COMPLETE GUIDE · THE TRADE, SETUP AND EVERY SCREEN

Event Management for Odoo 19

For an events agency, a wedding planner or a venue that runs its own functions: the diary, packages, suppliers, the run sheet, the roster, guests and the margin. Every screen and every step, shown on a live demo. No Odoo background needed.

START

About this guide

A wedding, a corporate dinner or a charity gala has one client, a venue to hold, a package priced per head, suppliers to book and one day that has to run to the minute. This module runs all of that in Odoo 19 Community, from the first enquiry to the closed file. The guide walks every screen on a live demo.

Who it is for

The owner or planner setting the business up, the coordinator who runs the day, the crew on the roster, and anyone being shown the module for the first time.

How to read it

Front to back the first time. Each part opens with what you will learn and something to try on the demo, then walks every field, button and rule.

The live demo

An events business with four venues, three packages, a dozen suppliers, 23 crew and 18 events at every stage, from enquiry to closed file.

HOW IT WORKS

The demo

Address	**event.way4tech.com**, then Sign in
Sign in	**w4demo** / **Demo2026**
Access	Events Manager: every menu except the Settings page
Runs on	Odoo 19, Community edition, with Invoicing

The demo is shared and resets from time to time. Look at every screen, but please do not press the buttons that move an event on: the next visitor would find it in a different state.

What is in the guide

PART 1	How an events business runs	PART 2	Open the demo and find your way
PART 3	Set the business up from zero	PART 4	Venues and layouts
PART 5	Event types and packages	PART 6	Roles, crew and hire stock
PART 7	The diary	PART 8	From enquiry to proposal
PART 9	The payment schedule and confirming the date	PART 10	Suppliers, quotes and paperwork
PART 11	The run sheet	PART 12	The staffing roster
PART 13	Guests, seating and the kitchen	PART 14	Equipment out and back
PART 15	Money: payments behind and the budget	PART 16	The day, delivery and closing the file
PART 17	Reports and printed documents	PART 18	A 15 minute demo script
PART 19	Questions people ask, and the limits	PART 20	Menu map

PART 1 How an events business runs

Odoo's own Events app is built for events people register for: tickets, badges and check-in. A function business works differently. This part is the trade in one page, and how the module follows it.

IN THIS PART YOU WILL LEARN

- The seven statuses of an event and what moves each one
- What holds a date, and what does not
- Where the money comes from and where it goes
- The four kinds of user and what each one sees

One event, from enquiry to closed file

The life of an event

1. **Enquiry** — Client, date, venue, numbers, package
2. **Proposal Sent** — Priced, budget and payment schedule built
3. **Confirmed** — Deposit in, licences and curfew checked
4. **On the Day** — Kit loaded out, run sheet live
5. **Delivered** — Open cues closed off
6. **Closed** — Kit back, every cost settled

A seventh status, **Cancelled**, is reached from any status before Closed, with a reason. The status only ever moves through the buttons on the event; it cannot be typed onto the record or dragged across the board, and a new event always starts as an enquiry.

BUTTON	MOVES	REFUSED WHEN
Send Proposal	Enquiry to Proposal Sent	There is no venue, or nothing to charge
Confirm the Date	Proposal Sent to Confirmed	A licence the event type needs is missing or runs out before the day; the event finishes after the venue curfew without the extension ticked; the deposit is not paid (with the default setting)
Open Up	Confirmed to On the Day	There is no run sheet, or a roster slot has nobody in it
Event Delivered	On the Day to Delivered	The event has not been opened up
Close the File	Delivered to Closed	Equipment is still reserved or out, or a budget line is not settled
Cancel	Any open status to Cancelled	The file is closed, a stage invoice is posted, or no reason is written
Back to Enquiry	Proposal Sent or Cancelled to Enquiry	Any other status

What holds a date

An enquiry does not hold the room. The double booking check counts only events at Proposal Sent or later, so three enquiries can sit on the same Saturday and the first to be quoted wins. A cancelled event releases the room at once. The venue's turnaround time is added at both ends of every event, because a hall that has to be stripped and reset is not free the minute the last guest leaves.

Where the money comes from and goes

Revenue

The event's charge lines: the package, priced per head on the guests charged or as one flat fee, plus anything extra. Billed in stages from a payment schedule.

Cost

Budget lines per heading, from the package inclusions and the venue hire, committed by accepted supplier quotes and settled from the supplier invoice, plus the crew cost from the roster.

Margin

The untaxed event value less committed cost and crew cost. On a closed file every line is settled, so the margin is the real figure.

Four kinds of user

ACCESS LEVEL	SEES AND DOES
Crew	The events they are rostered on, their own call times and the run sheet. No money, no client list.
Event Coordinator	Runs the day: guest list, seating, run sheet, roster and equipment. Cannot price the job or see the margin.
Event Planner	Quotes the work, negotiates suppliers, owns the budget and the payment schedule.
Events Manager	Everything: venues, packages, the approved supplier list, rates and reporting.

Each level includes the one above it. The Settings page itself needs Odoo's Administrator role on top.

PART 2 Open the demo and find your way

The module adds one app, Events, with seven menus. This part signs you in and gives you the map.

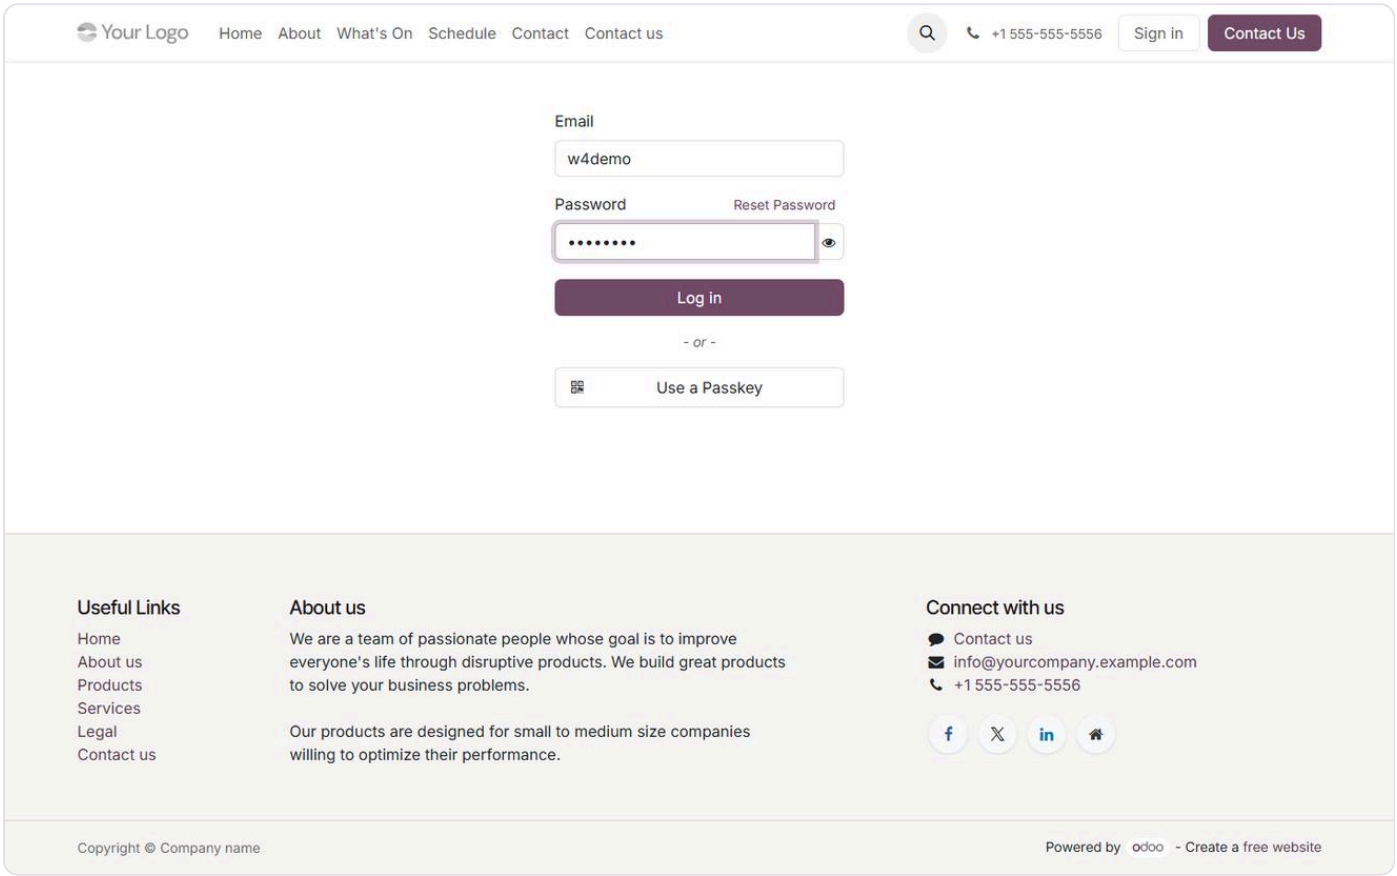

TRY IT YOURSELF ON THE DEMO

1. Open event.way4tech.com/web/login and sign in with w4demo / Demo2026
2. Click Events in the app menu
3. You land on Diary, Events, filtered to events still in the diary

1 Sign in

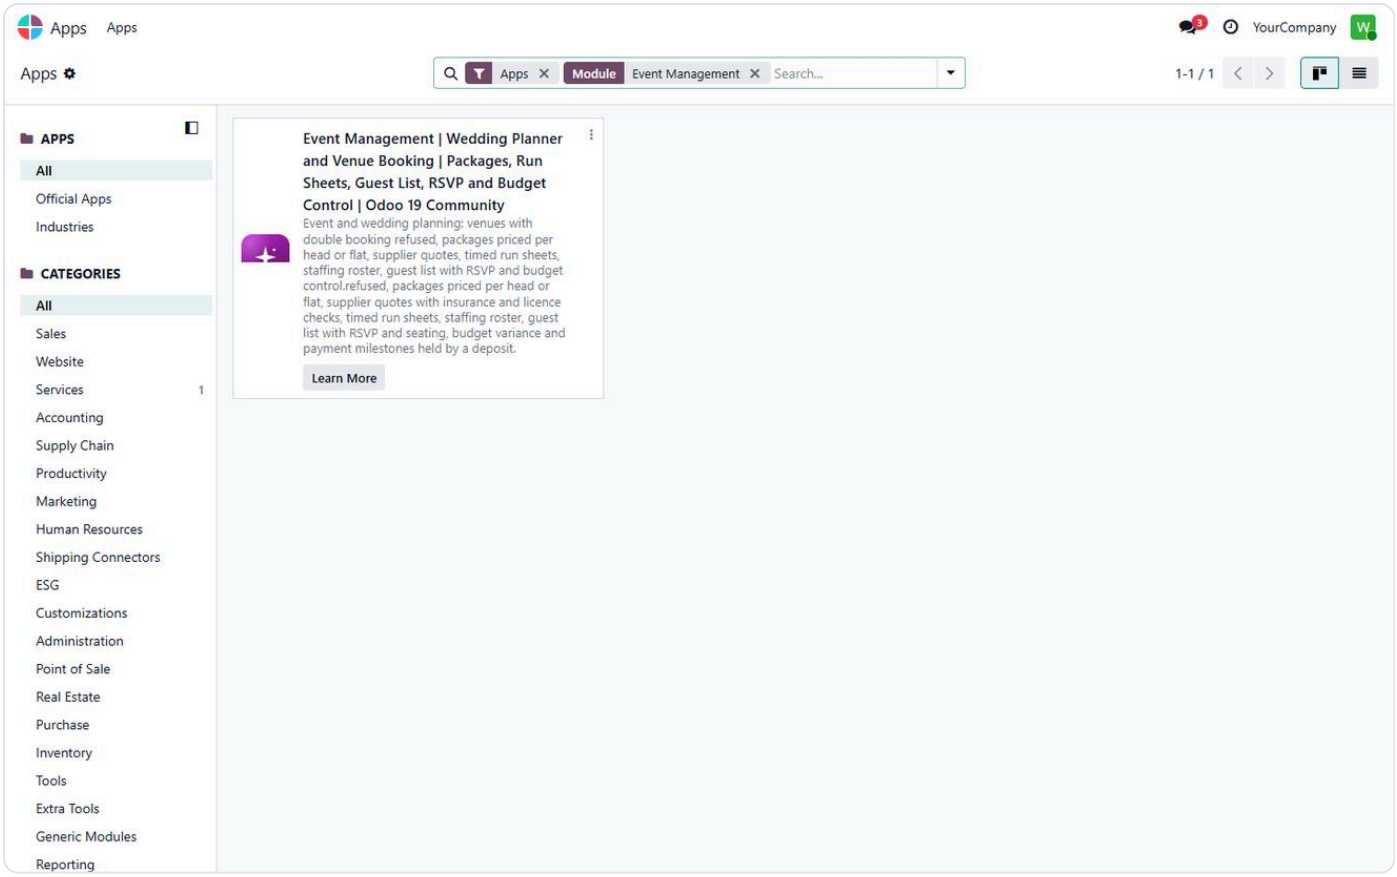

Open **event.way4tech.com/web/login**, user `w4demo`, password `Demo2026`, then **Log in**.

The demo login is an Events Manager, so it sees every menu in this guide apart from the Settings page, which needs Odoo's Administrator role.

2 The app

In Apps the module is called **Event Management**. It needs only Invoicing (account), Products and Discuss, which Odoo installs with it. It does not use, and does not clash with, Odoo's own Events app; if you run both, rename one menu because both are called Events.

The menus

Diary

Events	Every event: list, board, calendar, pivot and graph. Opens on events still in the diary
Calendar	The diary by date, cancelled events left out

On the Day

Run Sheets	Every timed cue, grouped by event, still to do
Roster	Every shift still to work, grouped by event
Slots To Fill	Roster slots with nobody in them on quoted and confirmed events
Equipment Out	Hire stock still on site

Guests

Guest List	Every guest, grouped by event
Seating Plan	Tables with seats taken and free
Dietary Requirements	Attending guests with a dietary need, for the kitchen

Suppliers

Quotes	Supplier quotes, opening on those waiting on a price
Supplier List	The approved list, ratings and paperwork
Paperwork Due	Suppliers with insurance or licence expiring, expired or missing

Money

Payment Schedule	Every payment stage not yet paid
Overdue Payments	Stages past due plus the grace days, by client
Events Behind on Payment	Events with at least one overdue stage
Budget Lines	Every cost line, budgeted against actual

Reporting

Margin by Event	Revenue, cost and margin of delivered and closed events

Configuration

Settings	Deposit, grace, final numbers, overbooking, paperwork and kit
Venues	Rooms, capacity, turnaround, curfew, licences
Venue Layouts	Banquet, theatre, standing and the rest, with set up hours
Event Types	Length, lead time, licence flags, usual package
Packages	Per head or flat, minimum numbers, inclusions and margin
Staffing Roles	Rate, ratio to guests, certificate, call time
Crew	Your people, their roles, rates and certificates
Supplier Categories	Which documents each kind of supplier must hold
Hire Stock	Furniture, linen, AV and power you own or cross hire

PART 3 Set the business up from zero

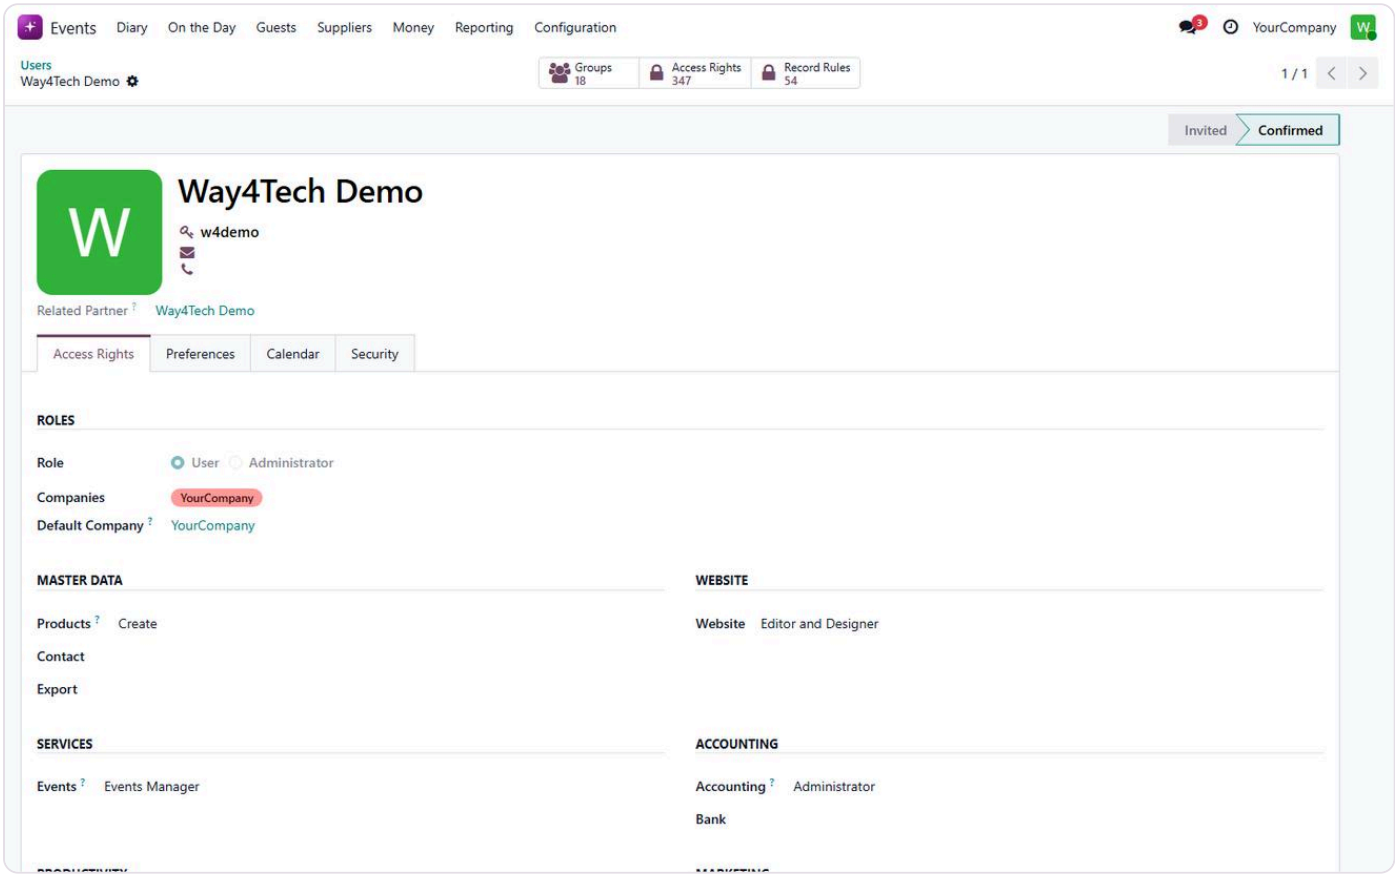

What a new business does before the first enquiry: give people access, set the seven company rules, and load venues, event types, packages, roles, crew, supplier categories and hire stock. The module ships sensible starting lists for most of these.

IN THIS PART YOU WILL LEARN

- Giving each person the right access level
- The seven settings, what each does and its default
- The four scheduled jobs, and why they ship switched off
- The order to load everything else in

1 Give each person an access level

Settings, Users, open the person, **Access Rights**. Under the **Events** line pick Crew, Event Coordinator, Event Planner or Events Manager. Give crew who should see their own shifts a login and link it on their crew record.

The seven settings

Events, Configuration, **Settings** (Administrator only). They are company settings, so each company in a group can have its own.

SETTING	WHAT IT DOES	DEFAULT
Deposit (%)	The share of the event value the first payment stage asks for.	25 %
A Date Is Held by the Deposit	Confirm the Date is refused until the deposit stage is marked paid.	On
Payment Grace (days)	How long a stage can sit past its due date before it counts as overdue.	3 days
Final Numbers Due (days before)	How long before the event the kitchen needs the headcount. Sets the final numbers deadline and the balance stage due date.	14 days

Overbooking Allowance (%)	How far over the room capacity the numbers may go. Set 0 where the fire officer counts heads.	5 %
Document Expiry Warning (days)	How far ahead a supplier, venue licence or crew certificate shows as expiring soon.	30 days
Chase Equipment After (days)	How long kit can sit past its return date before the chase job notes it.	2 days

The four scheduled jobs

JOB	RUNS	WHAT IT DOES
Events: chase overdue payment milestones	Daily	Emails the client for each stage past due plus grace, notes it on the stage, at most once a day per stage
Events: ask for final guest numbers	Daily	For confirmed or running events past the deadline with no final numbers: emails the client and gives the coordinator a to-do
Events: supplier insurance and licence check	Weekly	Notes every approved supplier whose paperwork is expiring, expired or missing, and suspends the expired and missing ones
Events: chase equipment still out	Daily	Notes on the event any kit still on site past its return date plus the chase days

> All four ship switched off, so nothing emails a client before your mail server and templates are ready. Turn them on under Settings, Technical, Scheduled Actions (developer mode).

The order to load everything

- Venues, then each venue's layouts (Part 4).
- Event types, then packages and their inclusions (Part 5).
- Staffing roles, then crew with their roles and certificates (Part 6).
- Supplier categories, then suppliers with their paperwork (Part 10).
- Hire stock (Part 6).

PART 4 Venues and layouts

Everything the diary needs to know about a room: how many it takes, how long it needs between events, when the music stops, and whether it is licensed for what you are about to do there.

IN THIS PART YOU WILL LEARN

- Every field on a venue
- Layouts, set up hours and the crew access time
- Licences and their status
- The capacity and double booking rules

TRY IT YOURSELF ON THE DEMO

1. Events, Configuration, Venues, open Ashcombe Manor
2. Open the Layouts tab, then Access and Notes
3. Open The Old Bank and read its licence status

1 The venue list

Configuration, **Venues**. Each line shows the kind, seated and standing capacity, rooms, turnaround, curfew, hire fee and licence status. Filters: Licence Problem and Holds 150 or More; group by Kind or Licences.

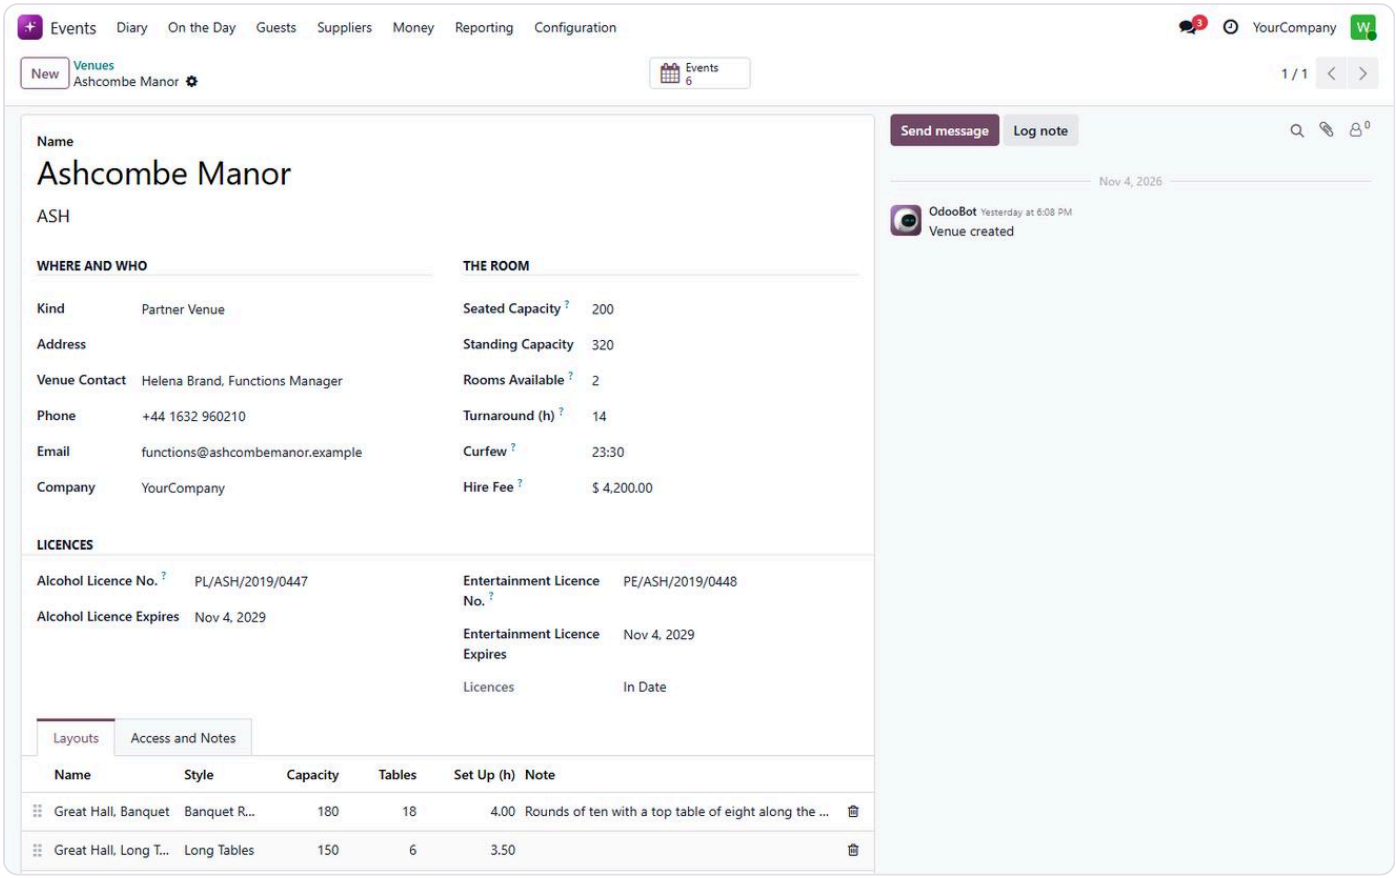

Name	Kind	Seated C...	Standing...	Hire Fee	Curfew	Licences	Events	Company
Ashcombe Manor	Partner Venue	200	320	$ 4,200.00	23:30	In Date	6	YourCompany
The Corn Exchange	Partner Venue	240	500	$ 2,800.00	00:30	In Date	6	YourCompany
River Lawn Marquee Site	Outdoor / Marquee Site	220	400	$ 1,900.00	23:00	In Date	6	YourCompany
The Old Bank	Partner Venue	90	160	$ 1,400.00	23:00	Expiring Soon	0	YourCompany

2 A venue

Kind: your own venue, a partner venue, client premises or an outdoor or marquee site. **Seated** and **Standing Capacity**. **Rooms Available**: a hotel with two function suites can run two events at once. **Turnaround (h)**: time to strip and reset between events. **Curfew**: the latest the music can play, as a clock time. **Hire Fee**: copied onto the event budget when the event is quoted. The address, venue contact, phone and email sit alongside, and the **Events** button lists every event booked there.

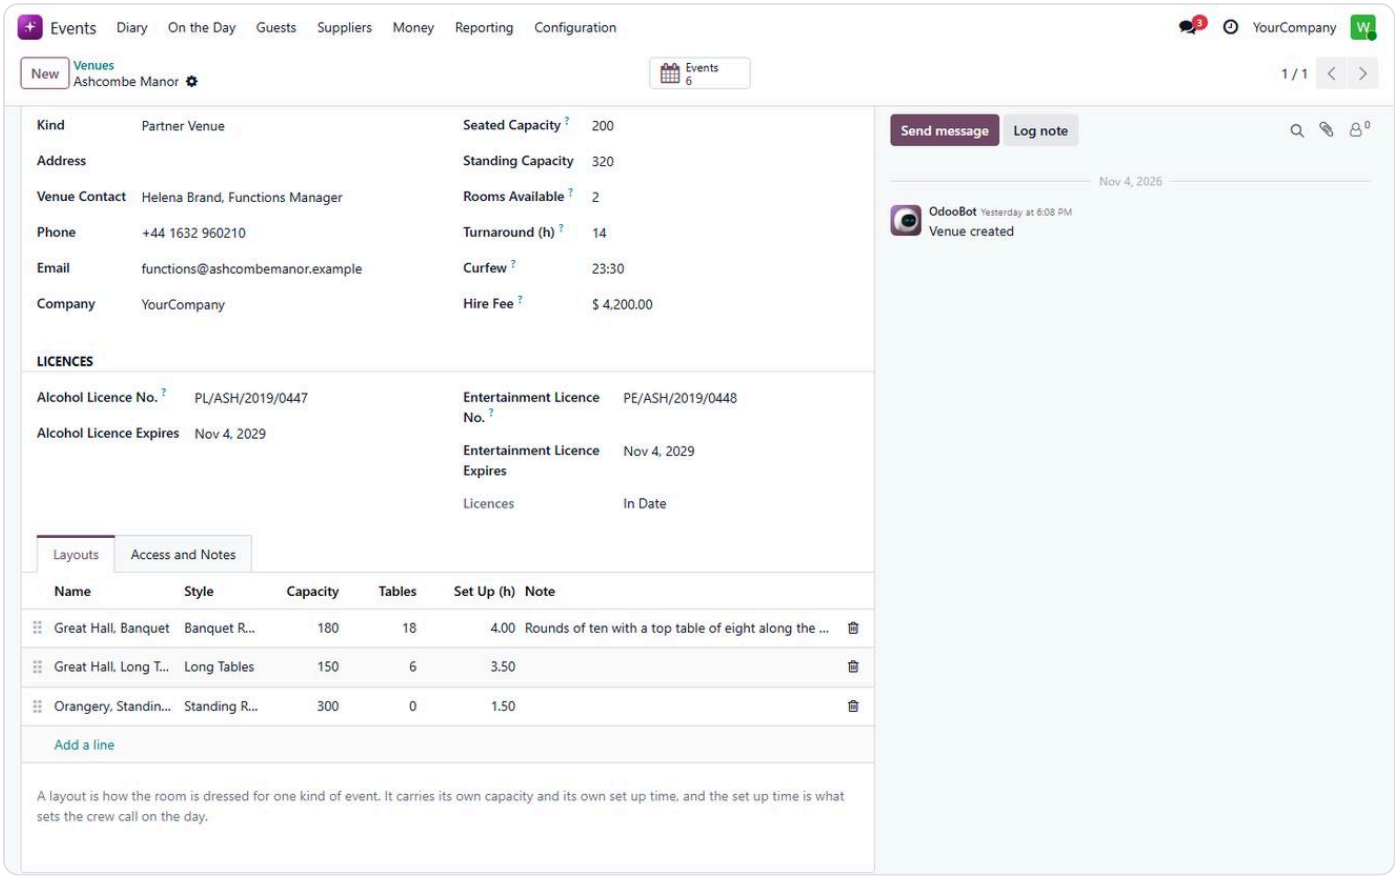

A curfew must be a time between 0 and 24.

3 Layouts

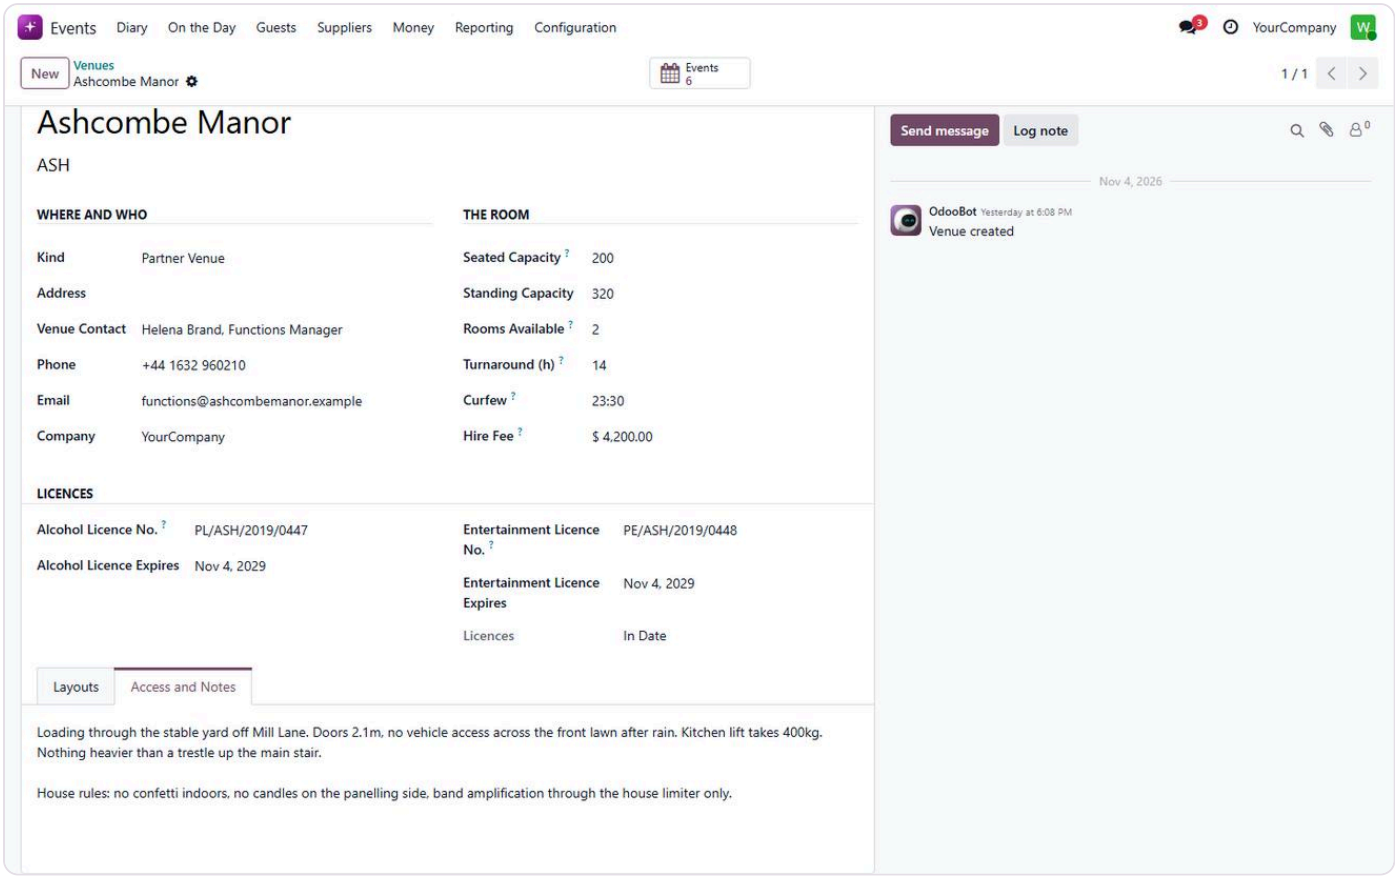

One line per way the room is set: banquet rounds, long tables, theatre, cabaret, boardroom, U shape or standing reception, each with its capacity, the number of tables it puts in the room and the **Set Up (h)** it takes to dress.

No layout may seat more than the venue's seated capacity, and a standing layout is capped at the standing capacity. Odoo names the layouts that break the rule.

4 Access and notes

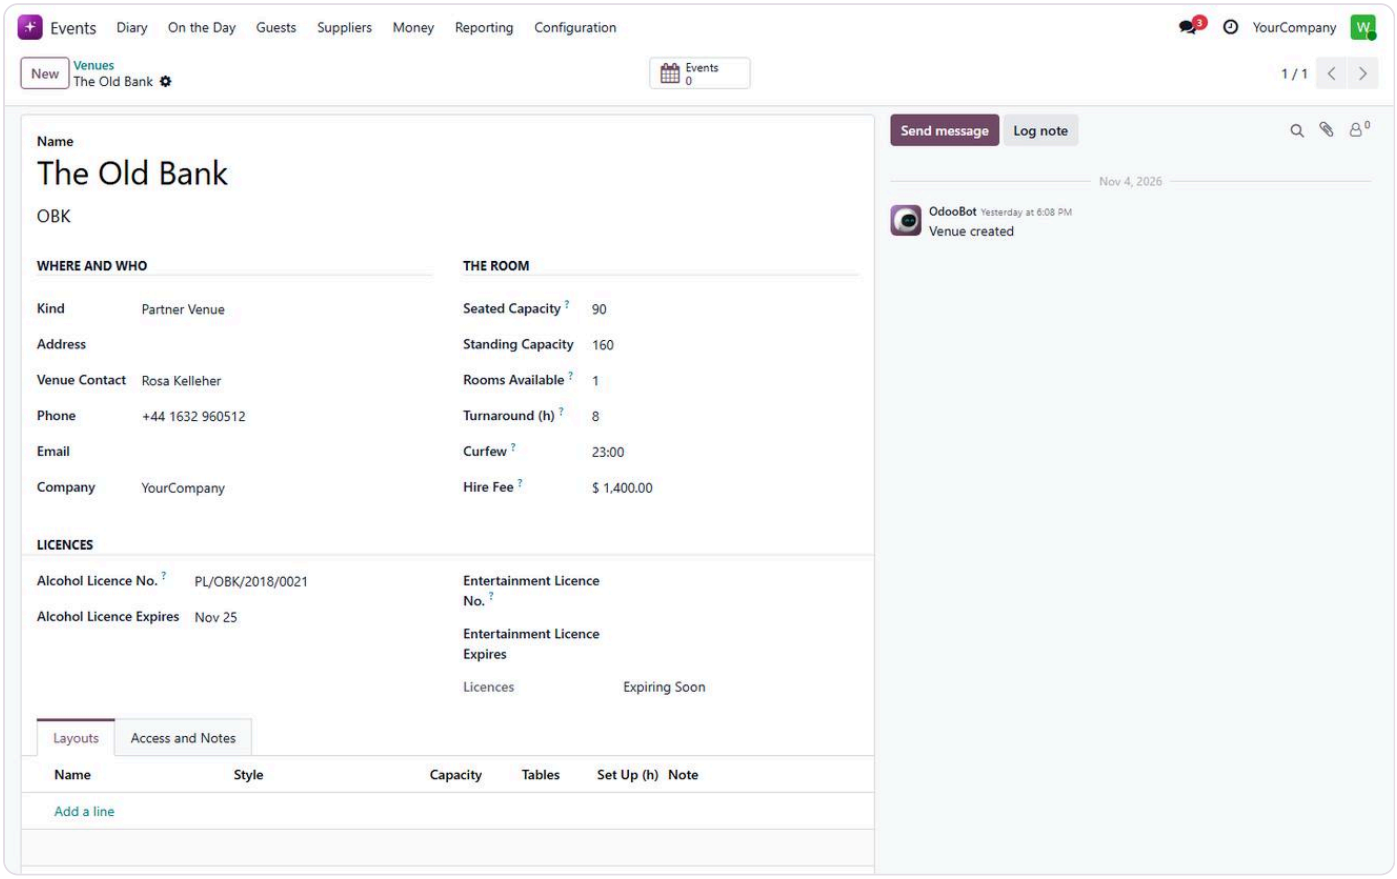

Where the vans go, door widths, lifts, ground protection: anything the crew needs on the morning. It is printed at the foot of the run sheet.

5 Licences

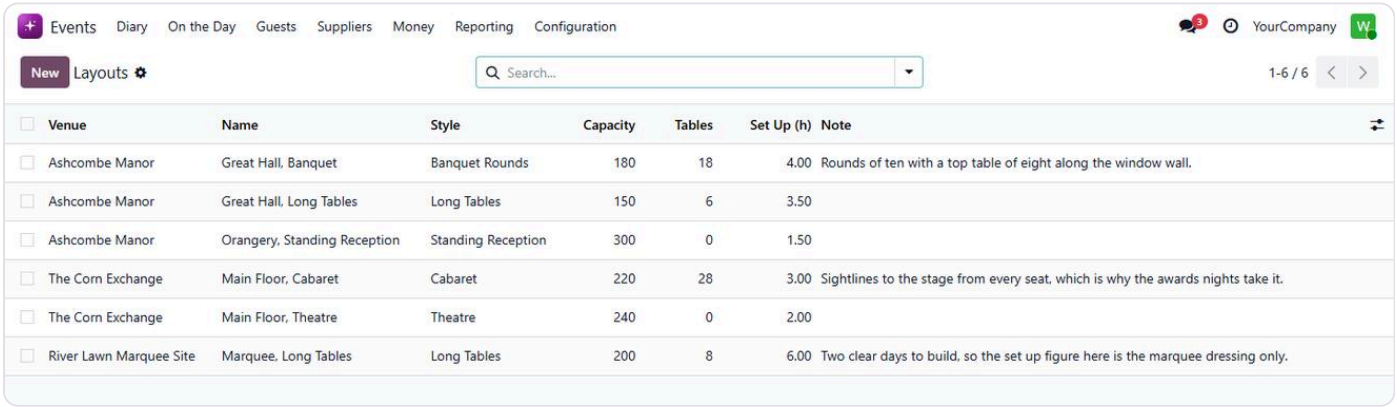

Alcohol licence number and expiry, public entertainment licence number and expiry. From the dates the venue shows **Licences**: none on file, in date, expiring soon (inside the warning days) or expired. The Old Bank's licence is expiring soon.

Licences are checked when an event is confirmed, against what its event type needs.

6 Every layout in one list

Configuration, **Venue Layouts** shows the layouts of every venue together, which is the quickest way to compare capacities.

Venue	Name	Style	Capacity	Tables	Set Up (h)	Note
Ashcombe Manor	Great Hall, Banquet	Banquet Rounds	180	18	4.00	Rounds of ten with a top table of eight along the window wall.
Ashcombe Manor	Great Hall, Long Tables	Long Tables	150	6	3.50	
Ashcombe Manor	Orangery, Standing Reception	Standing Reception	300	0	1.50	
The Corn Exchange	Main Floor, Cabaret	Cabaret	220	28	3.00	Sightlines to the stage from every seat, which is why the awards nights take it.
The Corn Exchange	Main Floor, Theatre	Theatre	240	0	2.00	
River Lawn Marquee Site	Marquee, Long Tables	Long Tables	200	8	6.00	Two clear days to build, so the set up figure here is the marquee dressing only.

HOW IT WORKS

The two checks every event save runs

Double booking. Other events at the same venue that are Proposal Sent or later, not cancelled, and overlap the window with the turnaround added to both ends. If they already fill every room the venue has, the save is refused: " <venue> is already committed to <event> in that window. The venue needs N hours between events to reset the room."

Capacity. The working number, final numbers if set or else expected, must fit the layout capacity (or the venue seated capacity) plus the overbooking allowance. Otherwise: "N guests will not fit. <where> holds X, and the overbooking allowance takes that to Y."

