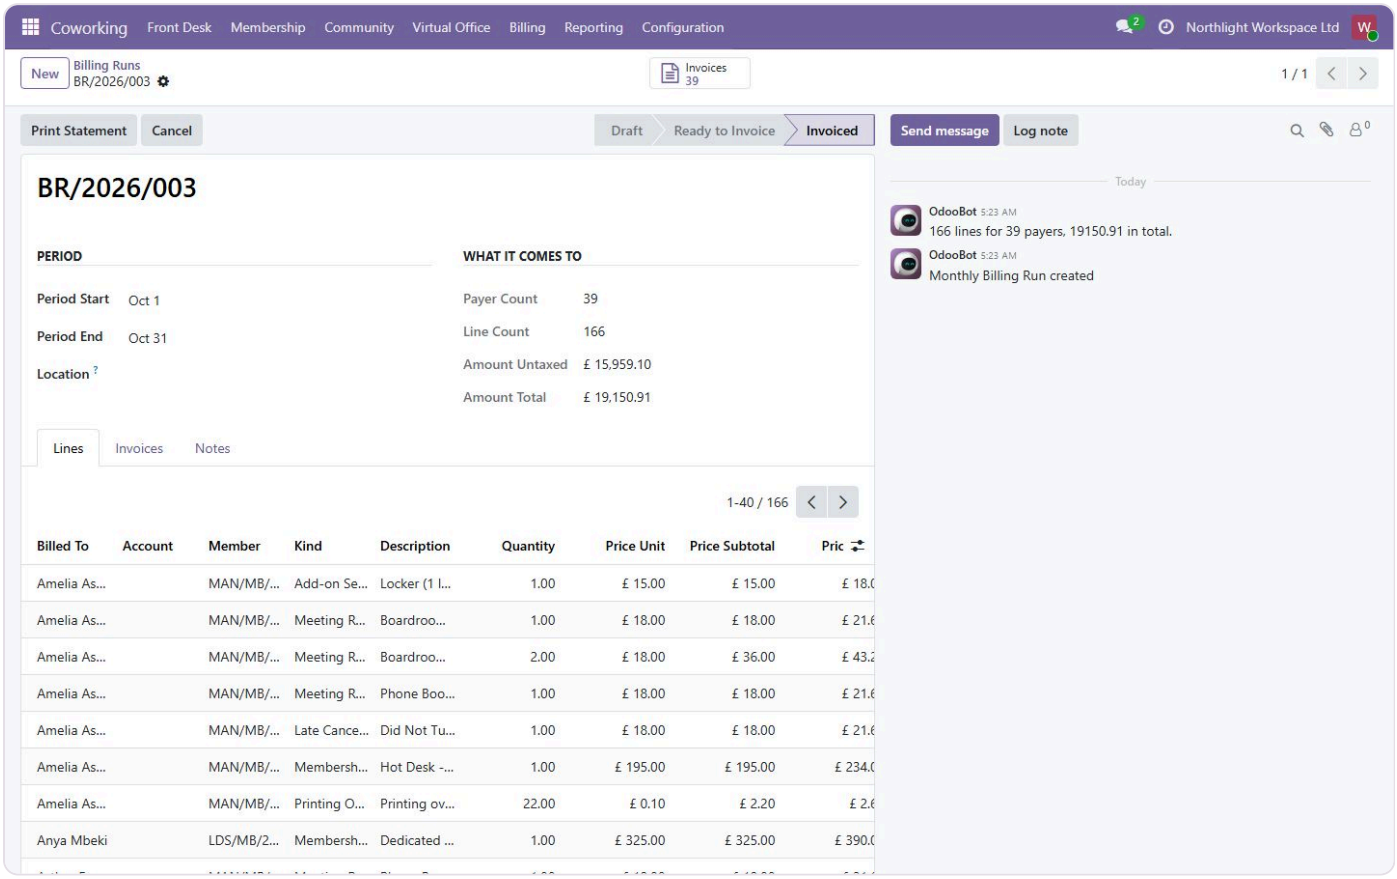

1 Billing Runs

Billing, Billing Runs (managers raise them, coordinators can read them). Each run covers a period, for one building or all of them. Filters: Ready to Invoice, Invoiced.