PART 5 Event types and packages

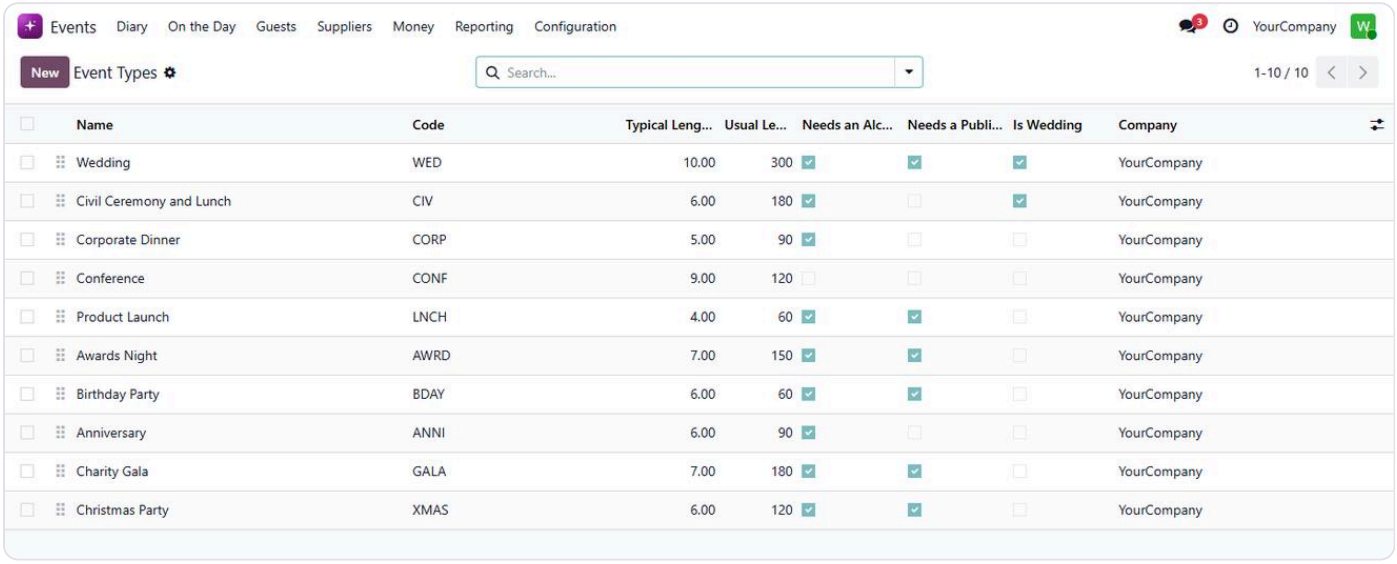

The event type says what kind of function it is and what it needs. The package says what the client buys and what it costs you to deliver.

IN THIS PART YOU WILL LEARN

- The ten event types the module ships, and their fields
- Per head and flat fee packages
- Inclusions, cost per head and margin

1 Event types

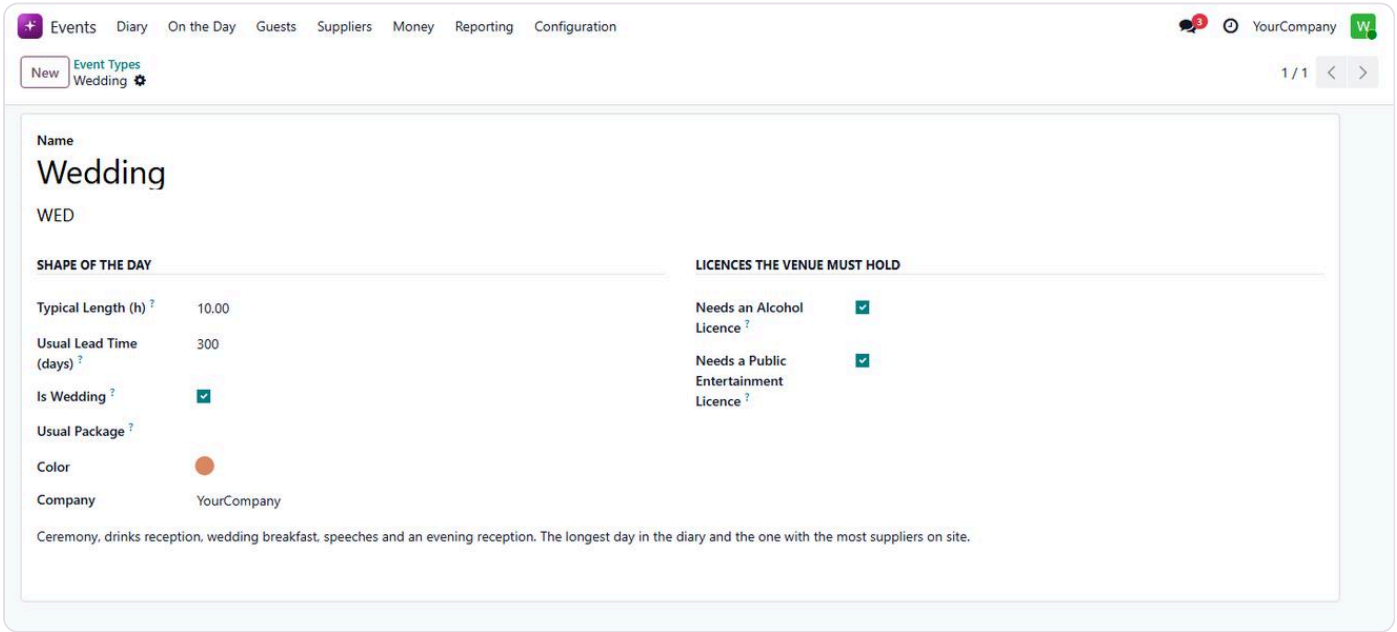

Configuration, **Event Types**. Ten ship with the module: wedding, civil ceremony and lunch, corporate dinner, conference, product launch, awards night, birthday party, anniversary, charity gala and Christmas party.

Name	Code	Typical Leng...	Usual Le...	Needs an Alc...	Needs a Publi...	Is Wedding	Company
Wedding	WED	10.00	300	☑	☑	☑	YourCompany
Civil Ceremony and Lunch	CIV	6.00	180	☑	☐	☑	YourCompany
Corporate Dinner	CORP	5.00	90	☑	☐	☐	YourCompany
Conference	CONF	9.00	120	☐	☐	☐	YourCompany
Product Launch	LNCH	4.00	60	☑	☑	☐	YourCompany
Awards Night	AWRD	7.00	150	☑	☑	☐	YourCompany
Birthday Party	BDAY	6.00	60	☑	☑	☐	YourCompany
Anniversary	ANNI	6.00	90	☑	☐	☐	YourCompany
Charity Gala	GALA	7.00	180	☑	☑	☐	YourCompany
Christmas Party	XMAS	6.00	120	☑	☑	☐	YourCompany

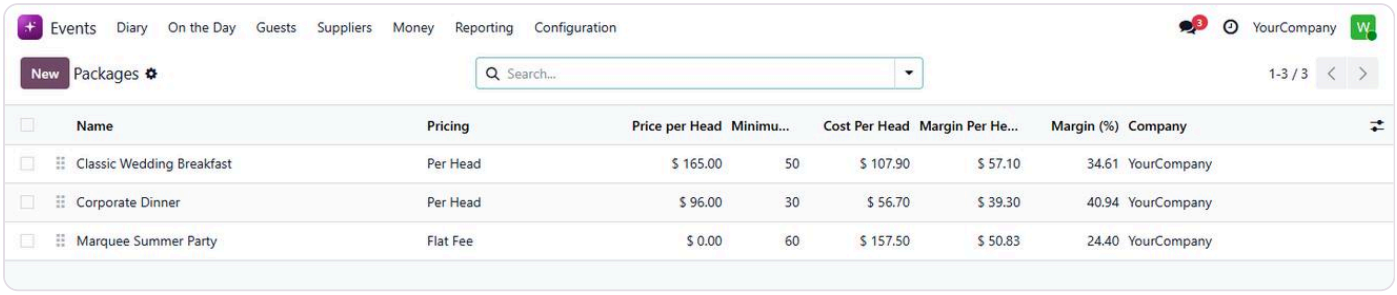

2 One type

Typical Length (h) fills the finish time on a new event. **Usual Lead Time (days)** flags an enquiry booked with less notice as short notice. **Needs an Alcohol Licence** and **Needs a Public Entertainment Licence** are checked against the venue at confirmation. **Is Wedding** turns on the guest side field. **Usual Package** is offered first on a new enquiry of this type.

3 Packages

Configuration, **Packages**. Each line shows the pricing, the price, the minimum numbers, the cost per head and the margin. The demo has a classic wedding breakfast and a corporate dinner per head, and a marquee summer party as a flat fee.

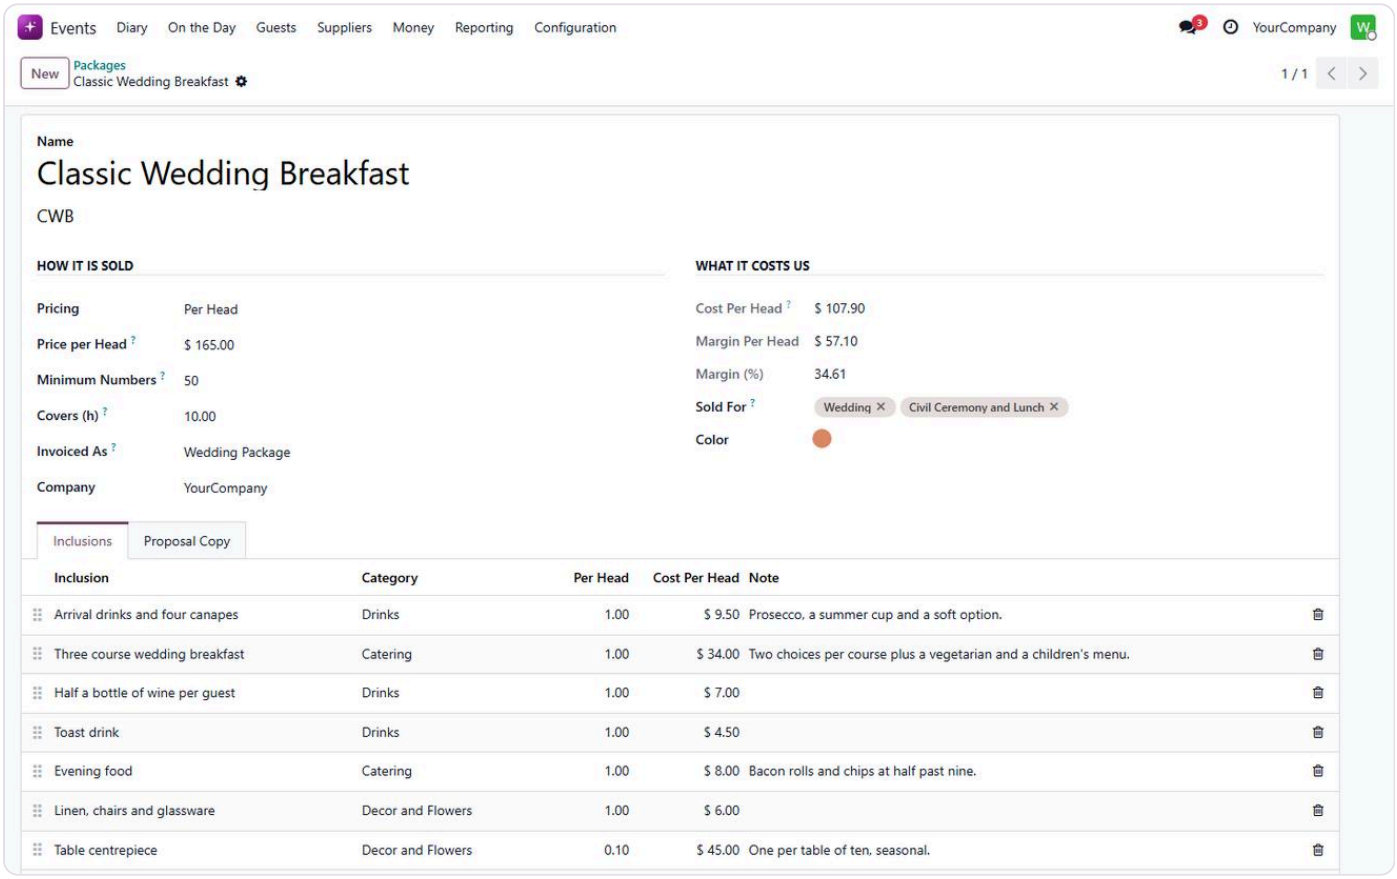

Name	Pricing	Price per Head	Minimu...	Cost Per Head	Margin Per He...	Margin (%)	Company
Classic Wedding Breakfast	Per Head	$ 165.00	50	$ 107.90	$ 57.10	34.61	YourCompany
Corporate Dinner	Per Head	$ 96.00	30	$ 56.70	$ 39.30	40.94	YourCompany
Marquee Summer Party	Flat Fee	$ 0.00	60	$ 157.50	$ 50.83	24.40	YourCompany

4 A per head package

Pricing per head or flat. **Price per Head**. **Invoiced As**: the product the stage invoices use, so revenue lands on the right account with the right tax. **Minimum Numbers**: not sold below this headcount. **Covers (h)**: hours of service the price covers; it also sets the finish time. **Sold For**: the event types it may be used on. Below, the **Inclusions**: a category, a quantity per head, what one costs you and a note for the proposal.

Three canapes a head is a quantity of 3. One centrepiece per table of ten is 0.1. The package then shows cost per head, margin per head and margin percentage.

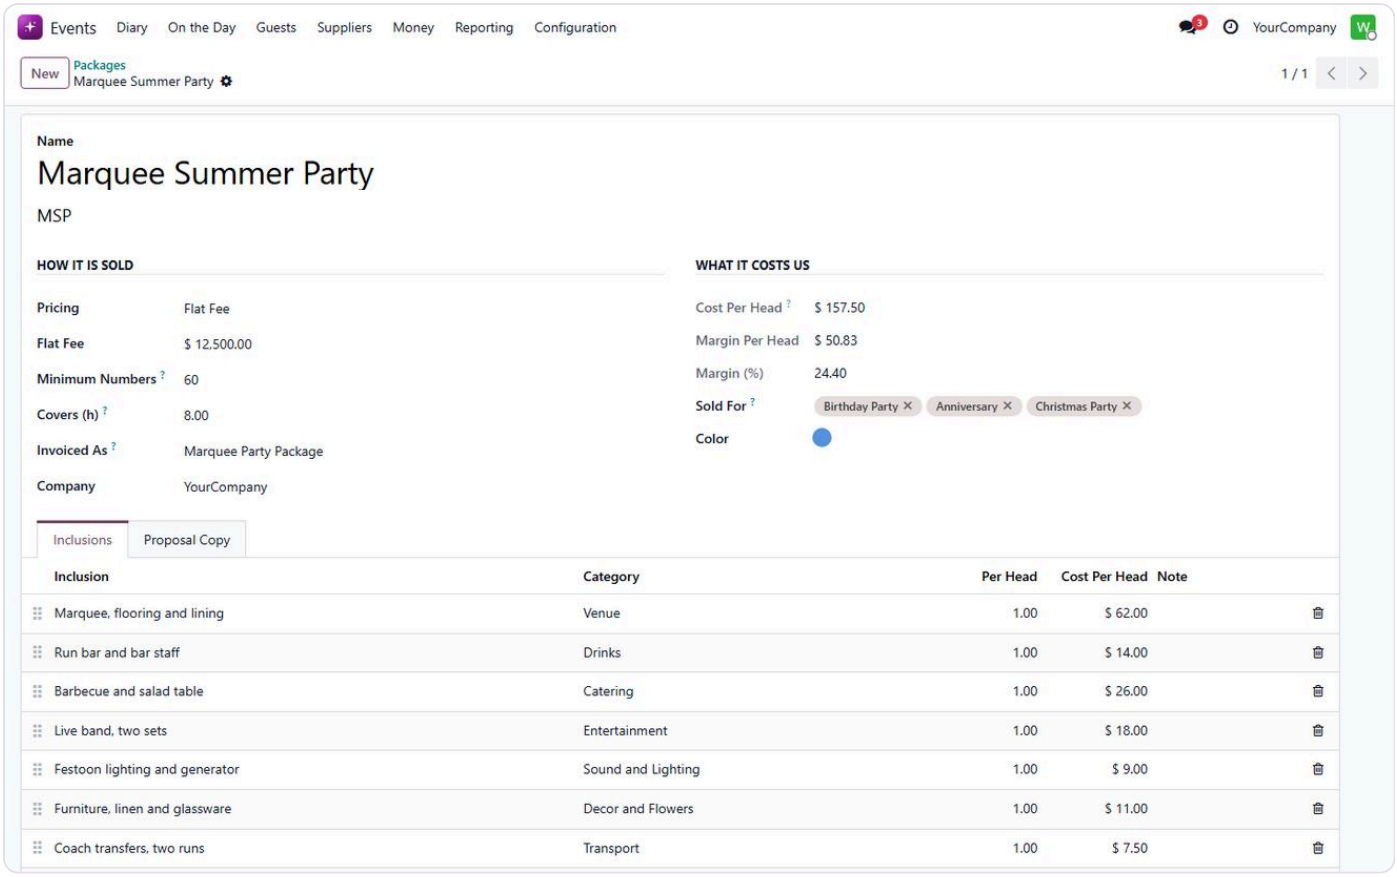

Inclusion	Category	Per Head	Cost Per Head	Note
Arrival drinks and four canapes	Drinks	1.00	$ 9.50	Prosecco, a summer cup and a soft option.
Three course wedding breakfast	Catering	1.00	$ 34.00	Two choices per course plus a vegetarian and a children's menu.
Half a bottle of wine per guest	Drinks	1.00	$ 7.00	
Toast drink	Drinks	1.00	$ 4.50	
Evening food	Catering	1.00	$ 8.00	Bacon rolls and chips at half past nine.
Linen, chairs and glassware	Decor and Flowers	1.00	$ 6.00	
Table centrepiece	Decor and Flowers	0.10	$ 45.00	One per table of ten, seasonal.

5 A flat fee package

A flat fee package needs the **Flat Fee** instead of a price per head. Its margin is worked out per head at the minimum numbers.

A per head package with no price, or a flat package with no fee, is refused on save.

PART 6 Roles, crew and hire stock

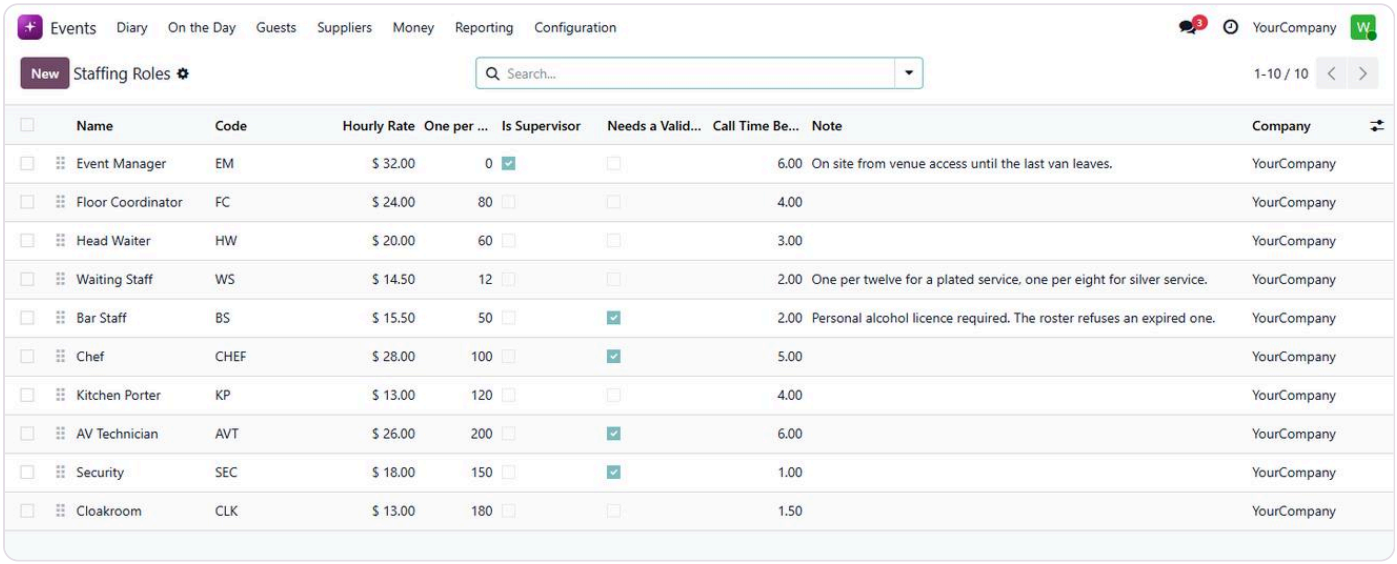

The roster is built from roles and the people who can fill them. Hire stock is everything that goes out on the van.

IN THIS PART YOU WILL LEARN

- Staffing roles, ratios and certificates
- Crew records and certificate status
- Hire stock, cross hire and where each item has been

1 Staffing roles

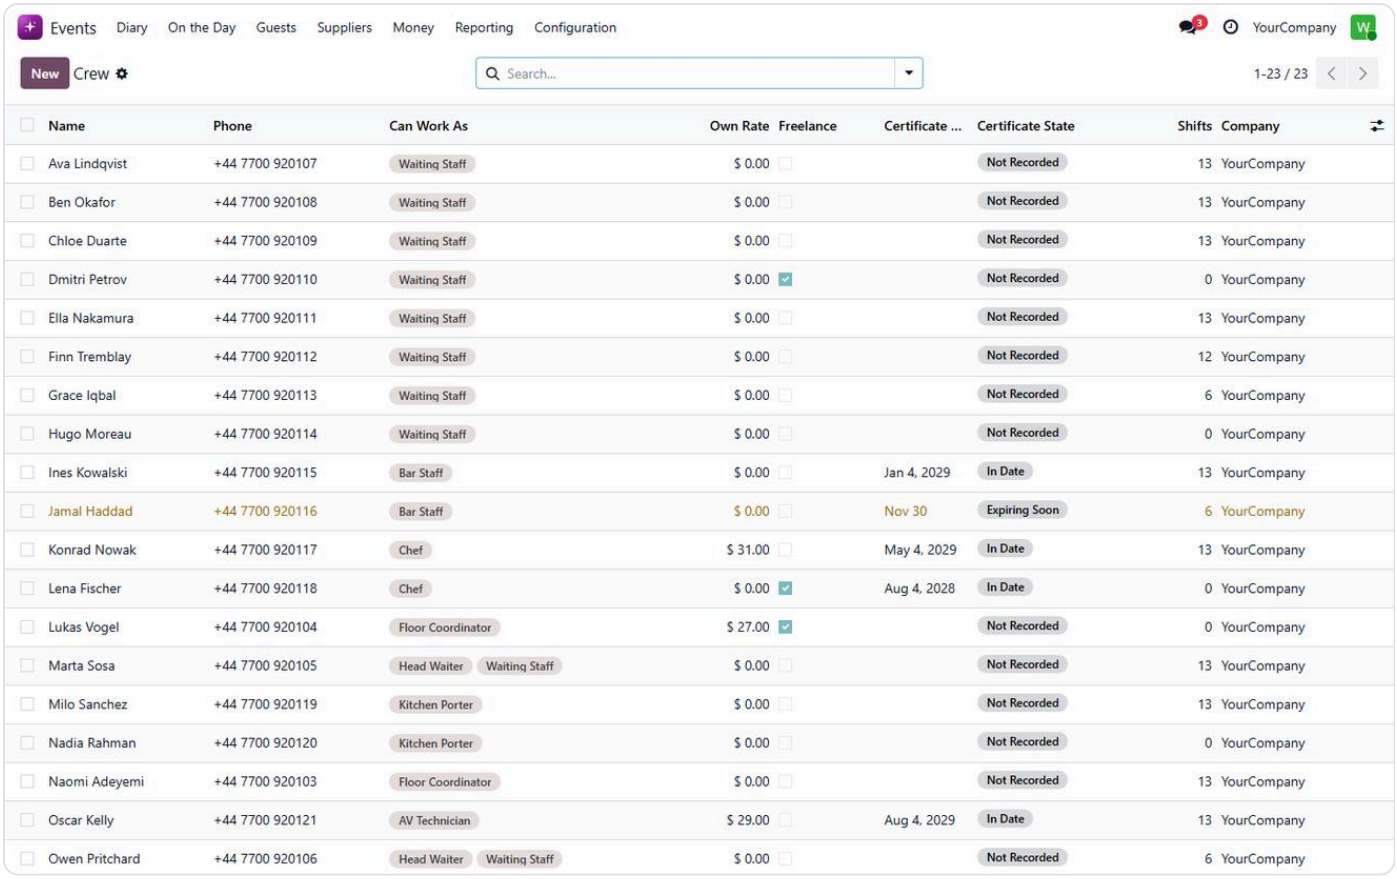

Configuration, **Staffing Roles**. Ten ship: event manager, floor coordinator, head waiter, waiting staff, bar staff, chef, kitchen porter, AV technician, security and cloakroom. Each has an **Hourly Rate**, **One per N Guests** (one waiter per twelve is 12), an **Is Supervisor** flag for a role needed once whatever the numbers, **Needs a Valid Certificate**, and **Call Time Before Start (h)**, two hours by default.

Name	Code	Hourly Rate	One per ...	Is Supervisor	Needs a Valid...	Call Time Be...	Note	Company
Event Manager	EM	$ 32.00	0	☑	☐	6.00	On site from venue access until the last van leaves.	YourCompany
Floor Coordinator	FC	$ 24.00	80	☐	☐	4.00		YourCompany
Head Waiter	HW	$ 20.00	60	☐	☐	3.00		YourCompany
Waiting Staff	WS	$ 14.50	12	☐	☐	2.00	One per twelve for a plated service, one per eight for silver service.	YourCompany
Bar Staff	BS	$ 15.50	50	☐	☑	2.00	Personal alcohol licence required. The roster refuses an expired one.	YourCompany
Chef	CHEF	$ 28.00	100	☐	☑	5.00		YourCompany
Kitchen Porter	KP	$ 13.00	120	☐	☐	4.00		YourCompany
AV Technician	AVT	$ 26.00	200	☐	☑	6.00		YourCompany
Security	SEC	$ 18.00	150	☐	☑	1.00		YourCompany
Cloakroom	CLK	$ 13.00	180	☐	☐	1.50		YourCompany

2 Crew

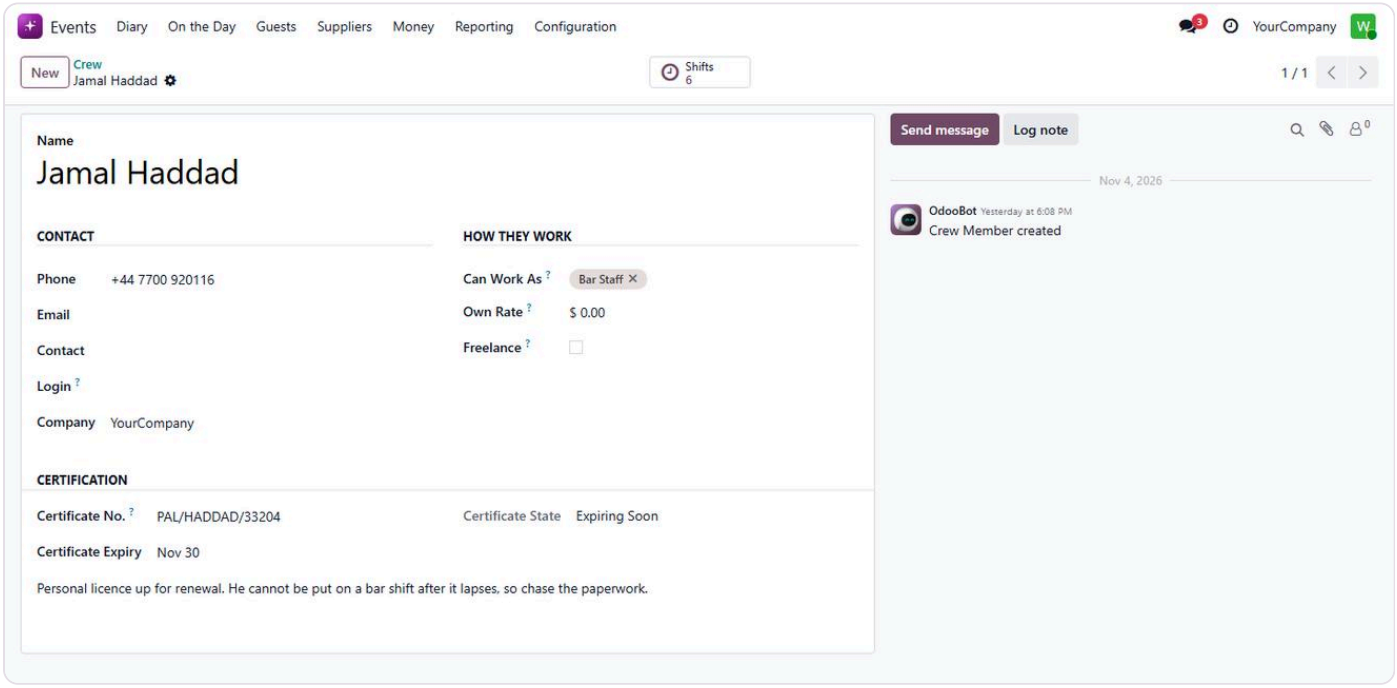

Configuration, **Crew**: your people and freelancers, with the roles each can work as, their certificate status and how many shifts they have.

Name	Phone	Can Work As	Own Rate	Freelance	Certificate ...	Certificate State	Shifts	Company
Ava Lindqvist	+44 7700 920107	Waiting Staff	$ 0.00			Not Recorded	13	YourCompany
Ben Okafor	+44 7700 920108	Waiting Staff	$ 0.00			Not Recorded	13	YourCompany
Chloe Duarte	+44 7700 920109	Waiting Staff	$ 0.00			Not Recorded	13	YourCompany
Dmitri Petrov	+44 7700 920110	Waiting Staff	$ 0.00	☑		Not Recorded	0	YourCompany
Ella Nakamura	+44 7700 920111	Waiting Staff	$ 0.00			Not Recorded	13	YourCompany
Finn Tremblay	+44 7700 920112	Waiting Staff	$ 0.00			Not Recorded	12	YourCompany
Grace Iqbal	+44 7700 920113	Waiting Staff	$ 0.00			Not Recorded	6	YourCompany
Hugo Moreau	+44 7700 920114	Waiting Staff	$ 0.00			Not Recorded	0	YourCompany
Ines Kowalski	+44 7700 920115	Bar Staff	$ 0.00		Jan 4, 2029	In Date	13	YourCompany
Jamal Haddad	+44 7700 920116	Bar Staff	$ 0.00		Nov 30	Expiring Soon	6	YourCompany
Konrad Nowak	+44 7700 920117	Chef	$ 31.00		May 4, 2029	In Date	13	YourCompany
Lena Fischer	+44 7700 920118	Chef	$ 0.00	☑	Aug 4, 2028	In Date	0	YourCompany
Lukas Vogel	+44 7700 920104	Floor Coordinator	$ 27.00	☑		Not Recorded	0	YourCompany
Marta Sosa	+44 7700 920105	Head Waiter, Waiting Staff	$ 0.00			Not Recorded	13	YourCompany
Milo Sanchez	+44 7700 920119	Kitchen Porter	$ 0.00			Not Recorded	13	YourCompany
Nadia Rahman	+44 7700 920120	Kitchen Porter	$ 0.00			Not Recorded	0	YourCompany
Naomi Adeyemi	+44 7700 920103	Floor Coordinator	$ 0.00			Not Recorded	13	YourCompany
Oscar Kelly	+44 7700 920121	AV Technician	$ 29.00		Aug 4, 2029	In Date	13	YourCompany
Owen Pritchard	+44 7700 920106	Head Waiter, Waiting Staff	$ 0.00			Not Recorded	6	YourCompany

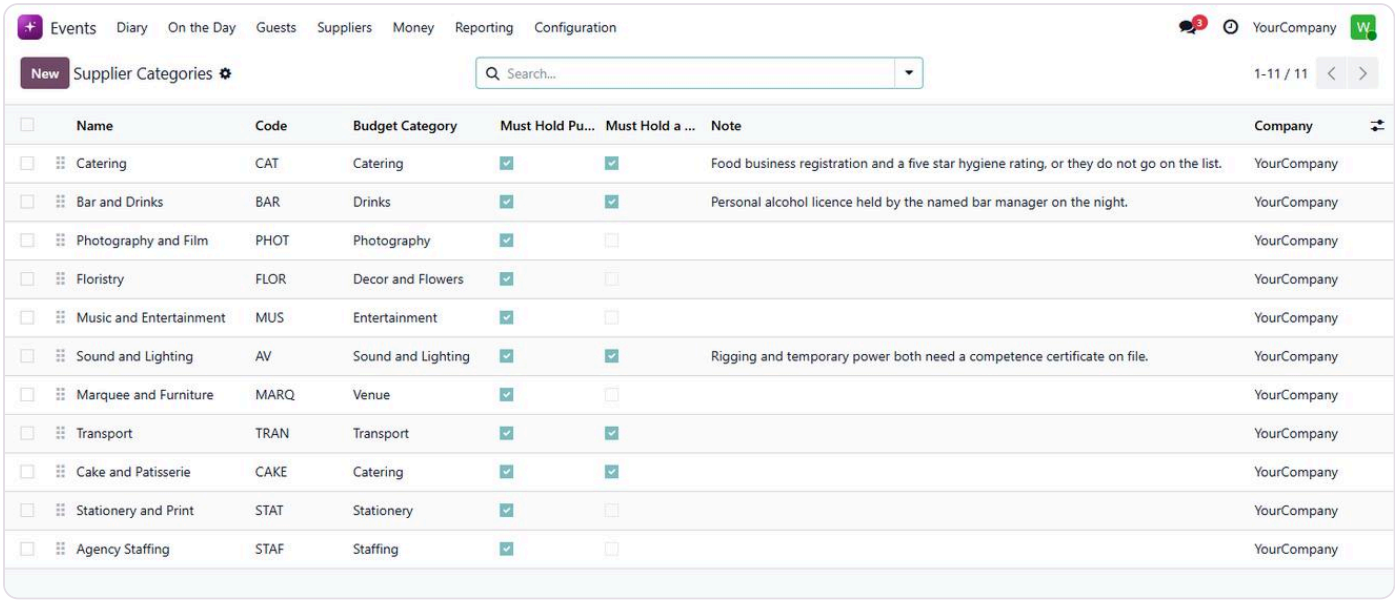

3 A crew member

Can Work As: the roles. **Own Rate** overrides the role rate. **Freelance**: own staff are offered before freelancers when the roster is drawn up. **Certificate No.** and expiry give the certificate status: none, in date, expiring soon or expired. This person's certificate is expiring soon. A linked **Login** lets them see their own shifts.

4 Supplier categories

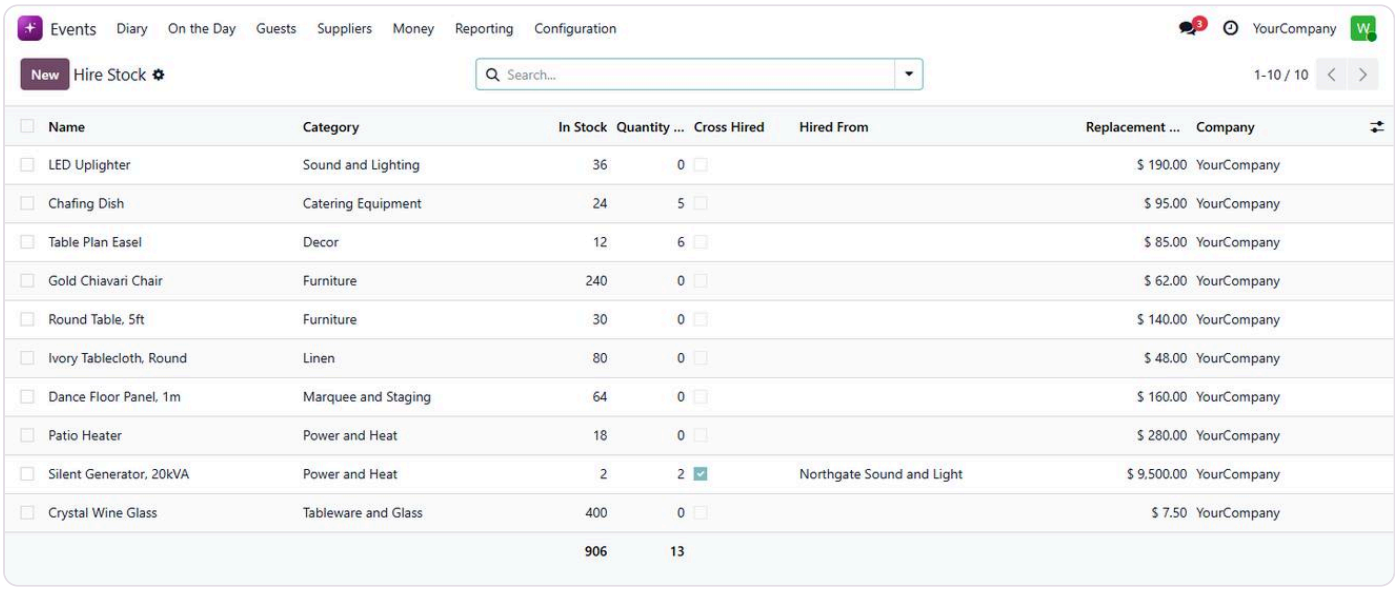

Configuration, **Supplier Categories**. Eleven ship, from catering to agency staffing. Each points at a budget heading, so an accepted quote lands on the right line, and says whether its suppliers must hold public liability insurance and a trade licence.

Name	Code	Budget Category	Must Hold Pu...	Must Hold a ...	Note	Company
Catering	CAT	Catering	☑	☑	Food business registration and a five star hygiene rating, or they do not go on the list.	YourCompany
Bar and Drinks	BAR	Drinks	☑	☑	Personal alcohol licence held by the named bar manager on the night.	YourCompany
Photography and Film	PHOT	Photography	☑	☐		YourCompany
Floristry	FLOR	Decor and Flowers	☑	☐		YourCompany
Music and Entertainment	MUS	Entertainment	☑	☐		YourCompany
Sound and Lighting	AV	Sound and Lighting	☑	☑	Rigging and temporary power both need a competence certificate on file.	YourCompany
Marquee and Furniture	MARQ	Venue	☑	☐		YourCompany
Transport	TRAN	Transport	☑	☑		YourCompany
Cake and Patisserie	CAKE	Catering	☑	☑		YourCompany
Stationery and Print	STAT	Stationery	☑	☐		YourCompany
Agency Staffing	STAF	Staffing	☑	☐		YourCompany

5 Hire stock

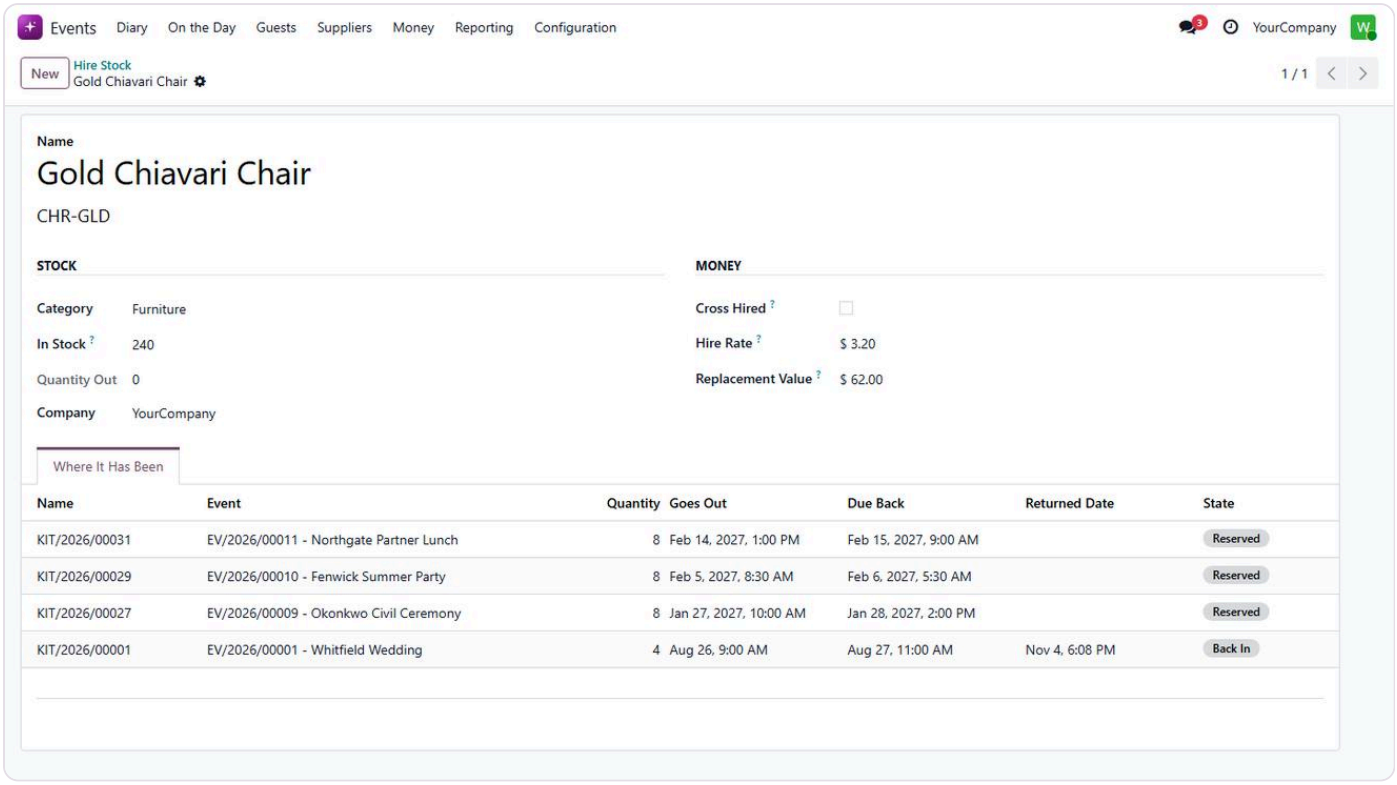

Configuration, **Hire Stock**: chairs, tables, linen, glassware, AV, marquee, power and catering kit. Each item has a category, the quantity **In Stock**, how many are out now, a hire rate and a replacement value.

Name	Category	In Stock	Quantity ...	Cross Hired	Hired From	Replacement ...	Company
LED Uplighter	Sound and Lighting	36	0	☐		$ 190.00	YourCompany
Chafing Dish	Catering Equipment	24	5	☐		$ 95.00	YourCompany
Table Plan Easel	Decor	12	6	☐		$ 85.00	YourCompany
Gold Chiavari Chair	Furniture	240	0	☐		$ 62.00	YourCompany
Round Table, 5ft	Furniture	30	0	☐		$ 140.00	YourCompany
Ivory Tablecloth, Round	Linen	80	0	☐		$ 48.00	YourCompany
Dance Floor Panel, 1m	Marquee and Staging	64	0	☐		$ 160.00	YourCompany
Patio Heater	Power and Heat	18	0	☐		$ 280.00	YourCompany
Silent Generator, 20kVA	Power and Heat	2	2	☑	Northgate Sound and Light	$ 9,500.00	YourCompany
Crystal Wine Glass	Tableware and Glass	400	0	☐		$ 7.50	YourCompany
		906	13				

6 Where an item has been

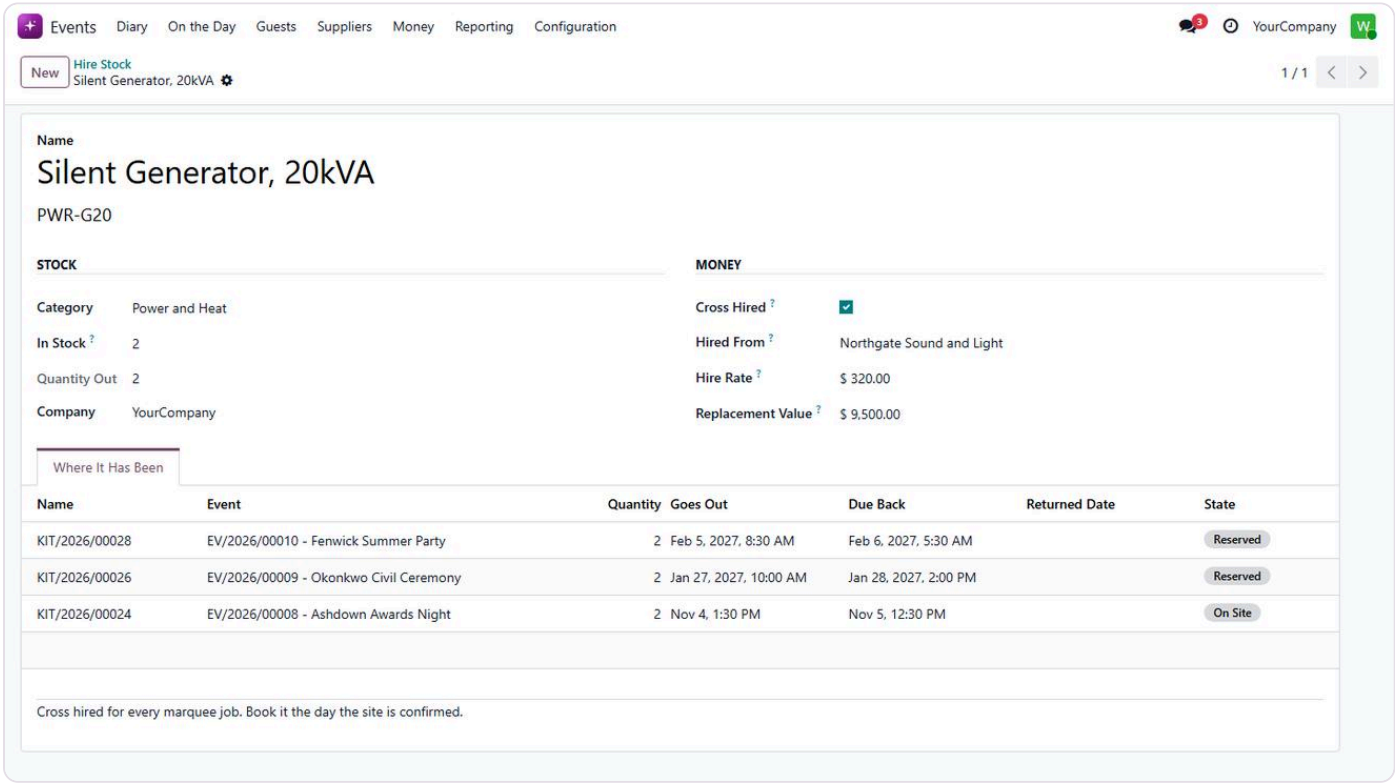

Open an item and the **Where It Has Been** tab lists every allocation, so you can see which events had it and what came back.

7 A cross hired item

Tick **Cross Hired** for kit you hire in, and say who it comes from in **Hired From**. Allocating it to an event puts a committed cross hire line on the event budget.

A cross hired item with no supplier is refused.

PART 7 The diary

Diary, Events is the planner's home screen. It opens on every event still in the diary, that is not yet closed or cancelled.

IN THIS PART YOU WILL LEARN

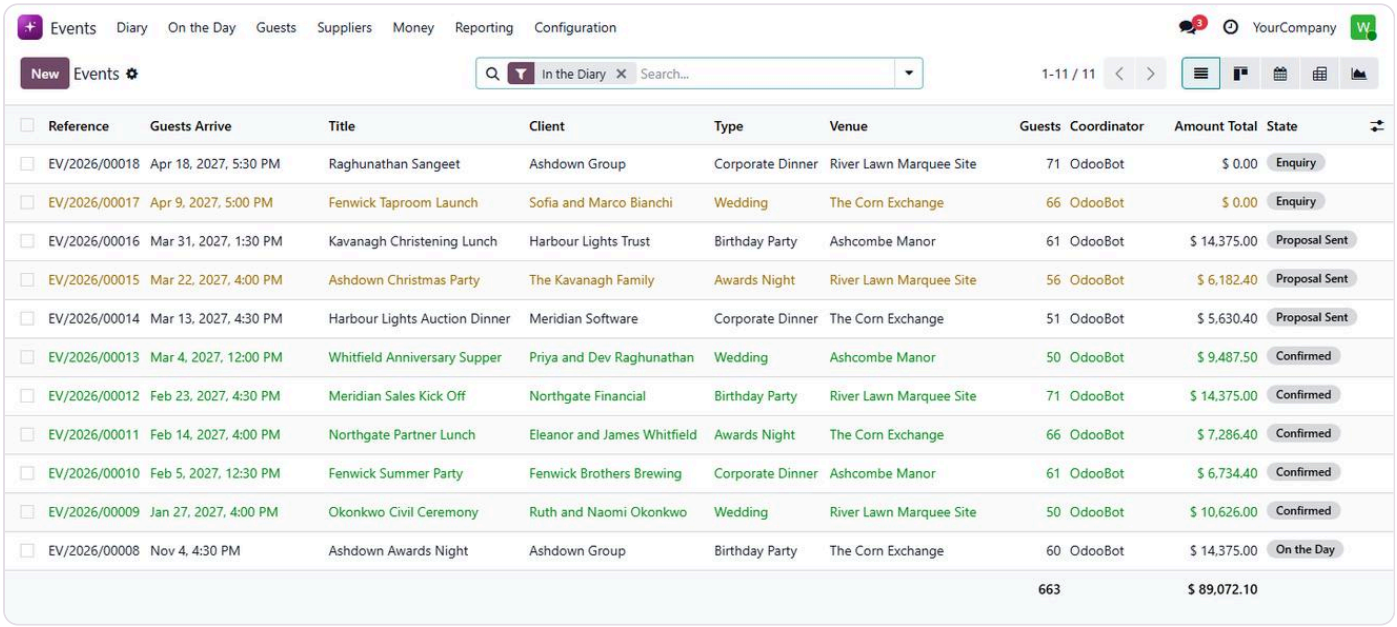

- The list, the board and the calendar
- Filters that answer the everyday questions
- The event form, top to bottom

TRY IT YOURSELF ON THE DEMO

1. Events, Diary, Events
2. Open the filter menu and try Deposit Outstanding, then Short Notice
3. Switch to the board, then Diary, Calendar

1 The list

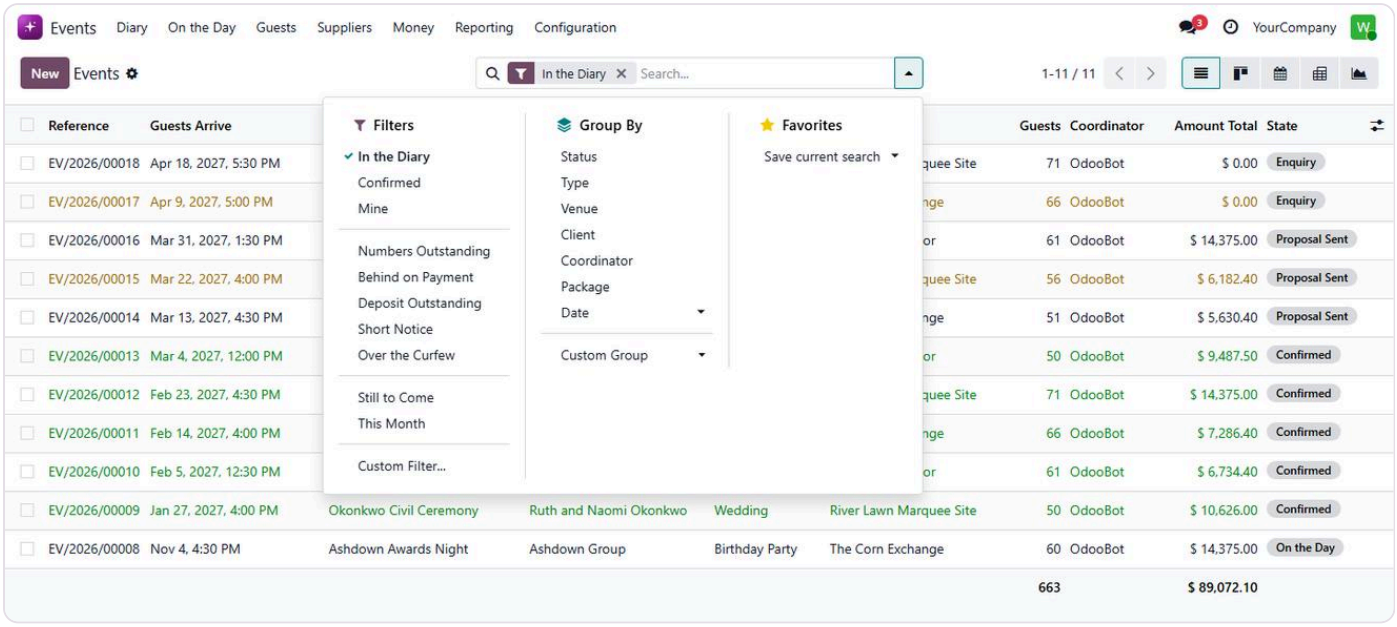

Reference, guests arrive, title, client, type, venue, guests charged, coordinator, value and status. The guest and value columns add up at the foot. Received, margin, deposit and payments behind are optional columns. Short notice events show in amber and events with numbers outstanding in red.

Reference	Guests Arrive	Title	Client	Type	Venue	Guests	Coordinator	Amount Total	State
EV/2026/00018	Apr 18, 2027, 5:30 PM	Raghunathan Sangeet	Ashdown Group	Corporate Dinner	River Lawn Marquee Site	71	OdooBot	$ 0.00	Enquiry
EV/2026/00017	Apr 9, 2027, 5:00 PM	Fenwick Taproom Launch	Sofia and Marco Bianchi	Wedding	The Corn Exchange	66	OdooBot	$ 0.00	Enquiry
EV/2026/00016	Mar 31, 2027, 1:30 PM	Kavanagh Christening Lunch	Harbour Lights Trust	Birthday Party	Ashcombe Manor	61	OdooBot	$ 14,375.00	Proposal Sent
EV/2026/00015	Mar 22, 2027, 4:00 PM	Ashdown Christmas Party	The Kavanagh Family	Awards Night	River Lawn Marquee Site	56	OdooBot	$ 6,182.40	Proposal Sent
EV/2026/00014	Mar 13, 2027, 4:30 PM	Harbour Lights Auction Dinner	Meridian Software	Corporate Dinner	The Corn Exchange	51	OdooBot	$ 5,630.40	Proposal Sent

2 Filters and groupings

Filters: **In the Diary**, **Confirmed**, **Mine**, **Numbers Outstanding**, **Behind on Payment**, **Deposit Outstanding**, **Short Notice**, **Over the Curfew**, **Still to Come** and **This Month**. Group by status, type, venue, client, coordinator, package or date.

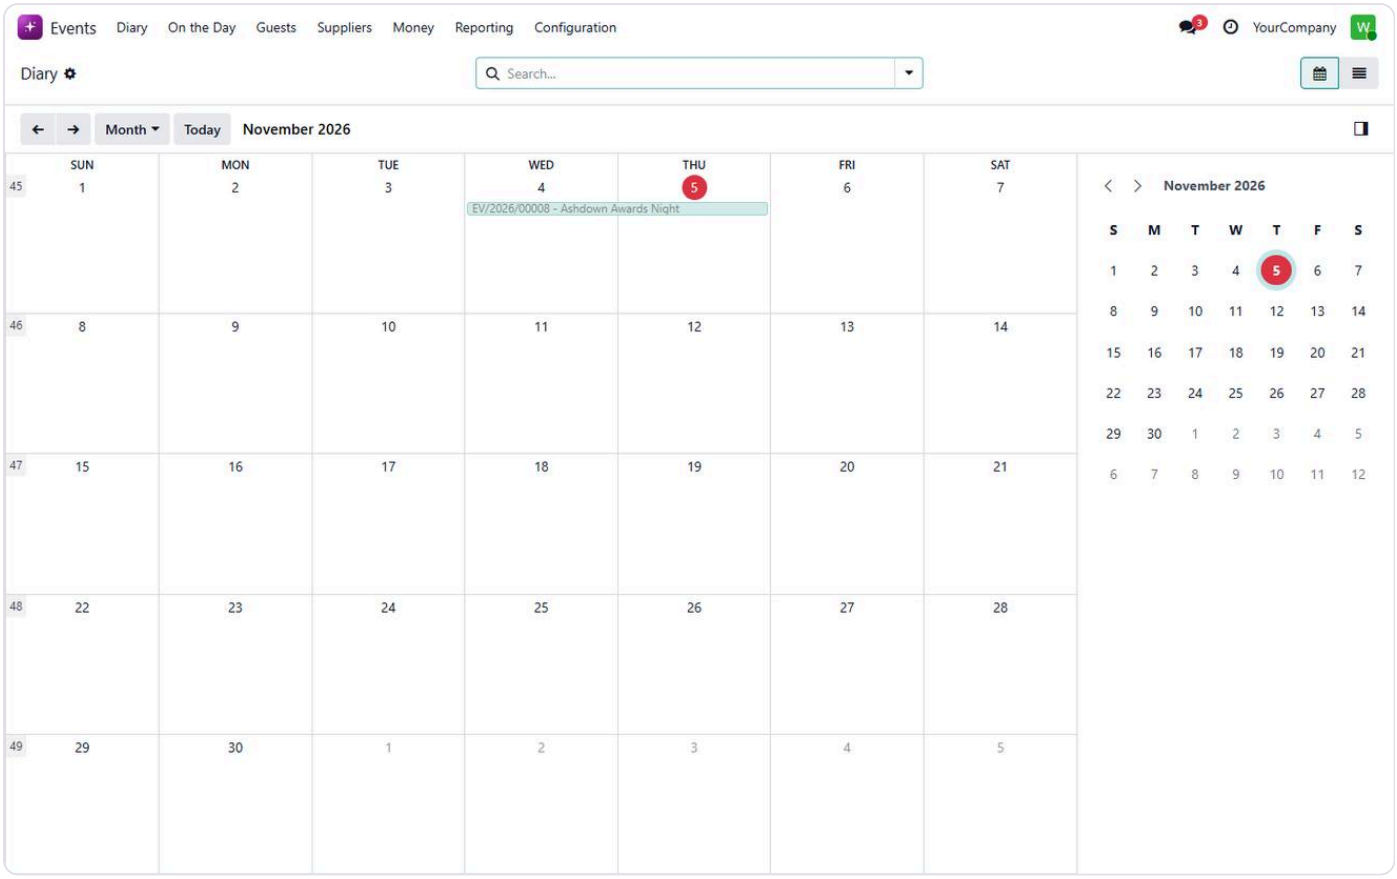

3 The board

One column per status, a card per event with the client, date, venue, guests and value, and a badge for the deposit. Cards cannot be dragged between columns: the buttons on the event move it, so no check is skipped.

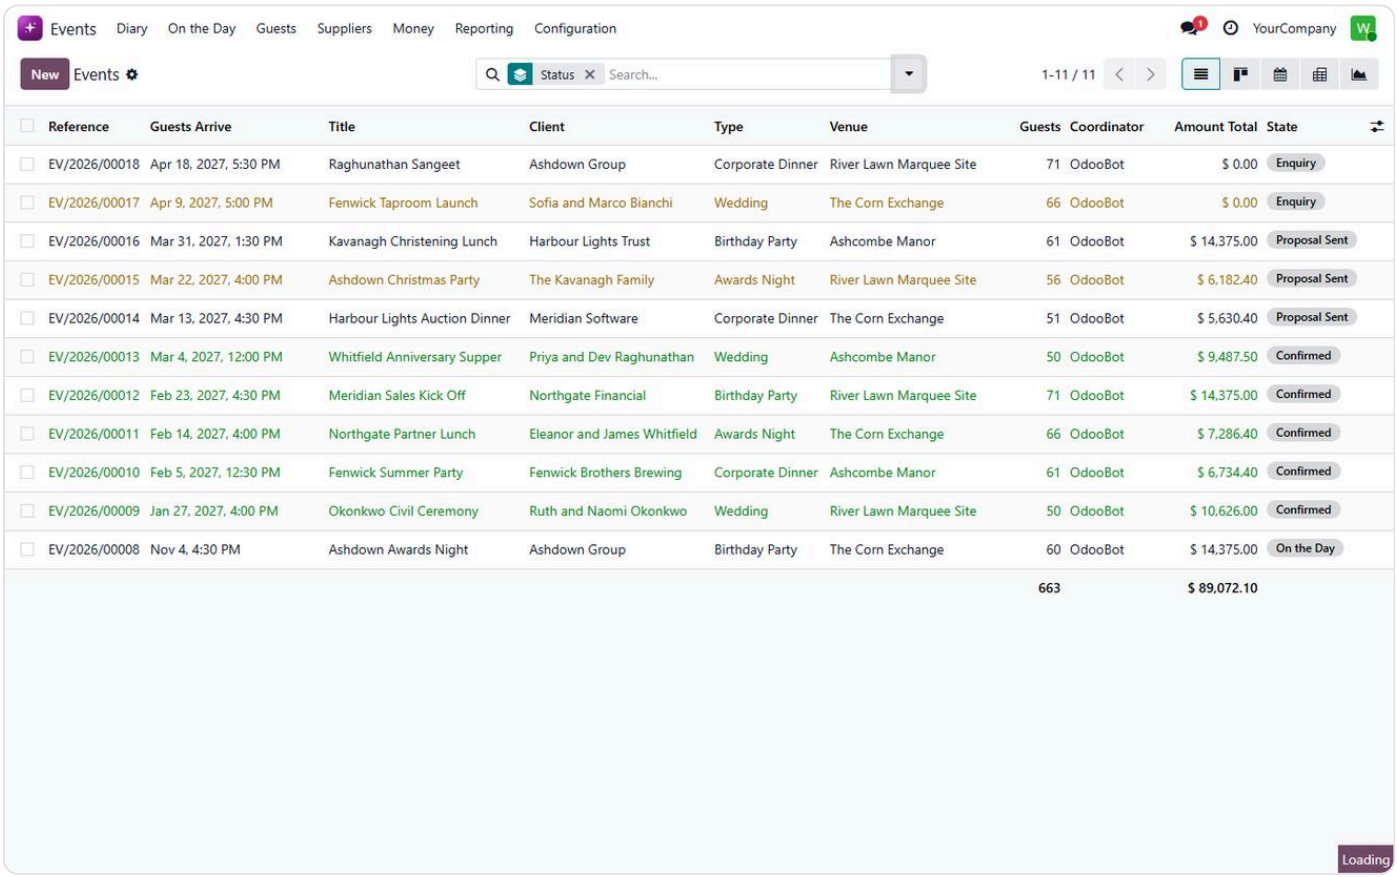

4 Diary, Calendar

The same events by date, cancelled ones left out, in month, week or day. Click an event to open it.

5 Grouped by status

With the default filter removed and grouped by status, the demo has two enquiries, three proposals out, five confirmed, one on the day, two delivered and five closed.

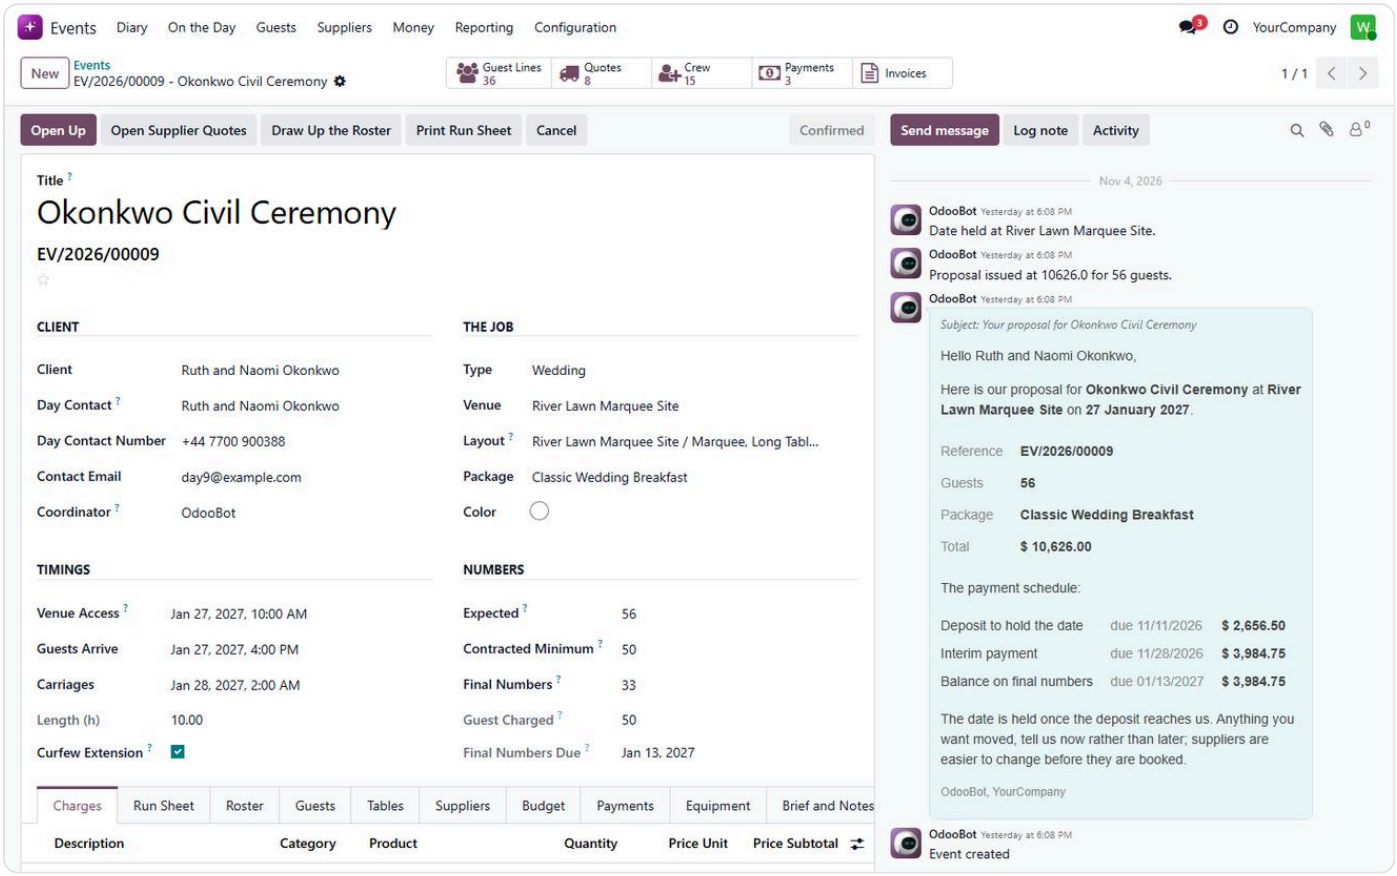

The event form

6 Top of the form

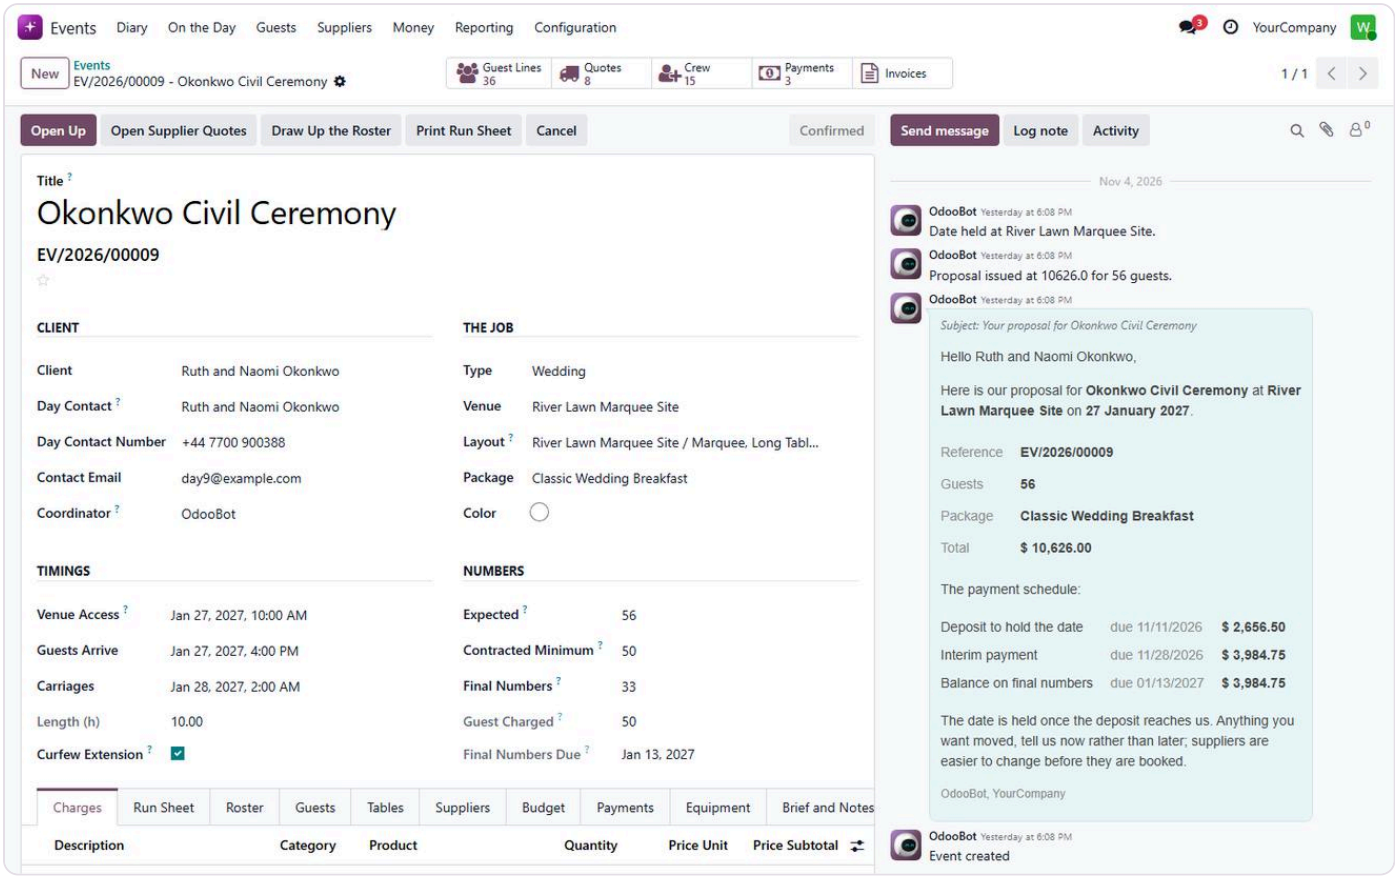

The header holds the buttons for the next step and the status bar. The smart buttons count **Guest Lines**, **Quotes**, **Crew**, **Payments** and **Invoices**. Below the title and reference: **Client** (client, day contact, number and email, coordinator), **The Job** (type, venue, layout, package, colour), **Timings** (venue access, guests arrive, carriages, length, curfew extension) and **Numbers** (expected, contracted minimum, final numbers, guests charged, final numbers due).

Venue Access is worked back from the guests' arrival by the layout's set up hours, three if the layout does not say. Carriages comes from the package cover hours or the type's typical length.

7 The whole form

The ten tabs underneath carry the rest: Charges, Run Sheet, Roster, Guests, Tables, Suppliers, Budget, Payments, Equipment, and Brief and Notes. Each has its own part in this guide.

NUMBER	MEANS
Expected	The working number while the client is still deciding.
Contracted Minimum	What the client pays for whatever happens. Picking a package raises it to the package minimum.
Final Numbers	The headcount the client confirms. The kitchen cooks for it.
Guests Charged	Final numbers if set, otherwise expected, never below the contracted minimum. The package is charged on this.
Final Numbers Due	The event day less the days in Settings. Past it with no final numbers, the event shows Numbers Outstanding.

PART 8 From enquiry to proposal

An enquiry becomes a priced proposal in one button. This part shows what to fill in first and everything that button builds.

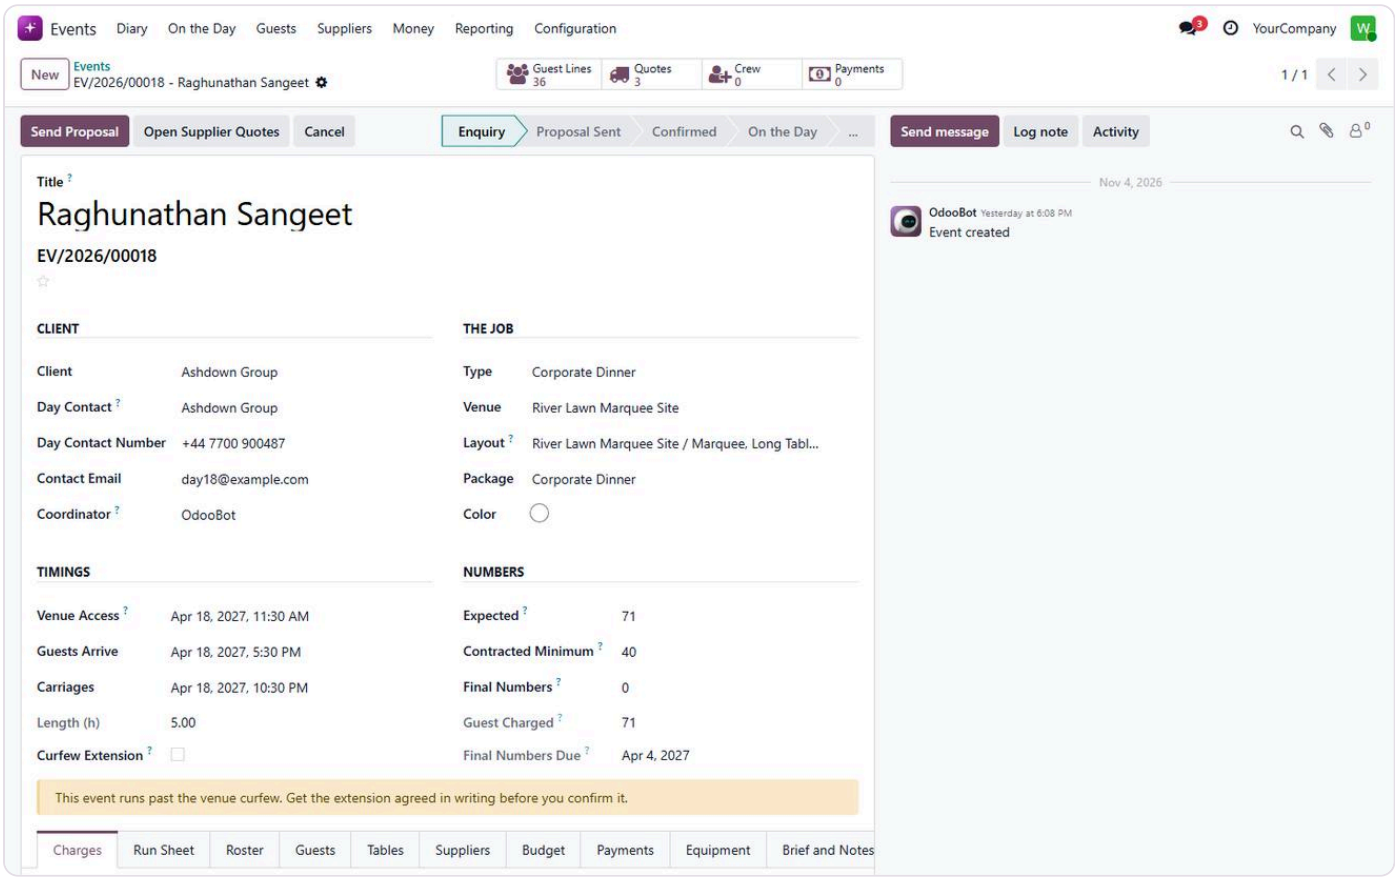

IN THIS PART YOU WILL LEARN

- Taking an enquiry
- The Charges tab and the package line
- What Send Proposal does
- The client proposal document

1 An enquiry

Diary, Events, **New**: title, client, event type, venue, layout, package, the guests' arrival, expected numbers and the contracted minimum. Picking the type offers its usual package. Picking the client fills the day contact. Picking a venue clears a layout from a different one.

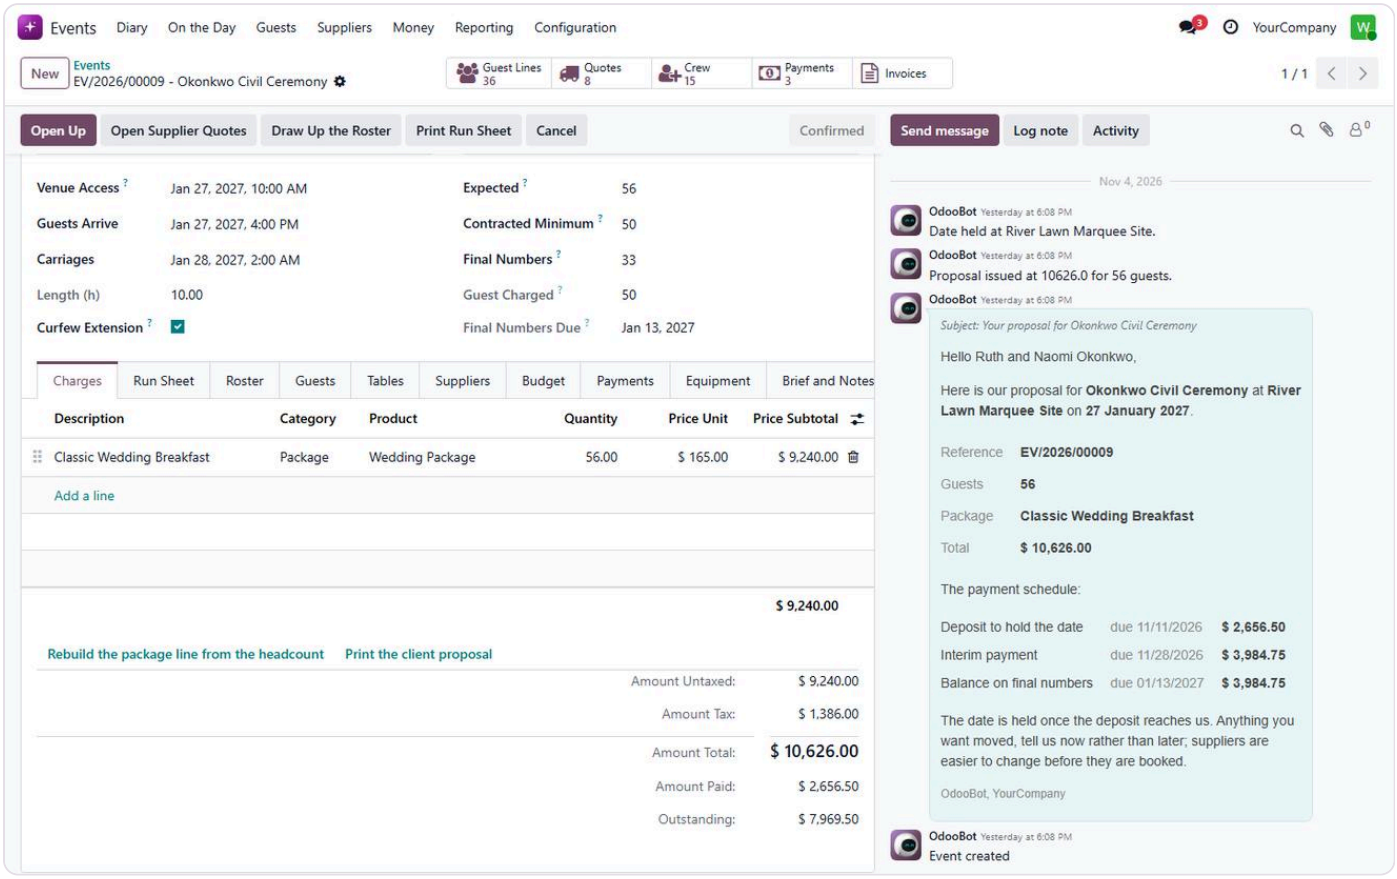

The demo enquiry is flagged over the curfew. That is allowed on an enquiry; it is refused only at Confirm the Date.

2 The Charges tab

The package line is kept in step with the headcount: per head packages charge the guests charged, flat packages one fee. Add lines for anything outside the package with a category, product, quantity, price and taxes. The foot shows untaxed, tax, total, received and outstanding. **Rebuild the package line from the headcount** refreshes it after numbers change, and **Print the client proposal** prints the PDF.

Charge lines on a closed or cancelled event cannot be deleted: they are the record of what was billed.

Send Proposal

HOW IT WORKS

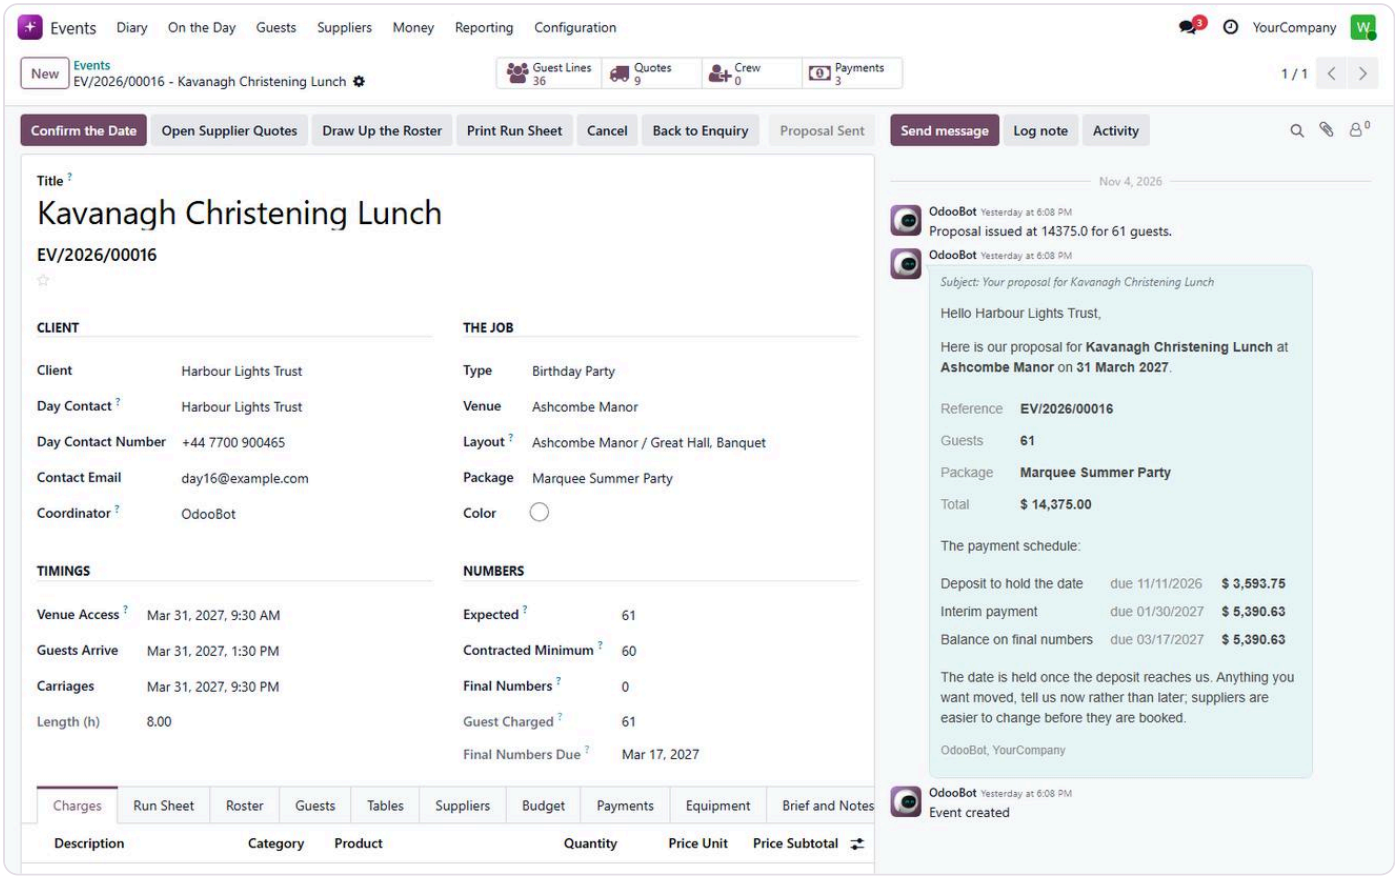

What one button builds

1. Checks there is a venue and at least one charge.
2. Brings the package line up to date.
3. Builds the estimated budget: one line per inclusion heading at cost per head times guests charged, plus a venue hire line from the venue's hire fee.
4. Builds the payment schedule (Part 9).
5. Moves the event to Proposal Sent, and the venue is now held against double booking.
6. Emails the proposal to the client if they have an email, and notes "Proposal issued at <total> for <n> guests" on the event.

3 A proposal out

The header now offers **Confirm the Date**, **Open Supplier Quotes**, **Draw Up the Roster**, **Print Run Sheet**, **Cancel** and **Back to Enquiry**. The chatter holds the proposal email as it was sent.

Back to Enquiry is how you rework a proposal from scratch. Charges can also be edited and the proposal printed again without going back.

4 The client proposal

Printed from the Charges tab: the event, date, venue and guests, the package description and its inclusions, every charge with tax and total, and the payment schedule with what is due when.

Kavanagh Christening Lunch

Harbour Lights Trust
Harbour Lights Trust
day16@example.com

Reference: EV/2026/00016
Type: Birthday Party
Date: Wednesday 31 March 2027, 14:30
Venue: Ashcombe Manor
Guests: 61

Marquee Summer Party

A clear span marquee on the river lawn with flooring, lining and festoon lighting, a run bar, a barbecue and salad table, and a live band for two sets. Sold as one fee for up to sixty; above that it is priced per head on top.