2 A run

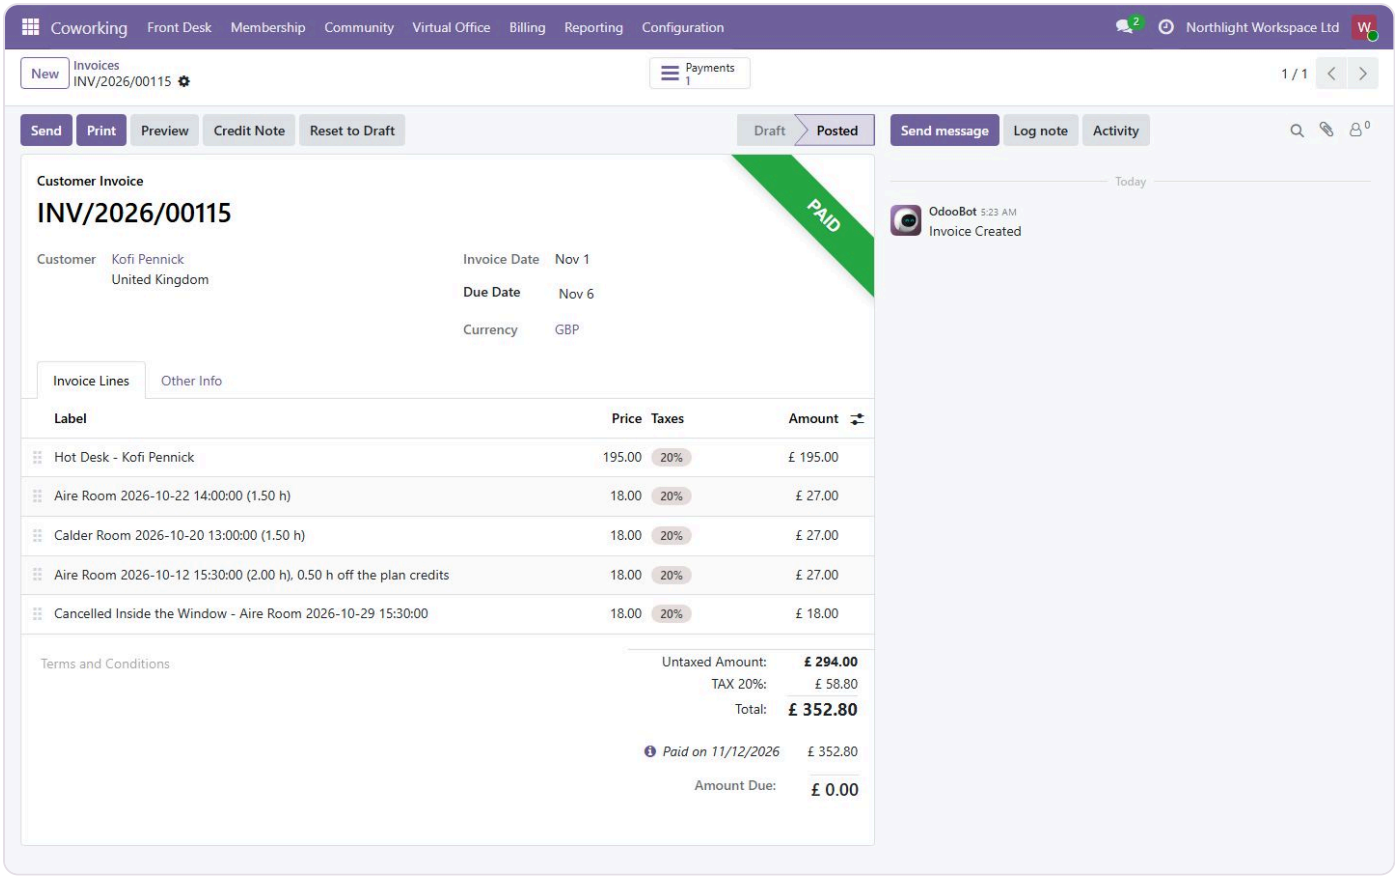

Gather the Month replaces the lines with everything billable in the period and moves the run to Ready; it can be pressed again until the run is invoiced. **Raise Invoices** creates one draft customer invoice per payer, stamps the bookings and day passes with their invoice, moves each add-on's billed-to date on, and resets printing and guest pass counters for the members whose plan fee was billed. **Cancel** is refused while any of its invoices is posted or still in draft. Two open runs for the same period and building are refused.