- Marquee, flooring and lining
- Run bar and bar staff
- Barbecue and salad table
- Live band, two sets
- Festoon lighting and generator
- Furniture, linen and glassware
- Coach transfers, two runs
- Photographer, four hours

What It Comes To

Item	Qty	Unit	Amount
Marquee Summer Party	1	$ 12,500.00	$ 12,500.00

Subtotal	$ 12,500.00
Tax	$ 1,875.00
Total	**$ 14,375.00**

Payment Schedule

Deposit to hold the date	11/11/2026	$ 3,593.75
Interim payment	01/30/2027	$ 5,390.63
Balance on final numbers	03/17/2027	$ 5,390.63

Final numbers are due by 03/17/2027. The charge is worked out on the final numbers or the contracted minimum of 60, whichever is higher.

PART 9 The payment schedule and confirming the date

A date is held when the deposit is in. This part covers the stages, the stage invoices and the checks Confirm the Date runs.

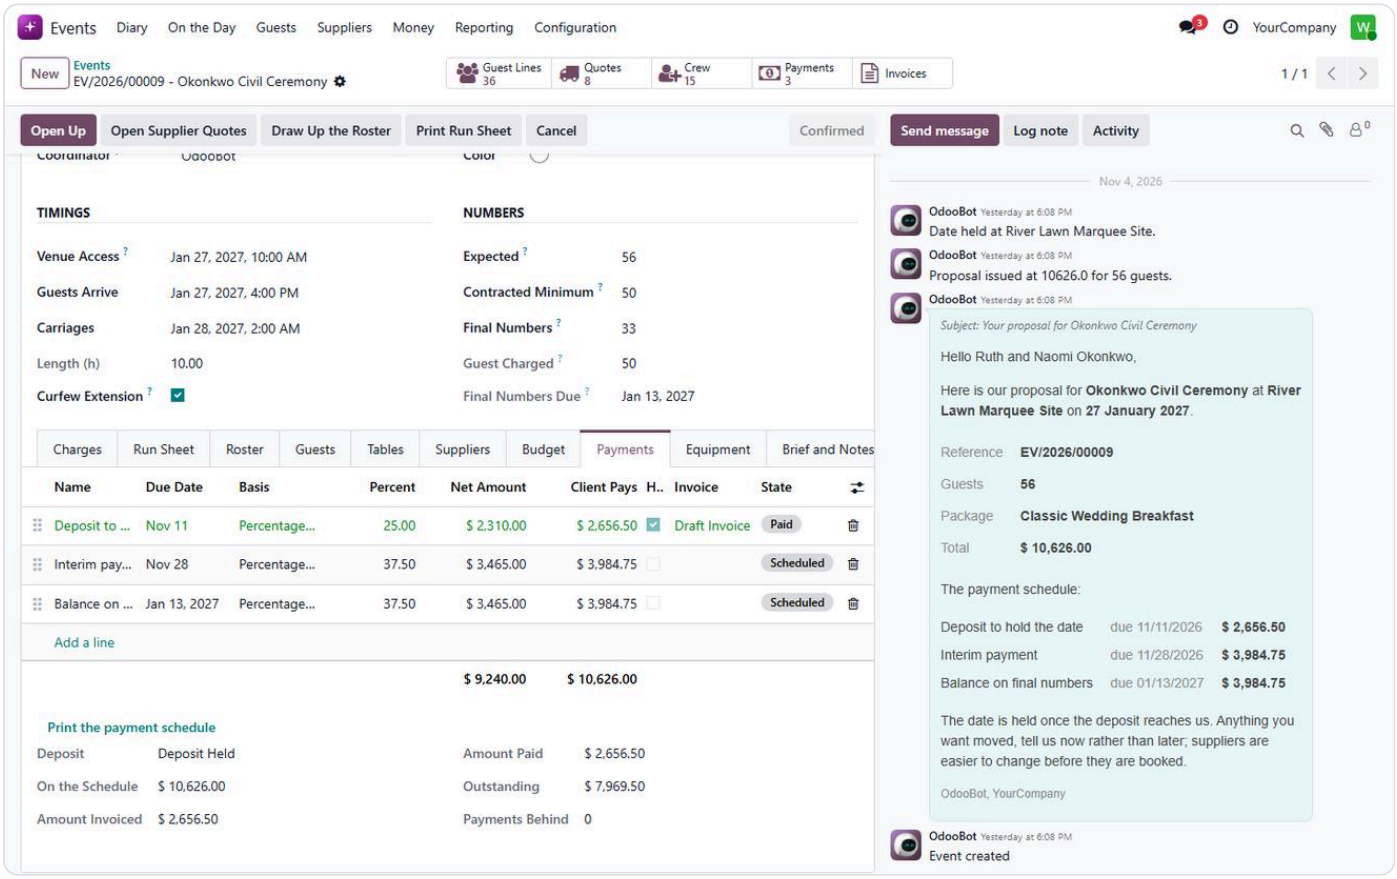

IN THIS PART YOU WILL LEARN

- The standard three stage schedule
- Raising a stage invoice and marking it paid
- The rules a schedule must follow
- Every check on Confirm the Date

STAGE	SHARE	DUE
Deposit to hold the date	The deposit percentage from Settings, 25 by default	Seven days from the day of quoting, or the event day if sooner
Interim payment	Half of the remainder	60 days before the event
Balance on final numbers	The other half	The final numbers deadline

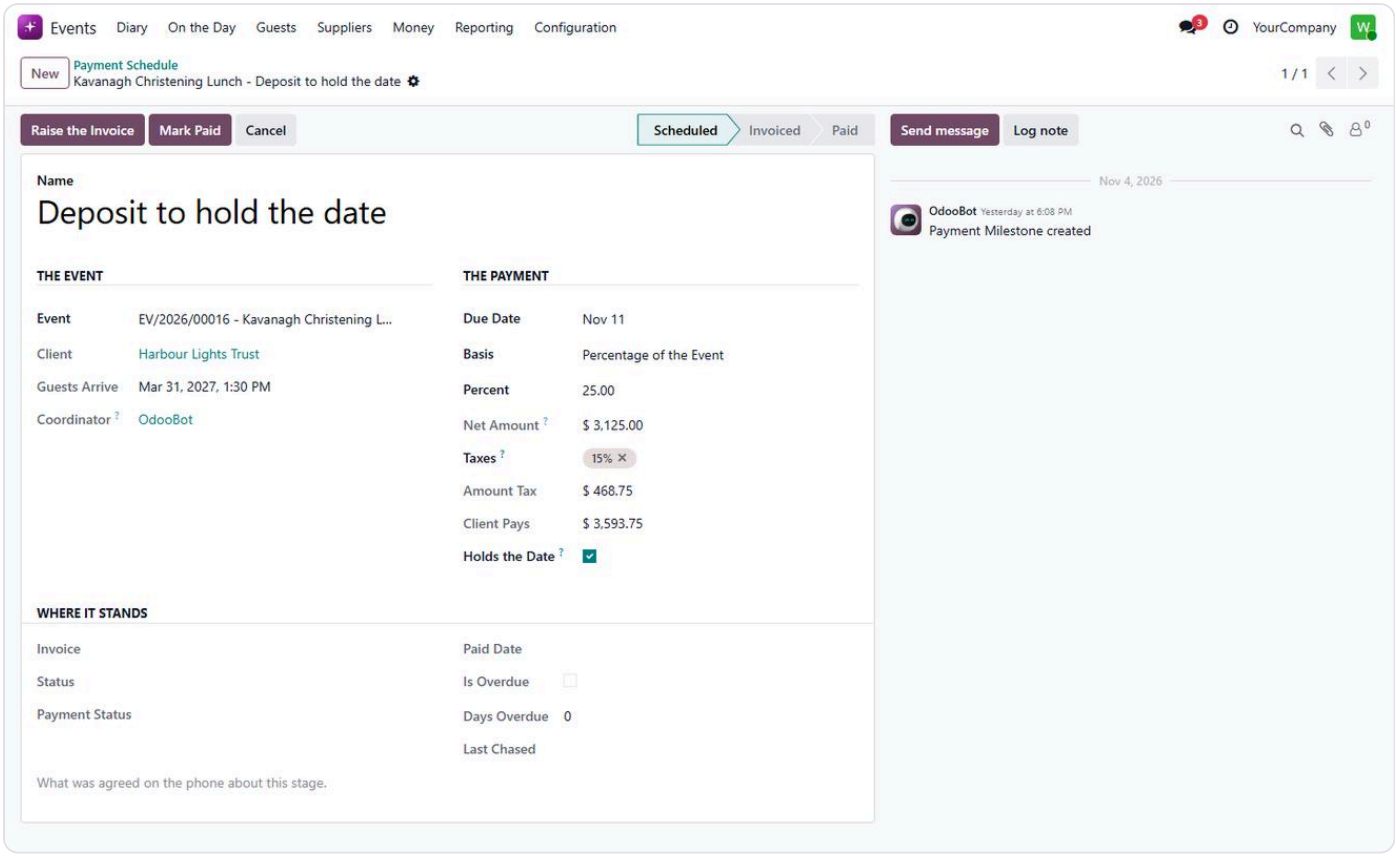

1 The Payments tab

Each stage shows its due date, basis (a percentage of the event or a fixed amount), net amount, taxes, what the client pays, whether it holds the date, its status and the invoice with its payment status. An event without a schedule gets the standard one from **Build the standard payment schedule**. **Print the payment schedule** prints it.

2 A stage, scheduled

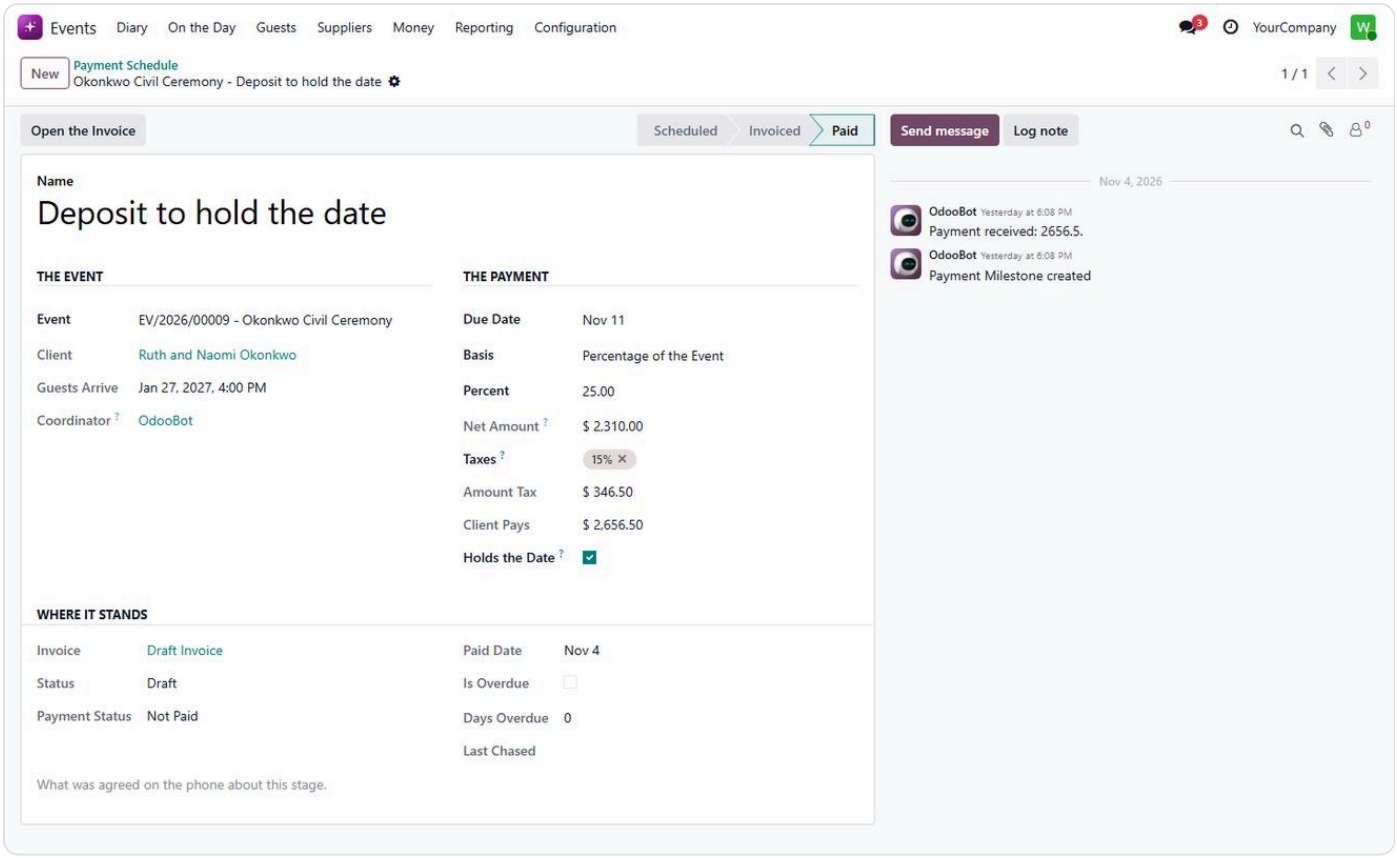

Open a stage. **Raise the Invoice** creates a draft customer invoice in Accounting for the stage amount, against the package product with the stage's taxes, dated today and due on the stage's due date. **Mark Paid** records the money. **Cancel** takes it off the schedule.

3 A stage, paid

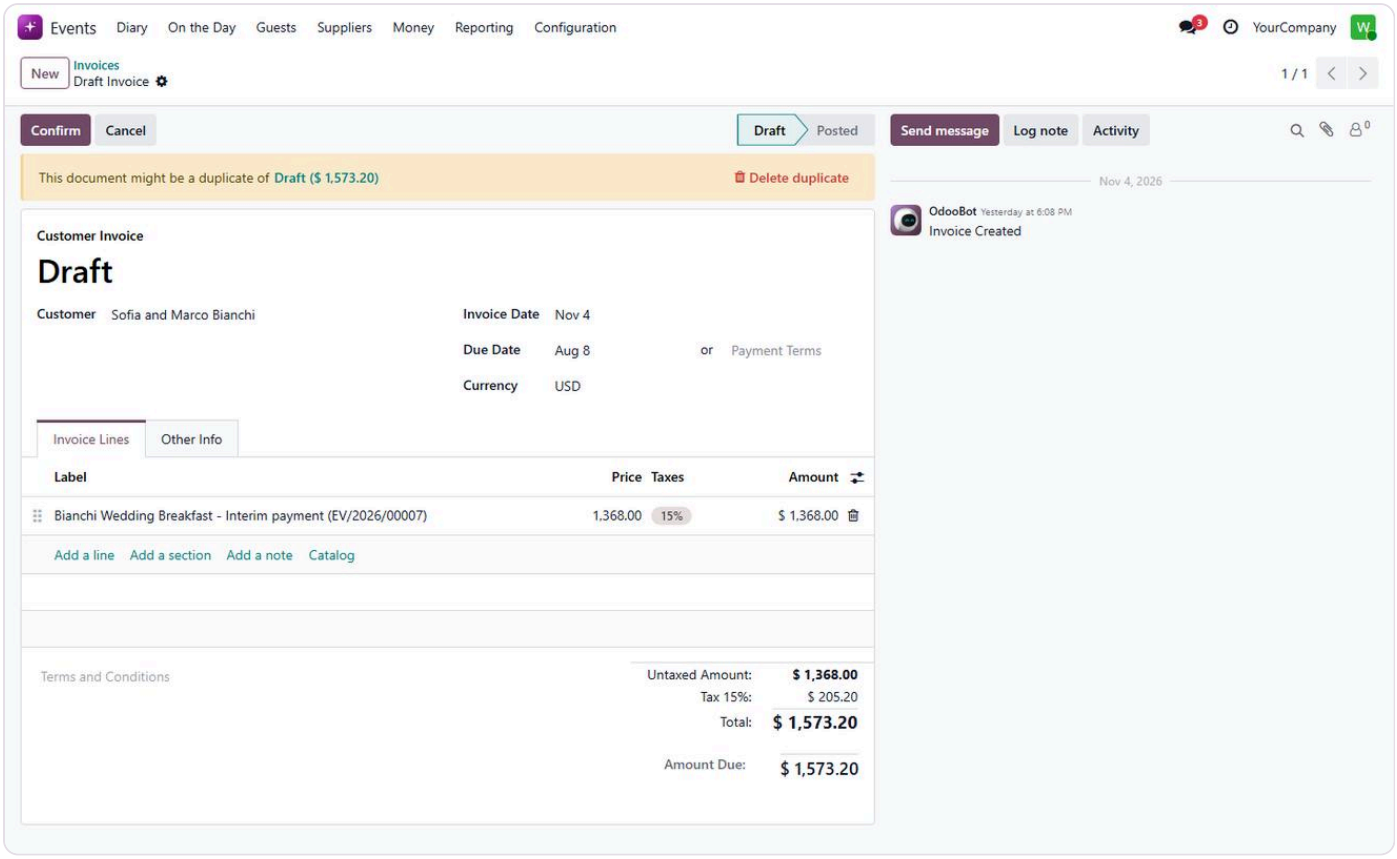

A paid deposit shows **Holds the Date**, the paid date and the invoice. Money does not go back on the schedule: a paid stage cannot be reset.

Mark Paid does not watch the invoice. When your accountant reconciles the payment in Accounting, someone still presses Mark Paid. The invoice's payment status sits beside the stage so the two are easy to compare.

4 The stage invoice

A normal Odoo customer invoice: the client, the origin "<event> - <stage>", one line naming the event and the stage. Post it, send it and register the payment in Accounting as usual.

SCHEDULE RULE	ODOO SAYS
Only one deposit	<event> already has a deposit on its payment schedule. One payment holds the date, not two.
Not more than the event is worth	The payment schedule on <event> adds up to X, which is more than the event is worth (Y).
Not long after the day	<stage> falls more than a month after the event.
No invoice twice	<stage> has already been invoiced or cancelled.
No invoice on a cancelled event	<stage> belongs to a cancelled event. Nothing more is billed against it.
Posted invoices are credited, not cancelled	<stage> has been invoiced on <ref> and that invoice is posted. Credit it in Accounting rather than cancelling the milestone.

Confirm the Date

CHECK	REFUSED WITH
The event is at Proposal Sent	Only a quoted event can be confirmed.
The venue holds the licences the type needs	<type> needs an alcohol licence and none is recorded against <venue>.
Those licences run past the day	The <licence> at <venue> expires <date>, before the event runs.
It finishes before the curfew	<event> runs past the <venue> curfew. Get the extension agreed in writing and tick the curfew extension box.

The deposit is paid (setting on)	The deposit on <event> has not been paid, and a date is not held without one.

5 Confirmed

Once confirmed the event notes "Date held at <venue>". The header offers **Open Up** for the morning, and the deposit badge reads Deposit Held.

PART 10 Suppliers, quotes and paperwork

The margin is decided by suppliers, and the one supplier you cannot book is the one whose insurance has lapsed. This part covers the approved list and every step of a quote.

IN THIS PART YOU WILL LEARN

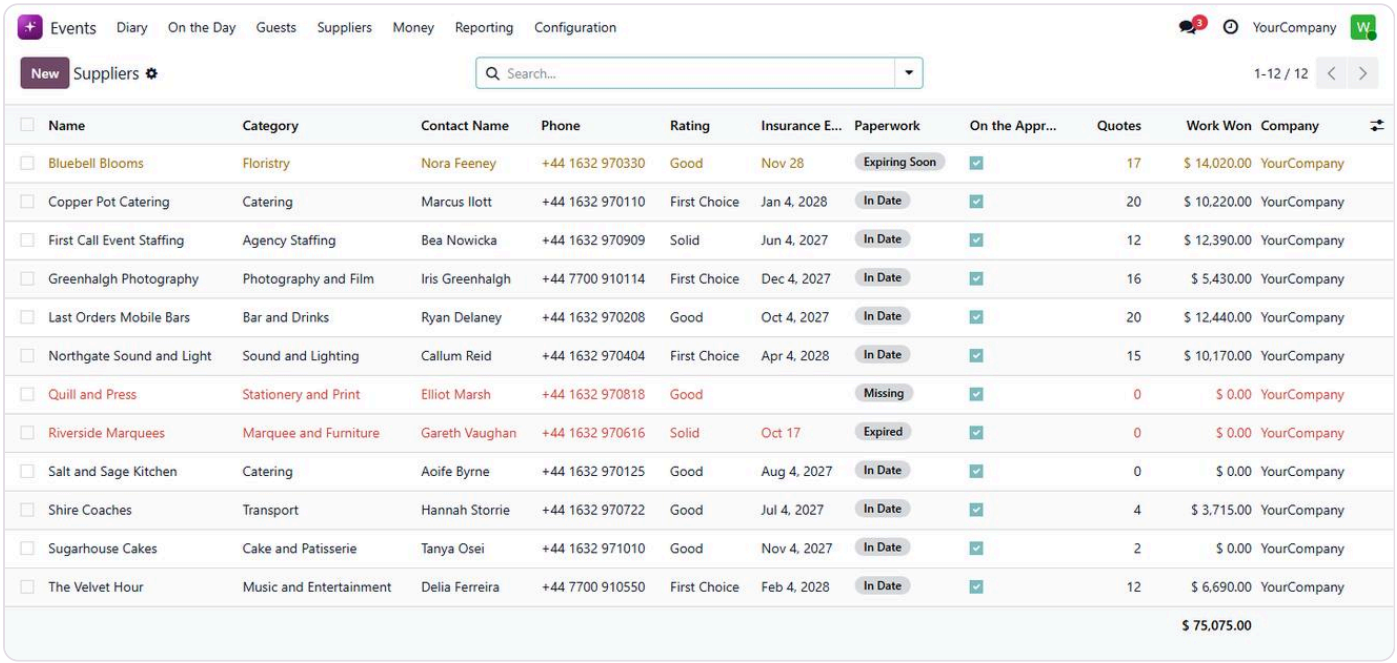

- The supplier record and its paperwork status
- Approve and Suspend
- Drafting quotes from the package
- A quote from brief to the event budget

TRY IT YOURSELF ON THE DEMO

1. Suppliers, Supplier List, open Riverside Marquees: its paperwork has expired
2. Suppliers, Paperwork Due
3. Suppliers, Quotes, then open an accepted and a rejected quote

1 The supplier list

Suppliers, **Supplier List**: category, rating, approved, notice needed, paperwork and work won. Filters: Approved, First Choice, Paperwork Problem; group by category, paperwork or rating.

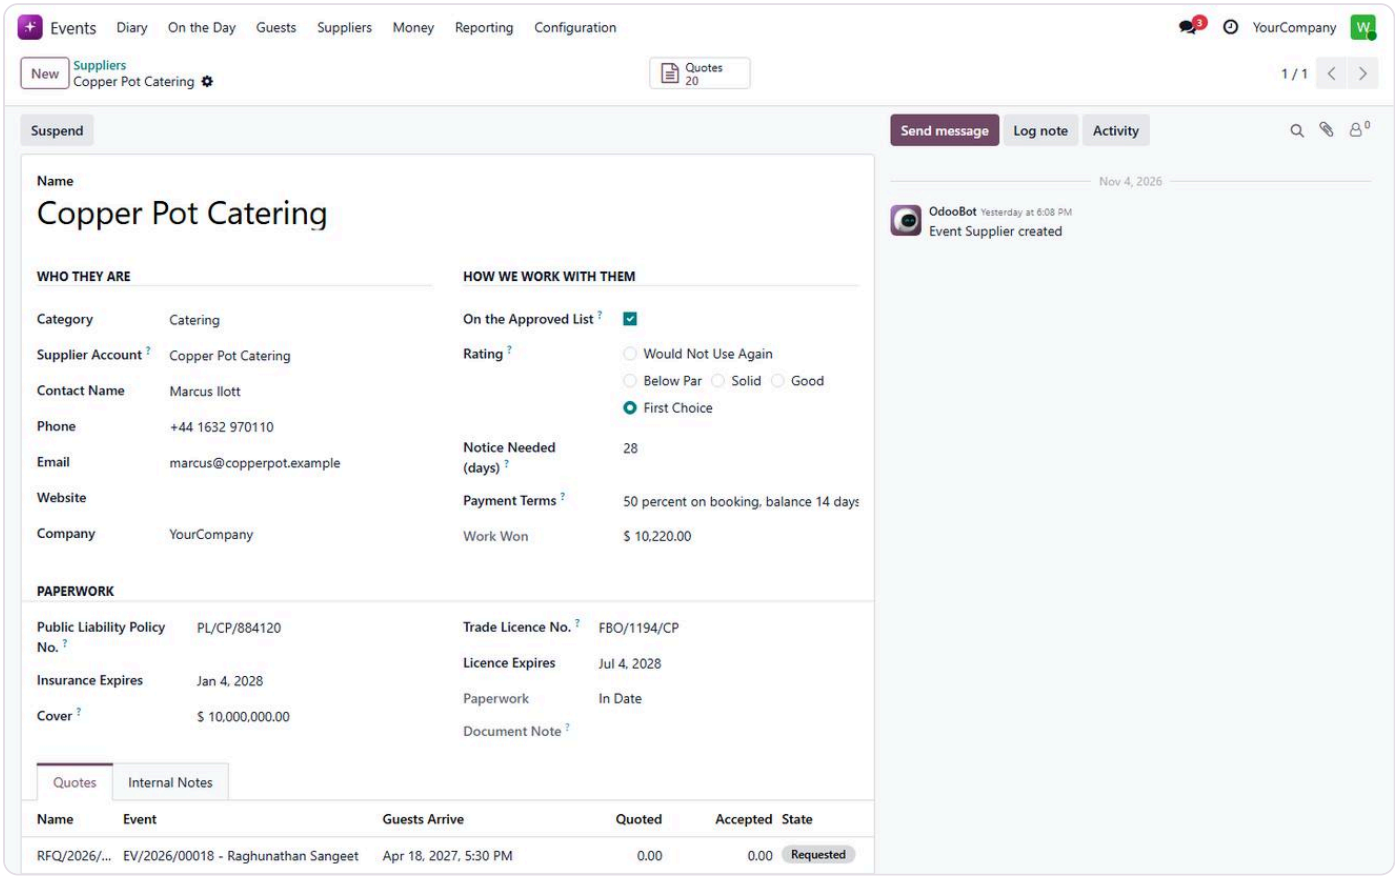

Name	Category	Contact Name	Phone	Rating	Insurance E...	Paperwork	On the Appr...	Quotes	Work Won	Company
Bluebell Blooms	Floristry	Nora Feeney	+44 1632 970330	Good	Nov 28	Expiring Soon	☑	17	$ 14,020.00	YourCompany

									$ 75,075.00	

2 A supplier

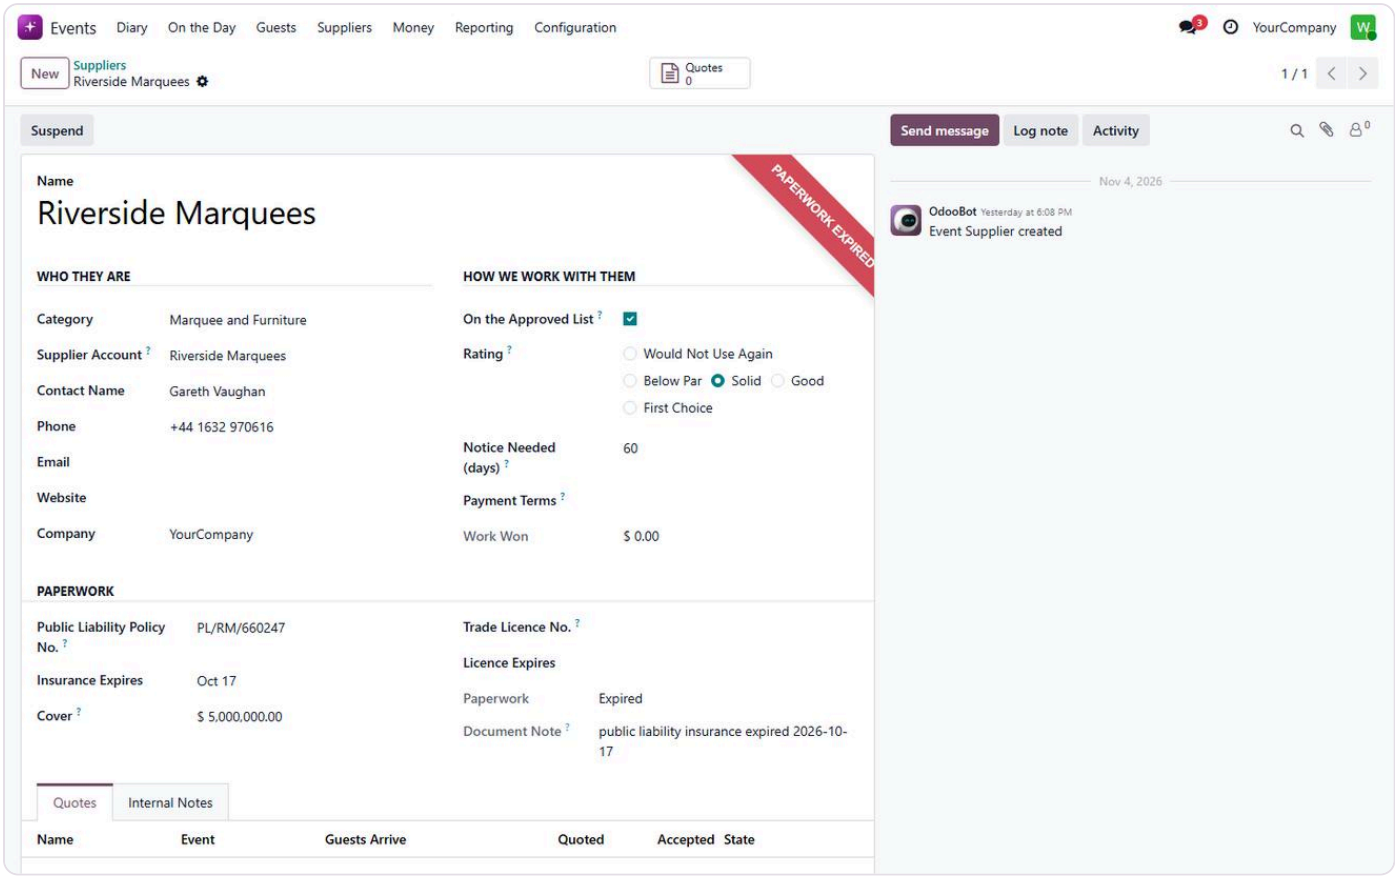

Linked to an Odoo contact and a category. **On the Approved List**, a **Rating** from first choice to would not use again, **Notice Needed (days)**, payment terms in words, the **Public Liability Policy No.**, expiry and cover, the **Trade Licence No.** and expiry, and private internal notes. Tabs list its quotes. Buttons: **Add to Approved List** and **Suspend**.

Add to Approved List is refused while required paperwork is expired or missing.

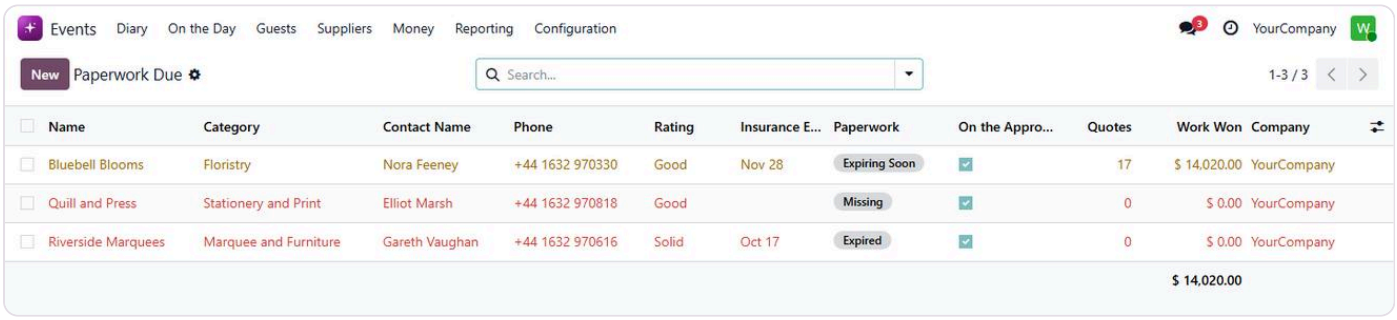

3 Paperwork expired

From the expiry dates and the category rules the supplier shows **Paperwork**: in date, expiring soon, expired or missing, with a note saying which document and when.

4 Suppliers, Paperwork Due

Every supplier with paperwork expiring, expired or missing, to chase in one list.

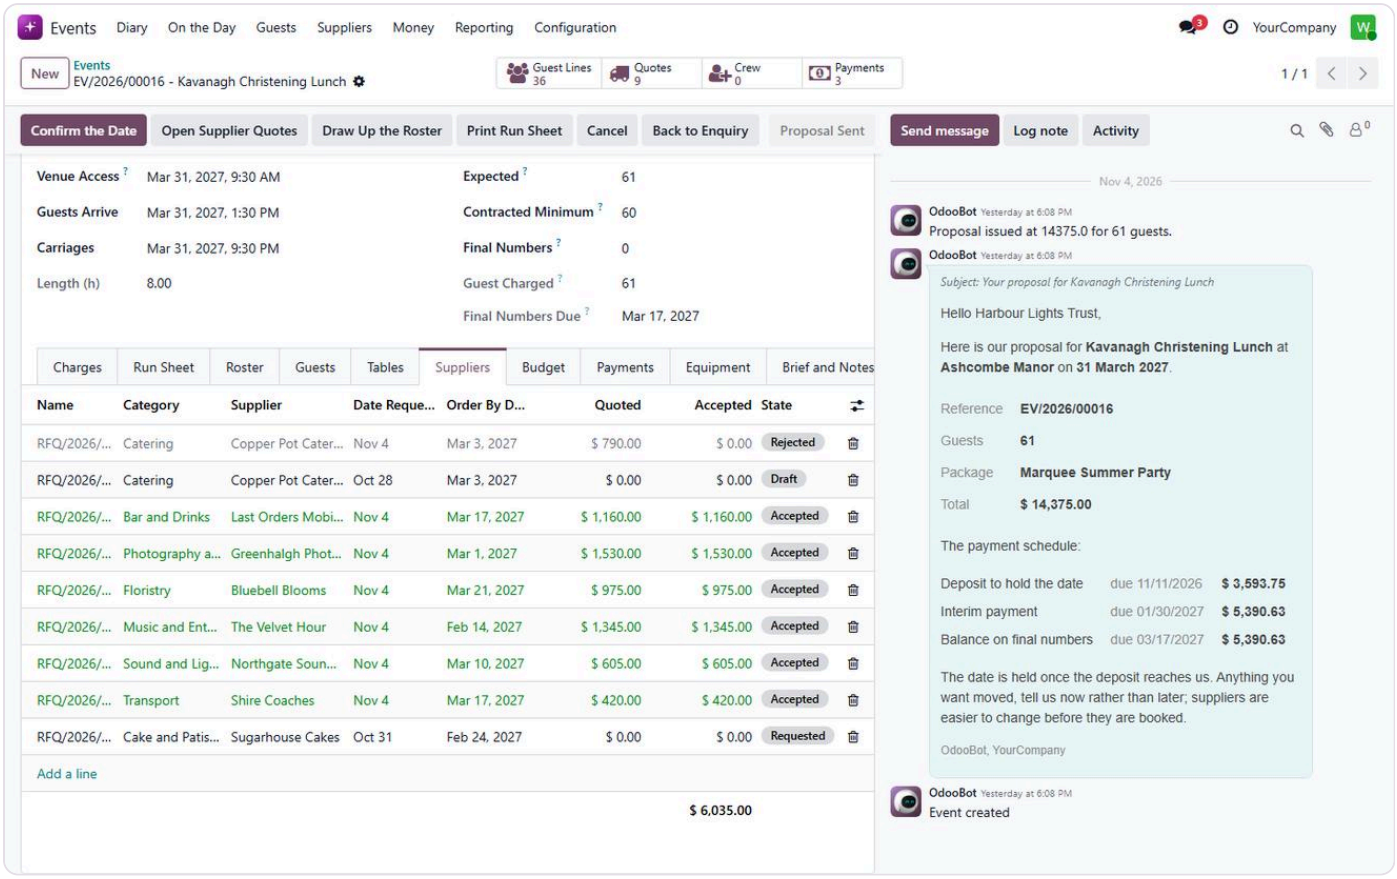

A quote, step by step

On a quoted event, **Open Supplier Quotes** drafts one quote per heading in the package, venue left out, each with the best rated approved supplier who is clear to book, and a brief naming the event, the guests and the venue. Quotes can also be added by hand on the event's Suppliers tab or under Suppliers, Quotes.

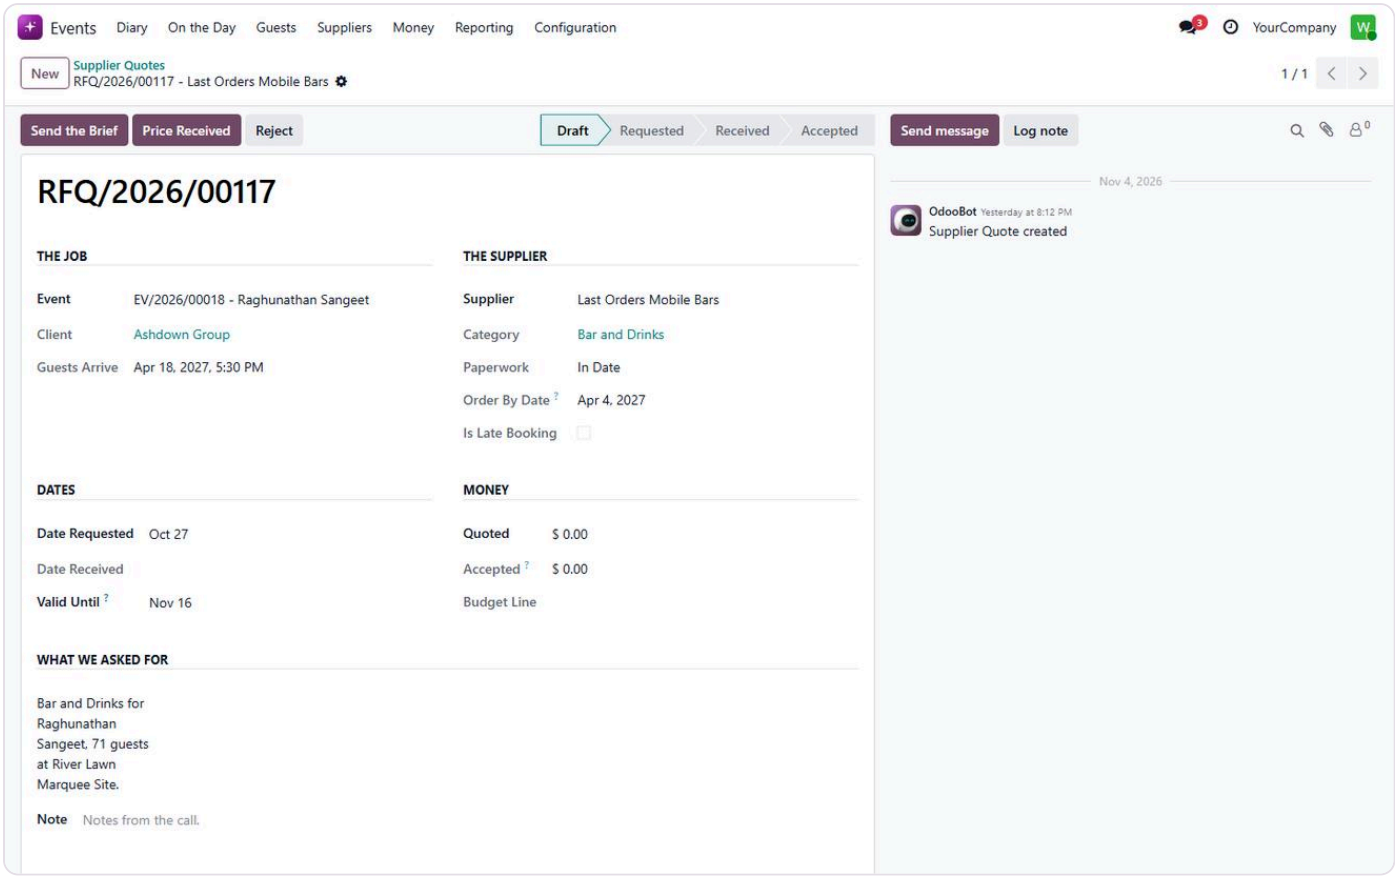

5 The Suppliers tab

Every quote for the event with its category, supplier, date requested, order by date, quoted and accepted amounts and status.

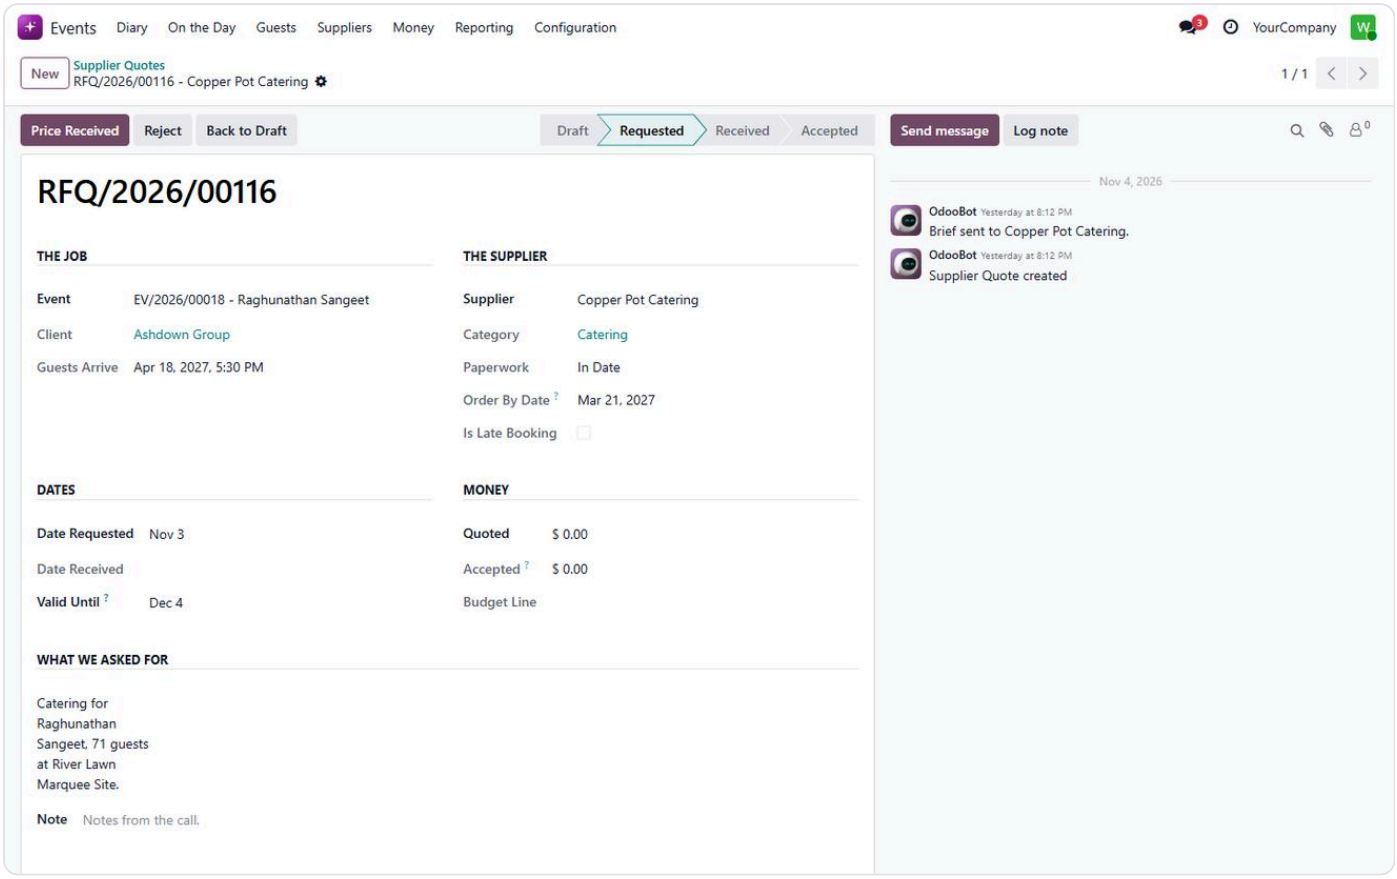

6 Draft

What We Asked For is the brief. **Send the Brief** marks it requested and dates it; it records that the brief went out, the brief itself goes however you work with that supplier.