LINE KIND	COMES FROM
Plan	the monthly fee of every member who is active when the run is gathered and started by the period end
Print overage	pages printed over the allowance, at the plan's extra page rate
Credit overage / booking	member bookings in the period that are confirmed, checked in or finished, not yet invoiced, with something left to pay after credits
Penalty	late cancellations and no shows in the period
Day pass	passes put on a company account
Add-on	running monthly add-ons not billed to the period end, and one off add-ons not yet billed

3 One invoice per payer

A company account gets one invoice for all its people, each line saying what it is for. Post and take payment as for any Odoo invoice.

> The plan fee is taken from members who are **active on the day the run is gathered**. A member who left before the run, or is suspended, is not billed for the month, so run the month before ending memberships. Bookings with no member, such as a visitor booking a room, are never picked up by the run; invoice those by hand.

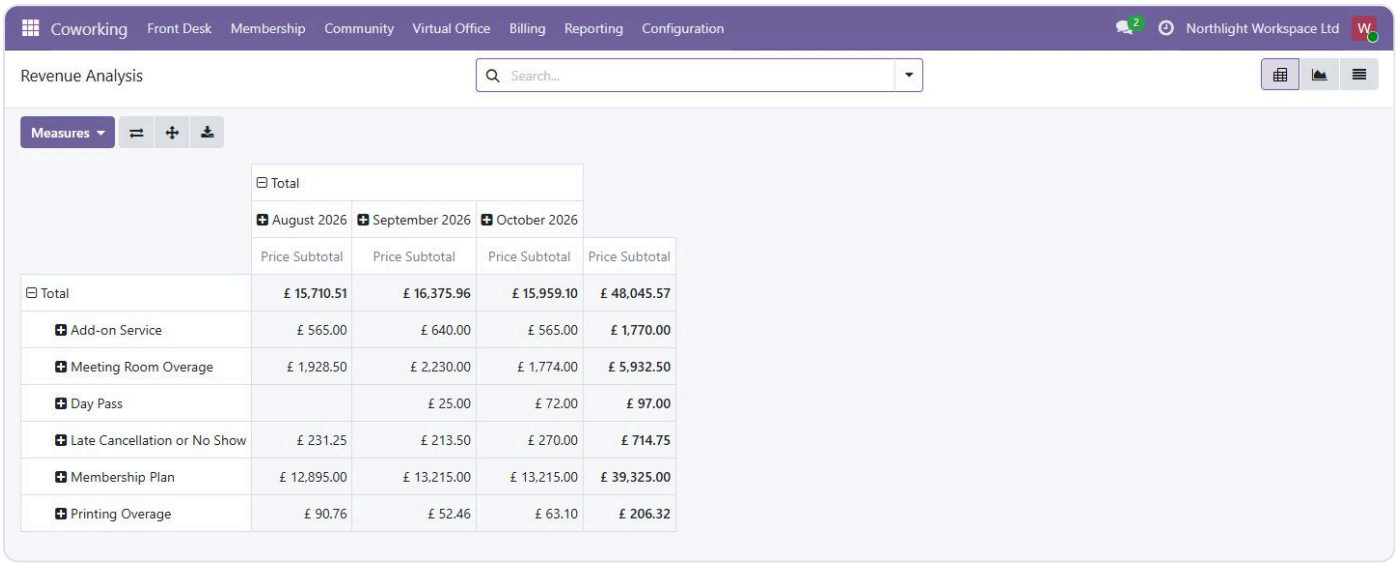

The job **Coworking: monthly billing run** (off when installed) runs daily and, on the company's billing day, creates the run for last month across every building, gathers it and raises the invoices. If one company fails, the others are still billed and the failure is logged.

PART 16 The figures an operator is judged on

Occupancy, revenue per square metre, revenue per member and room utilisation, plus the split of the money.

1 Revenue Analysis

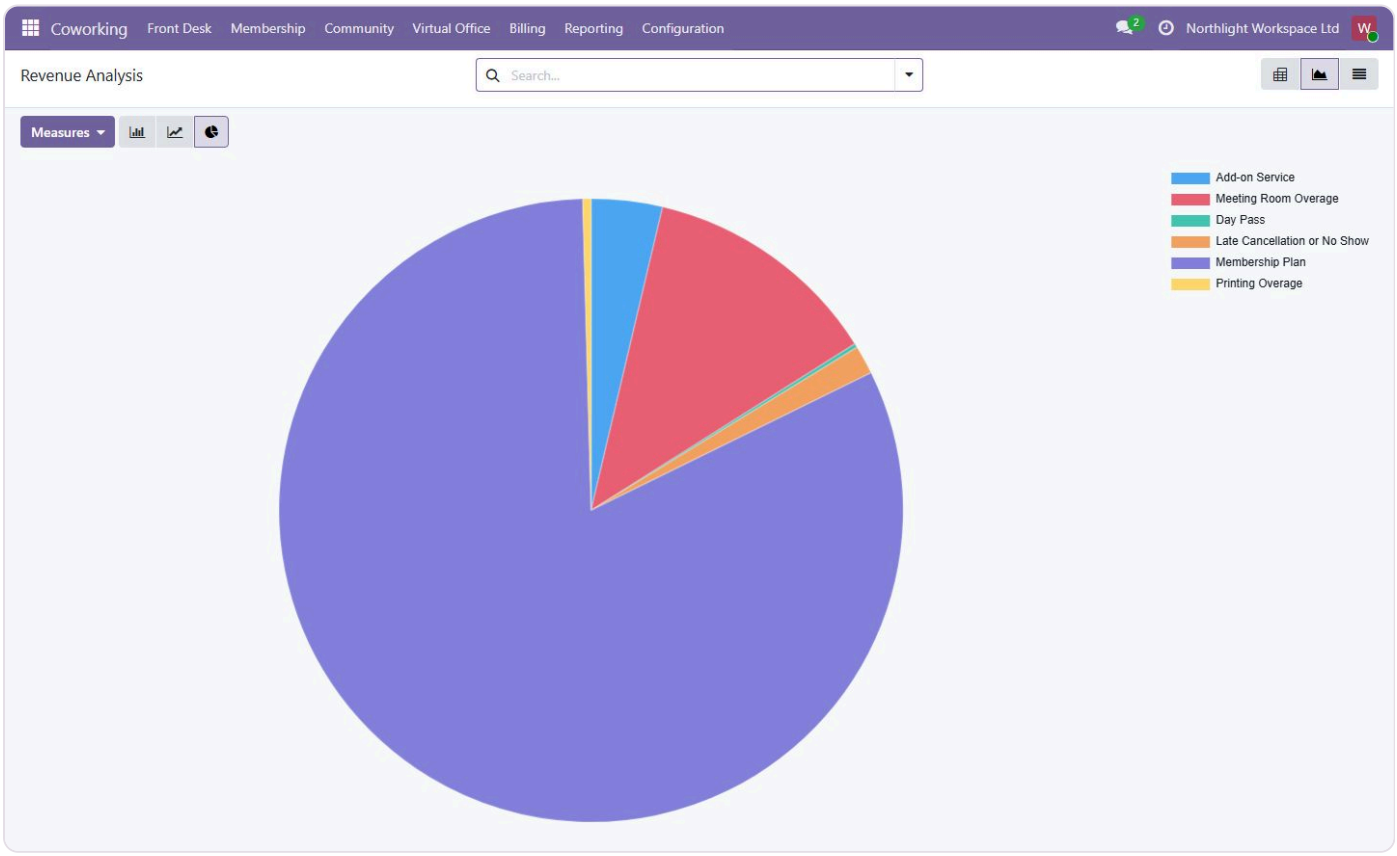

Reporting, Revenue Analysis is a pivot of every billing line by kind: membership fees, room overage, printing, add-ons, day passes and penalties, by month, building or payer. Filters: Membership Fees, Overage, Add-ons.

	Total			
	August 2026	September 2026	October 2026	
	Price Subtotal	Price Subtotal	Price Subtotal	Price Subtotal
Total	£ 15,710.51	£ 16,375.96	£ 15,959.10	£ 48,045.57
Add-on Service	£ 565.00	£ 640.00	£ 565.00	£ 1,770.00
Meeting Room Overage	£ 1,928.50	£ 2,230.00	£ 1,774.00	£ 5,932.50
Day Pass		£ 25.00	£ 72.00	£ 97.00
Late Cancellation or No Show	£ 231.25	£ 213.50	£ 270.00	£ 714.75
Membership Plan	£ 12,895.00	£ 13,215.00	£ 13,215.00	£ 39,325.00
Printing Overage	£ 90.76	£ 52.46	£ 63.10	£ 206.32