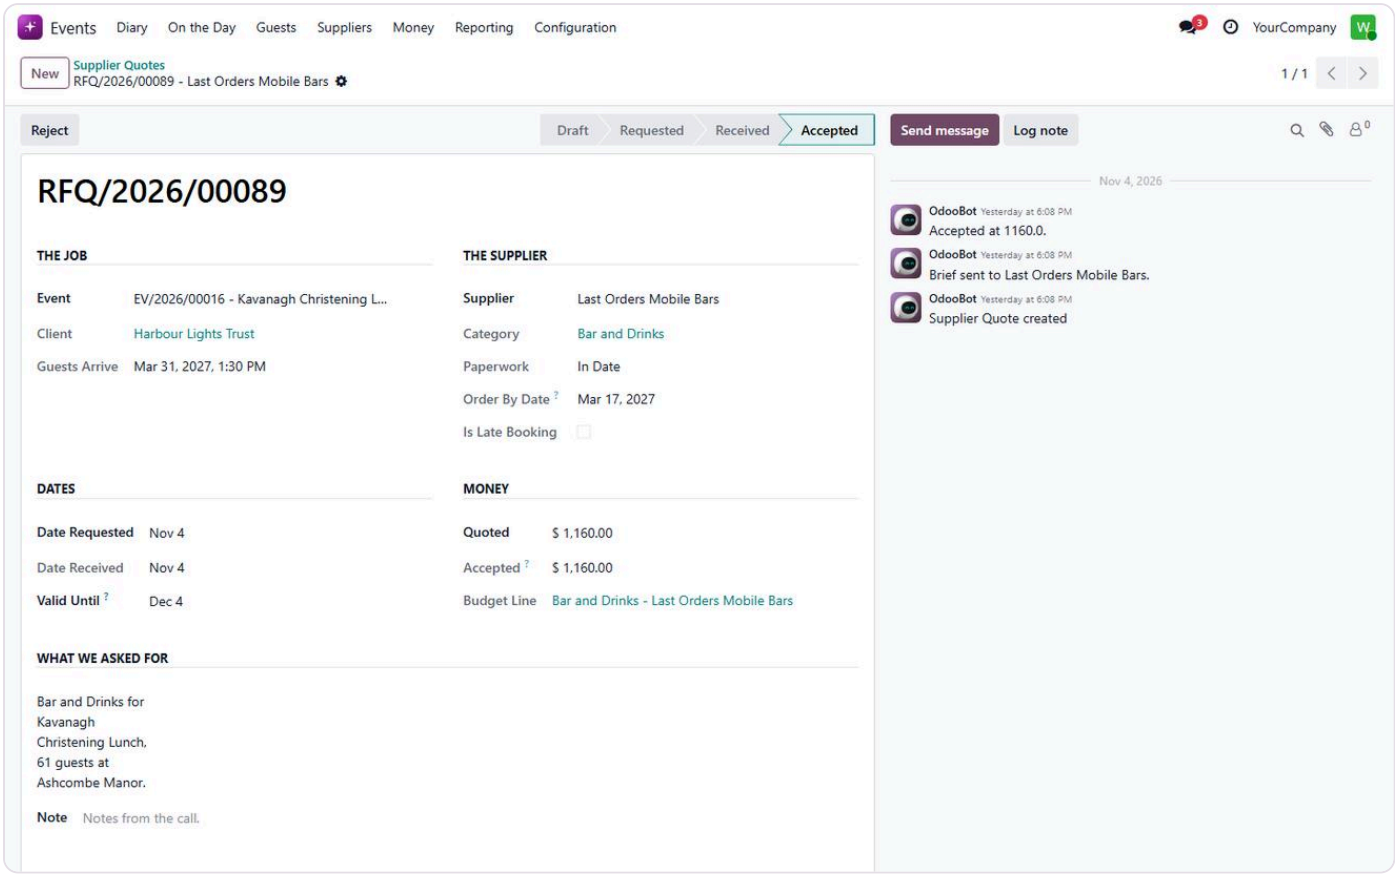

7 Requested

Put their figure in **Quoted** and press **Price Received**. The **Order By** date is the event date less the supplier's notice period.

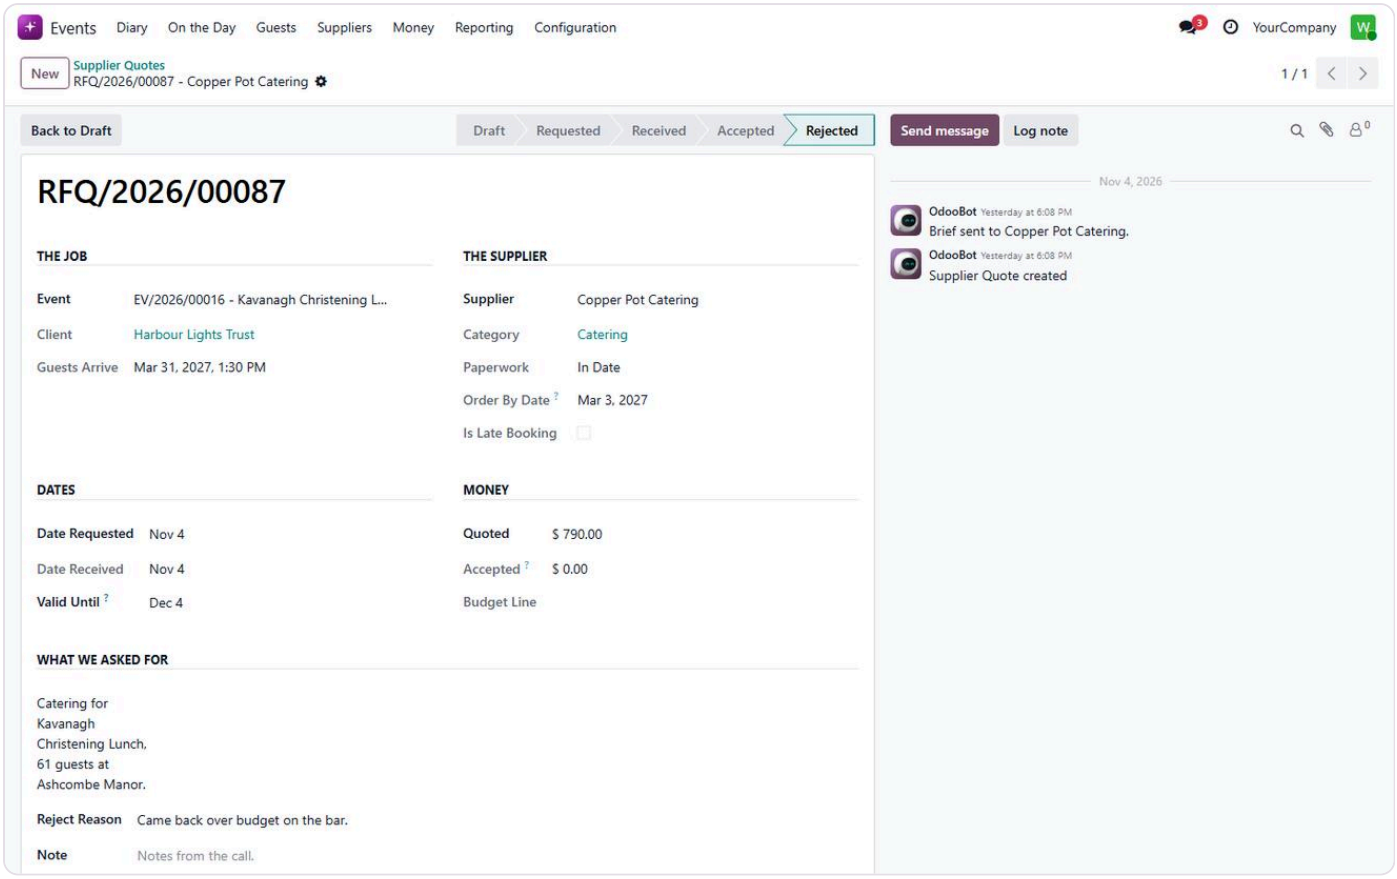

8 Accepted

Accept copies the quoted figure into Accepted and puts it on the event budget: on the matching heading's line if the package budgeted one, as the committed actual, so the variance reads as how far over or under the allowance the supplier came.

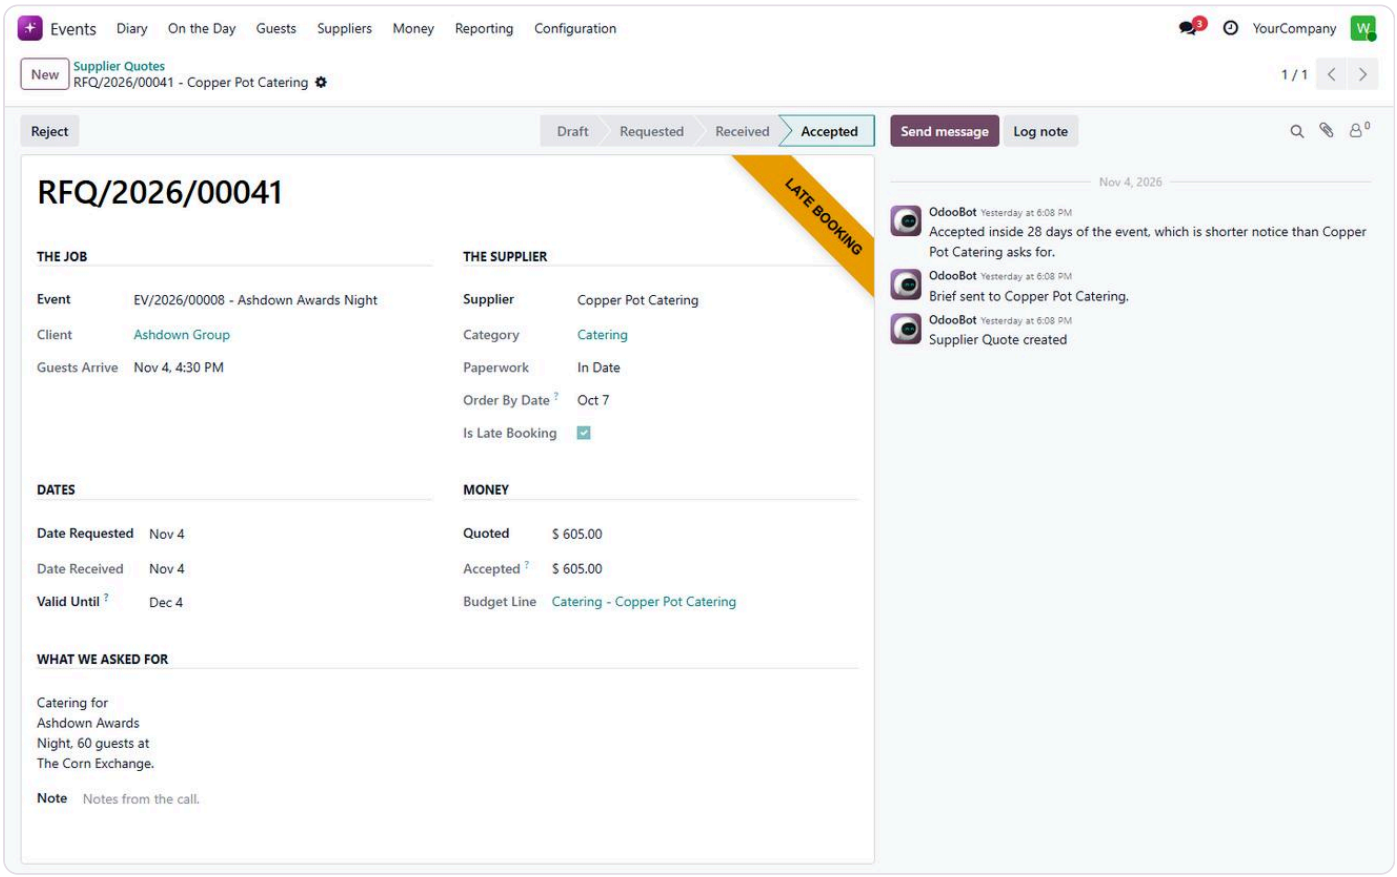

9 Rejected

Reject needs a reason; it is the record the next planner reads. A rejected quote can go **Back to Draft**.

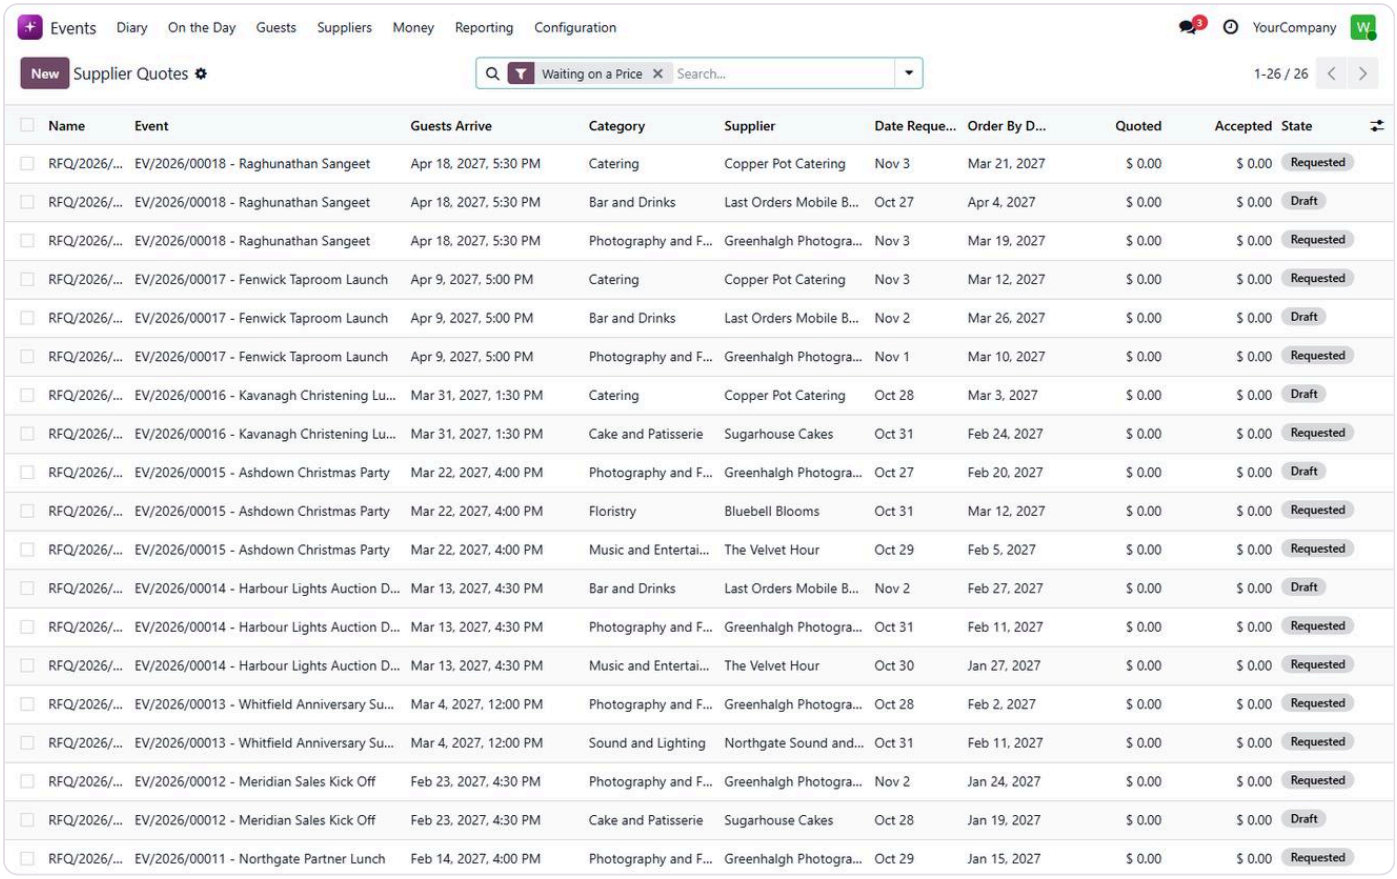

10 A late booking

A quote received or requested after its Order By date is flagged as a late booking, and the Quotes list has a Late Booking filter.

11 Suppliers, Quotes

Every quote across the diary, opening on those waiting on a price. Filters: Waiting on a Price, To Decide, Accepted, Late Booking, Supplier Paperwork Problem.

ACCEPT IS REFUSED WHEN	BECAUSE
The quote has no price received	It has to be received with a price on it first
The event is closed or cancelled	Nothing more can be booked against it
The supplier is not approved	Approve them first, or use somebody else
The supplier's required paperwork is expired or missing	Get the new certificate on file first
Another quote is accepted for the same category on this event	Reject it first if you are changing supplier

Reject is refused once the quote's budget line is settled; adjust the budget line instead. An accepted quote cannot go back to draft; reject it.

PART 11 The run sheet

On the day nobody opens the contract. The event runs off one sheet: what happens when, where, and whose job it is.

IN THIS PART YOU WILL LEARN

- Every field on a cue
- Start, Done, Skip and Reset on the day
- Actual times against the plan
- The printed run sheet

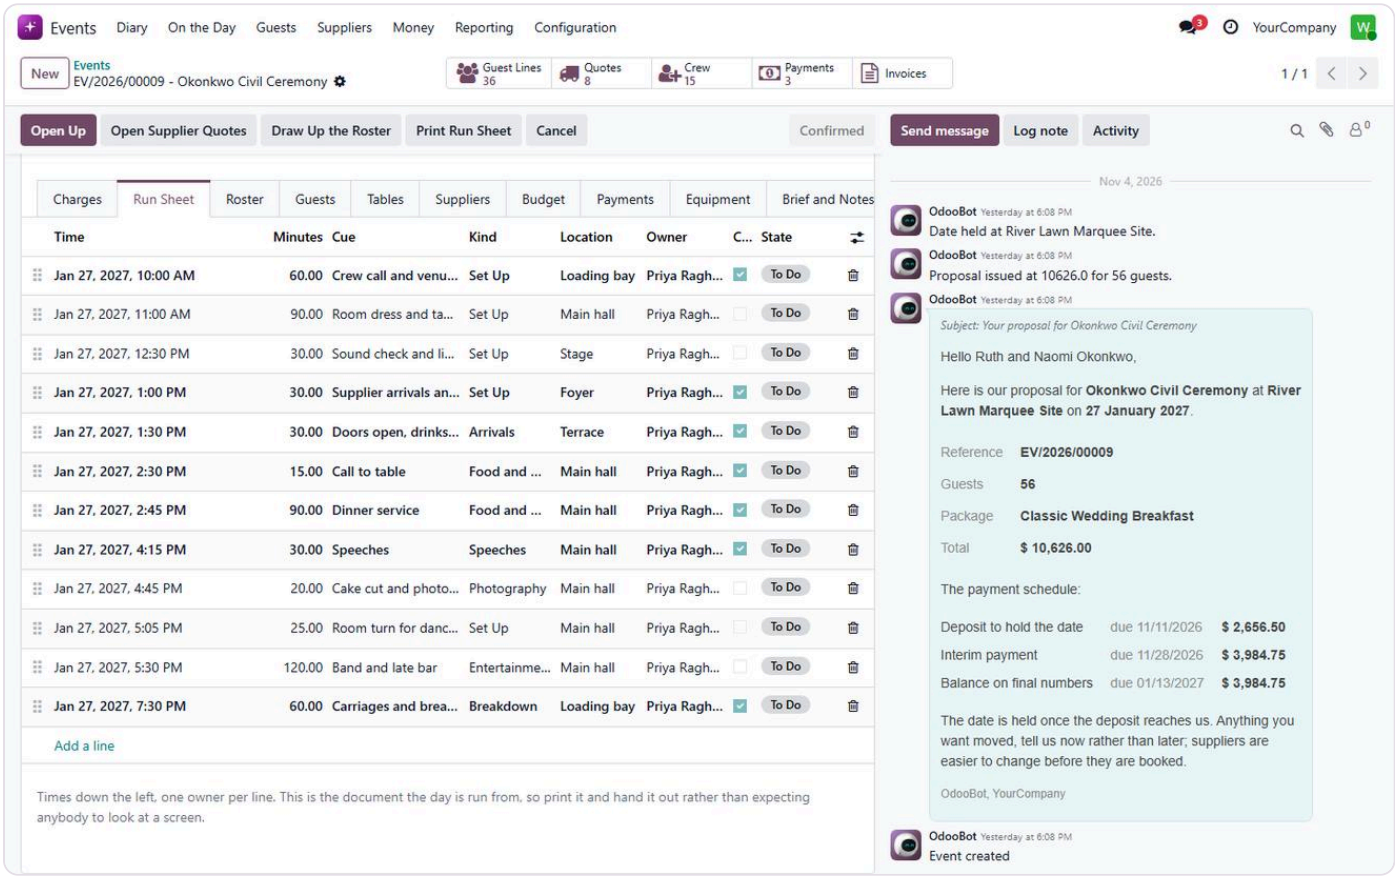

TRY IT YOURSELF ON THE DEMO

1. Open EV/2026/00008, the event on the day, and its Run Sheet tab
2. On the Day, Run Sheets: every cue still to do, by event
3. Open a done cue and a pending one

1 The Run Sheet tab

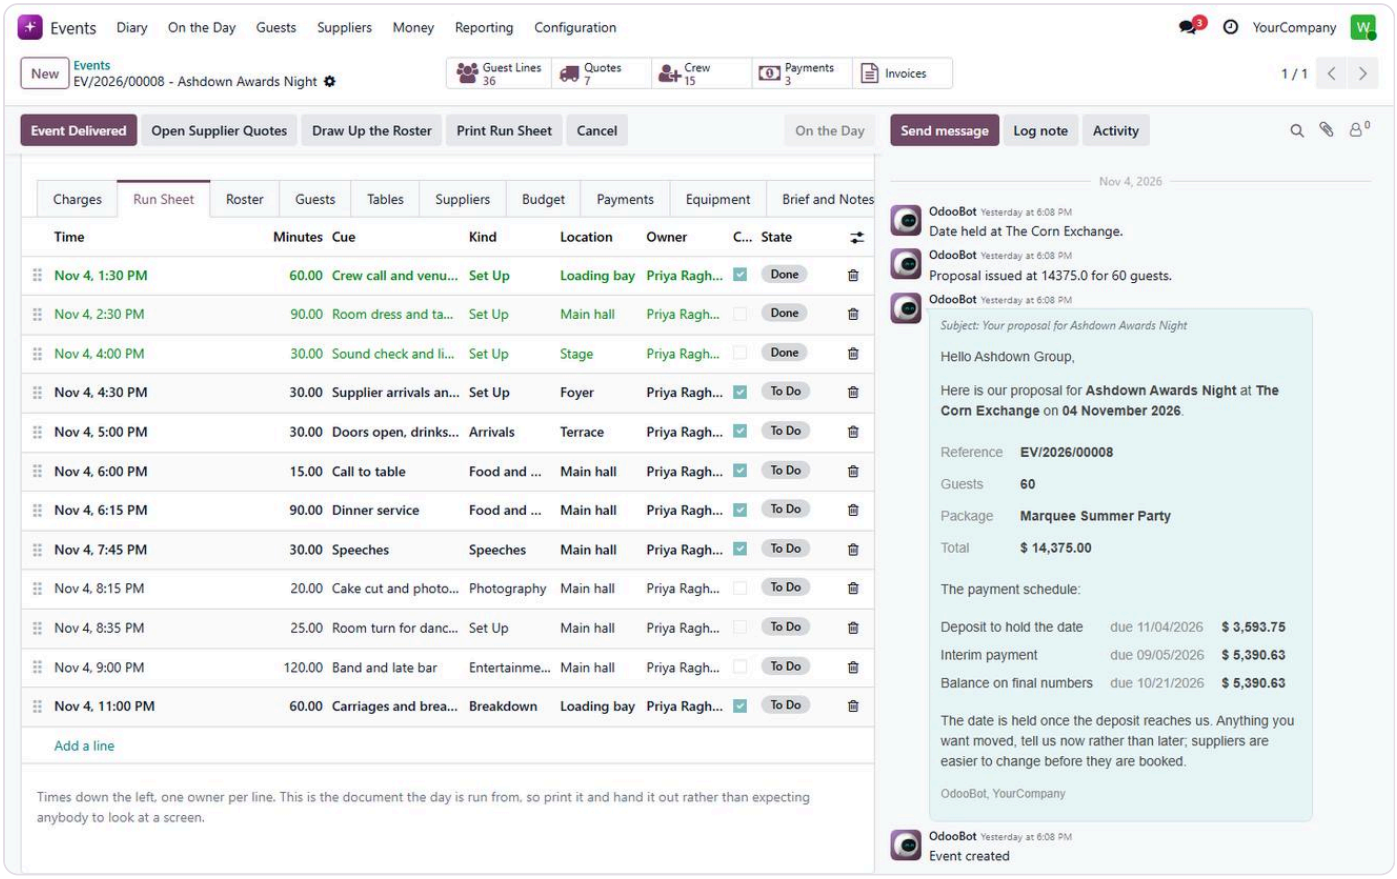

Each cue has a **Time**, **Minutes**, the **Cue** itself, a **Kind** (set up, arrivals, ceremony, food and drink service, speeches, photography, entertainment, breakdown or other), a **Location**, an **Owner** from the crew, **Cannot Slip** and a status. Ran Late By is an optional column.

A cue timed before the venue access time is refused, and a Cannot Slip cue cannot be saved without an owner.

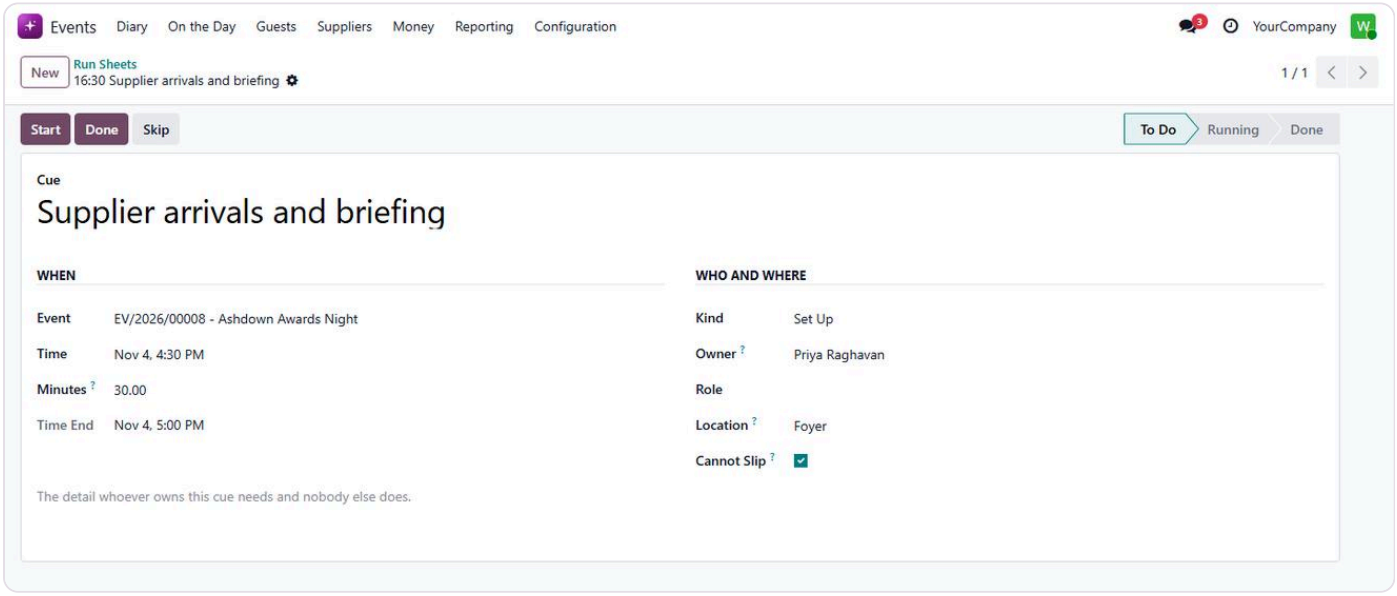

2 On the day

On EV/2026/00008 the first three cues are done and the rest are waiting. Each cue moves with **Start** and **Done**, which stamp the actual start and end times.

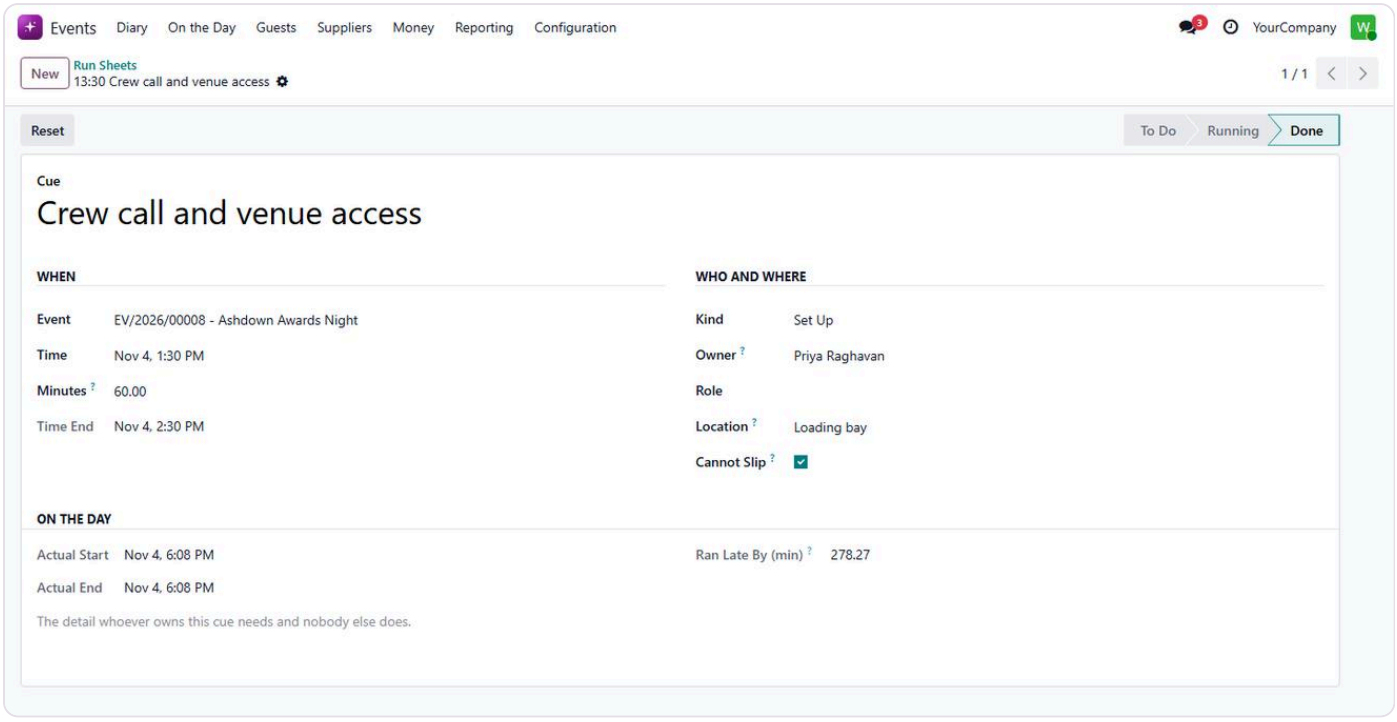

3 A cue waiting

The cue form: when, where, who, Cannot Slip, and the buttons **Start**, **Done** and **Skip**. Skip needs a reason in **Skip Reason**, and a Cannot Slip cue cannot be skipped until the flag is taken off.

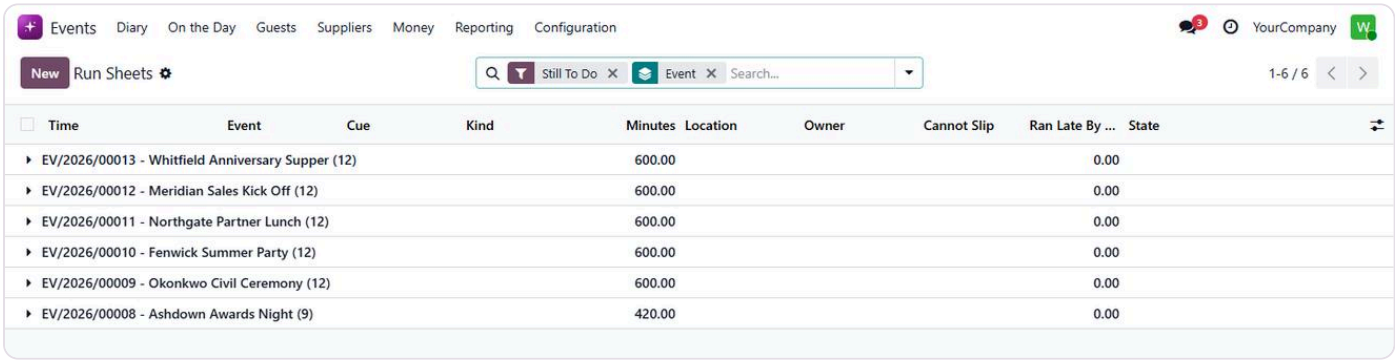

4 A cue done

Actual Start, **Actual End** and **Ran Late By (min)** give the debrief a number instead of an argument. **Reset** puts a skipped or running cue back to do; a cue on a delivered event cannot be reset.

5 On the Day, Run Sheets

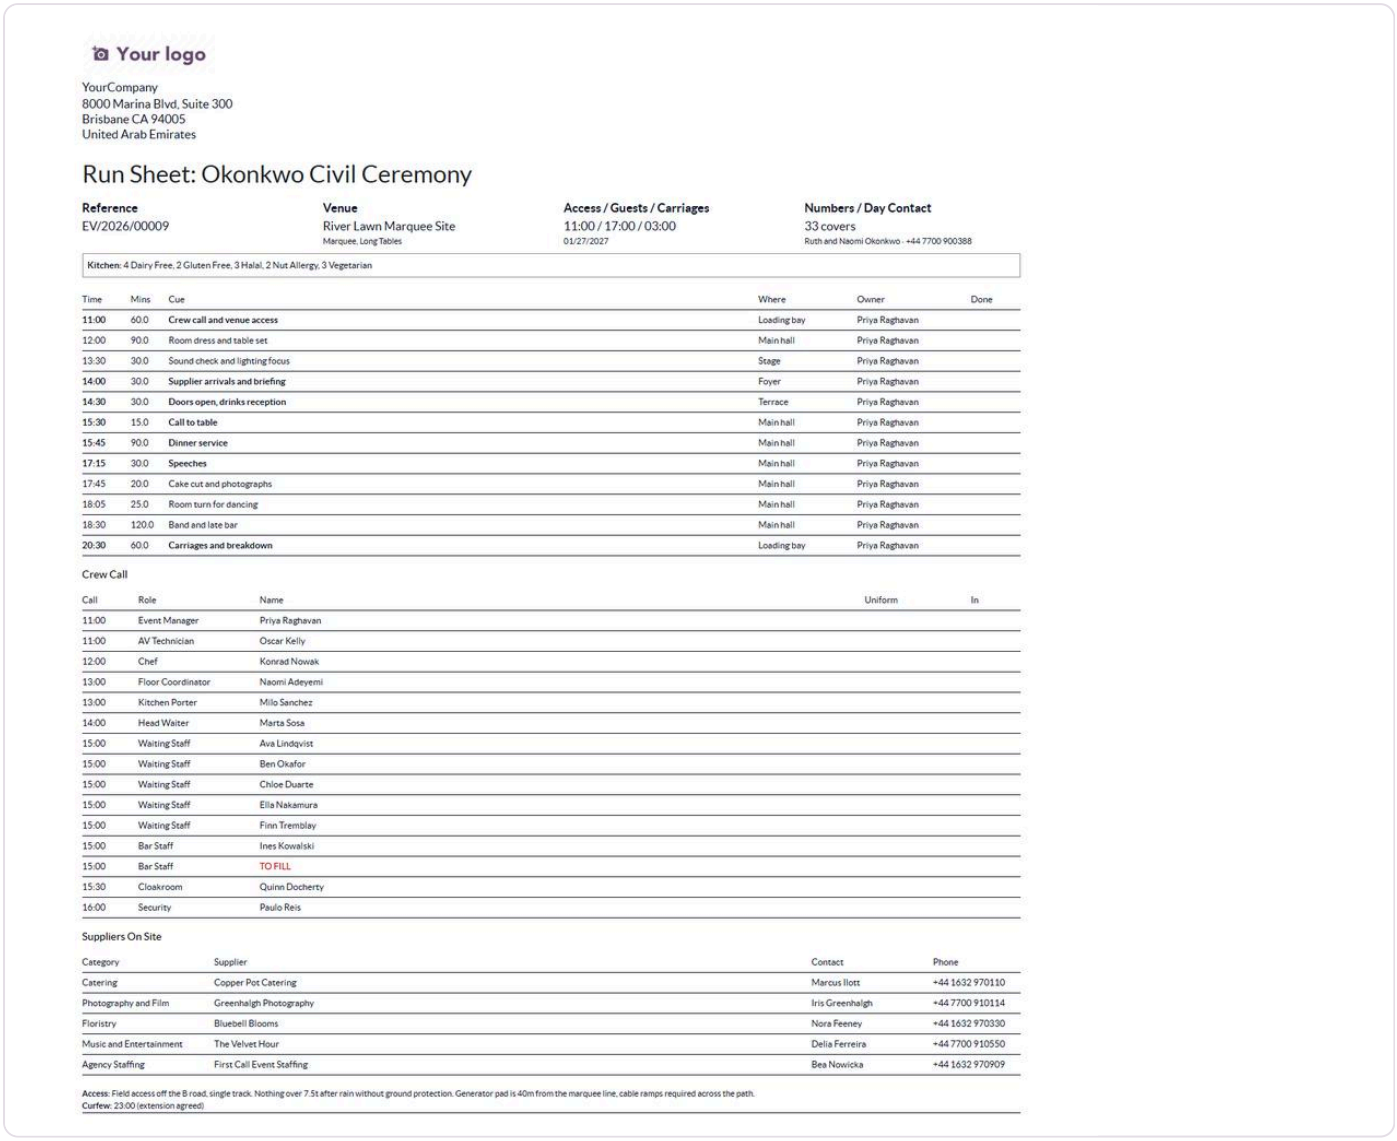

Every cue still to do, grouped by event. Filters: Still To Do, Cannot Slip, Ran Late, Today; group by event, kind, owner or status.

> When the event is marked delivered, any cue still open is skipped with the reason "Event closed down", and the event notes how many cues were worked through.

6 Print Run Sheet

Landscape A4. The reference, venue and layout, access, guests and carriages times, covers and day contact, the kitchen's dietary totals, every cue with its owner and a done column, the crew call with role, name, uniform and a column to tick in (open slots in red as TO FILL), the suppliers on site with their contact and phone, then the venue access notes and the curfew.

Access: Field access off the B road, single track. Nothing over 7.5t after rain without ground protection. Generator pad is 40m from the marquee line, cable ramps required across the path.
Curfew: 23:00 (extension agreed)

PART 12 The staffing roster

Who is working, in which role, from when, with the right certificate. The roster is drawn up from the guest numbers and checked on every change.

IN THIS PART YOU WILL LEARN

- What Draw Up the Roster works out
- The rules on every shift
- A shift from planned to worked
- Crew cost

HOW IT WORKS

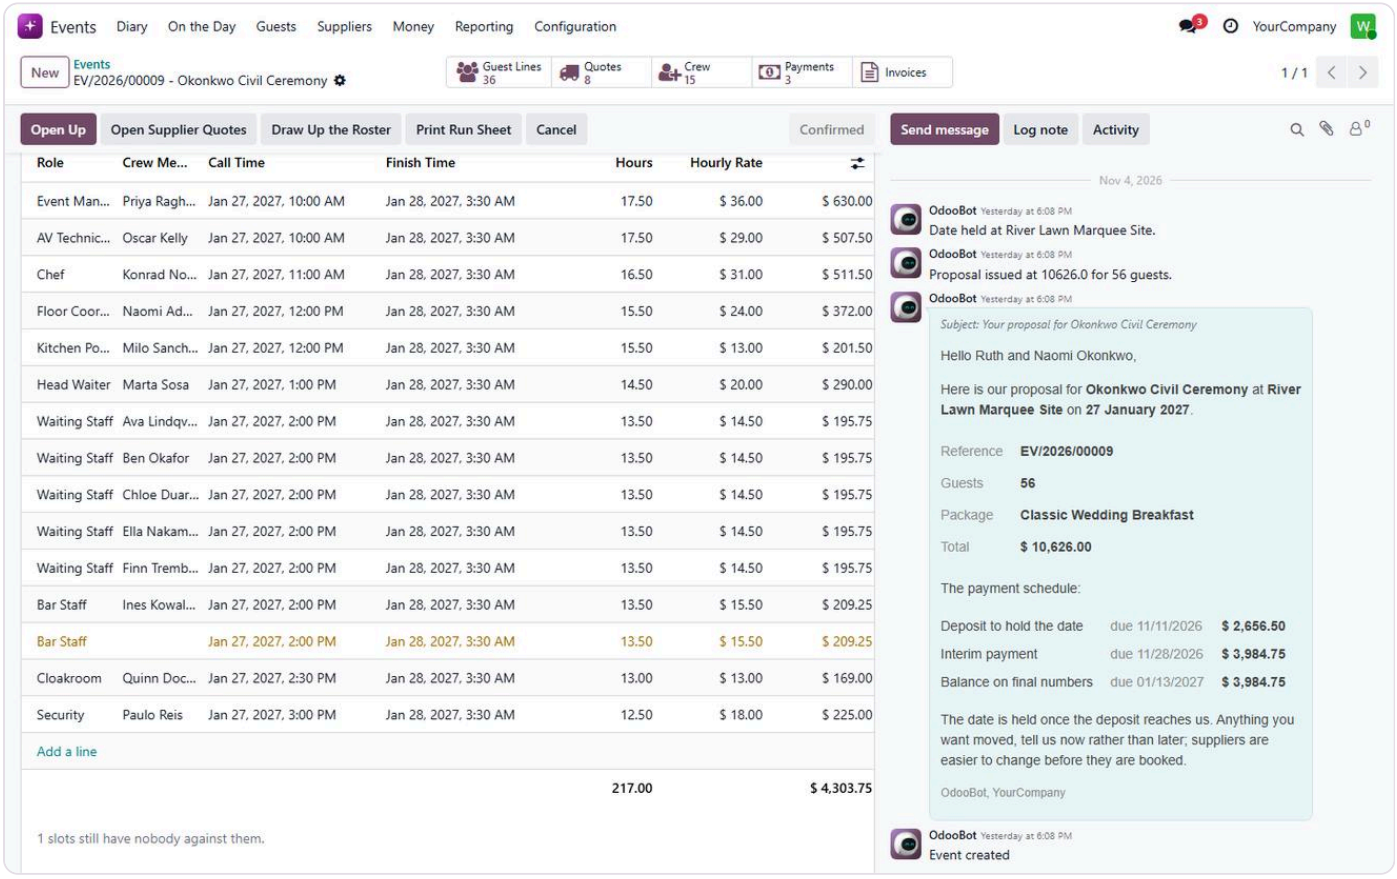

Draw Up the Roster

- For each role: the guests charged divided by One per N Guests, rounded up, or one for a supervisor role; only the missing slots are added.
- Each slot is called the role's call time before the guests arrive and finishes 90 minutes after carriages.
- Each slot is offered to someone who can do the role, is not on an overlapping shift and holds a certificate valid on the day if the role needs one, own staff before freelancers.
- Where nobody fits, the slot stays empty as To Fill. A message says how many slots were added and how many already have someone.