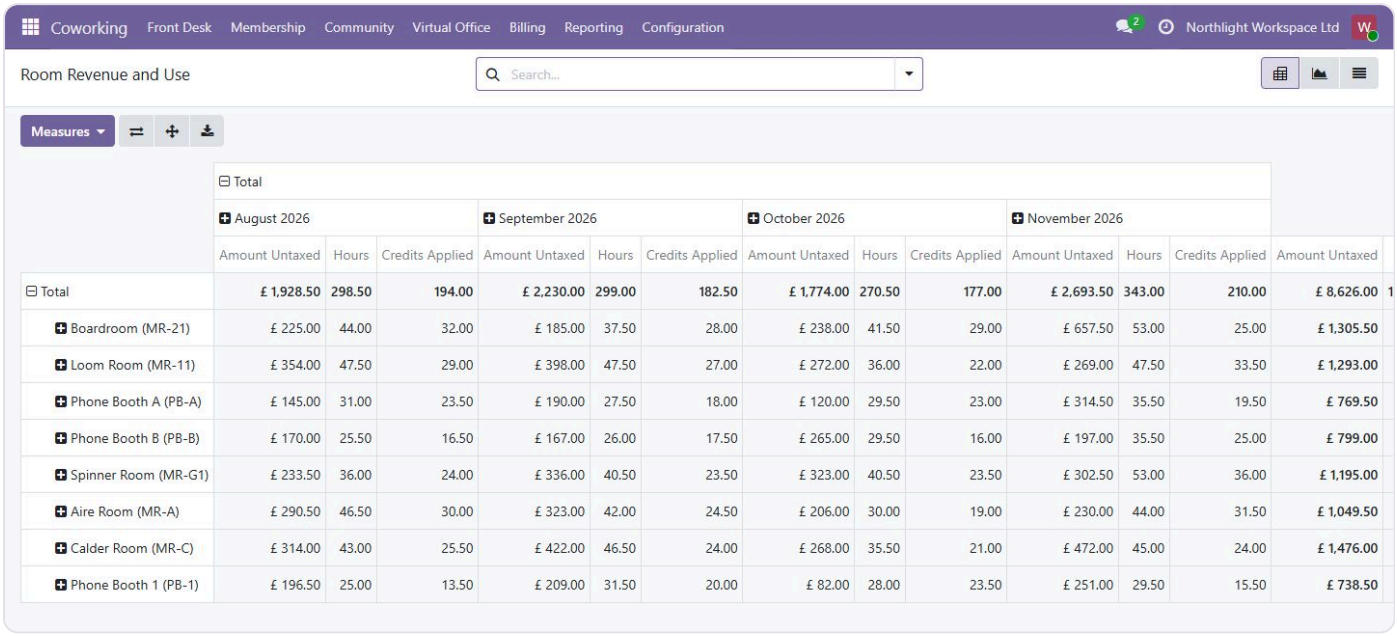

2 The same as a graph

Switch the view to see the split month by month.

3 Room Revenue and Use

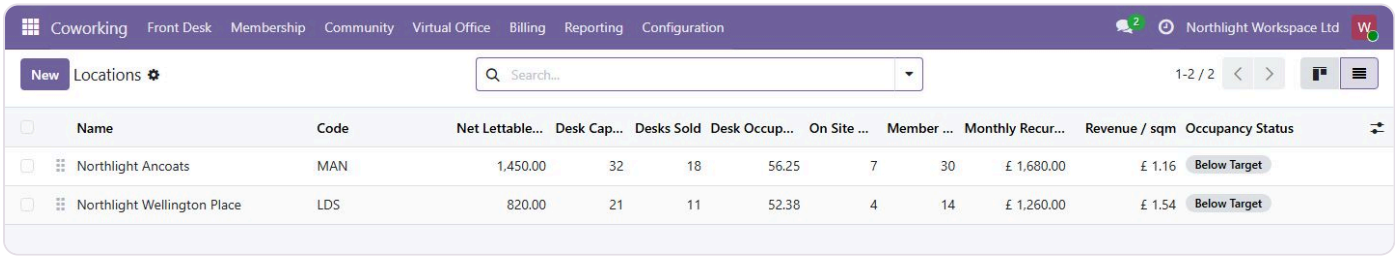

Reporting, Room Revenue and Use: bookings that were confirmed, used or finished, by space, with hours and money. Each space also shows its utilisation over the last thirty days: hours booked against the hours the building was open (30 days if open at weekends, 22 if not).