1 The Roster tab

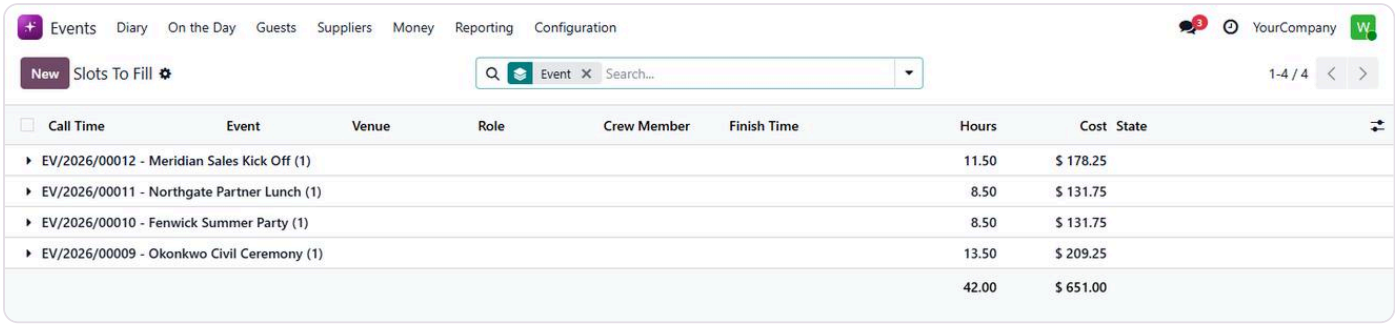

Role, crew member, call and finish times, hours, rate, cost, uniform and status. The hours and crew cost add up at the foot, and the count of slots still open sits underneath.

Rates and cost are hidden from coordinators and crew.

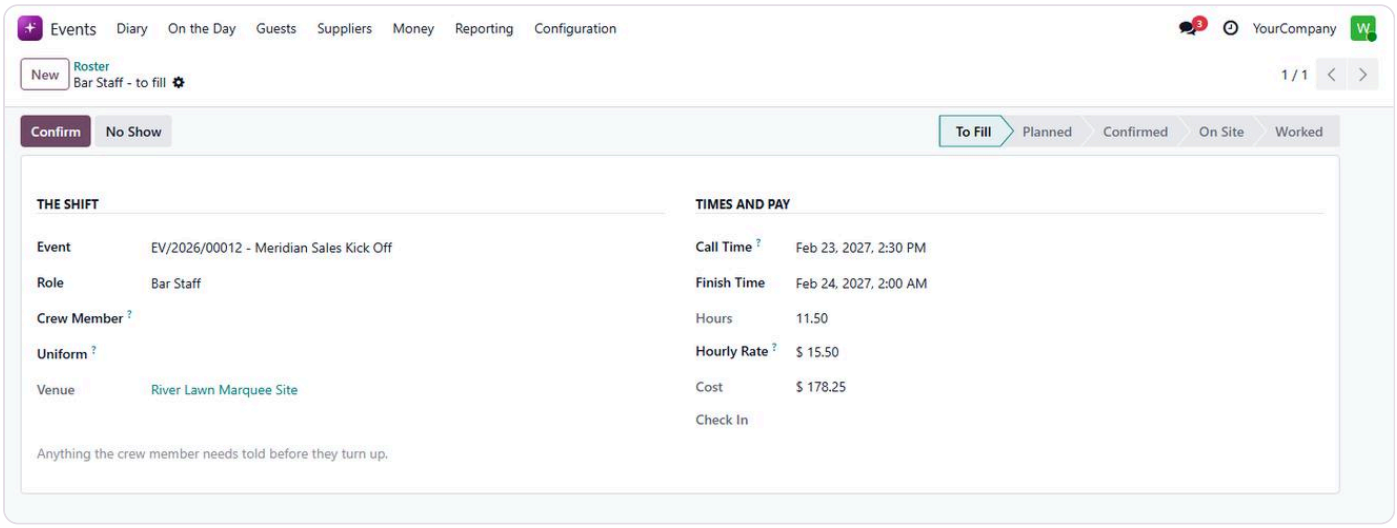

2 On the Day, Slots To Fill

Every roster slot with nobody in it on events at Proposal Sent or Confirmed, by event. Open Up refuses an event while any of its slots is here.

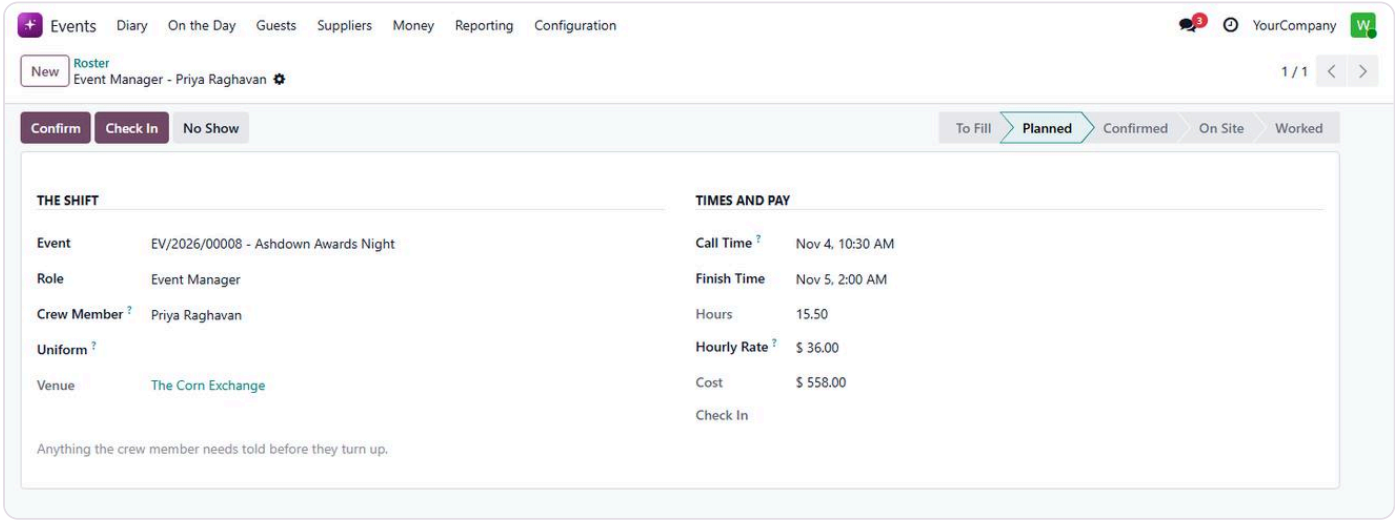

3 An open slot

Pick a crew member and the slot becomes planned, with their rate for the role.

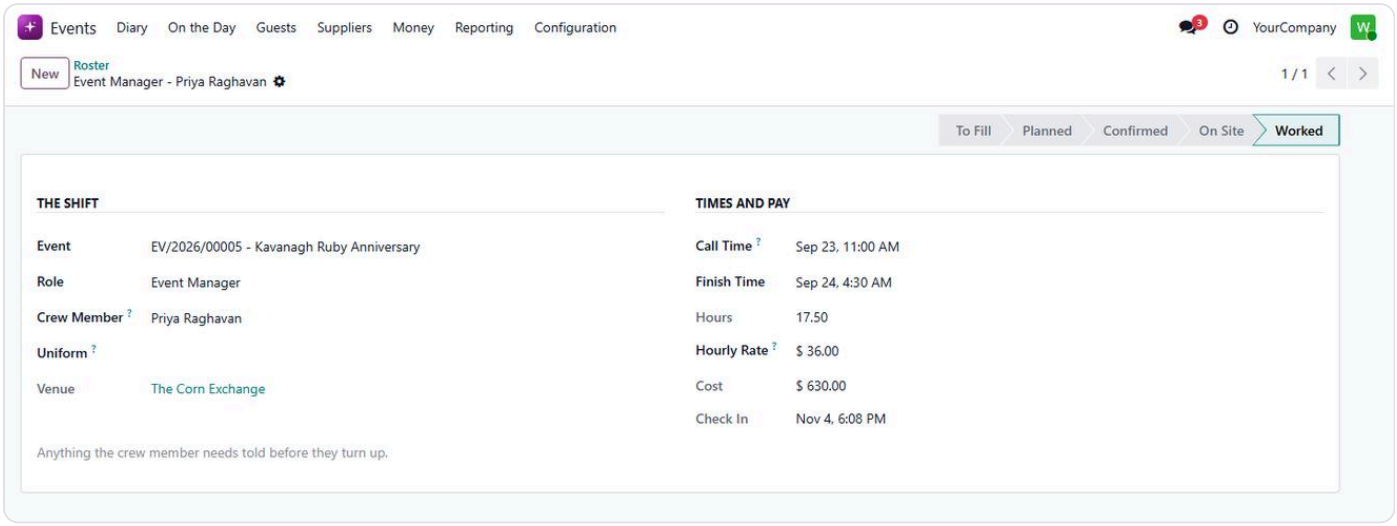

4 A planned shift

Buttons: **Confirm**, **Check In** (stamps the arrival time, status On Site), **Shift Worked** and **No Show**. Shift Worked is refused for someone who never checked in; use No Show.

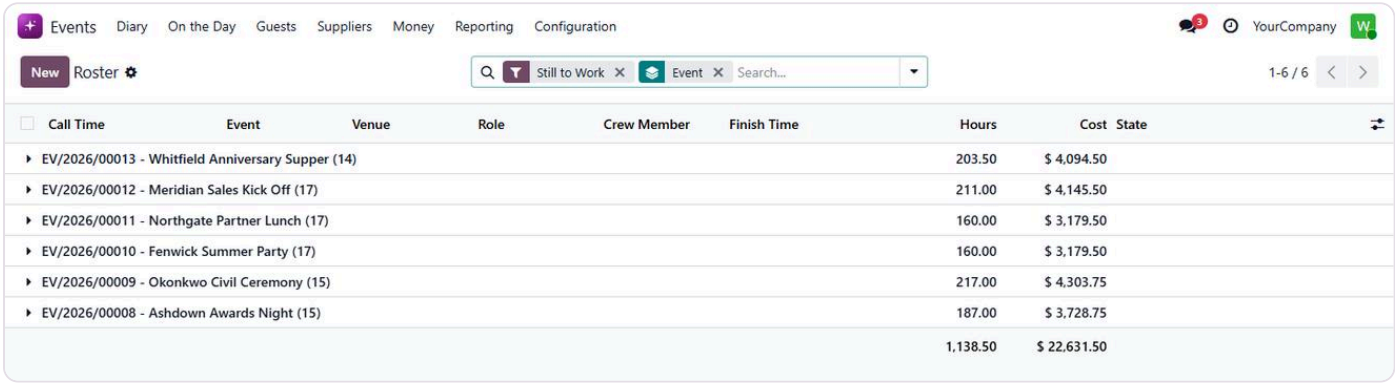

5 A worked shift

The shift is closed off. Its cost is the planned call to finish hours times the rate, so correct the times if you pay on actual hours.

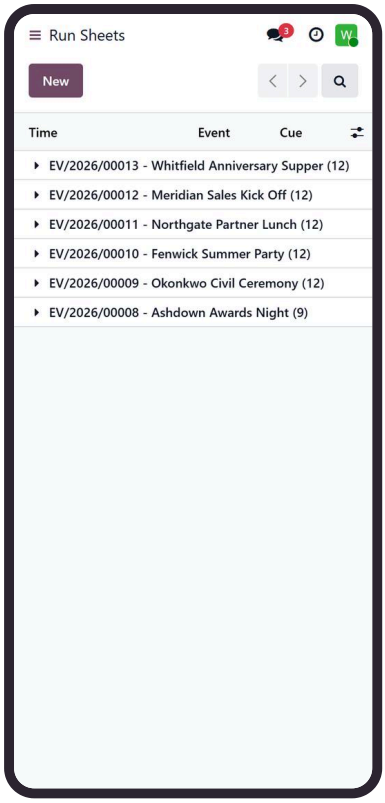

6 On the Day, Roster

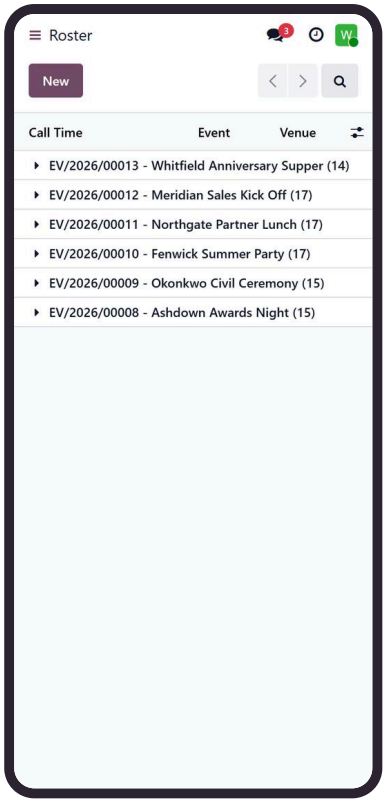

Every shift still to work, grouped by event. Filters: Slots To Fill, Still to Work, No Shows.

RULE ON EVERY SHIFT	ODOO SAYS
The person can do the role	<name> is not down as able to work as <role>.
A certificate role needs a certificate	<role> needs a valid certificate and none is recorded for <name>.
The certificate lasts the shift	The certificate for <name> runs out on <date>, before this shift.
Nobody works two rooms at once	<name> is already down on <event> from <time>.
A shift ends after it starts	A shift cannot finish before it starts.

Crew open the run sheets on a phone: the normal Odoo screens, limited to their own events.

The roster on a phone.

PART 13 Guests, seating and the kitchen

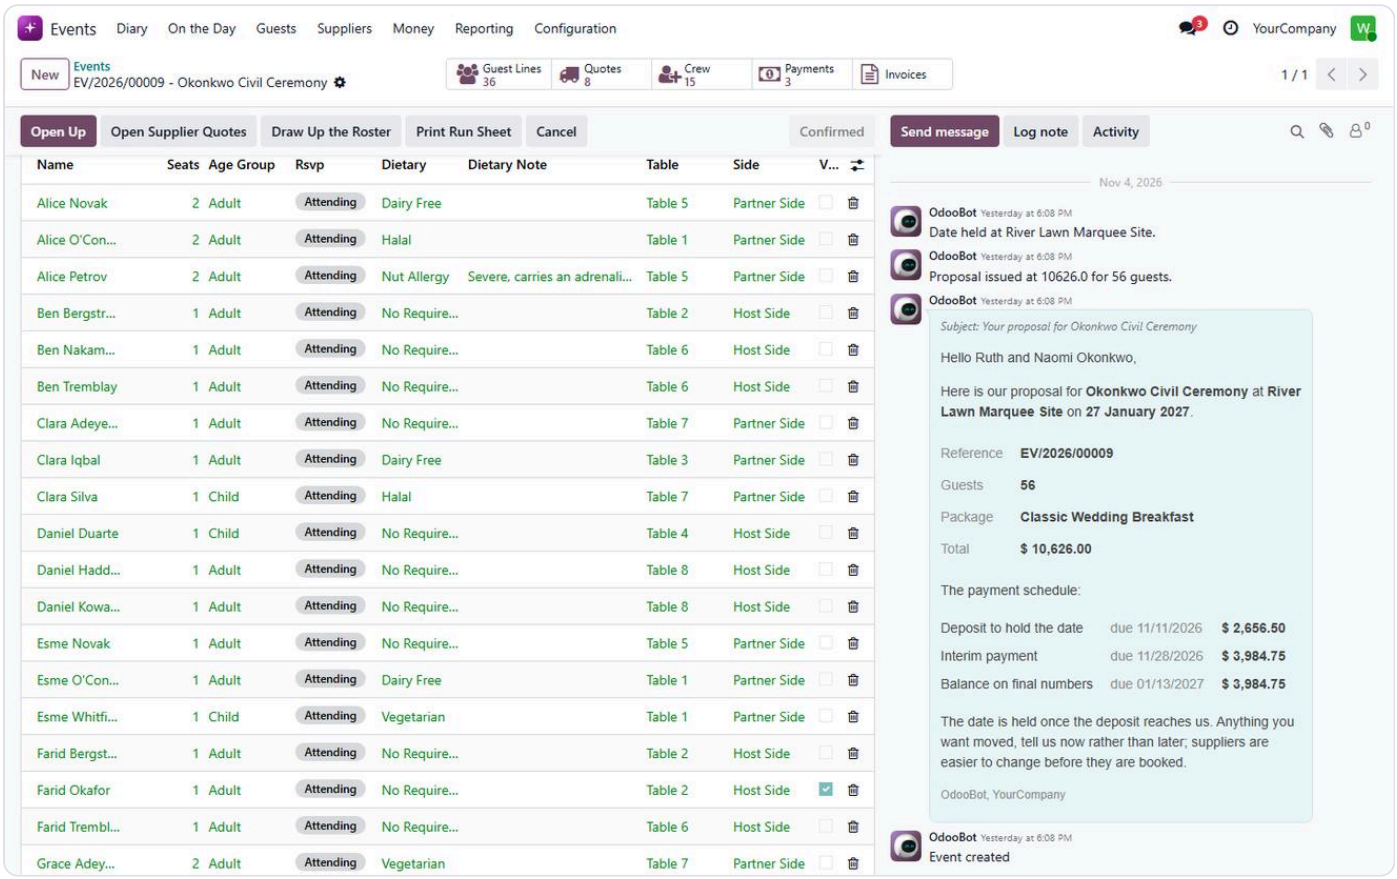

Who is coming, where they sit and what they eat. The kitchen and the head waiter work from this, not from the contract.

IN THIS PART YOU WILL LEARN

- Every field on a guest line and the reply buttons
- Laying the room out from the layout
- Dietary totals and final numbers
- The seating and dietary plan

1 The Guests tab

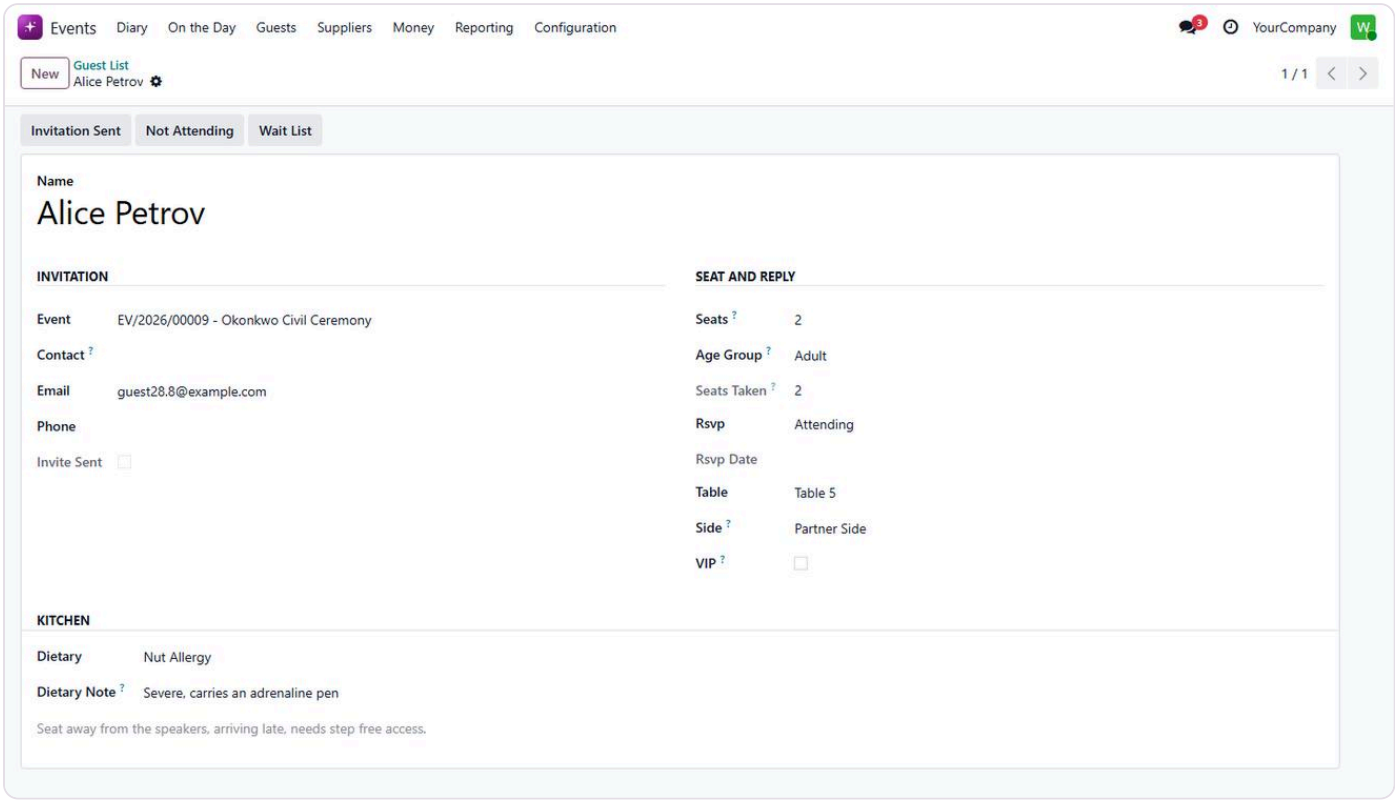

Name, seats, age group, reply, dietary need and note, table, side and VIP. Beside it, **Where the Numbers Stand** (seats confirmed, waiting, declined) and the **Kitchen** line with the dietary totals for everyone who has said yes.

2 A guest

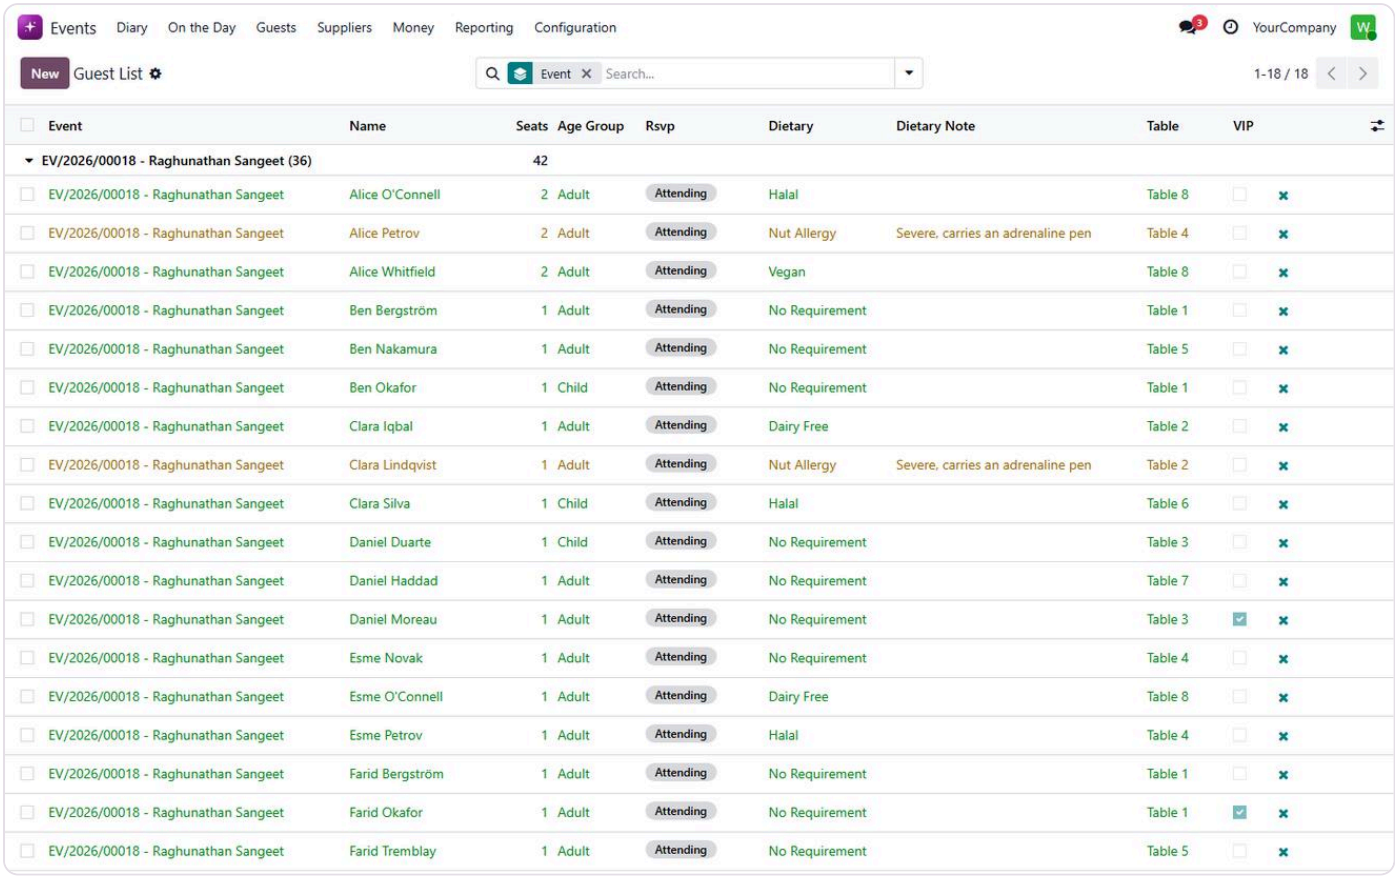

Seats: two for a couple on one line. **Age Group**: adult, child or infant; an infant takes no seat. **Reply**: not replied, attending, not attending, tentative or wait list, set with **Attending**, **Not Attending** and **Wait List**. **Invitation Sent** records that an invitation went out and dates it; it sends nothing. **Dietary** and a note for the kitchen, **Side** on a wedding, **VIP**.

Declining or the wait list takes the guest off their table. An Attending reply after the event has run is refused, and Other as a dietary need is refused without a note.

3 Guests, Guest List

Every guest across the diary, grouped by event. Filters: Attending, No Reply, Not Seated, Has a Dietary Requirement, VIP; group by reply, table, dietary or side.

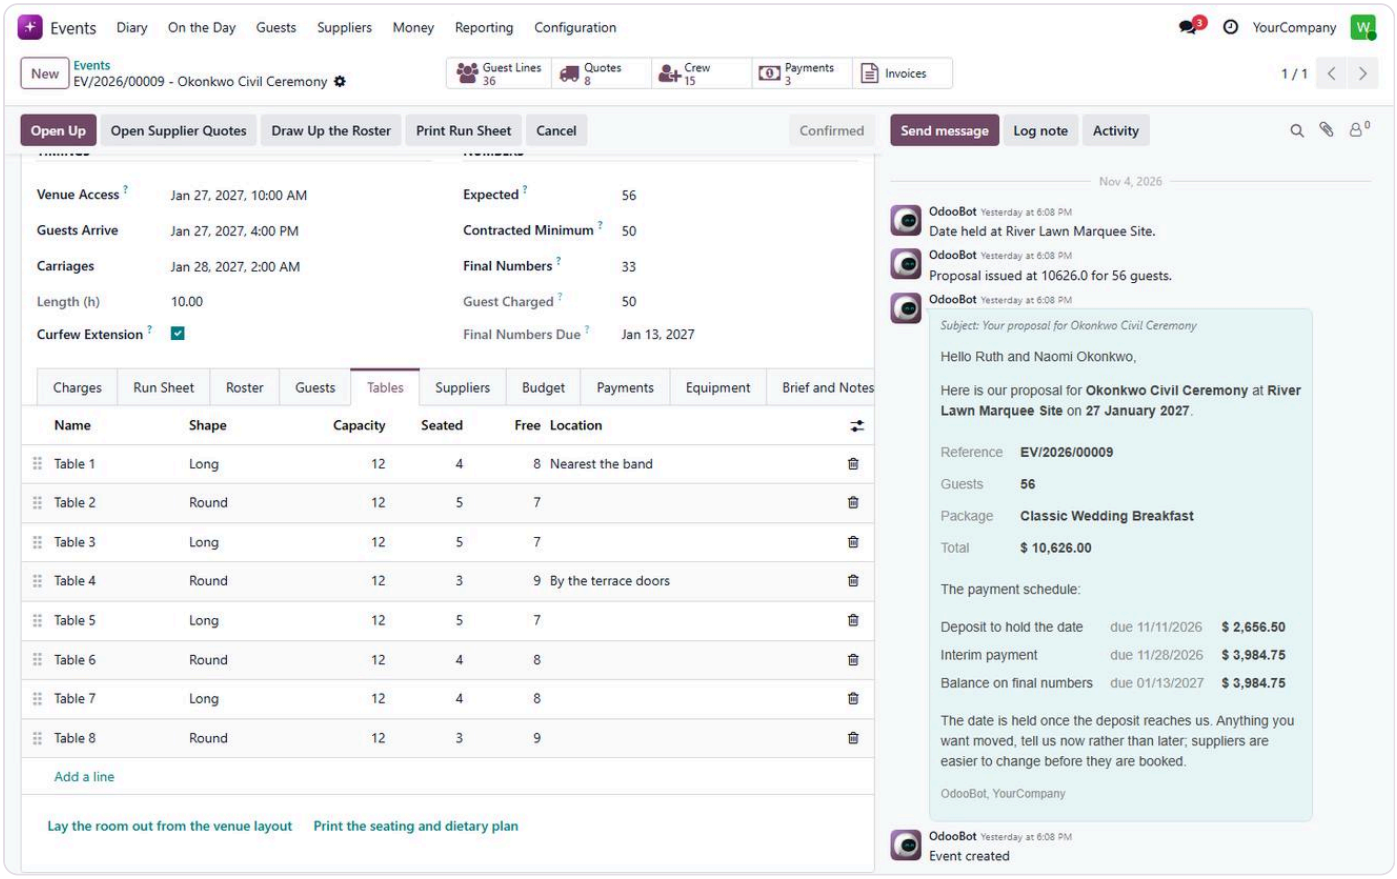

Event	Name	Seats	Age Group	Rsvp	Dietary	Dietary Note	Table	VIP

EV/2026/00018 - Raghunathan Sangeet	Farid Tremblay	1	Adult	Attending	No Requirement		Table 5	

4 The Tables tab

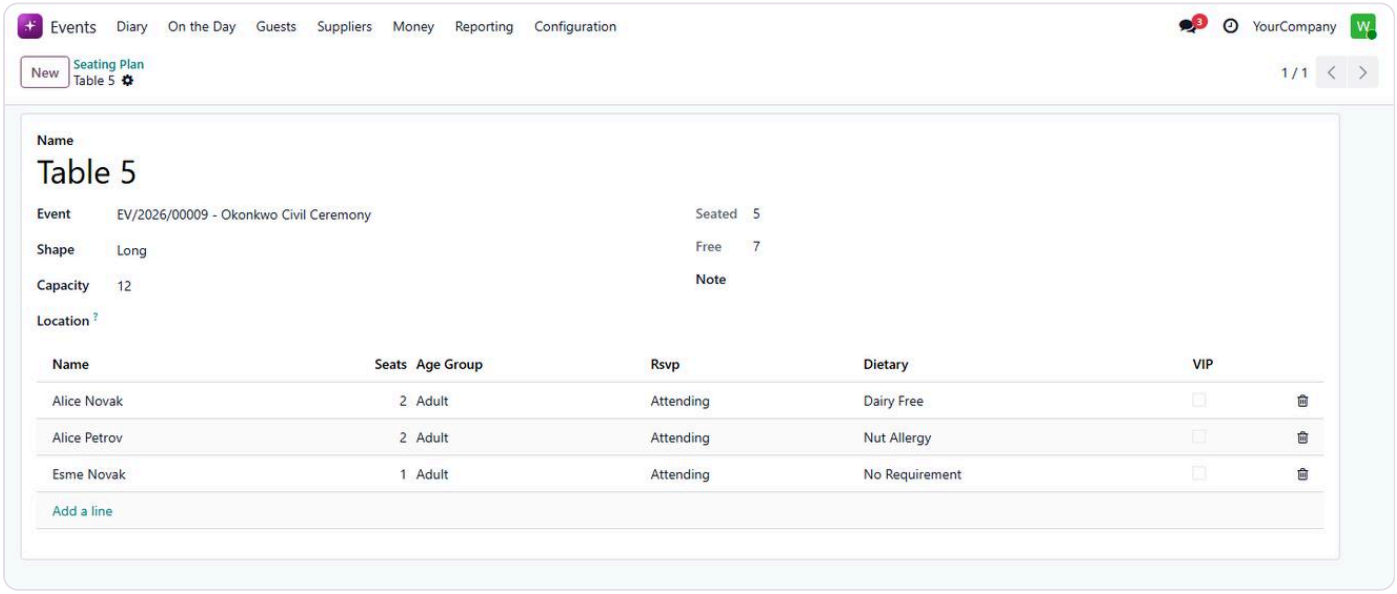

Lay the room out from the venue layout creates as many tables as the layout calls for, sized to seat the guests charged evenly, round for a banquet layout and long otherwise. Each table has a shape (round, long, sweetheart or poseur), capacity, seated, free and a position note. **Print the seating and dietary plan** prints it.

A guest cannot go on a full table, or on a table laid for another event.

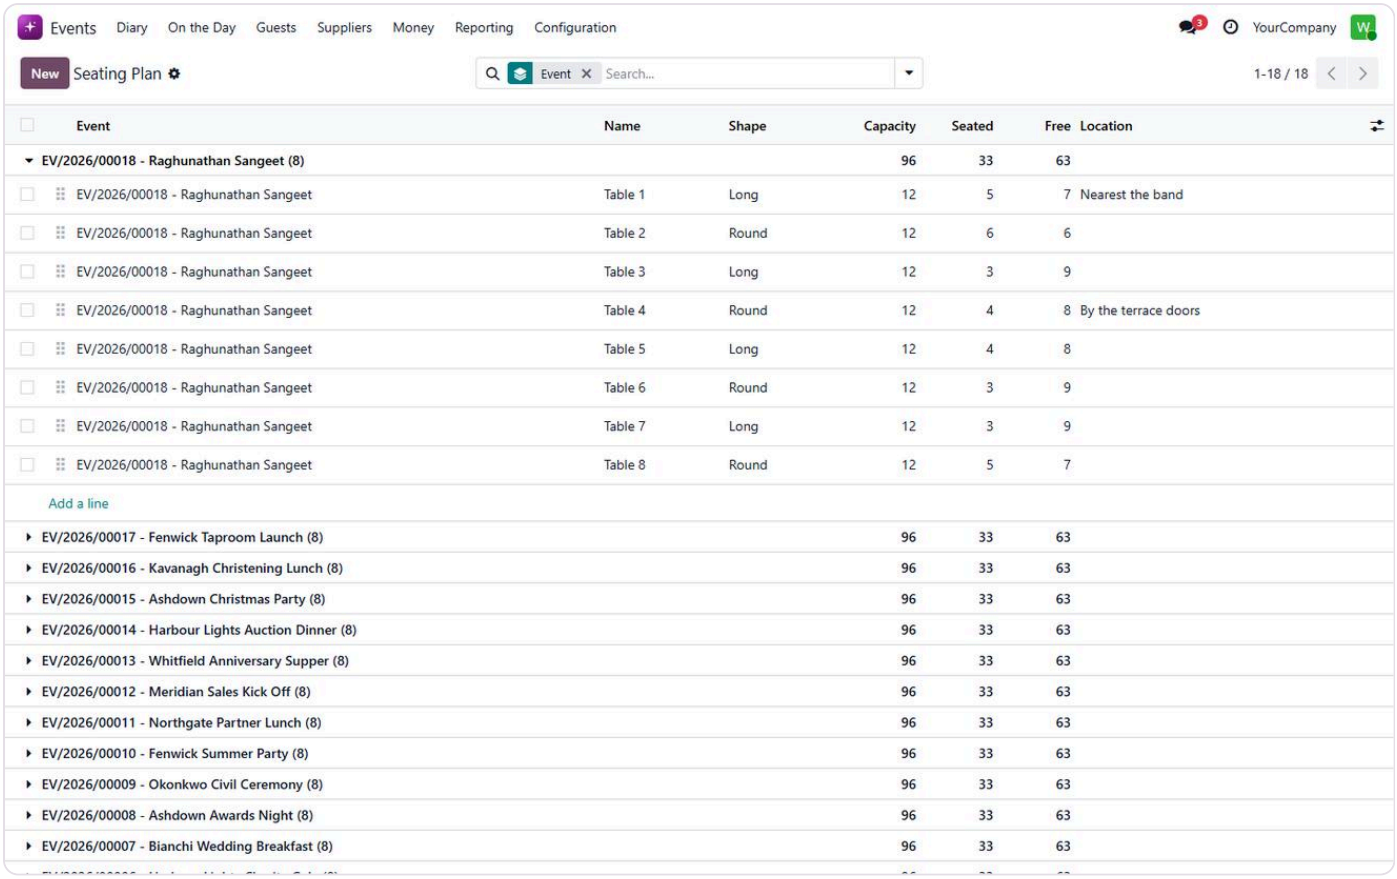

5 A table

Its seated guests, with their seats and dietary needs.

6 Guests, Seating Plan

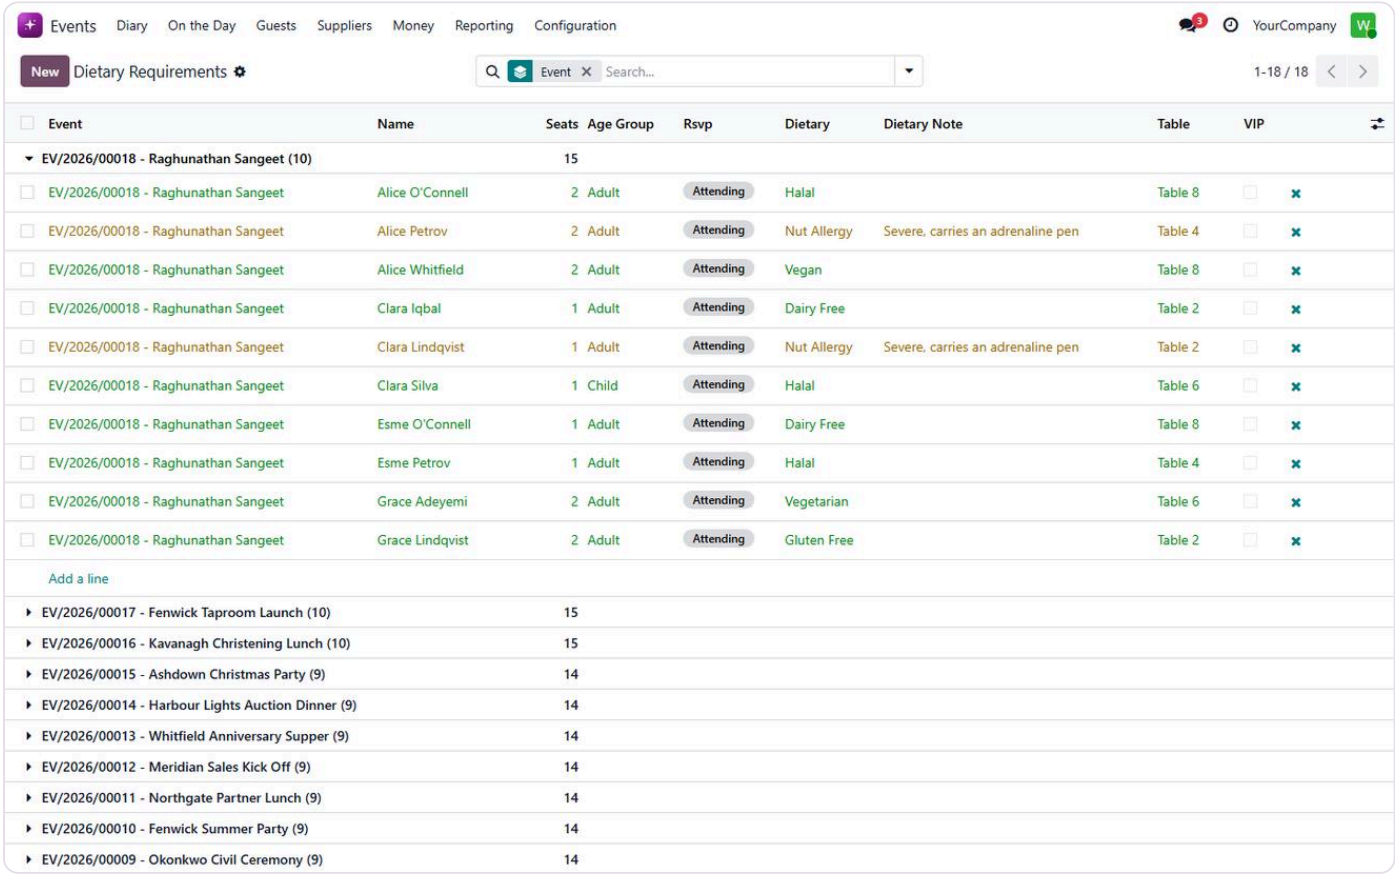

Every table, grouped by event, with Full and Seats Left filters.