	Total			August 2026			September 2026			October 2026			November 2026			
	Amount Untaxed	Hours	Credits Applied	Amount Untaxed	Hours	Credits Applied	Amount Untaxed	Hours	Credits Applied	Amount Untaxed	Hours	Credits Applied	Amount Untaxed	Hours	Credits Applied	Amount Untaxed

4 Occupancy by Building

Reporting, Occupancy by Building: desk occupancy (active desk, part time and office members against desk positions) with the status against the target, who is on site now and, for managers, MRR, revenue and cost per square metre, revenue per member and margin.

Name	Code	Net Lettable...	Desk Cap...	Desks Sold	Desk Occup...	On Site ...	Member ...	Monthly Recur...	Revenue / sqm	Occupancy Status
Northlight Ancoats	MAN	1,450.00	32	18	56.25	7	30	£ 1,680.00	£ 1.16	Below Target
Northlight Wellington Place	LDS	820.00	21	11	52.38	4	14	£ 1,260.00	£ 1.54	Below Target

> Read the MRR, revenue per square metre and margin with care in this version: as Part 5 says, each plan's fee is counted once per building however many members are on it, so these figures read low. Revenue Analysis, built from the invoiced lines, is right.

PART 17 Printed documents

Three prints come with the module, plus the standard Odoo invoice.

DOCUMENT	FROM	HOLDS
Booking Confirmation	a booking	Reference, booked for, member and account, space, building and floor, people, from and to, hours, credits used, chargeable hours, rate, total, amenities, setup and the cancellation terms
Member Card (90 x 60 mm)	a member	Name, number, plan, account, building, access hours with the opening times, desk and start date
Billing Statement	a billing run	Period, building, payers, total, then every line by payer with kind, quantity, price and subtotal
Customer invoice	Raise Invoices	Standard Odoo invoice

11	Front Desk, Post	*Letters still here, statutory post flagged.*
12	Billing, Billing Runs, October	*One run, one invoice per payer.*
13	Reporting, Revenue Analysis	*Membership, rooms, add-ons and day passes split out.*

Questions people ask

QUESTION	ANSWER
Does it need Odoo Enterprise?	No. It runs on Odoo 19 Community and installs Invoicing, part of Community.
Can members book from a phone?	No. There is no member portal or app in this module; the front desk books.
Does it open the doors?	No. Visits are recorded in Odoo; there is no badge reader integration.
Can a room be double booked?	No. A clash, counting the turnaround, is refused on save.
How do credits work?	Plan hours are spent on room and booth bookings first; the rest is charged at the plan overage rate.
Can one company pay for several people?	Yes. Put them under a company account and it gets one invoice a month.
Can it run several buildings?	Yes. Each building has its own hours, hosts, journal and day pass price; hosts see only theirs.

Does it file with Companies House?	No. It records who uses the address, the document seen and the post, which is what you have to be able to show.

PART 19

The menu map

Every screen in the module, on one page.

Front Desk

Bookings	Calendar of every space
Waiting Approval	Bookings for a manager
On Site Now	Open visits by building
Day Passes	Walk-ins, guests, account
Post	Letters and parcels still here

Membership

Members	Plan, payer, card, credits
In the Building	Members on site
Company Accounts	One invoice for several people
Subscribed Add-ons	Parking, lockers, address
Visits	Every badge in and out

Community

Events	Talks and socials
Sign-ups	Who is coming, who came

Virtual Office

Registered Addresses	Identity checked, then live
Mail Log	Every item and what happened

Billing

Billing Runs	The month gathered and invoiced

Reporting

Revenue Analysis	Fees, rooms, add-ons, passes
Room Revenue and Use	Hours and money by space
Occupancy by Building	Desks sold against capacity

Configuration

Settings	Windows, charges, billing day
Locations	Hours, area, property cost
Floors	Levels and step free access
Spaces	Seats, rates, limits
Amenities	What a room has
Membership Plans	Fee, credits, allowances
Add-on Services	Monthly, one off, per unit

Want this for your space?

We set it up from your floor plans and your price list, load your members and company accounts, connect the monthly invoices to your accounts and VAT, and train the front desk. The same module runs one building or ten, and several companies in one database.