Event	Name	Shape	Capacity	Seated	Free	Location

Isla Whitfield	Not Replied	1	Gluten Free
Katya Iqbal	Tentative	1	Halal
Katya Lindqvist	Tentative	1	Vegan
Katya Silva	Tentative	1	Nut Allergy

Final numbers

Every event has a **Final Numbers Due** date, the event day less the days in Settings. Enter the client's confirmed headcount in **Final Numbers**: the kitchen cooks for it, and the package is charged on it, never below the contracted minimum. A confirmed event past the deadline with no final numbers shows **Numbers Outstanding**, and the final numbers job, once switched on, emails the client and gives the coordinator a to-do.

PART 14 Equipment out and back

Twelve round tables cannot be promised to two weddings on the same weekend, and whatever comes back broken is a cost on the event that broke it.

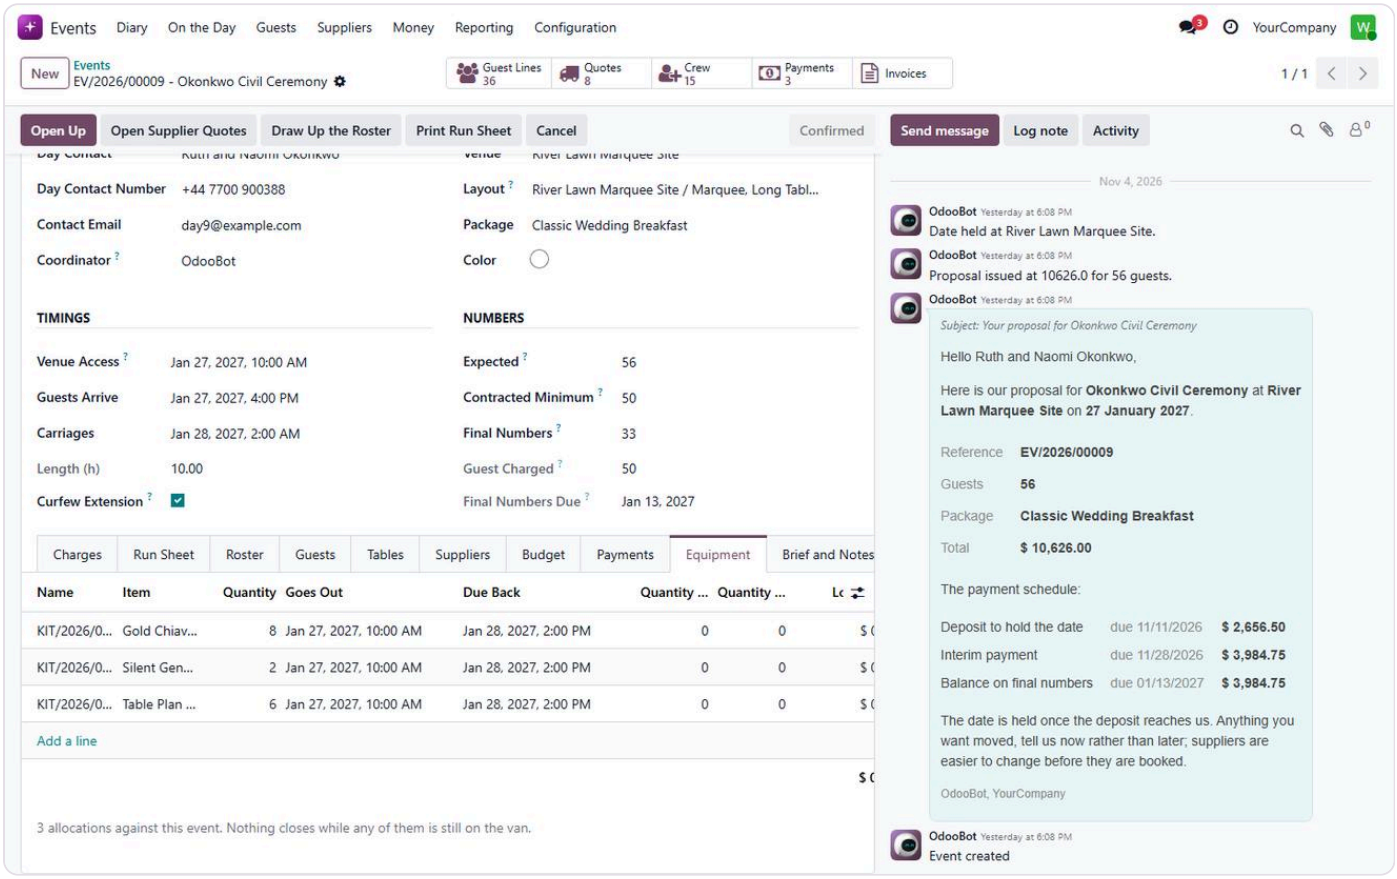

IN THIS PART YOU WILL LEARN

- Allocating kit to an event
- Load Out and Book Back In
- Damage and loss on the budget

1 The Equipment tab

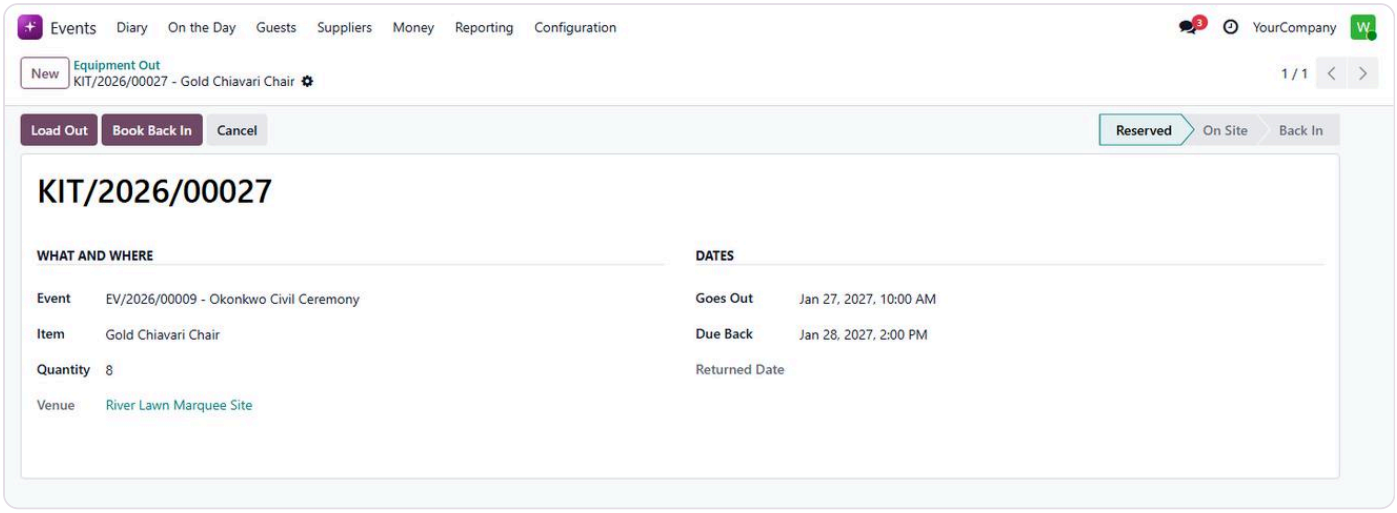

Each line is an item, a quantity, **Goes Out** and **Due Back**, and a status: reserved, on site, back in, back damaged or cancelled.

Availability is checked across the whole window against every other allocation reserved or out: "Only N of <item> are free in that window".

2 Reserved

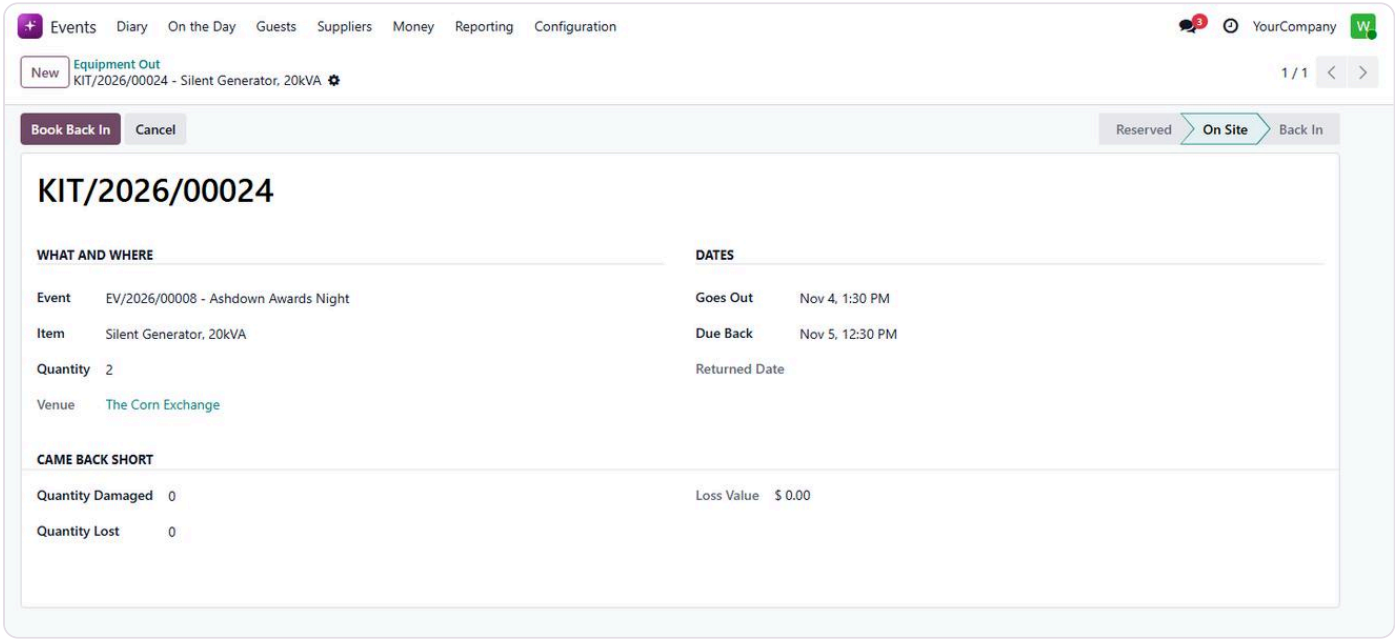

Load Out marks it on site. Open Up does this for everything still reserved on the morning. **Cancel** drops the allocation, and a cross hire line for kit that never left the shelf comes off the budget with it.

3 On site

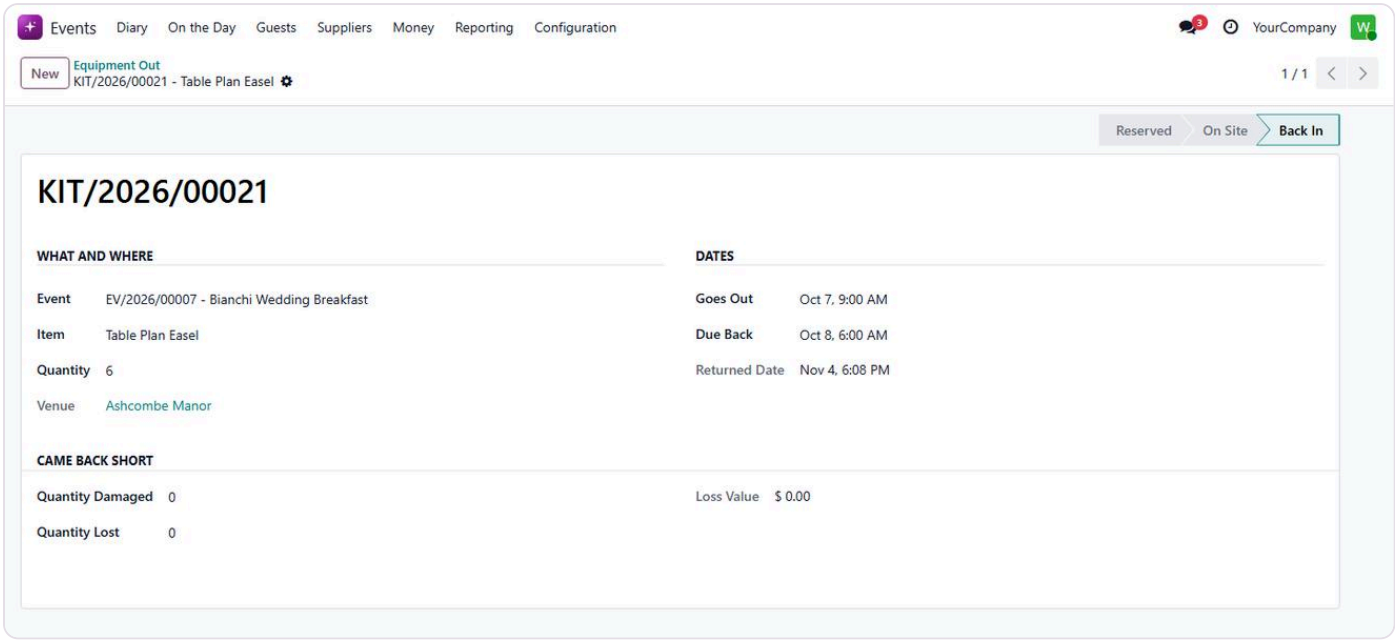

Fill **Quantity Damaged** and **Quantity Lost** if needed, then **Book Back In**. Anything short goes onto the event budget at its replacement value as a committed damage and loss line, and the event notes it.

Kit on site cannot be cancelled; book it back in.

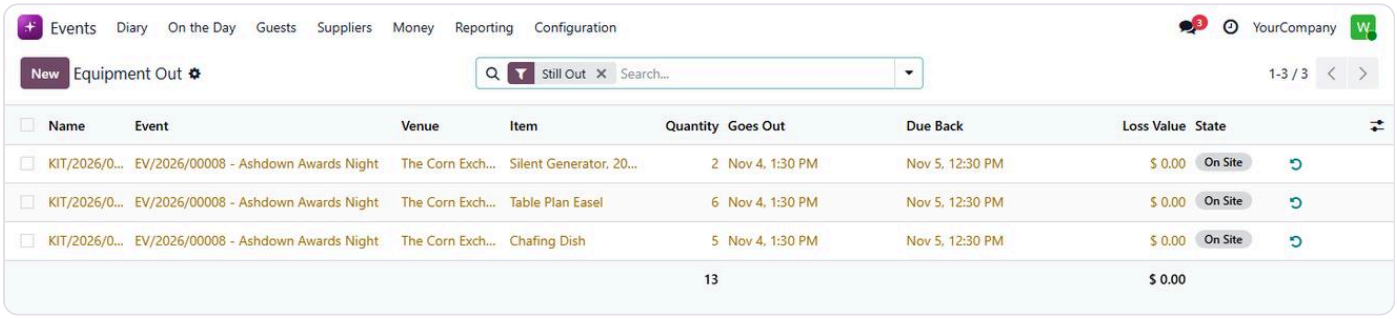

4 Back in

The return date is stamped. More broken or missing than went out is refused.

5 On the Day, Equipment Out

Everything still on site. Filters: Still Out, Reserved, Came Back Short, For a Live Event.

PART 15 Money: payments behind and the budget

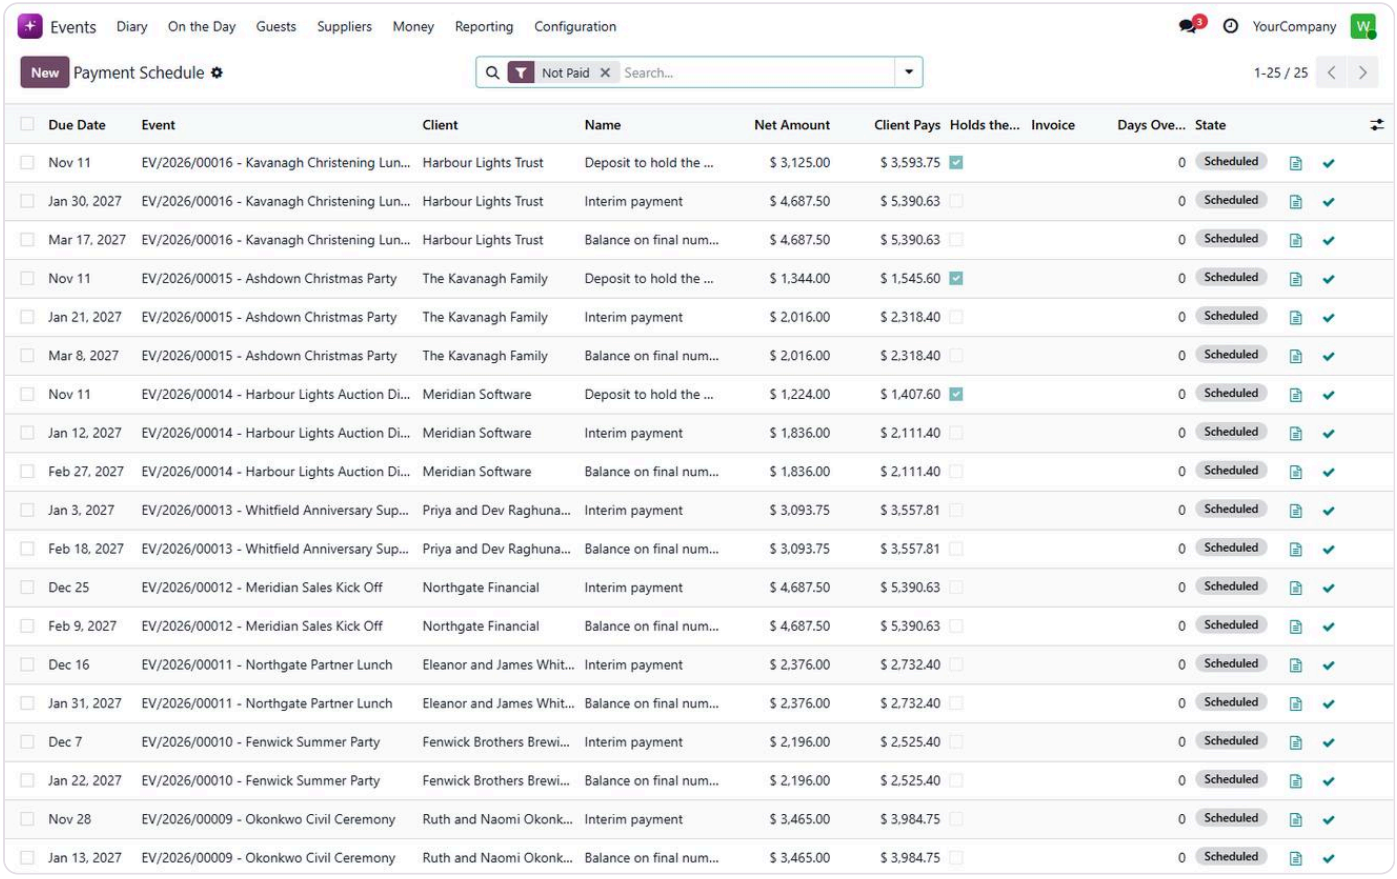

Two questions every week: who owes us, and which events are costing more than we allowed. Both live under Money.

IN THIS PART YOU WILL LEARN

- Payment Schedule, Overdue Payments and Events Behind on Payment
- Budget lines: estimate, committed, settled
- Reading the cost and margin block on an event

1 Money, Payment Schedule

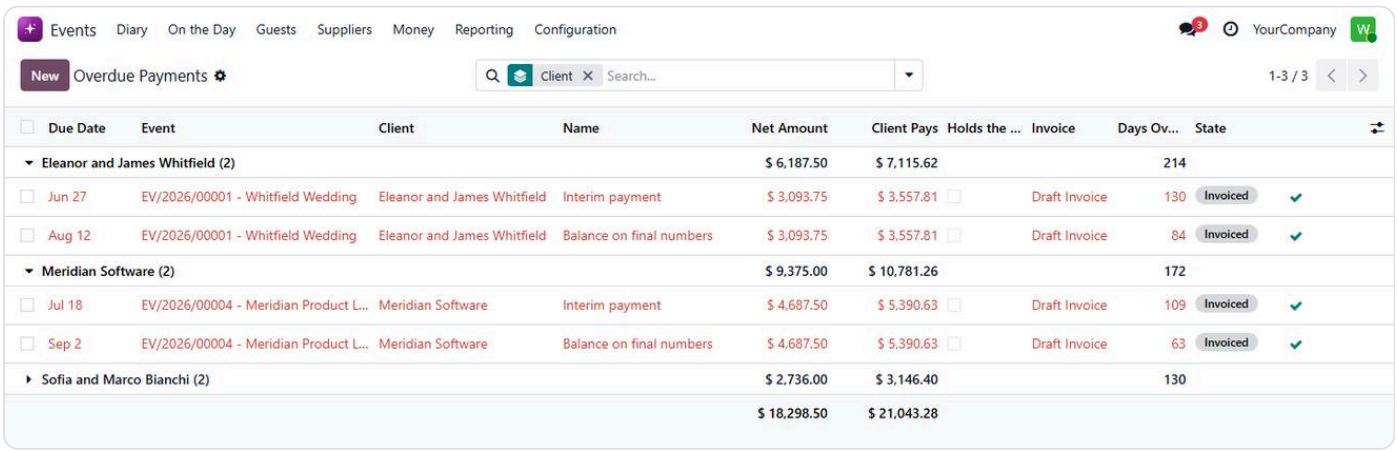

Every stage not yet paid, across the diary. Filters: Overdue, Not Paid, Deposits, To Invoice, Due in the Next Fortnight; group by event, client, status or due date.

2 Money, Overdue Payments

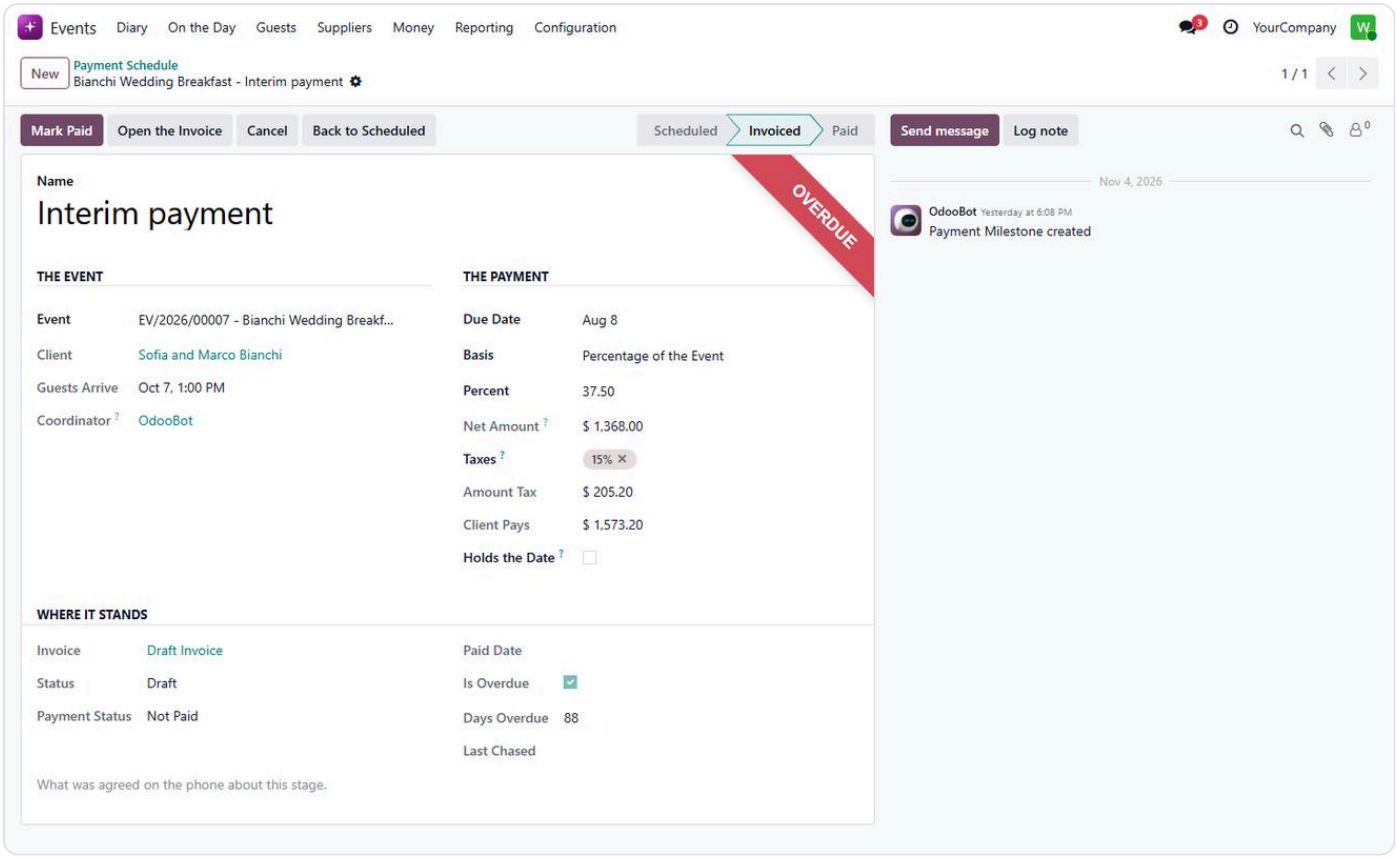

Stages past their due date plus the grace days, grouped by client, with how many days behind each one is.

Due Date	Event	Client	Name	Net Amount	Client Pays	Holds the ...	Invoice	Days Ov...	State
▾ Eleanor and James Whitfield (2)				$ 6,187.50	$ 7,115.62			214	
Jun 27	EV/2026/00001 - Whitfield Wedding	Eleanor and James Whitfield	Interim payment	$ 3,093.75	$ 3,557.81	☐	Draft Invoice	130	Invoiced
Aug 12	EV/2026/00001 - Whitfield Wedding	Eleanor and James Whitfield	Balance on final numbers	$ 3,093.75	$ 3,557.81	☐	Draft Invoice	84	Invoiced
▾ Meridian Software (2)				$ 9,375.00	$ 10,781.26			172	
Jul 18	EV/2026/00004 - Meridian Product L...	Meridian Software	Interim payment	$ 4,687.50	$ 5,390.63	☐	Draft Invoice	109	Invoiced
Sep 2	EV/2026/00004 - Meridian Product L...	Meridian Software	Balance on final numbers	$ 4,687.50	$ 5,390.63	☐	Draft Invoice	63	Invoiced
▸ Sofia and Marco Bianchi (2)				$ 2,736.00	$ 3,146.40			130	
				$ 18,298.50	$ 21,043.28				

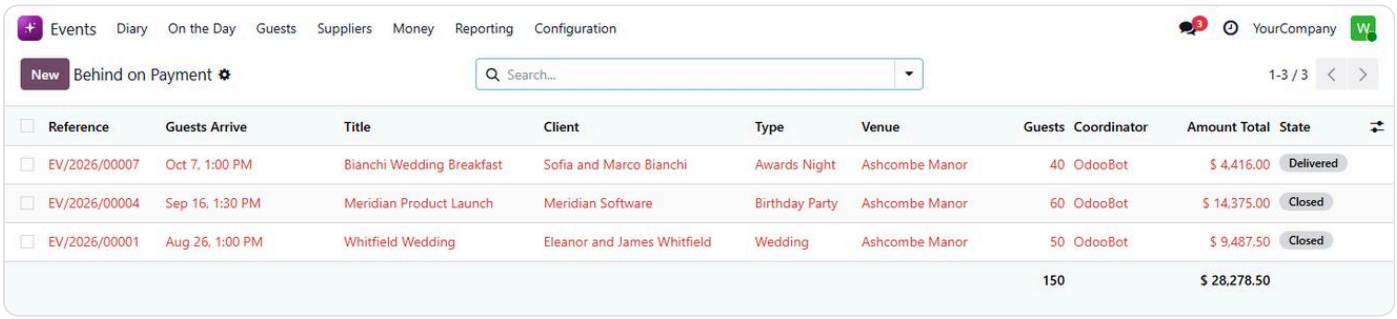

3 An overdue stage

The stage shows **Days Overdue** and when it was last chased. The payment chase job emails the client and notes the chase here, at most once a day.

4 Money, Events Behind on Payment

The events with at least one overdue stage, to work through with the planner who owns them.

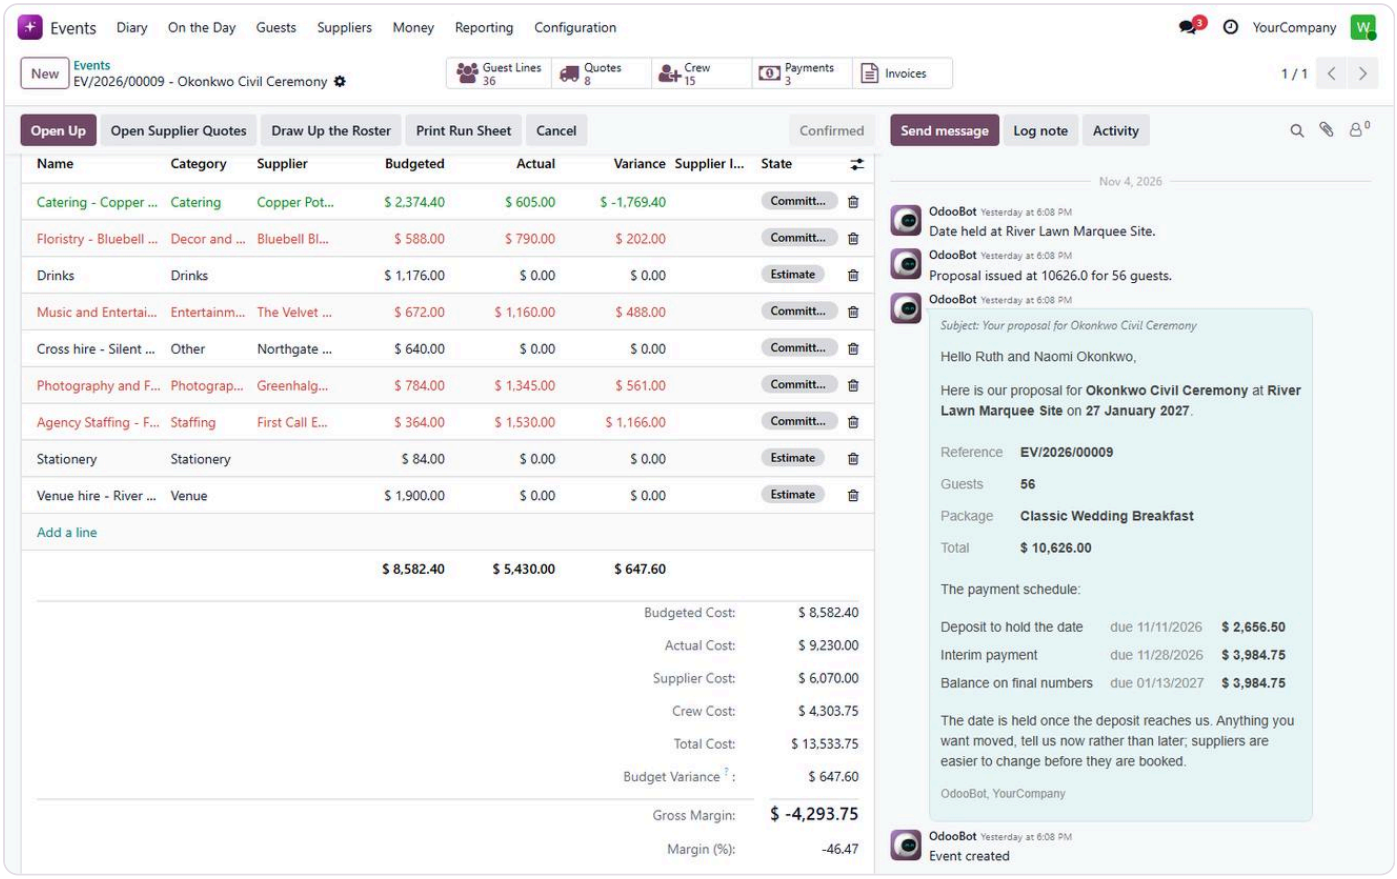

The budget

LINE STATUS	MEANS	BUTTONS
Estimate	The plan only: from the package inclusions or the venue hire fee, or typed in.	Commit
Committed	The cost is agreed. An accepted quote lands here with its figure in Actual.	Settle, Reopen
Settled	The real figure from the supplier invoice is in Actual, and it is final.	Reopen

5 The Budget tab

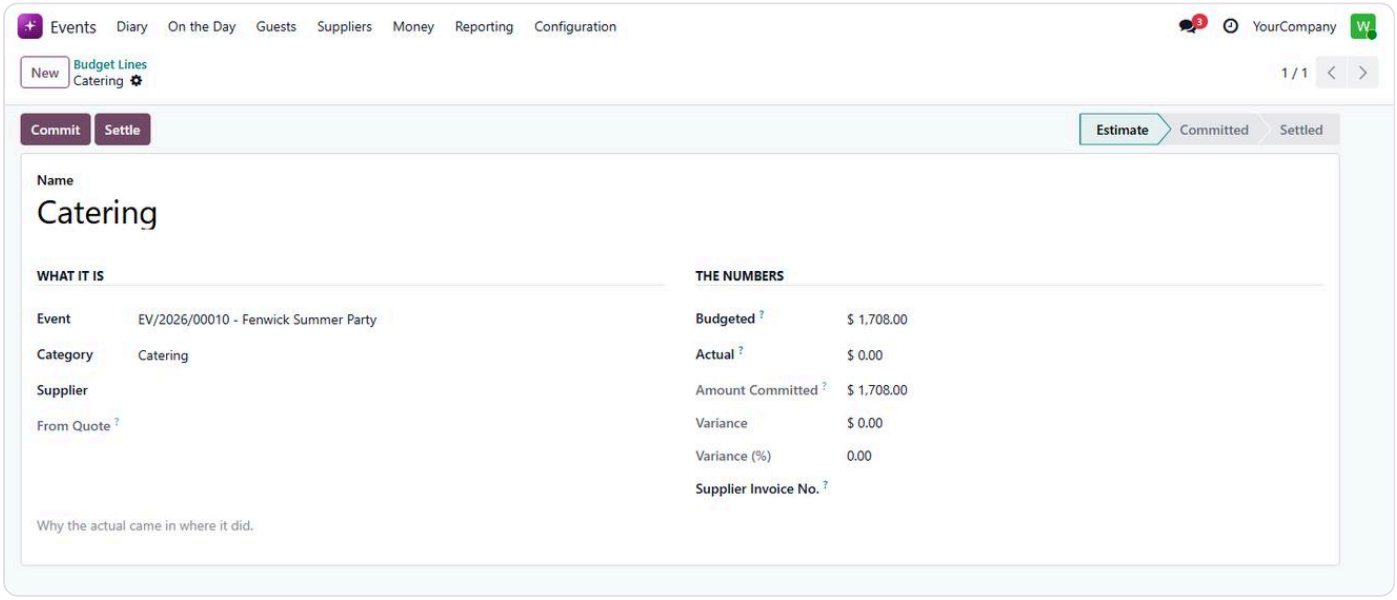

Each line: name, heading, supplier, budgeted, actual, variance, supplier invoice number and status. Over budget lines show red. Below: **Budgeted Cost**, **Actual Cost** (the actual where there is one, the budget where there is not), **Supplier Cost**, **Crew Cost**, **Total Cost**, **Budget Variance**, **Gross Margin** and **Margin (%)**.

Gross margin is the untaxed event value less actual cost and crew cost. Until every line is settled it is a forecast.

6 An estimate line

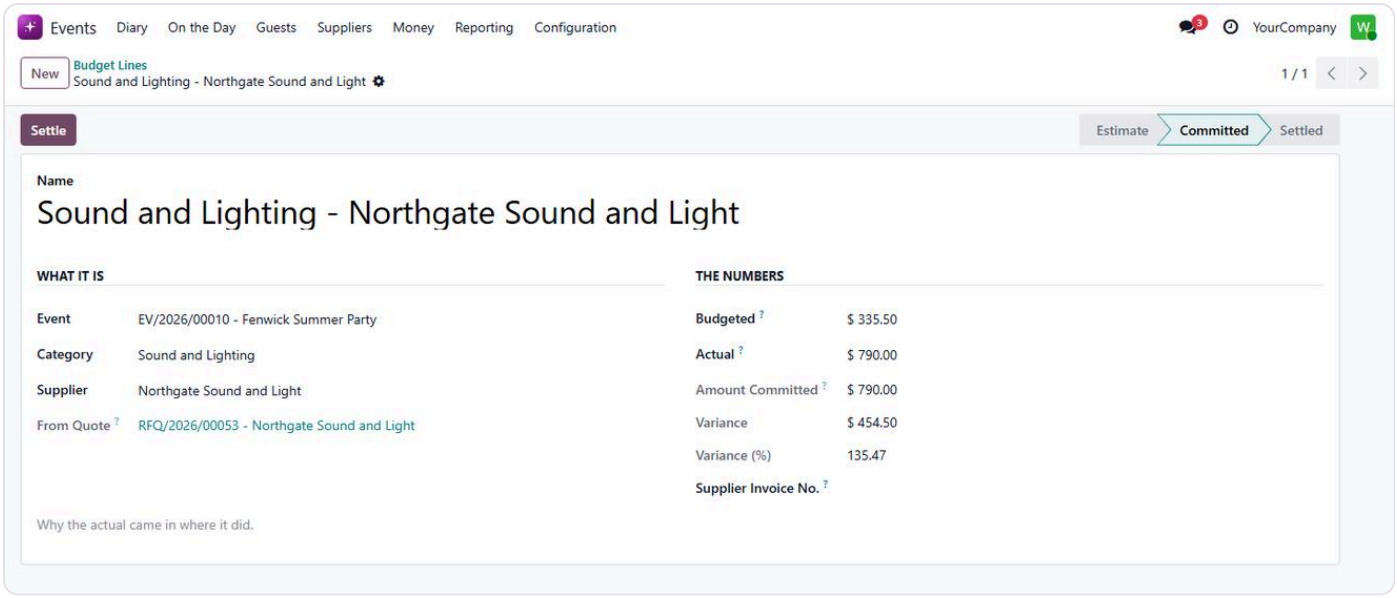

Budgeted only. Commit it when the cost is agreed without a quote.

7 A committed line

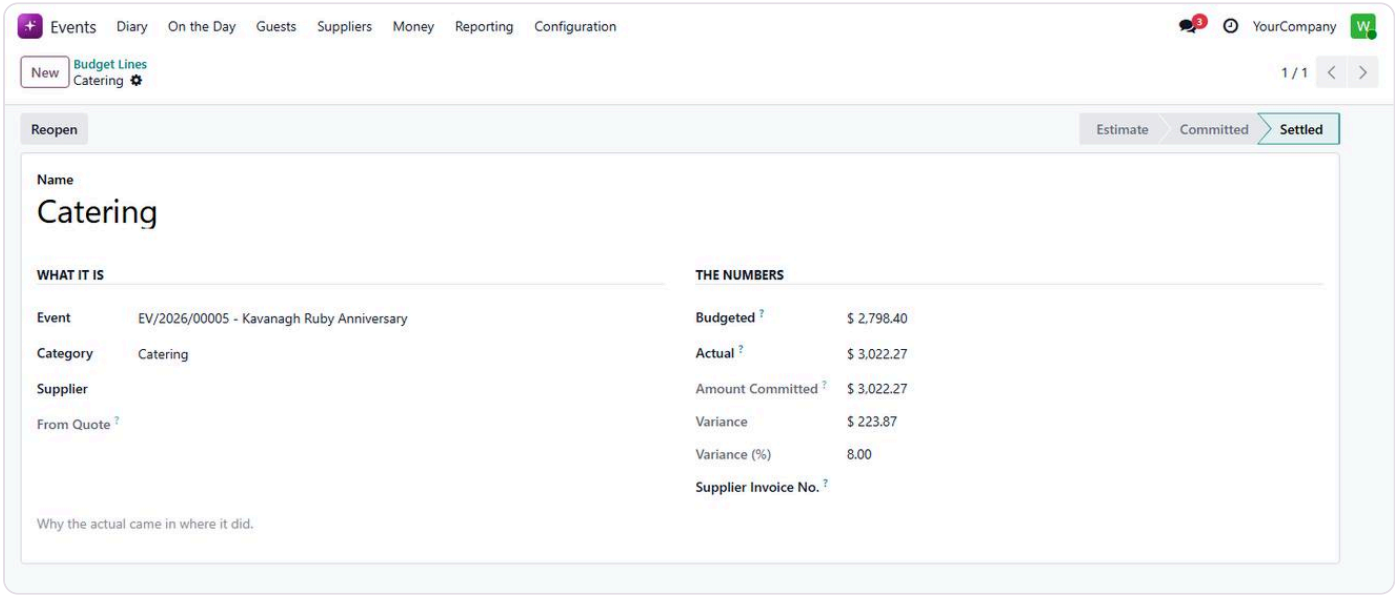

From an accepted quote: the quote and supplier are linked, Actual holds the accepted figure. **Settle** once the supplier invoice is in, with its number in **Supplier Invoice No.**

Settle is refused while Actual is empty: a line settled at the estimate tells you nothing.

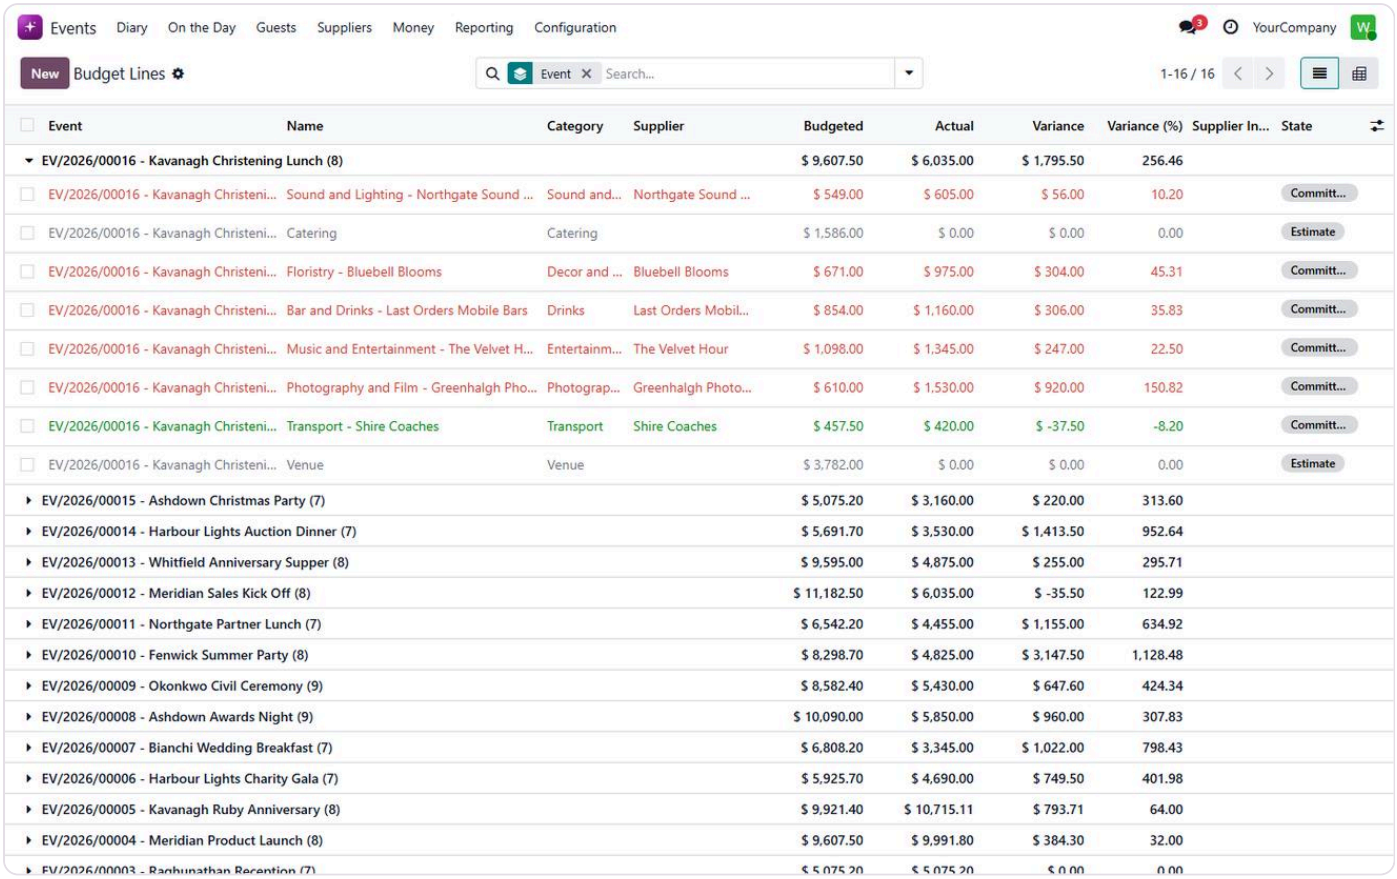

8 A settled line

Final. A settled line cannot be deleted until it is reopened, and a line on a closed event cannot be reopened, because that would move a margin somebody has already reported.

9 Money, Budget Lines

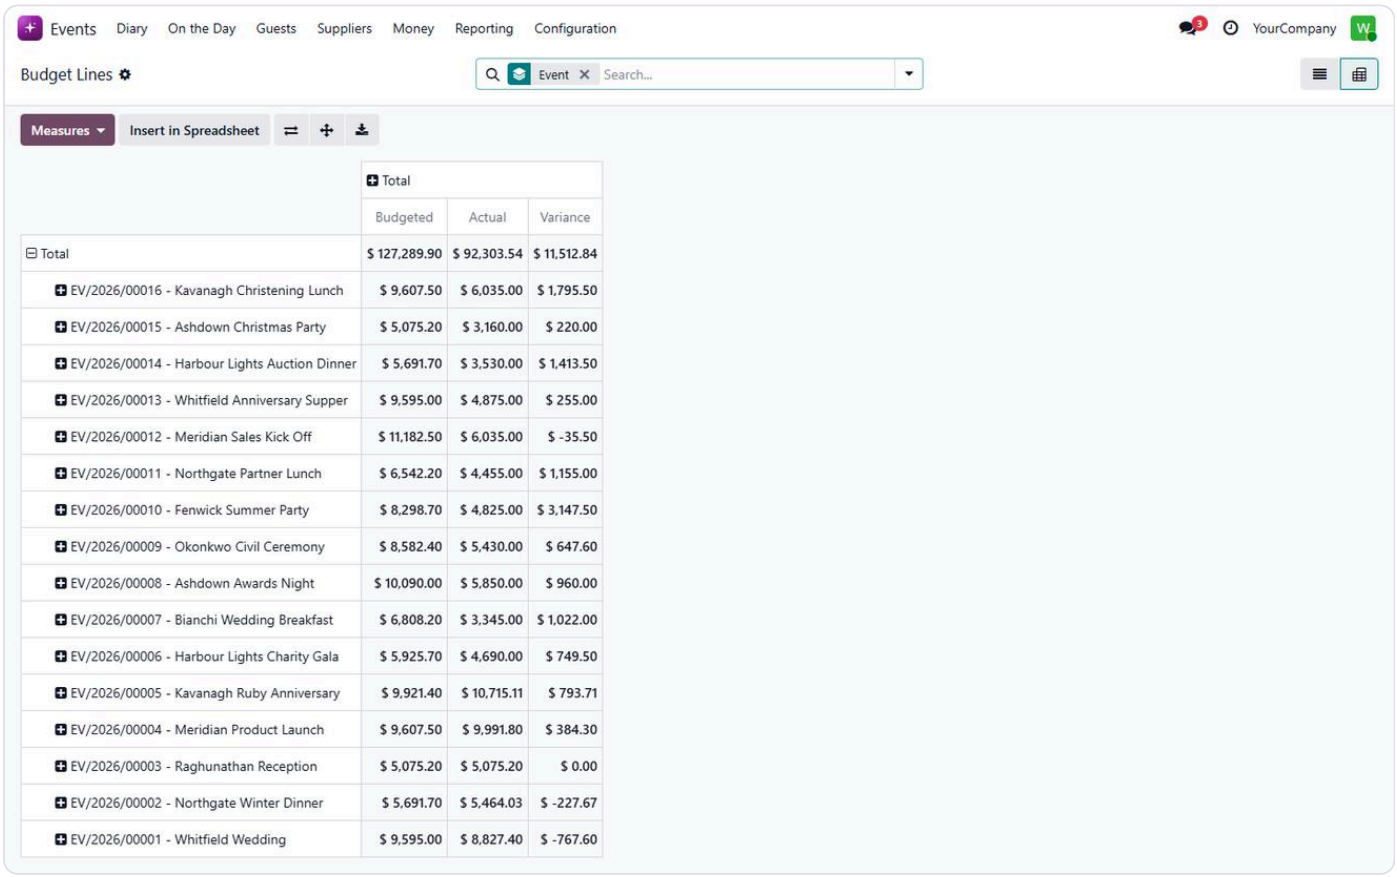

Every cost line, grouped by event. Filters: Over Budget, Not Settled, From a Supplier Quote; group by heading, supplier or status.

EV/2026/00001 - Whitfield Wedding	$ 9,595.00	$ 8,827.40	$ -767.60

PART 16 The day, delivery and closing the file

Open Up on the morning, Event Delivered at the end of the night, Close the File when the kit is back and every cost is known.

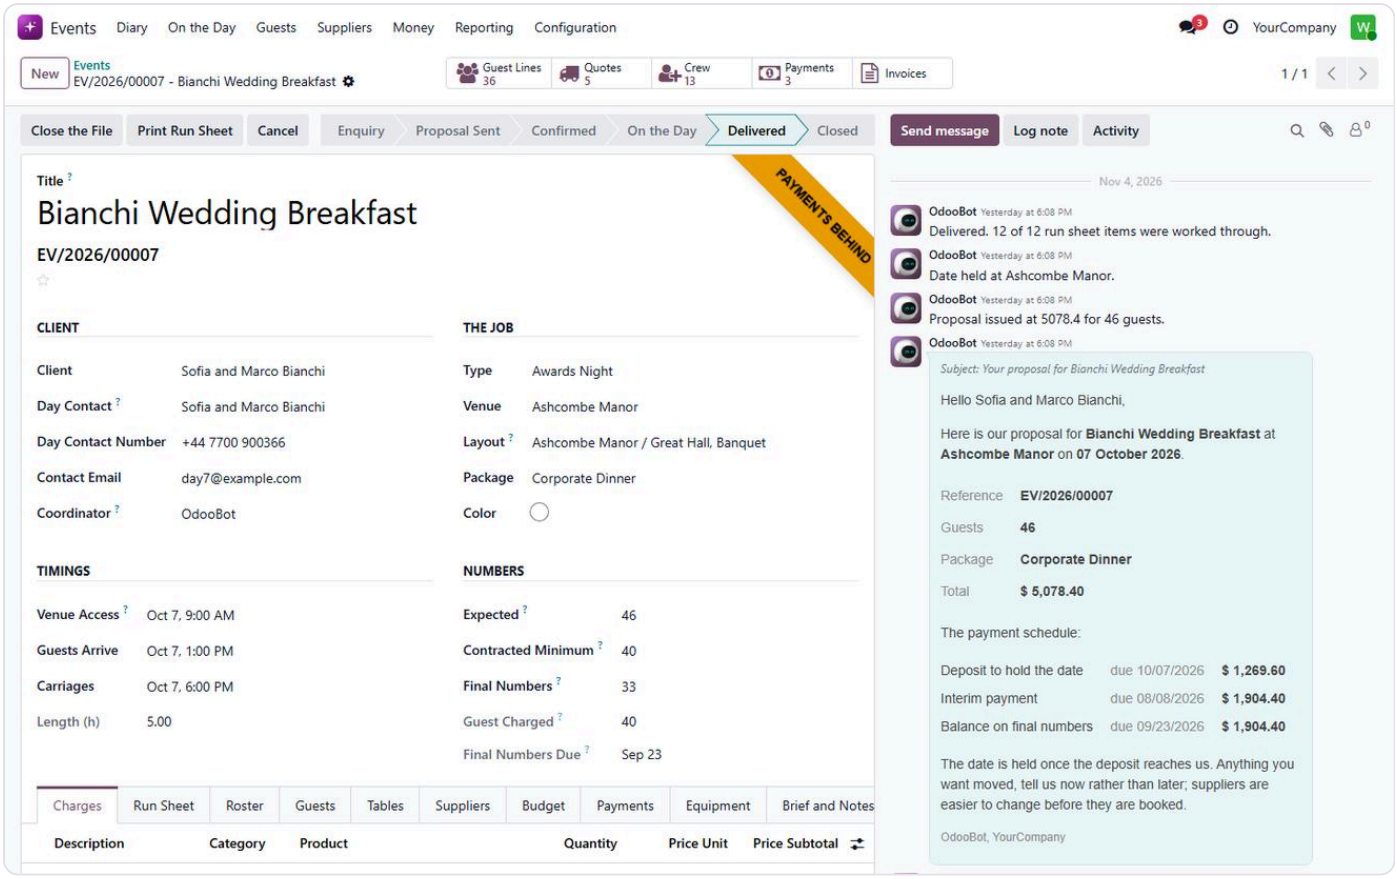

1 On the Day

Open Up checks there is a run sheet and no empty roster slot, loads out every reserved allocation, and moves the event to On the Day. The header now offers **Event Delivered**.

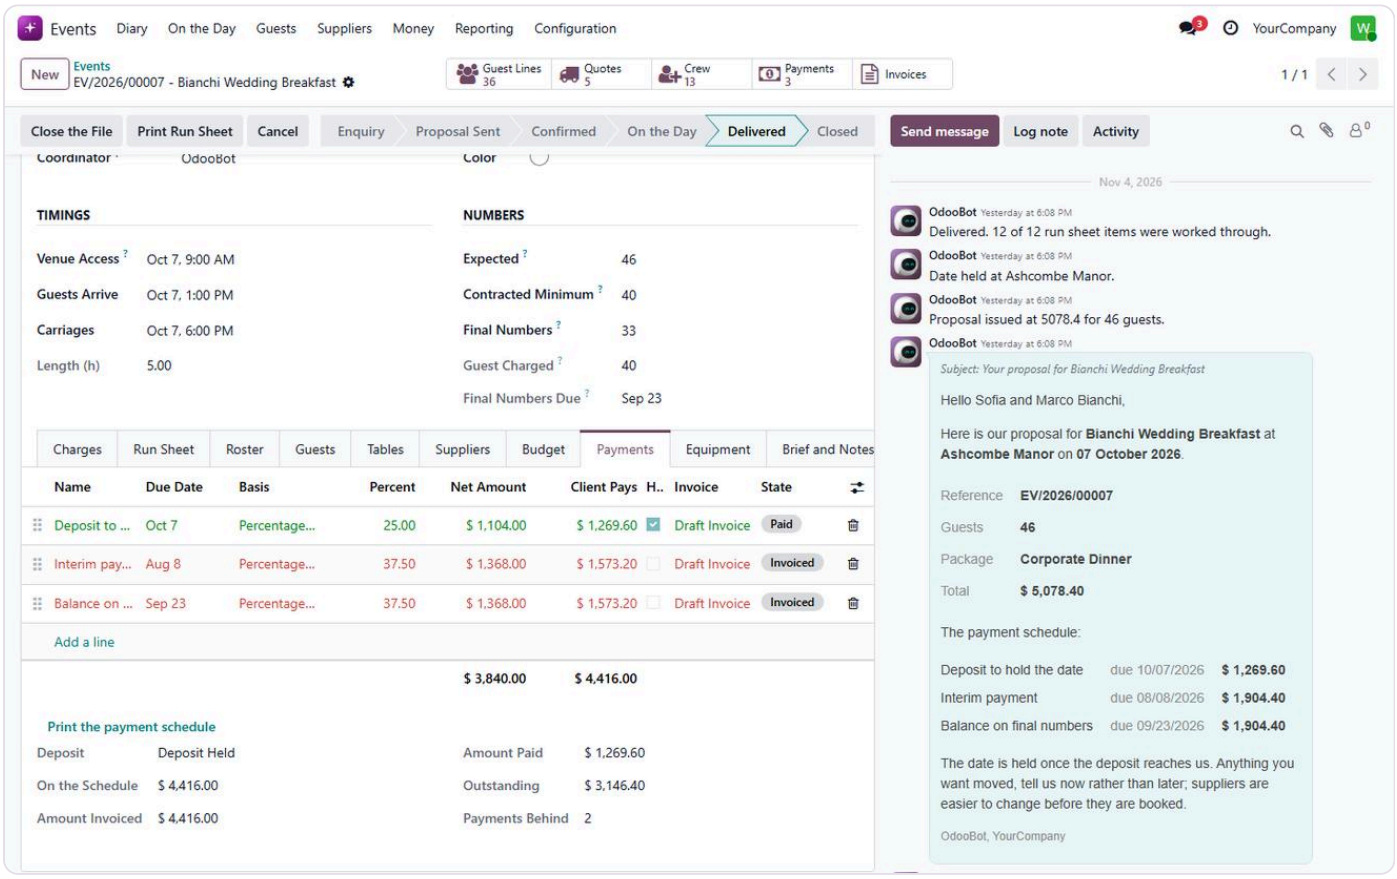

2 Delivered

Event Delivered skips any cue still open and notes how many were worked through. The header offers **Close the File**. This demo event still has two stages behind on payment.

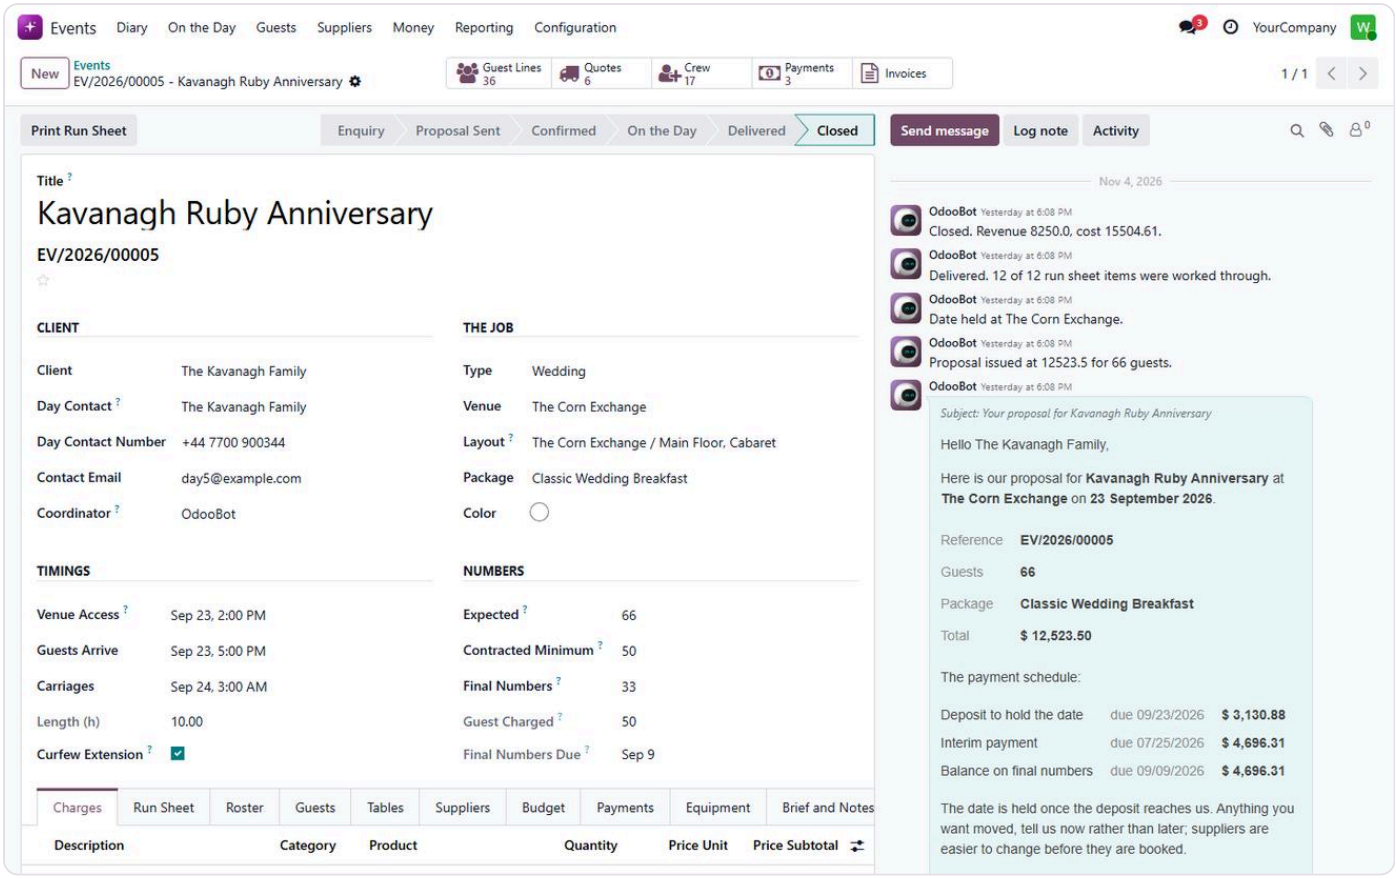

3 What is still owed

The Payments tab of a delivered event: stages invoiced but not marked paid show how many days behind they are.

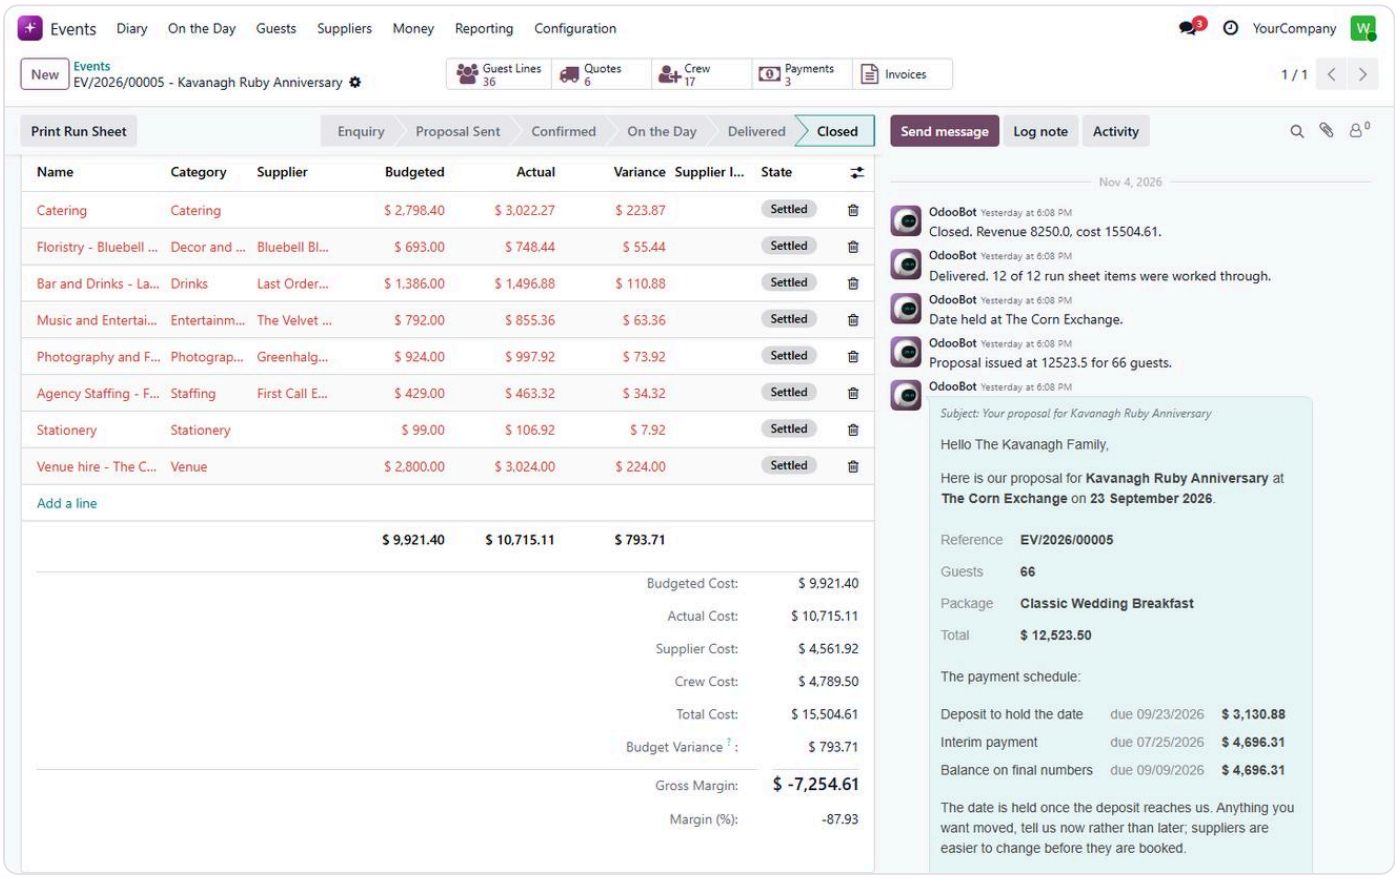

4 Closed

Close the File is refused while kit is reserved or on site, or while any budget line is not settled. Once closed it notes the revenue and cost, and the margin is the reported figure.

5 A closed budget

Every line settled with the supplier invoice number against it.

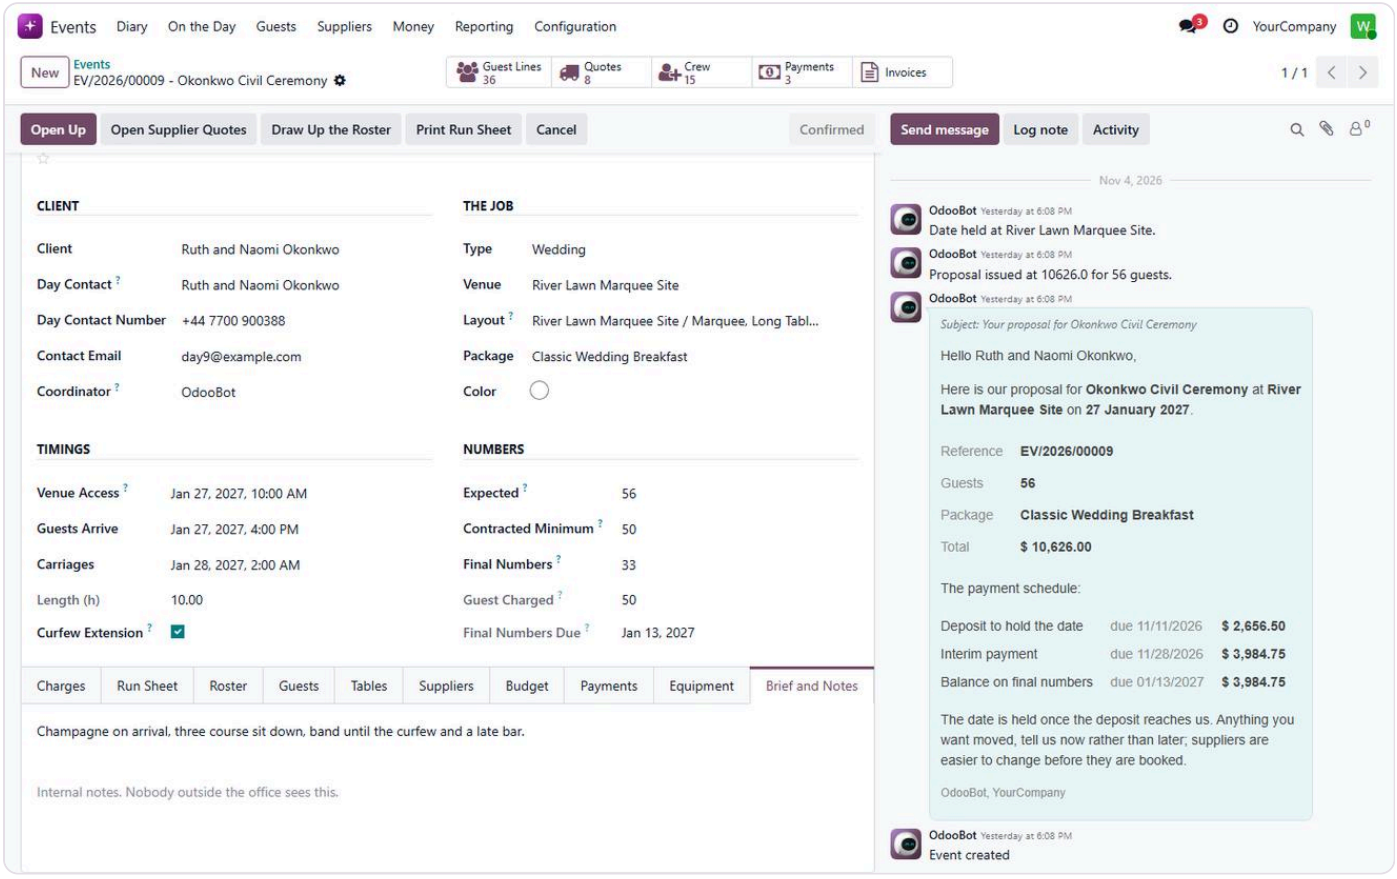

Cancelling an event

Write the reason in the cancel reason field, then press **Cancel**. Quotes still open are rejected with that reason, scheduled payment stages are cancelled, reserved kit is cancelled with its cross hire lines, and the venue is released. Cancel is refused on a closed file (it is credited, not cancelled), and while any stage invoice is posted (credit it in Accounting first). **Back to Enquiry** reopens a cancelled event.

6 Brief and Notes

The client brief in their words, the internal notes, and the cancel reason. The chatter on every event, supplier, quote and stage keeps the history of what was done and when.

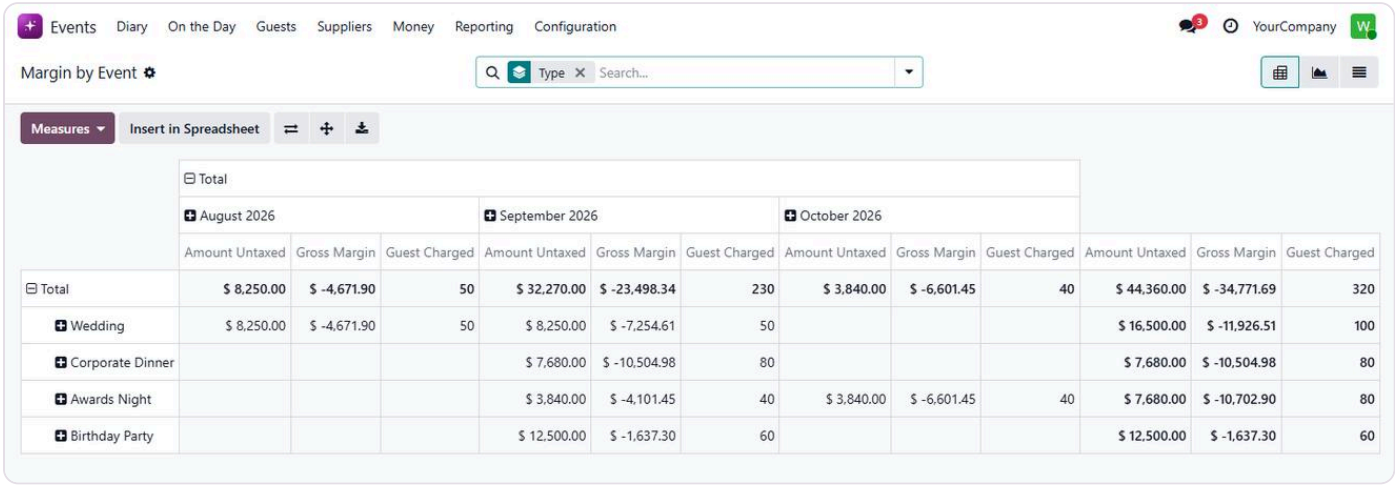

PART 17 Reports and printed documents

One margin report, the analysis views on every list, four PDF documents and three email templates.

1 Reporting, Margin by Event

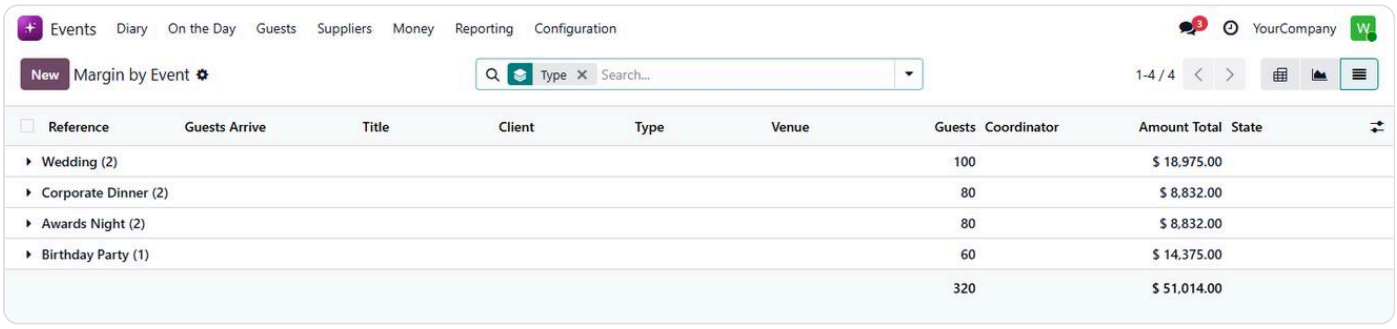

Delivered and closed events only, grouped by type: untaxed revenue, gross margin and guests charged, by month. Regroup by venue or package to see which one carries the business, and switch to the graph or the list.

	Total			August 2026			September 2026			October 2026					
	Amount Untaxed	Gross Margin	Guest Charged	Amount Untaxed	Gross Margin	Guest Charged	Amount Untaxed	Gross Margin	Guest Charged	Amount Untaxed	Gross Margin	Guest Charged	Amount Untaxed	Gross Margin	Guest Charged
Total	$ 8,250.00	$ -4,671.90	50	$ 32,270.00	$ -23,498.34	230	$ 3,840.00	$ -6,601.45	40	$ 44,360.00	$ -34,771.69	320			
Wedding	$ 8,250.00	$ -4,671.90	50	$ 8,250.00	$ -7,254.61	50				$ 16,500.00	$ -11,926.51	100			
Corporate Dinner				$ 7,680.00	$ -10,504.98	80				$ 7,680.00	$ -10,504.98	80			
Awards Night				$ 3,840.00	$ -4,101.45	40	$ 3,840.00	$ -6,601.45	40	$ 7,680.00	$ -10,702.90	80			
Birthday Party				$ 12,500.00	$ -1,637.30	60				$ 12,500.00	$ -1,637.30	60			

2 The margin list

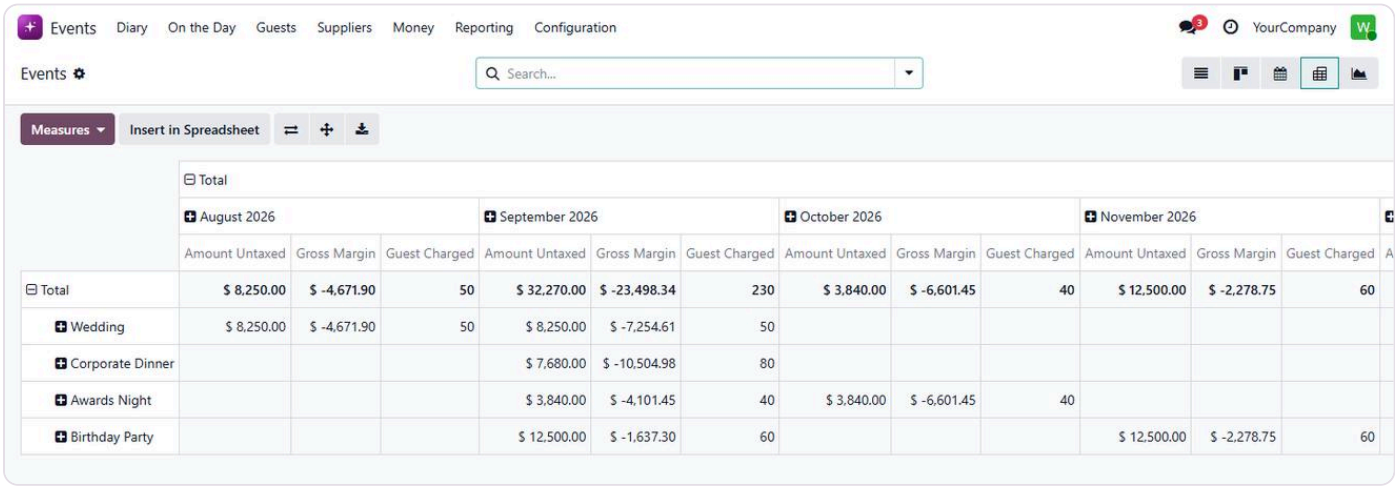

The same events as a list with every cost and margin column.

Reference	Guests Arrive	Title	Client	Type	Venue	Guests	Coordinator	Amount Total	State
Wedding (2)						100		$ 18,975.00	
Corporate Dinner (2)						80		$ 8,832.00	
Awards Night (2)						80		$ 8,832.00	
Birthday Party (1)						60		$ 14,375.00	
						320		$ 51,014.00	

3 The diary as a pivot

Diary, Events also opens as a pivot and a graph, for value and guests by month, type or venue across everything in the diary.

	Total			August 2026			September 2026			October 2026			November 2026		
	Amount Untaxed	Gross Margin	Guest Charged	Amount Untaxed	Gross Margin	Guest Charged	Amount Untaxed	Gross Margin	Guest Charged	Amount Untaxed	Gross Margin	Guest Charged	Amount Untaxed	Gross Margin	Guest Charged
Total	$ 8,250.00	$ -4,671.90	50	$ 32,270.00	$ -23,498.34	230	$ 3,840.00	$ -6,601.45	40	$ 12,500.00	$ -2,278.75	60			
Wedding	$ 8,250.00	$ -4,671.90	50	$ 8,250.00	$ -7,254.61	50									
Corporate Dinner				$ 7,680.00	$ -10,504.98	80									
Awards Night				$ 3,840.00	$ -4,101.45	40	$ 3,840.00	$ -6,601.45	40						
Birthday Party				$ 12,500.00	$ -1,637.30	60							$ 12,500.00	$ -2,278.75	60

DOCUMENT	PRINTED FROM	HOLDS

Run Sheet (A4 landscape)	Print Run Sheet on the event	Timings, kitchen totals, cues, crew call, suppliers on site, access notes, curfew
Client Proposal	Charges tab	Event, package and inclusions, charges, tax, total, payment schedule
Seating and Dietary Plan	Tables tab	Confirmed count, kitchen totals, every table and guest
Payment Schedule	Payments tab	Each stage, its invoice, what is paid and how many days behind

Payment Schedule: Bianchi Wedding Breakfast

EV/2026/00007 · Sofia and Marco Bianchi · 10/07/2026

Stage	Due	Status	Invoice	Net	Client Pays	Behind
Deposit to hold the date (holds the date)	10/07/2026	Paid		$ 1,104.00	$ 1,269.60	
Interim payment	08/08/2026	Invoiced		$ 1,368.00	$ 1,573.20	88 d
Balance on final numbers	09/23/2026	Invoiced		$ 1,368.00	$ 1,573.20	42 d

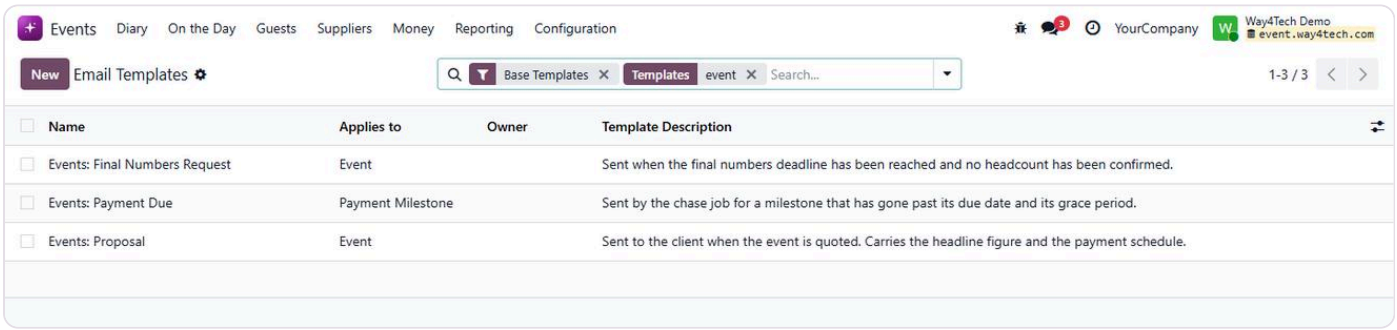

Event value	$ 4,416.00
Received	$ 1,269.60
Outstanding	$ 3,146.40

2 payment stages are past their due date on this event.

The payment schedule of a delivered event, with the stages behind and by how many days.

4 The three email templates

Settings, Technical, Email Templates: **Your proposal for <event>**, sent by Send Proposal; **Final numbers for <event>**, sent by the final numbers job; and **Payment due on <event>**, sent by the payment chase job. Each goes only if the client has an email address.

PART 18 A 15 minute demo script

For showing the module to somebody else, on the demo, in a quarter of an hour.

MIN	SHOW	SAY
0	Diary, Events, then the board	*Every function from enquiry to closed file, in one diary.*
2	Open an enquiry, then Configuration, Venues, Ashcombe Manor	*The venue knows its capacity, turnaround, curfew and licences.*
4	Configuration, Packages, Classic Wedding Breakfast	*Inclusions with what each costs you: the margin before you sell it.*
5	A proposal: Charges, then Payments	*One button prices the job, builds the budget and the deposit schedule.*
7	Suppliers, Supplier List, Riverside Marquees	*A supplier whose insurance lapsed cannot be booked.*
8	A confirmed event: Run Sheet and Roster tabs	*The roster is drawn from the numbers and checked for certificates and clashes.*
10	Print the run sheet	*The one sheet the day runs on.*
11	Guests and Tables tabs, then the seating plan	*The kitchen gets its dietary totals without a spreadsheet.*
12	Budget tab	*What we allowed against what suppliers charge, and the crew cost.*
13	Money, Overdue Payments	*Who is behind, and by how many days.*
14	Reporting, Margin by Event	*Which type and which venue really makes money.*

PART 19 Questions people ask, and the limits

The answers come from the module's code.

QUESTION	ANSWER
Does it need Enterprise?	No. Odoo 19 Community with Invoicing. It also installs on Enterprise.
Can it run alongside Odoo Events?	Yes. It keeps its own records. Rename one of the two Events menus.
Do enquiries hold a date?	No. Only events at Proposal Sent or later block the venue.
Can a venue run two functions at once?	Yes, set Rooms Available to the number of suites.
Can a client confirm without a deposit?	Not with the default setting. Turn the setting off to allow it.
Does Mark Paid follow the invoice?	No. Payment is reconciled in Accounting and Mark Paid is pressed by hand.
Can guests reply online?	No. Replies are recorded by your team.
Does it raise purchase orders?	No. Accepted quotes become committed budget lines; the actual is typed from the supplier invoice.
Can crew see their own shifts?	Yes, with the Crew access level and a login linked on their crew record.

Limits worth knowing

- **No ticketing or public registration.** Use Odoo Events for that.
- **No online RSVP, guest portal or invitation email.** Invitation Sent only records the date.
- **No client portal or online signing.** The proposal is an email and a PDF.
- **No purchase orders or vendor bills** linked to the budget.
- **Payments are marked by hand.**
- **No drawn floor plan.** Tables are records with a shape, capacity and position note.
- **Crew cost uses the planned shift,** not the check in time.
- **Stage invoices use the package product** for the whole stage amount.
- **One overbooking allowance per company,** not per venue.

PART 20 Menu map

Every menu the module adds, on one page.

Diary

Events	Every event: list, board, calendar, pivot and graph. Opens on events still in the diary
Calendar	The diary by date, cancelled events left out

On the Day

Run Sheets	Every timed cue, grouped by event, still to do
Roster	Every shift still to work, grouped by event
Slots To Fill	Roster slots with nobody in them on quoted and confirmed events
Equipment Out	Hire stock still on site

Guests

Guest List	Every guest, grouped by event
Seating Plan	Tables with seats taken and free
Dietary Requirements	Attending guests with a dietary need, for the kitchen

Suppliers

Quotes	Supplier quotes, opening on those waiting on a price
Supplier List	The approved list, ratings and paperwork
Paperwork Due	Suppliers with insurance or licence expiring, expired or missing

Money

Payment Schedule	Every payment stage not yet paid
Overdue Payments	Stages past due plus the grace days, by client
Events Behind on Payment	Events with at least one overdue stage
Budget Lines	Every cost line, budgeted against actual

Reporting

Margin by Event	Revenue, cost and margin of delivered and closed events

Configuration

Settings	Deposit, grace, final numbers, overbooking, paperwork and kit
Venues	Rooms, capacity, turnaround, curfew, licences
Venue Layouts	Banquet, theatre, standing and the rest, with set up hours
Event Types	Length, lead time, licence flags, usual package
Packages	Per head or flat, minimum numbers, inclusions and margin
Staffing Roles	Rate, ratio to guests, certificate, call time
Crew	Your people, their roles, rates and certificates
Supplier Categories	Which documents each kind of supplier must hold
Hire Stock	Furniture, linen, AV and power you own or cross hire

Want this for your events business?

We load your venues and layouts, price your packages with their real inclusions, set up your approved suppliers, roles and crew, connect Accounting and your taxes, and train planners, coordinators and crew on the diary and the day. It runs on Odoo 19 Community.
